**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions, other than cities, towns, and villages, required to file a financial report under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office shall notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Due to different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 105 political subdivisions required to file a financial report by October 31, 2023, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in October 2023, after their filing deadline. The filing status for these 22 entities is presented in summary on page 3 and by individual entity in Appendixes B to G.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is stylized, with the first letters of the first and last names being large and prominent.

Scott Fitzpatrick  
State Auditor

## October 2023

### Executive Summary

---

#### **Executive Summary**

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. Rule 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.

This report includes the filing status for the 105 political subdivisions, other than cities, towns, and villages, with a fiscal year end of April 30, 2023. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 105 political subdivisions, 82 filed an annual financial report timely.

This report also includes the filing status for 22 political subdivisions, other than cities, towns, and villages, that filed their financial report in October 2023, after their filing deadline.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by October 31, 2023, under Section 105.145, RSMo, and 15 CSR 40-3.030 and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) shall notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO shall notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Due to different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for the 19 cities, 1 town, and 4 villages is presented in summary on page 3 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in October 2023, after their filing deadline. The filing status for these 35 cities, 1 town, and 14 villages is presented in summary on page 4 and by individual entity in Appendixes B to E.

# Monthly Report on Municipal Court and Revenue Filings

October 2023

## Executive Summary

---

### Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. Rule 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedure to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. Rule 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires the SAO to notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359, RSMo, and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and a mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 19 cities, 1 town, and 4 villages with a fiscal year end of April 30, 2023, whose financial report was due by October 31, 2023. Of the 24 municipalities, 17 filed the financial report timely. Of the 17 municipalities required to file an addendum, 12 filed timely. Of the 6 municipalities required to file a certification, 5 filed timely.

Monthly Report on Municipal Court and Revenue Filings  
October 2023  
Executive Summary

---

This report includes the filing status for 35 cities, 1 town, and 14 villages that filed at least one of the items (financial report, addendum, or certification) in October 2023, after their filing deadline. Of these municipalities, 30 filed an annual financial report, 17 filed an addendum, and 10 filed a certification.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Schuyler County, Missouri

The Office of the State Auditor contracted for an audit of Schuyler County's financial statements for the 2 years ended December 31, 2022, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized, with the first letters of the first and last names being capitalized and prominent.

**CERTIFIED PUBLIC ACCOUNTANTS**

### **INDEPENDENT AUDITOR'S REPORT**

To the County Commission and  
Officeholders of Schuyler County, Missouri

#### **Opinion**

We have audited the accompanying financial statements of Schuyler County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2021 and 2022, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

#### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Schuyler County, Missouri, as of December 31, 2021 and 2022, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

#### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Schuyler County, Missouri, as of December 31, 2021 and 2022, or the changes in financial position thereof for the years then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Schuyler County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by Schuyler County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri Law. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Schuyler County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we also have issued our report dated November 14, 2023, on our consideration of Schuyler County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Schuyler County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

SCHUYLER COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Schuyler County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are ten elected Constitutional Officers: Assessor, Circuit Clerk, Collector, County Clerk, Coroner, Prosecuting Attorney, Public Administrator, Recorder, Sheriff and Treasurer.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Schuyler County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk (other than the portion that is funded by the General Revenue Fund) and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

### C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

### D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the following funds:

	2022	2021
Special Road & Bridge	✓	✓
Law Enforcement Training	N/A	✓
Prosecuting Attorney Training	N/A	✓
Law Sales	✓	N/A
Senior Citizen	✓	N/A
Collector's Restitution	N/A	✓

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and tax bills are mailed to taxpayers in October and November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property included within the County's boundaries for calendar years 2022 and 2021 for purposes of taxation were:

	2022	2021
Real Estate	\$ 90,040,599	\$ 88,558,807
Personal Property	20,963,263	18,727,611
Railroad and Utilities	16,700,221	16,282,714
Total	<u>\$ 127,704,083</u>	<u>\$ 123,569,132</u>

For calendar years 2022 and 2021, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2022	2021
General Revenue	\$ 0.3852	\$ 0.3685
Special Road & Bridge	0.2600	0.2600
Common Road District	0.4704	0.4704
Senior Citizen	0.0490	0.0490

The Common Road District levy is included in the Property Tax receipts of the Special Road & Bridge Fund.

#### F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of

deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

## G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

## 2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Cash includes deposits and short-term investments with maturities that are less than ninety days. Investments consist of certificates of deposit with maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2022, the County had the following cash and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Cash and Cash Equivalents - Governmental Funds	\$ 1,308,621	\$ 1,352,327	\$ 250,000
Investments	213,912	213,912	213,912
Total Governmental Funds	<u>\$ 1,522,533</u>	<u>\$ 1,566,239</u>	<u>\$ 463,912</u>
Cash and Cash Equivalents - Fiduciary Funds	<u>\$ 3,586,149</u>	<u>\$ 3,301,444</u>	<u>\$ 445,336</u>

At December 31, 2021, the County had the following cash and cash equivalent and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Cash and Cash Equivalents - Governmental Funds	\$ 950,495	\$ 992,119	\$ 250,000
Investments	213,618	213,618	213,618
Total Governmental Funds	<u>\$ 1,164,113</u>	<u>\$ 1,205,737</u>	<u>\$ 463,618</u>
Cash and Cash Equivalents - Fiduciary Funds	<u>\$ 2,910,784</u>	<u>\$ 2,826,999</u>	<u>\$ 588,229</u>

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2022 and 2021 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

### 3. COUNTY EMPLOYEES' RETIREMENT PLANS

#### A. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

##### 1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

##### 2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

##### 3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a contribution of 6% of annual salary is required of employees hired after February 2002. The County has elected not to make contributions on behalf of employees. During 2022 and 2021, the County collected and remitted to CERF employee withholdings and fees

collected of \$90,859 and \$85,860, respectively, for the years then ended.

#### B. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$3,336 and \$3,366, respectively, for the years ended December 31, 2022 and 2021.

### 4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

### 5. CLAIMS, COMMITMENT AND CONTINGENCIES

#### A. Compensated Absences

After one full year of employment, vacation time will accrue at one week per year. After three full years of employment, vacation time will accrue at two weeks per year. All vacation time must be taken in the year it is earned. A terminated employee is entitled to receive a pro-rated payment of unused vacation time. Full-time hourly employees receive six sick/personal days after their 90 day probationary period, up to a maximum of 12 days. Any days over the 12 days will be paid out at the end of the year.

#### B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

### 6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

## 7. LONG-TERM DEBT

The County had the following long-term debt outstanding as of December 31, 2022:

- A. On February 1, 2016, the County entered into a promissory note for the purchases of 911 signs with the U.S. Department of Agriculture for the amount of \$13,500 with annual payments of \$2,959 starting in February 2017, with an interest rate of 3.125% for a term of 5 years. The final payment was made in February 2021.
- B. On March 18, 2016, the County entered into a capital lease for a 2008 John Deere Excavator for the amount of \$49,674 with annual payments of \$11,263 starting March 18, 2017, with an interest rate of 4.25% for a term of 5 years. The final payment was made in February 2021.
- C. On August 15, 2016, the County entered into a capital lease for a 2016 Caterpillar Motor Grader for the amount of \$190,483 with annual payments of \$30,804 starting in August 2016, with an interest rate of 3.20% for a term of 7 years. The final payment was made early in July 2022.
- D. On February 23, 2018, the County entered into a capital lease for a 2018 John Deere Motor Grader for the amount of \$198,000 with annual payments of \$37,862 starting in February 2019, with an interest rate of 4.00% for a term of 6 years.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 34,956	\$ 2,906	\$ 37,862
2024	36,380	1,482	37,862
Total	<u>\$ 71,336</u>	<u>\$ 4,388</u>	<u>\$ 75,724</u>

- E. On March 15, 2021, the County entered into a capital lease for a 2021 Caterpillar Motor Grader for the amount of \$229,994 with annual payments of \$50,206 starting in April 2022, with an interest rate of 2.99% for a term of 5 years.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 44,559	\$ 5,647	\$ 50,206
2024	45,891	4,315	50,206
2025	47,263	2,943	50,206
2026	48,603	1,603	50,206
Total	<u>\$ 186,316</u>	<u>\$ 14,508</u>	<u>\$ 200,824</u>

- F. On June 27, 2022, the County entered into a capital lease for a 2022 Caterpillar Motor Grader for the amount of \$200,900 with annual payments of \$57,236 starting in June 2023, with an interest rate of 5.44% for a term of 4 years.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 46,307	\$ 10,929	\$ 57,236
2024	48,827	8,409	57,236
2025	51,483	5,753	57,236
2026	54,283	2,953	57,236
Total	<u>\$ 200,900</u>	<u>\$ 28,044</u>	<u>\$ 228,944</u>

The following schedule shows changes in long-term debt during the year ended December 31, 2022:

Description	Balance 12/31/2021	Additions	Payments	Balance 12/31/2022	Interest Paid
2016 Caterpillar Motor Grader	\$ 58,774	\$ -	\$ (58,774)	\$ -	\$ 2,158
2018 John Deere Motor Grader	104,923	-	(33,587)	71,336	4,275
2021 Caterpillar Motor Grader	229,994	-	(43,678)	186,316	6,528
2022 Caterpillar Motor Grader	-	200,900	-	200,900	-

The following schedule shows changes in long-term debt during the year ended December 31, 2021:

Description	Balance 12/31/2020	Additions	Payments	Balance 12/31/2021	Interest Paid
911 Signs	\$ 2,866	\$ -	\$ (2,866)	\$ -	\$ 93
2008 John Deere Excavator	10,796	-	(10,796)	-	467
2016 Caterpillar Motor Grader	86,801	-	(28,027)	58,774	2,778
2018 John Deere Motor Grader	137,196	-	(32,273)	104,923	5,589
2021 Caterpillar Motor Grader	-	229,994	-	229,994	-

## 8. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2022 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through November 14, 2023, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS

To the County Commission and  
Officeholders of Schuyler County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Schuyler County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2021 and 2022, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Schuyler County, Missouri's basic financial statements and have issued our report thereon dated November 14, 2023.

### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Schuyler County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Schuyler County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Schuyler County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Schuyler County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SCHUYLER COUNTY, MISSOURI  
FOLLOW-UP ON PRIOR AUDIT FINDINGS FOR AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

In accordance with the *Government Auditing Standards*, this section reports the follow-up on action taken by Schuyler County, Missouri on the applicable findings in the prior audit report issued for the years ended December 31, 2018 and 2017.

**2018-001:** The audit noted several transactions for which bidding would be expected to have been performed but for which no documentation of bidding was available.

Status: Resolved.

**2018-002:** The County has not adopted a formal investment policy as required by state statutes.

Status: The County drafted an investment policy in response to the prior audit finding, but it was not formally adopted. The County is in the process of formally adopting the policy.

CERTIFIED PUBLIC ACCOUNTANTS

November 14, 2023

To the County Commission and Officeholders  
Schuyler County, Missouri

We have audited the accompanying financial statements of Schuyler County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022 and 2021, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated November 14, 2023. Professional standards also require that we communicate to you the following information related to our audit.

### Significant Audit Matters

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Schuyler County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021 and 2022. We noted no transactions entered into by Schuyler County, Missouri during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated July 19, 2023.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to Schuyler County, Missouri's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as Schuyler County, Missouri's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the year ended December 31, 2022 and 2021, we considered Schuyler County, Missouri's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control. We issued our report on our consideration of internal control over financial reporting dated July 19, 2023. However, during our audit we became aware of matters that are opportunities for strengthening internal controls.

### **Collector Voided Receipts**

During our audit, we selected 40 days of deposits by the Collector during the two year audit period. As part of that testing, we reviewed daily collection reports from the Government system and ensured that the system generated receipt number were in sequential order and there were no missing receipt numbers. 7 out of the 40 days had missing receipt numbers, which the Collector indicated were because of voided transactions. For 5 of the 7 days, the Collector maintained documentation noting the voided receipt number and the reason for voiding the transaction. No documentation was able to be provided for voided transaction that occurred on March 8, 2021 and December 22, 2021. The Collector indicated that they began maintaining the documentation of the voids in November 2021 as a result of a State Auditor's Office recommendation. We recommend that the Collector continue to ensure that documentation is maintained to support voided receipts in accordance with their newly developed practices.

### **Investment Policy**

The County has not adopted a formal investment policy in accordance with state statutes. Section 30.950, RSMo requires political subdivisions with authority to invest in instruments other than depository accounts at financial institutions to adopt a written investment policy. The County indicated that an investment policy was drafted as a result of the recommendation in our 2017-2018 audit report, however, it was never formally adopted. We recommend that the County formally adopt the policy to comply with state statutes.

#### **Restriction on Use**

This information is intended solely for the information and use of the County Commission and management of Schuyler County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

*(Original Signed by McBride, Lock & Associates, LLC)*

## INDEPENDENT AUDITOR'S REPORT

To the County Commission and  
Officeholders of Clinton County, Missouri

### **Unmodified and Adverse Opinion**

We have audited the accompanying financial statements of the Clinton County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis as of December 31, 2021 and 2020, and the related Comparative Statement of Receipts, Disbursements and Changes in Cash – Budget and Actual Regulatory Basis for the years then ended, Statements of Assets and Liabilities Arising From Cash Transactions – Agency Funds- Regulatory Basis as of December 31, 2021 and 2020 and the related notes to the financial statements.

### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the Statements of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual Regulatory Basis, and Statements of Assets and Liabilities Arising From Cash Transactions – Agency Funds- Regulatory Basis as of December 31, 2021 and 2020 in accordance with the financial reporting provisions of Missouri Law described in Note 1.

### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2021, and 2020, or changes in net position and cash flows thereof for the years then ended.

### **Basis for Unmodified and Adverse Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Clinton County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## INDEPENDENT AUDITOR'S REPORT-continued

### *Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles*

As described in Note 1 of the financial statements, the financial statements are prepared by the County on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Missouri Law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Clinton County, Missouri's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### **Auditor's Responsibilities for the Audit of Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

## INDEPENDENT AUDITOR'S REPORT-continued

### **Auditor's Responsibilities for the Audit of Financial Statements-Continued**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Clinton County, Missouri's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Clinton County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

## INDEPENDENT AUDITOR'S REPORT-continued

### **Other Reporting Required by *Government Auditing Standards***

In accordance with Government Auditing Standards, we have also issued our report dated October 30, 2023, on our consideration of Clinton County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of Laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Clinton County, Missouri's internal control over financial reporting or in compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Clinton County, Missouri's internal control over financial reporting and compliance.

CLINTON COUNTY, MISSOURI  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2020

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Clinton County, Missouri ("County") is governed by a three-member board of commissioners. In addition to the three board members, there are nine elected Constitutional Officers: Assessor, Circuit Clerk-Recorder, Collector, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Sheriff, and Treasurer.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America (GAAP), which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

**A. Reporting Entity**

The County's operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Clinton County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County's legal entity. The financial statements also include the A.R. and Eleanor Alexander Memorial Fund which is controlled by the Senate Bill 40 Board.

Certain elected County officials, particularly the Collector and Treasurer, collect and hold monies in a trustee capacity as an agent of individuals, taxing units, or other governments. These assets, which are held by these officeholders for the sole benefit of external parties, are not reported on the accompanying financial statements.

**B. Basis of Presentation**

Governmental Funds - Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County's funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds.

Agency funds are used to account for assets held by the County in a trustee capacity as an agent of individuals, private organizations, other funds or other governmental units. Agency funds are accounted for and reported similarly to governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of the results of operations. These funds account for activities of collections for other taxing units by the Collector of Revenue and other officeholders.

CLINTON COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2020

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued**

**C. Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The financial statements are prepared on the regulatory basis of accounting. This basis of accounting recognizes amounts when received or disbursed in cash and differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

As a result of using this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation bonds and obligations under capital leases) and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

**D. Budgets and Budgetary Accounting**

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50 RSMo, the County's policy is to adopt a budget for each governmental fund. There are governmental funds that have not adopted a budget. These funds are Investigative Squad Fund for 2020, Asset Forfeiture Fund for 2020, Covid-19 Relief Fund for 2021 and 2020, Senate Bill 40 Fund for 2021 and 2020, American Rescue Plan Act for 2021, Recorder User Tax Fund for 2021 and 2020 and General Purpose Law Enforcement Fund for 2021 and 2020.
2. On or before the second Monday in January, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.

CLINTON COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2020

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued**

**D. Budgets and Budgetary Accounting-continued**

3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Section 50.740 RSMo prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the following funds:

	<b>2021</b>	<b>2020</b>
General Revenue Fund	N/A	✓
Sheriff's Revolving Fund	✓	N/A
Inmate Prisoner Debt Fund	N/A	✓
Prosecuting Attorney Delinquent Tax Fund	✓	N/A
Local Emergency Planning Commission Fund	✓	N/A
Election Service Fund	✓	N/A
Emergency Management Fund	N/A	✓
Health Reimbursement Fund	N/A	✓

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

CLINTON COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2020

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued**

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2021 and 2020, for purposes of taxation were:

	2021	2020
Real Estate	231,134,419	207,649,239
Personal Property	72,498,800	61,929,070
Railroad and Utilities	49,871,885	51,883,046
Total	<u>353,505,104</u>	<u>321,411,355</u>

For calendar years 2021 and 2020, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2021	2020
General Revenue	0.2455	0.2701
Common Road District	0.2651	0.2805
Special Road & Bridge	0.3362	0.3500
Senate Bill 40 Board	0.0899	0.0927

The Special Road & Bridge Fund receives both the Common Road District and Special Road & Bridge levies. The County also receives 20% of taxes levied and collected by the Cameron and Plattsburg Special Road Districts.

**F. Cash Deposits and Investments**

Deposit and cash equivalents are stated at cost, which approximates the market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and cash equivalent and investment balances are presented in Note 2.

CLINTON COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2020

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued**

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

Transfers between funds for the years ended December 31, 2021 and 2020, were as follows:

FUND	2020		2021	
	Transfers In	Transfers Out	Transfers In	Transfers Out
General Revenue Fund	122,756	346,865	123,200	81,146
Special Road & Bridge Fund	-	99,422	-	88,314
Capital Improvement Fund	-	23,334	-	34,885
Emergency Management Fund	346,865	-	81,146	-
Total	<u>469,621</u>	<u>469,621</u>	<u>204,346</u>	<u>204,346</u>

**NOTE 2 – CASH AND INVESTMENTS**

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Cash includes deposits and short-term investments with maturities that are less than ninety days. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2021 and 2020, the carrying amounts of the County's deposits were 8,054,815 and \$6,042,635, respectively, and the bank balances were \$8,332,603 and \$6,536,238, respectively. Of the bank balances, \$754,144 for December 31, 2021 and \$756,950 for December 31, 2020, were covered by federal depository insurance. The remainder of the balances at December 31, 2021 and December 31, 2020 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

The County's cash balance is maintained in deposit accounts in local financial institutions. These institutions provide FDIC coverage of \$250,000 per depositor. The Organization considers short-term cash investments with a majority of three months or less to be cash equivalents.

CLINTON COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2020

**NOTE 2 – CASH AND INVESTMENTS-continued**

Custodial Credit Risk – Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party who sold the security to the County or its agent but not in the government's name. The County does not have a policy for custodial credit risk relating to investments. All investments, evidenced by individual securities, are registered in the name of the County or of a type not exposed to custodial credit risk.

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Investment Credit Risk

Concentration of investment credit risk is required to be disclosed by the County for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U.S. Government). The County has no policy in place to minimize the risk of loss resulting from over concentration of assets in specific maturity, specific issuer or specific class of securities. The County's investments were not exposed to concentration of investment credit risk for the years ended December 31, 2021, and 2020.

**NOTE 3 – COUNTY EMPLOYEES' RETIREMENT PLANS**

A. Missouri Local Government Employees Retirement System (LAGERS)

1. Plan Description

Clinton County participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute under Section 70.600-70.755, RSMo. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401 (a) and is tax exempt.

CLINTON COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2020

**NOTE 3 – COUNTY EMPLOYEES’ RETIREMENT PLANS-continued**

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, Missouri 65102 or by calling 1-800-447-4334, or by the following website, [www.molagers.org](http://www.molagers.org).

**2. Pension Benefits**

Benefits are available to all full-time employees working in a LAGERS covered department. Benefits vest when an employee earns five years (60 months) of service credit in the system. Normal retirement age is 60 (General) or 55 (Police), and early retirement is 55 (General) and 50 (Police). Benefits are paid out using a formula that is based on the employee's final average salary and amount of credited service time.

**3. Funding Policy**

Full-time employees of Clinton County contribute 4% of their gross compensation to LAGERS. The June 30th statutorily required contribution rates were 1.4% and 2.2% (General), and 4.1% and 3.1% (Police), of annual covered payroll in 2021 and 2020, respectively. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute. For the years ended December 31, 2021 and 2020, the County contributed \$29,851 and \$37,186 to LAGERS.

**B. County Employees’ Retirement Fund (CERF)**

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

**1. Plan Description**

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the fund and the investment of the fund are vested in a board of directors of eleven persons.

CLINTON COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2020

**NOTE 3 – COUNTY EMPLOYEES’ RETIREMENT PLANS-continued**

**B. County Employees’ Retirement Fund (CERF)-continued**

**2. Pension Benefits**

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632- 2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

**3. Funding Policy**

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, all participants hired on or after February 24, 2002 are required to contribute an additional 4% of their gross compensation to CERF, starting January 1, 2003. An active LAGERS participant who was employed with the County prior to February 24, 2002, is not required to make contributions. The County has elected not to make contributions on behalf of employees. During 2021 and 2020, the County collected and remitted to CERF employee withholdings and fees collected of \$11,277 and \$5,239, respectively, for the years then ended.

**C. Prosecuting Attorney Retirement Fund**

In accordance with state statute Section 56.807 RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$3,395 and \$3,669, respectively, for the years ended December 31, 2021 and 2020.

CLINTON COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2020

**NOTE 4 – POST EMPLOYMENT BENEFITS**

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

**NOTE 5 – CLAIMS, COMMITMENT AND CONTINGENCIES**

**A. Compensated Absences**

The County provides full-time employees accrued vacation time as follows: one week per year after one year of continuous service; two weeks per year after two years of continuous service; three weeks per year after 10 years of continuous service; and four weeks per year after 20 years of continuous service. Vacation time must be used during the anniversary year in which it is earned, with the exception of Sheriff's Department employees, who are allowed to carryover up to 200 hours. Full-time employees accrue 10 days of sick leave per year, and up to 10 days may be carried over from one year to the next, up to a maximum of 20 days. Employees are compensated for unused vacation time at termination but are not compensated for unused sick time.

**B. Federal and State Assisted Programs**

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

**C. Litigation**

The County was not involved in pending litigation as of December 31, 2021. The extent of the liability, if any, cannot be determined at this time.

CLINTON COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2020

**NOTE 6 – RISK MANAGEMENT**

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years. The County maintains general liability, public officials' errors and omissions and employment-related liability coverage through commercial insurance companies with limits of \$4,000,000 aggregate, and \$2,000,000 per occurrence.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

**NOTE 7 – LONG-TERM DEBT**

The County entered into a loan with the Missouri Department of Natural Resources on November 6, 2008, for \$183,820 to finance various energy savings projects. The loan will be repaid with semi-annual payments of \$9,664 through August 1, 2020, and one payment of \$1,377 on February 1, 2021, which includes interest of 4.15%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2020	18,687	640	19,327
2021	1,349	28	1,377
	<u>20,036</u>	<u>668</u>	<u>20,704</u>

On July 18, 2017, the County entered into a six-year, \$51,878 capital lease through Farmers State Bank to purchase a transport van for the Sheriff's Department. The lease is to be paid in monthly payments of \$788, ending July 20, 2023, including interest of 3%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2020	8,613	845	9,458
2021	8,875	583	9,458
2022	9,145	313	9,458
2023	5,463	55	5,518

**NOTE 8 – SUBSEQUENT EVENTS**

The County has evaluated events subsequent to December 31, 2021 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through October 30, 2023, the date the financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statement

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the County Commissioner  
Clinton County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Clinton County, Missouri, as of and for the years ended December 31, 2021 and 2020, and the related notes to financial statements, which collectively comprise the Clinton County, Missouri's basic financial statements, which collectively comprise the Clinton County, Missouri's basic financial statements and have issued our report thereon dated October 30, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Clinton County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Clinton County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Clinton County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2021-001, 2021-002, 2021-003 and 2021-005.

---

---

1257 Hornsby \* St. Louis, Missouri 63147TEL: (219) 944-1615 \* FAX: (866) 834-4294 \* [www.crwilliams.net](http://www.crwilliams.net)

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS* -  
Continued

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Clinton County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as item 2021-004.

**Clinton County, Missouri's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Clinton County, Missouri's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Clinton County, Missouri's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*CRWilliams & Associates LLC*

St. Louis, Missouri

October 30, 2023

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the County Commissioner  
Clinton County, Missouri

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Clinton County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Clinton County, Missouri's major federal programs for the year ended December 31, 2021 and 2020. Clinton County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Clinton County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2021 and 2020.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Clinton County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Clinton County, Missouri's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Clinton County, Missouri's federal programs.

1257 Hornsby \* St. Louis, Missouri 63147

TEL: (219) 944-1615 \* FAX: (866) 834-4294 \* [www.crwilliams.net](http://www.crwilliams.net)

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE-  
Continued

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Clinton County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Clinton County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Clinton County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Clinton County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Clinton County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

1257 Hornsby \* St. Louis, Missouri 63147

TEL: (219) 944-1615 \* FAX: (866) 834-4294 \* [www.crwilliams.net](http://www.crwilliams.net)

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE-  
Continued

**Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CLINTON COUNTY, MISSOURI  
NOTES SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal award activity of Clinton County, Missouri under programs of the federal government for the year ended December 31, 2021 and 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule only presents a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net assets or cash flows of the County.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the regulatory basis of accounting. Such expenditures are recognized following the cost principles contained in the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance), wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. Indirect Cost Rate

The entity has elected not to use the ten (10) percent de minimis indirect cost rate as allowed under the Uniform Guidance.

4. Subrecipients

During the year ended December 31, 2021 and 2020, the County provided \$865,221 and \$0, respectively in federal awards to subrecipients such as Schools, Cities and Ambulance Districts under Federal Assistance Listing Number 21.019.

5. Donated Personal Protective Equipment (PPE)-(Unaudited)

The County received donated face masks, hand sanitizer, protective gloves and disinfectant wipes from the State of Missouri during 2021 and 2020.

6. Auditee qualified as a low-risk auditee 2021 Yes ☐ No ☒

2020 Yes ☐ No ☒

CLINTON COUNTY, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTION COSTS  
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

**II. FINANCIAL STATEMENT FINDINGS**

**SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

**2021-001 – PERSONNEL FILES MAINTENANCE**

**Criteria:** The preparation and retention of all types of corporate records and documents, and the direct and indirect costs related thereto, are matters requiring periodic review and evaluation. Good internal control dictates that it is imperative to review the adoption of procedures and evaluate recordkeeping requirements and the adherence thereto on a periodic basis (such as every one or two years).

**Condition:**

During our audit of the financial statement, we noted the following:

- Out of 40 personnel files selected for testing, The County failed to provide 2 I-9 form and 1 W4 form. (Repeated findings 2017-004)

**Cause of Condition:** Internal control policy and procedures were not followed nor was payroll activity properly monitored by those charged with governance.

**Potential Effect of Condition:** The absence of complete personnel files and approval of pay rate increases puts the organization at risk for failure to operate in accordance with laws and regulations governing the local governments. Because internal controls in place are not followed, this could result in material misstatements, fraud or misreporting of payroll expenditures as well as payroll-related taxes.

**Recommendation:** The County must have internal controls in place to ensure compliance with the requirements. We further recommend that the County should establish a policy specifying which records should be retained for payroll related activities which should start from hiring, ongoing employee evaluation, termination and retirement.

**Management Response:** The County Clerk's office takes these very seriously. The office has established a checklist for each employee to make sure that records are in employee files and maintained. The implementation of new pay rate forms will ensure compliance with laws and regulations governing our local government. Some of the records that were selected could not be found and were for employees that had left County employment since 2020 or 2021. Records are in order going forward. The County Clerk's office experienced a major turnover of employees, including the County Clerk himself in 2019. We will utilize the audit recommendations from 2017 to create the necessary controls that were not implemented by the previous administration. Internal controls and procedures will be followed and tracked going forward.

CLINTON COUNTY, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTION COSTS  
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

**SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

**2021-002 – INACCURATE AND EXCESS PAYMENT OF CONTRACT AMOUNT**

**Criteria:** A strong internal control system can help ensure the accuracy of financial transactions and reporting, which is essential for the effective management of an organization's finances. The following are ways in which a strong internal control system can help address accuracy problems.

- Segregation of duties: A strong internal control system should ensure that no single employee has complete control over a financial transaction from start to finish. This reduces the risk of errors or fraud going undetected.
- Approval and authorization: Internal controls should require approvals and authorizations at various stages of financial transactions. This ensures that all transactions are authorized by the appropriate individuals and are in accordance with company policies.
- Record keeping and documentation: Accurate record-keeping is crucial for maintaining accurate financial records. A strong internal control system should ensure that all financial transactions are properly documented and recorded in a timely and accurate manner.
- Reconciliation: Reconciliation of accounts, such as bank accounts and accounts receivable, is an important internal control measure to detect errors or discrepancies.
- Monitoring and review: Regular monitoring and review of financial transactions and reports can help detect errors or irregularities. This can be done through internal audits or by implementing other monitoring processes.

**Condition:** During our test of internal control on expenditures, we noted one disbursement in excess of the payment required in the contract.

**Cause of Condition:** Lack of controls in verifying the accuracy of transactions which lead to overpayments.

**Potential Effect of Condition:** Excess payments can lead to financial losses for the organization, which can impact its overall financial health. Overpayments can reduce the available cash flow, affecting the ability to make necessary investments or pay other critical expenses.

**Recommendation:** We recommend that the County should establish a policy for the review process. Take a close look at your records to confirm that you have indeed made an excess payment. Double-check your receipts, bank statements, or any other records you may have. Get in touch with the vendor or service provider you paid and explain the situation. Request a refund for the excess amount you paid. Be sure to provide evidence of your payment and the excess amount paid.

CLINTON COUNTY, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTION COSTS  
YEAR ENDED DECEMBER 31, 2021 AND 2020

**SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

**2021-002 – INACCURATE AND EXCESS PAYMENT OF CONTRACT AMOUNT-continued**

**Management Response:** We take these findings very seriously and have implemented more internal controls and procedures to ensure the accuracy of our records and prevention of excess or under payments. The office has employed qualified staff and now are able to prevent malicious internal threats as found from previous employees. Controls and procedures will be followed rigorously and with integrity. The disbursement that was found in the audit to be an overpayment has since been returned to the County. Steps should be added in the payment process to ensure that payments are processed to the correct account and for the correct amounts before checks are written. Future audits should reflect a substantial change in the findings.

**2021-003: COLLECTOR'S ANNUAL SETTLEMENTS (REPEATED 2017-006)**

**Criteria:** Section 139.190, RSMo requires the Collector to submit an annual settlement to the County Commission, and upon examination and approval by the Commission, the annual settlement is to be certified by the Clerk and filed with the Missouri Department of Revenue.

**Condition:** The Collector submitted a monthly register of tax collections to the Clerk and Treasurer. However, the Collector did not complete Form 205, Collector's Annual Settlement as required for the years ended February 29, 2016, February 28, 2017, February 28, 2018, February 28, 2019, February 29, 2020, February 28, 2021 and February 28, 2022.

**Cause:** The Collector did not complete annual settlements of account.

**Effect:** The Collector was not in compliance with state statutes.

**Recommendation:** We recommend the Collector prepare all required forms as prescribed by state statute.

**Management Response:** According to the Collector, the Annual Statement was provided to the Commission and the County Clerk.

CLINTON COUNTY, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTION COSTS  
YEAR ENDED DECEMBER 31, 2021 AND 2020

**NONCOMPLIANCE**

**2021-004: BUDGETARY COMPLIANCE (REPEATED 2017-005)**

**Criteria:** 1. Section 50.540 RSMo requires the preparation of a budget for all County funds,  
2. Section 50.740, RSMo prohibits expenditures in excess of the approved budget.  
3. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.

**Condition:**

1. The County did not have approved budget for the following funds: Investigative Squad Fund (2020), Asset Forfeiture Fund (2020), Covid-19 Relief Fund (2020 & 2021), Senate Bill 40 Fund (2020 & 2021), American Rescue Plan Act (2021), Recorder User Tax Fund (2021 & 2020) and General Purpose Law Enforcement Fund (2021 & 2020).
2. Actual expenditures exceeded budgeted amounts for the following funds:

	<b>2021</b>	<b>2020</b>
General Revenue Fund	N/A	✓
Sheriff's Revolving Fund	✓	N/A
Inmate Prisoner Debt Fund	N/A	✓
Prosecuting Attorney Delinquent Tax Fund	✓	N/A
Local Emergency Planning Commission Fund	✓	N/A
Election Service Fund	✓	N/A
Emergency Management Fund	N/A	✓
Health Reimbursement Fund	✓	✓

**Cause:** The County did not prepare formal budgets for all County funds and did not adequately review and amend budgeted expenditures of each fund to ensure actual expenditures did not exceed the budget amounts.

**Effect:** In order to ensure the integrity of the budgeting process, a budget must be adopted for each County fund and the spending limits should be adhered to.

**Recommendation:** We recommend the County ensure compliance with state statutes by adopting a budget for each County fund and by refraining from approving expenditures in excess of budgeted amounts. In the event that the originally adopted budget is inadequate to finance the current-year unforeseen expenditures, budgetary amendments should be discussed in a public meeting and formally adopted by the County Commission.

CLINTON COUNTY, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTION COSTS  
YEAR ENDED DECEMBER 31, 2021 AND 2020

**2021-004: BUDGETARY COMPLIANCE (REPEATED 2017-005)-continued**

**Management Response:** The County has prepared formal budgets for all County funds and have amended properly with a public hearing and a submittal to the State Auditor's office. The County will prepare budgets going forward and amend them properly.

**SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

**2021-005: NEGATIVE FUND BALANCE**

**Condition:** There was a negative fund balance on Sheriff's Supplemental Grant Fund(2020), Health Reimbursement Fund(2020) and Investigative Squad Fund( 2021).

**Criteria:** Adequate controls over cash reconciliations are necessary to ensure accurate and reliable financial reporting. Bank reconciliations should be performed in a timely manner, typically on a monthly basis, to identify and resolve discrepancies between the bank's records and the organization's cash accounts. Bank reconciliations should be performed in a timely manner, typically on a monthly basis, to identify and resolve discrepancies between the bank's records and the organization's cash accounts. Any discrepancies identified during the reconciliation process should be promptly investigated and resolved to ensure the integrity of the cash balances and financial reporting.

**Cause:** The main cause of the negative fund balance was due to timing differences between inflows and outflows, unexpected or unplanned expenses, overspending beyond the approved budget or financial plan, weak financial controls, inadequate budget monitoring, and lack of oversight can contribute to a negative fund balance.

**Effect:** Negative fund balances will result in reduced or compromised service delivery to constituents or beneficiaries due to budget constraints.

**Recommendation:** We recommend that the County should conduct a thorough analysis to understand the root causes of the negative fund balance, including overspending, or unforeseen expenses. Revise the budget to align with the available resources and address the negative balance. Emphasize the importance of timely reconciliation to minimize the risk of errors and discrepancies going unnoticed. Implement a system that ensures reconciliations are performed promptly and discrepancies are investigated and resolved in a timely manner.

**Management Response:** The County did not provide response on this finding.

CLINTON COUNTY, MISSOURI  
FOLLOW-UP ON SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS  
YEAR ENDED DECEMBER 31, 2021 AND 2020

**MATERIAL WEAKNESSES IN INTERNAL CONTROL**

**2017-001: TREASURER'S BANK RECONCILIATIONS**

**Criteria:** A proper system of internal control requires periodic reconciliations between accounting system and bank records. Additionally, Section 54.150, RSMo requires county treasurers to perform semiannual settlements of account in June and December.

**Condition:** During the audit period, the Treasurer did not perform reconciliations of the monthly bank statement balances to the balances per the accounting records. Additionally, the Treasurer did not prepare settlements of account during the audit period. Settlements of account for the years ended December 31, 2015, 2016, and 2017 were prepared during audit fieldwork and were not reconciled to year-end bank statements.

**Cause:** Monthly bank reconciliations and semiannual settlements of account were not performed by the Treasurer during the audit period.

**Effect:** Not performing timely reconciliations of the accounting records to the bank balances increases the likelihood of misstatements of the County's cash balances whether due to fraud or error.

**Recommendation:** We recommend the Treasurer immediately begin performing timely reconciliations of the monthly bank statements to the accounting records. We also recommend that the Treasurer complete semi-annual settlements in a timely manner and submit them to the County Commission as required.

**County Response:** Met with Treasurer. She is working to complete all reconciliations. Currently halfway through 2015. Intends to have completed by the end of the year.

**Auditor's Evaluation:** Bank statements should be reconciled to the accounting records on a monthly basis going forward. Semi-annual settlements must also be completed as required by state statute.

**Status as of December 31, 2021:** Resolved.

CLINTON COUNTY, MISSOURI  
FOLLOW-UP ON SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS  
YEAR ENDED DECEMBER 31, 2021 AND 2020

**SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

**2017-002: SENATE BILL 40 BOARD INTERNAL CONTROL**

**Criteria:** A proper system of internal control requires adequate documentation and preservation of financial records and timely completion of reconciliations between the accounting system and bank records

**Condition:** The Senate Bill 40 Board did not maintain adequate accounting records, including timely bank reconciliations. The December 2017 bank reconciliation was prepared in July 2018. Multiple certificate of deposit interest statements and monthly bank account statements could not be located. Financial records are maintained off-site by the Senate Bill 40 Board president in unindexed plastic storage bins. A budget for 2018 has not been formally adopted by the Board and actual financial information for 2017 was never submitted to the County Clerk for inclusion in the County's budget documents.

**Cause:** The longtime Senate Bill 40 Board bookkeeper resigned in April 2017, and the Senate Bill 40 Board President has since maintained custody of all financial records. Bank statements are not timely reconciled by the outside accountant.

**Effect:** The Senate Bill 40 Board has not maintained adequate records to ensure accurate financial statements are timely completed and made available to the public.

**Recommendation:** We recommend the Senate Bill 40 Board design, implement and maintain internal controls adequate to ensure the timely completion of bank reconciliations, financial statements, and budgets.

**County Response:** The Senate Bill 40 Board did not provide comments. **Auditor's Evaluation:** The audit report has been provided to the Senate Bill 40 Board to implement the recommendations.

**Auditor's Evaluation:** The audit report has been provided to the Senate Bill 40 Board to implement the recommendations.

**Status as of December 31, 2021:** Resolved.

CLINTON COUNTY, MISSOURI  
FOLLOW-UP ON SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS  
YEAR ENDED DECEMBER 31, 2021 AND 2020

**SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

**2017-003: SHERIFF'S INTERNAL CONTROLS**

**Criteria:** A proper system of internal controls requires adequate custodial control over credit cards, appropriate approval and documentation of purchases, and timely payment to avoid interest and late charges.

**Condition:** The Sheriff's office opened a credit card account in January 2017, bearing interest at 13.25%, and maintains Visa cards in the custody of the Sheriff and two employees of the Sheriff's office. Credit card statements were occasionally submitted late to the County Clerk for payment and without itemized receipts to accompany the charges. January 2017 and October 2017 credit card statements could not be located. Interest and late fees aggregated \$711 over the 10 months in 2017 for which statements were documented.

Additionally, a Finish Line fuel card is maintained in each of the Sheriff's fleet vehicles for fuel purchases. The cards require an odometer reading entry in order to activate the pump. Odometer readings on the monthly fuel card statements were inconsistent, including instances in which odometer readings decreased between transactions. No reconciliations between statements and actual odometer readings were performed. Fuel purchases were also made with the Visa credit cards issued through Goppert Bank, which lack controls over fuel purchases such as requiring an odometer reading to be entered.

**Cause:** Receipts and credit card statements were not adequately documented, reviewed and submitted timely for payment.

**Effect:** Lack of oversight of credit card and fuel card purchases increases the likelihood that cards could be used for inappropriate or unnecessary purchases or for personal use.

**Recommendation:** We recommend the County adopt and implement a policy to ensure credit card statements are submitted for payment timely and are reconciled to supporting documentation prior to payment. We further recommend the Sheriff implement procedures to review monthly fuel and statements, noting any discrepancies in each vehicle's odometer readings.

**County Response:** Met with Sheriff Fish and members of his staff. Have implemented procedures to assist with credit card billings. They are looking for other options on credit companies and pay as you go options. They have addressed the fuel account issue with mileages and employer names.

**Status as of December 31, 2021:** Resolved.

CLINTON COUNTY, MISSOURI  
FOLLOW-UP ON SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS  
YEAR ENDED DECEMBER 31, 2021 AND 2020

**SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

**2017-004: INTERNAL CONTROL OVER EMPLOYEE TIMESHEETS AND PAY**

**Criteria:** A proper system of internal control requires adequate documentation of time worked and rate of pay for each employee and each pay period.

**Condition:** We tested 30 payroll transactions for propriety and noted no evidence of a timesheet for one employee, discrepancies in the number of hours worked between two employees' timesheets and the payroll register, one timesheet lacking the required employee and supervisor signatures, and three discrepancies between documented pay rates and the pay rates per the payroll register.

**Cause:** The County's established internal controls over the payroll process were not consistently followed during the audit period or were not sufficiently designed to prevent errors.

**Effect:** Discrepancies between payroll registers, employee timesheets and documented pay rates could result in employees being paid incorrectly.

**Recommendation:** We recommend the County implement procedures to ensure that employee's hours worked and rates of pay per payroll registers are accurate and properly supported.

**County's Response:** All employees turn in timesheets in a timely manner with the exception of the Sheriff's office. They are not always timely.

**Auditor's Response:** The response does not address the concern. The County should implement procedures to ensure that amounts paid to employees are supported by hours reported on timesheets that are attested to by the employee and supervisor

**Status as of December 31, 2021:** Resolved.

CLINTON COUNTY, MISSOURI  
FOLLOW-UP ON SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS  
YEAR ENDED DECEMBER 31, 2021 AND 2020

**ITEMS OF NONCOMPLIANCE**

**2017-005: BUDGETARY COMPLIANCE**

**Criteria:** Section 50.540, RSMo requires the preparation of a budget for all County funds, Section 50.740, RSMo prohibits expenditures in excess of the approved budget.

**Condition:** Budgets were not prepared for two funds in 2017 and two funds in 2016. Expenditures exceed budgeted appropriations for eight funds in 2017 and four fund in 2016. The detailed list of funds can be found in Notes 1.D.9 and 1.D.10 to the financial statements/

**Cause:** The County did not prepare formal budgets for all County funds and did not adequately review and amend budgeted expenditures of each fund to ensure actual expenditures did not exceed the budget amounts.

**Effect:** In order to ensure the integrity of the budgeting process, a budget must be adopted for each County fund and the spending limits should be adhered to.

**Recommendation:** We recommend the County ensure compliance with state statutes by adopting a budget for each County fund and by refraining from approving expenditures in excess of budgeted amounts. In the event that the originally adopted budget is inadequate to finance the current-year unforeseen expenditures, budgetary amendments should be discussed in a public meeting and formally adopted by the County Commission.

**County Response:** Prior auditors informed us it was not necessary to budget for these.

**Auditor's Evaluation:** The County should budget for all funds over which it exercises authority. The response does not address the issue regarding approving expenditures in excess of approved budgets. The County should refrain from approving expenditures in excess of approved budgets and amend the budget if necessary.

**Status as of December 31, 2021:** Unresolved, repeated findings reported as 2021-003.

RE: Audit for years ending December 31, 2021 and 2020

I have responses to findings in the audit draft. Please update my responses shown below.

---

**Pg 53 PERSONNEL FILES MAINTENANCE**

Response:

The County Clerk's Office takes these findings very seriously. The office has established a checklist for each employee to make sure that records are in employee files and maintained. With the implementation of new pay rate forms will ensure compliance with laws and regulations governing our local government. Some of the records that were selected could not be found and were for employees that had left county employment since 2020 or 2021. Records are in order going forward.

The County Clerk's Office experienced a major turnover of employees, including the County Clerk himself in 2019. We will utilize the audit recommendations from 2017 to create the necessary controls that were not implemented by the previous administration. Internal controls and procedures will be followed and tracked going forward.

**Pg. 54 INACCURATE AND EXCESS PAYMENT OF CONTRACT AMOUNT**

Response:

We take these findings very seriously and have implemented more internal controls and procedures to ensure the accuracy of our records and prevention of excess or under payments. The office has employed qualified staff and now are able to prevent malicious internal threats as found from previous employees. Controls and procedures will be followed rigorously and with integrity. The disbursement that was found in the audit to be an overpayment has since been returned to the county.

Steps have been added in the payment process to ensure that payments are processed to the correct account and for the correct amounts before checks are written.  
Future audits should reflect a substantial change in the findings.

**Pg. 56-57 BUDGETARY COMPLIANCE**

The county has prepared formal budgets for all county funds and have amended properly with a public hearing and a submittal to the State Auditor's office.  
The county will prepare budgets going forward and amend them properly.

Sincerely,

Christine Owen, Chief Deputy Clerk

June 6, 2023

Dear Auditors of the Clinton County Missouri Audit,

I am responding to the audit findings for the 2022/2023 audit. I was unaware that my Annual Statement had not been sent into the State of Missouri. I had finished the reports that I was delinquent in (2015-2018) and presented them to the Commission and the County Clerk in 2019. Every year since, the Annual Statement was provided to the Commission and the County Clerk. I would ask the Clerk if he had signed it and when he was going to get it back to me. His response was always that he was going to sign it and then he told me later that he had signed it and had mailed it to the State.

I don't know what to do in the future, as I can't make him sign the form. I will go ahead and send the Annual Statement in the future, even if I can't get a signature from the Clerk.

I have since sent the copies of the computer program Form 205 to the State of Missouri.

Sincerely,

Michele Wells  
Clinton County Collector of Revenue

**Michele Wells  
Collector**

**Vickie Kilgore  
Chief Deputy Collector**

**Justin Powell  
Deputy Collector**

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

December 18, 2023

Gail McCann Beatty, County Assessor  
and  
Frank White, County Executive  
and  
Jackson County Legislature

This letter reports results of our initial review of certain complaints received by this office from Jackson County taxpayers and the concerns of the Jackson County Legislature in its ordinance passed August 21, 2023. The complaints relate to the county's compliance with statutory physical inspection requirements when the assessed valuation of a property increases by more than 15 percent in a reassessment year.

The State Auditor's Office is currently auditing the Jackson County Assessor and Assessment Process. This letter addresses deficiencies and noncompliance identified during our investigation under Section 29.221, RSMo, and during our ongoing audit, that we consider to be time sensitive and necessary to be disclosed prior to completion of the audit in accordance with *Government Auditing Standards*. This letter will be included as a component of the final audit report along with the findings, conclusions, and recommendations resulting from the audit.

The objectives of our audit work include determining if the Assessment Department (AD) notified taxpayers/property owners of the necessity of an inspection and the opportunity for an interior inspection as required by statute.

**Methodology**

Our ongoing audit procedures include reviewing certain policies and procedures, applicable statutory requirements, county contracts for assessment services, State Tax Commission (STC) decisions, and notice and inspection data, in addition to interviewing various officials of the county and certain external parties.

In November 2023, the AD provided us a report of all residential parcels and the associated assessed valuations. The AD also provided us information regarding notifications sent and interior inspections requested. We reviewed the notice and inspection information to determine the extent to which these were provided to applicable property owners.

**Background**

The county performed a comprehensive biennial reassessment process for 2023 to appraise all county properties at their real value. This resulted in an increased assessed valuation for approximately 238,000 residential parcels, totaling over \$2.6 billion.

In October 2020, Jackson County contracted with Tyler Technologies, Inc. (Tyler) to provide various assessment services including developing the Computer-Assisted Mass Appraisal system, performing a parcel-by-parcel review of all residential and commercial properties, and completing the 2023 reassessment. The reassessment was based on information and systems provided by the contractor in conjunction with the AD. With this contractual relationship, the AD effectively outsourced much of its assessment process.

Sections 137.115.10 through 12, RSMo, outline the following requirements for inspection of a property when the assessed valuation increases by more than 15 percent since the last assessment:

- Section 137.115.10, RSMo - Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property<sup>1</sup> by more than 15 percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.
- Section 137.115.11, RSMo - If a physical inspection is required, pursuant to this statute, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that the AD perform an interior inspection during the physical inspection. The owner shall have no less than 30 days to notify the assessor of a request for an interior physical inspection.
- Section 137.115.12, RSMo - Requires the physical inspection to include, at a minimum, an on-site personal observation and review of all accessible exterior portions of the land and any buildings and improvements, and an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner. The statute also specifies that a "mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section."

Based on information provided by the AD, approximately 200,000 residential properties' assessed valuations increased by more than 15 percent and required a physical inspection per statute. The AD was required to notify each of the property owners of the increase and the owner's rights relating to physical inspection, and to allow the property owner to request an interior inspection. AD officials indicated notifications were sent from April through June 2023. AD officials indicated they believed that the exterior physical inspection requirement noted in Section 137.115.10, RSMo, was fulfilled by the parcel-by-parcel review process conducted by Tyler in 2021, 2022, and early 2023.

AD officials indicated they prepared approximately 50,000 letters from April to June 2023 for property owners whose property assessed valuations increased more than 15 percent. The letter sent (see example letter in attachment A) provided the percentage increase for the assessed valuation, a statement on the property owner's right to request an inspection of the interior of the property within 30 days, and a link for the taxpayer to request a review of the assessed valuation online if he/she disagreed with the amount presented. AD officials indicated they did not send letters to all applicable taxpayers during this timeframe due to the excessive demand this would have put on department officials and resources.

In May 2023, the AD used its mailing vendor to print and send a more general assessment letter<sup>2</sup> to all taxpayers with their reassessment information (see example letter in attachment B). This undated letter

---

<sup>1</sup> Subclass (1) real property includes all residential real property.

<sup>2</sup> The AD refers to this notice/letter as an impact notice.

included the current and prior year assessed valuations but did not include the percentage increase. The letter indicated that the reassessment included an exterior physical inspection of the property and that the taxpayer "may" have the right to request an interior inspection, and provided a link to request the interior inspection and/or a Board of Equalization appeal. The AD indicated it sent 2 sets of these notifications to its mailing vendor and indicated the first set was sent by May 31, 2023, and the second was sent by June 15, 2023.

AD officials also indicated the AD's website included information regarding the reassessment and inspection process. In 2021, the AD included information on its website that Tyler Technologies was conducting parcel-by-parcel exterior inspections for 2023 and that the process would continue through 2022. As of May 2023, the AD website included a "Property Owners Guide to Valuation Review" stating that exterior inspections were complete and the property owner may request an interior inspection.

### **Complaints and Identified Deficiencies and Noncompliance**

*Summary of Complaints - The Jackson County Assessment Department did not properly notify property owners whose property assessed valuations increased more than 15 percent of their rights regarding physical inspection of their property.*

#### **Physical Inspection Notice**

The AD did not notify most property owners whose assessed valuations increased more than 15 percent, in writing, that a physical inspection was required and did not provide "clear written notice of the owner's rights relating to the physical inspection" when conducting its parcel-by-parcel exterior review, as required.

None of the letters sent to property owners included information that a physical inspection was required by statute or explained the owner's rights relating to the physical inspection beyond a statement about the right to request an interior inspection. The letters only stated that "Reassessment of your property included an exterior physical inspection." Additionally, most of the letters were undated and did not include the percentage change in assessed valuation so taxpayers would have had to calculate the change to determine if they could request an interior inspection. Tyler officials also indicated they were not contractually required to, nor did they, provide notice of the exterior property reviews as part of their inspection process. Our review of AD data indicates the AD only issued approximately 760 letters prior to Tyler performing an exterior review of the property. Instead, the only indication most property owners received during the parcel-by-parcel review was a generic door hanger indicating a representative visited the property but missed the property owner, and asked the property owner to provide information on the property by mail or through the AD website. See Attachment C.

Statute requires the interior inspection, if requested, be conducted during the physical inspection. If the AD conducted an exterior inspection in conjunction with a requested interior inspection this may have qualified as an appropriate inspection. The AD indicated, "an inspection request would necessarily include reviewing interior and exterior." However, there is nothing in either letter to indicate that. In addition, the AD used its assessment contractor for at least a portion of the interior inspections and Tyler officials indicated they were not requested to, and they did not, perform exterior inspections when conducting interior inspections.

Finally, in a STC ruling<sup>3</sup> provided by AD officials, the STC concluded: ". . . a taxpayer receiving notice that an inspection occurred for the purpose of a six-year review and a taxpayer receiving notice that an

---

<sup>3</sup> *Geiger Real Estate, Inc., v. Philip Muehlehausler, Assessor, St. Louis County Missouri*, Appeal No. 07-11408, issued April 21, 2009.

*inspection is necessary for an increase in their valuation over 15% would have different considerations when determining if they would request an additional exterior and/or interior inspection. By failing to notify the property owners that an inspection is required prior to an increase in their valuation and their rights regarding physical inspections, the taxpayer is deprived of due process."* Accordingly, the AD stating it conducted an exterior physical inspection for all real estate is not sufficient to meet notification requirements or provide property owners the due process intended by the inspection requirements. In more recent cases,<sup>4</sup> the STC has continued to rule that failure to meet provisions of Sections 137.115.10 through 12, RSMo, negates any increase in the assessed valuation over 15 percent. Additionally, when provided a draft of this letter for review, the STC indicated it reviewed and discussed the draft and had no changes regarding the findings of fact;<sup>5</sup> and provided an additional case<sup>6</sup> to review in which it also concluded that the assessed valuation increase over 15 percent was negated by the Assessor's failure to prove<sup>7</sup> compliance with Sections 137.115.10 through 12, RSMo.

#### Inaccurate and Untimely Interior Inspection Notices

The notices sent by the AD did not accurately describe the right to an inspection, and also did not provide taxpayers sufficient time to request an interior inspection and consider the information provided by the inspection when determining whether to request a Board of Equalization appeal. Neither letter accurately reflected the taxpayers' rights regarding an interior inspection. The April notice stated, "you have the right to request an interior inspection if: (1) your value increased by 15% or more; (2) your home is not new construction and valued for the first time; and/or (3) you have not made any improvements." The June general assessment notice indicated taxpayers "may" have a right to inspection if certain conditions were met, one being they had not made any improvements. However, the statute indicates taxpayers are entitled to request an interior inspection if the value increased by more than 15 percent since the last assessment, excluding increases due to new construction or improvements. Doing an improvement alone would not nullify a taxpayer's right to this inspection, so long as the value increase of more than 15 percent excludes the value of those improvements.

As noted previously, beginning in April 2023, the AD notified some taxpayers with assessed valuation increases over 15 percent that they could request an interior inspection. However, these letters were only prepared for approximately 25 percent<sup>8</sup> of the applicable parcels that required notification. The AD informed the majority of taxpayers of the right to an interior inspection in the general assessment letters that it only sent to its mailing vendor by May 31 or June 15. These letters indicated the property owner had to request a Board of Equalization appeal of the valuation by July 10, 2023.<sup>9</sup> As a result, property owners

---

<sup>4</sup> *Cameron Walker v. Gail McCann Beatty, Assessor, Jackson County, Missouri*, Appeal No. 21-30073, issued October 7, 2022; and *Rusty Parker v. Eric Dugal, Assessor, St Francois County, Missouri*, Appeal No. 21-84001, issued April 22, 2022.

<sup>5</sup> The Commission provided the following statement: *"The STC agrees with the Auditor's summary of the serious problems with the Jackson County 2023 assessment as described in this initial report. However, the Auditor's suggested remedies contained in this initial report are those of the Auditor alone. The STC is a quasi-judicial administrative agency within the executive branch. The STC is authorized by the Missouri Constitution and the Revised Statutes of Missouri to determine the outcome of cases before the STC's administrative tribunal on a case-by-case basis through the application of law to facts in evidence."*

<sup>6</sup> *Christopher and Sarah Slusser v. Jake Zimmerman, Assessor, St. Louis County, Missouri*, Appeal No. 17-10066, issued January 8, 2019.

<sup>7</sup> Section 138.060.1, RSMo, states that the property owner shall prevail on the appeal as a matter of law in the event the assessor fails to provide sufficient evidence to establish that the physical inspection was performed in accordance with Section 137.115, RSMo.

<sup>8</sup> Based on 50,000 letters out of the approximately 200,000 parcels that required notification.

<sup>9</sup> On July 9, 2023, the AD extended this date to July 31, 2023.

had little or no opportunity to schedule and receive an interior inspection and to consider the information before the deadline. This limits the property owner's access to the due process afforded by statute.

### **Overall Analysis of Deficiencies and Noncompliance**

The Jackson County AD failed to provide property owners whose properties' assessed valuations increased over 15 percent adequate notification of their rights regarding physical inspections, and what notification was given was inaccurate and often untimely. As a result, the AD did not comply with the provisions of Section 137.115.11 and any residential real property assessed valuation increase over 15 percent is likely invalid. The Jackson County Legislature, County Executive, and Assessor should determine what remedies are available, such as limiting 2023 assessed valuation increases to 15 percent, using prior year assessed valuations, or allowing additional appeals and/or tax protests; then notify taxpayers of these remedies, and allow adequate time for the taxpayers to pursue such remedies. In addition, as recommended in our report *Jackson County Departmental and Other County Policies and Procedures*, Report No. 2021-001, issued in January 2021, the County Legislature and County Executive should closely monitor the biennial reassessment process both in the immediate and future years. This should include ensuring any outsourcing of the assessment process includes provisions for compliance with all statutory requirements and/or ensuring AD staff are properly educated on the requirements, and resources are available to comply with statute.

The State Auditor's Office will continue to review the issues noted in this letter as part of an audit of the Jackson County Assessment Department and assessment process and will issue a subsequent report with its findings, conclusions, and recommendations.

RE: Estimate of 2023 Residential Value and Interior Inspection Notice

Parcel:

SITUS:

Your real property has been reassessed as required by Missouri Statutes. Market value represents an estimate of value as of January 1, 2023. The final estimate of value will not be effective until the assessment roll is certified on July 1, 2023. If you disagree with the **2023 value** stated below, you may request a review of that valuation online at <https://jacksongov.org/Government/Departments/Assessment>. You may also request a review by calling 1-877-895-9675.

2022 MARKET VALUE	2023 MARKET VALUE
\$ 376,000	\$ 561,800

The percent change from 2022 to 2023: 49.41 %

Reassessment of your property included an exterior physical inspection. You have the right to request an interior inspection if: (1) your value increased by 15% or more; (2) your home is not new construction and valued for the first time; and/or (3) you have not made improvements.

An interior inspection may be requested at <https://jacksongov.org/Government/Departments/Assessment> within thirty days. You may also request an interior inspection by calling 1-877-895-9675 within thirty days.

Frank White, Jr., County Executive

## 2023 Reassessment Notice

### ASSESSMENT DEPARTMENT

Jackson County Courthouse  
415 East 12<sup>th</sup> Street, Suite 1M  
Kansas City, Missouri 64106-2752

Information of a personal, privileged, or sensitive nature, and/or information that is not directly related to the information necessary for this notice has been redacted.

Your real property has been reassessed as required by Missouri Statutes. Market Value represents an estimate of value as of January 1, 2023. The final estimate of value will not be effective until the assessment roll is certified on July 1, 2023.

Classification	PRIOR YEAR		CURRENT YEAR	
	2022 Market Value	2022 Assessed Value	2023 Market Value	2023 Assessed Value
Agricultural (12%)	\$ 14835	\$ 1780	\$ 4980	\$ 598
Residential (19%)	\$ 46000	\$ 8740	\$ 162020	\$ 30784
Commercial (32%)	\$ 64165	\$ 20533	\$ 0	\$ 0

Reassessment of your property included an exterior physical inspection. Residential properties may have the right to request an interior inspection if the value increased by 15% or more; AND your home is not new construction and valued for the first time or you have not made improvements.

You may file a formal appeal with the Jackson County Board of Equalization (BOE). By state statute, appeals must be submitted on or before the filing deadline, **Monday, July 10, 2023**. The BOE may be reached at 1-816-881-3309.

**BOE Appeals and residential interior inspections may be requested at:** [www.jacksongov.org/boeappeals](http://www.jacksongov.org/boeappeals) or by calling 1-877-895-9675.

**An appeal to the BOE may result in an increase, a decrease, or no change in valuation.**

**July 10, 2023**

**Deadline for filing an appeal of 2023 valuation to the BOE**

**Market Value X Classification % = Assessed Value X Tax Levy (as determined by City, School District, etc.) = estimated tax bill**

The abated property summary and the complete list of tax abatements will be available for the public's inspection on the county website.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of DeKalb County, Missouri

The Office of the State Auditor contracted for an audit of DeKalb County's financial statements for the 2 years ended December 31, 2022, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive style with a large, stylized "S" and "F".

Scott Fitzpatrick  
State Auditor

December 2023  
Report No. 2023-085

---

**Recommendations in the audit of Dekalb County**

2022-001	The county adopt an investment policy and review compliance with this policy at least annually as required by state statute.
2022-002	The county refrain from approving expenditures in excess of budgeted amounts. In the event that the originally adopted budget is inadequate to fund the current-year unforeseen expenditures, budgetary amendments should be discussed in a public meeting and formally adopted by the County Commission.
2022-003	The county implement internal controls to ensure that the Schedule of Expenditures of Federal Awards completely and accurately states the expenditures of federal awards of the county each year.

### **INDEPENDENT AUDITOR'S REPORT**

To the County Commission and  
Officeholders of DeKalb County, Missouri

#### **Opinion**

We have audited the accompanying financial statements of DeKalb County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022 and 2021, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

#### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of DeKalb County, Missouri, as of December 31, 2022 and 2021, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

#### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of DeKalb County, Missouri, as of December 31, 2022 and 2021, or the changes in financial position thereof for the years then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DeKalb County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by DeKalb County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri Law. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DeKalb County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise DeKalb County, Missouri's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we also have issued our report dated August 28, 2023, on our consideration of DeKalb County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of DeKalb County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

DEKALB COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022 and 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

DeKalb County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are nine elected Constitutional Officers: Assessor, Circuit Clerk, Collector/Treasurer, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Recorder and Sheriff.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of DeKalb County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

### C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

### D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law. The ARPA Fund did not have a formal budget adopted for 2021.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the following funds:

	2022	2021
Bond Forfeiture Fund	N/A	✓
Election Fund	✓	N/A
Emergency Management Fund	✓	N/A
Cemeteries Fund	✓	✓
Victim Service Grant (VOCA) Fund	✓	N/A
ACCD 911 Board Fund	✓	✓
Senior Services Board Fund	✓	✓
ARPA Fund	✓	✓

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2022 and 2021, for purposes of taxation were:

	2022	2021
Real Estate	\$ 163,253,940	\$ 154,111,560
Personal Property	52,558,236	43,502,732
Railroad and Utilities	20,869,193	19,560,313
Total	<u>\$ 236,681,369</u>	<u>\$ 217,174,605</u>

For calendar years 2022 and 2021, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2022	2021
General Revenue	0.1232	0.1232
Senate Bill 40 Board	0.0881	0.0881
Senior Services Board	0.0294	0.0294

#### F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

## G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

## 2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2022, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 4,611,328	\$ 4,647,128	\$ 548,962
Investments - Governmental Funds	147,665	147,665	147,665
Total Governmental Funds	<u>\$ 4,758,993</u>	<u>\$ 4,794,793</u>	<u>\$ 696,627</u>
 Cash and Cash Equivalents - Fiduciary Funds	 <u>\$ 13,094,244</u>	 <u>\$ 9,638,571</u>	 <u>\$ 167,593</u>

At December 31, 2021, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 6,538,923	\$ 6,659,233	\$ 527,250
Investments - Governmental Funds	146,439	146,439	146,439
Total Governmental Funds	<u>\$ 6,685,362</u>	<u>\$ 6,805,672</u>	<u>\$ 673,689</u>
 Cash and Cash Equivalents - Fiduciary Funds	 <u>\$ 12,639,349</u>	 <u>\$ 11,960,620</u>	 <u>\$ 570,096</u>

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2022 and 2021 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

### 3. COUNTY EMPLOYEES' RETIREMENT PLANS

#### A. Missouri Local Government Employees Retirement System (LAGERS)

##### 1) Plan Description

DeKalb County participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, Section 70.600-70.755, RSMo. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401 (a) and is tax exempt.

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, Missouri 65102 or by calling 1-800-447-4334, or by the following website, [www.molagers.org](http://www.molagers.org).

##### 2) Pension Benefits

Benefits are available to all full-time employees working in a LAGERS covered department. Benefits vest when an employee earns five years (60 months) of service credit in the system. Normal retirement age is 60 (General) or 55 (Police), and early retirement is 55 (General) and 50 (Police). Benefits are paid out using a formula that is based on the employee's final average salary and amount of credited service time.

##### 3) Funding Policy

Full-time employees of DeKalb County do not contribute to the pension plan. The January 1st statutorily required contribution rates were 8.2% and 8.6% (General), and 7.8% and 6.8% (Police) of annual covered payroll for 2022 and 2021 respectively. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute. For the years ended December 31, 2022 and 2021, the County contributed \$130,108 and \$119,042 to LAGERS.

#### B. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

##### 1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires

the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

## 2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

## 3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, all participants hired on or after February 24, 2002 are required to contribute an additional 4% of their gross compensation to CERF, starting January 1, 2003. An active LAGERS participant who was employed with the County prior to February 24, 2002, is not required to make contributions. During 2022 and 2021, the County made employer contributions to CERF of \$54,689 and \$49,272, respectively. The County collected and remitted to CERF employee withholdings of \$109,765 and \$115,853, respectively, for the years then ended.

## C. Other Retirement Plan

DeKalb County offers employees the opportunity to participate in the CERF defined contribution plan and Internal Revenue Code (IRC) Section 457 deferred compensation plan. The plan's provisions and contribution requirements were established by and may be amended only by the Missouri General Assembly. Pension plan members are eligible to participate. During 2022 and 2021 the County collected and remitted to the Section 457 Plan third-party administrator employee withholdings collected of \$31,577 and \$26,349, respectively.

#### D. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$11,628 each year for the years ended December 31, 2022 and 2021.

#### 4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

#### 5. CLAIMS, COMMITMENT AND CONTINGENCIES

##### A. Compensated Absences

The County provides full-time employees with up to 90 days of sick time – to accrue at one and one quarter days per complete calendar month of employment. Unused sick leave benefits will not be paid to employees upon termination of employment. Employees with one to nine year(s) of service accumulate annual leave at one and one quarter days per month, up to a maximum of 15 days. Employees with 10 to 14 years of service accumulate annual leave at one and one half days per month, up to a maximum of 20 days. Employees with 15 or more years of service accumulate annual leave at one and three quarters days per month, up to a maximum of 25 days. Annual leave may be carried forward from year to year up to the maximum amounts noted above. Upon termination of employment, employees will be paid for unused annual leave time that has been earned through the last day of work.

##### B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

#### 6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

## 7. LONG-TERM DEBT

On August 8, 2013, the County entered into an agreement with UMB Bank for Certificates of Participation to make improvements to the Courthouse in the amount of \$1,355,000 to be paid in full by March 1, 2028. On August 1, 2020 the County refinanced the loan with Security Bank of Kansas City in the amount of \$830,000. Principal is paid annually on March 1<sup>st</sup> and the interest is paid semi-annually on March 1<sup>st</sup> and September 1<sup>st</sup> of each year to be paid in full by March 1, 2027.

<u>December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 119,000	\$ 5,375	\$ 124,375
2024	123,000	4,165	127,165
2025	116,000	2,970	118,970
2026	118,000	1,800	119,800
2027	121,000	605	121,605
Totals	<u>\$ 597,000</u>	<u>\$ 14,915</u>	<u>\$ 611,915</u>

The following schedule shows changes in long-term debt during the year ended December 31, 2022:

<u>Description</u>	<u>Balance</u> <u>12/31/2021</u>	<u>Additions</u>	<u>Payments</u>	<u>Balance</u> <u>12/31/2022</u>	<u>Interest</u> <u>Paid</u>
Courthouse Loan	\$ 713,000	\$ -	\$ (116,000)	\$ 597,000	\$ 6,550

The following schedule shows changes in long-term debt during the year ended December 31, 2021:

<u>Description</u>	<u>Balance</u> <u>12/31/2020</u>	<u>Additions</u>	<u>Payments</u>	<u>Balance</u> <u>12/31/2021</u>	<u>Interest</u> <u>Paid</u>
Courthouse Loan	\$ 830,000	\$ -	\$ (117,000)	\$ 713,000	\$ 7,830

## 8. SHORT-TERM DEBT

On May 12, 2022, the County approved the issuance of up to \$2,500,000 in a Tax Anticipation Note through Independent Farmers Bank to finance the cost of renovations to the Courthouse and Nursing Home. The note was secured through pledging 2023 tax revenue. The loan maturity is one year from the date of origination at a 3% interest rate.

## 9. OPERATING LEASES

At December 31, 2022, the County has two 60-month leases for copiers. The County Clerk and Assessor have 60-month leases through October 2027 with a monthly lease payment of \$150.

Fiscal Year Ending December 31,	Amount
2023	\$ 3,600
2024	3,600
2025	3,600
2026	3,600
2027	3,000

## 10. COOPERATIVE VENTURES

- A. In October 1992, the Counties of Andrew, Clinton, Caldwell and DeKalb and the City of Cameron agreed to establish a venture called ACCD 911, for the purpose of providing 911 emergency telephone services. Pursuant to Section 190.300, RSMo, the voters of the respective government entities involved approved a 15% Emergency Telephone System Tax on local telephone charges to fund the services. Pursuant to the agreement, the ACCD Regional Enhanced 911 System Board was created to be the governing body of the ACCD 911, authorized to enter into contracts, employ staff, hold/dispose of property, and incur debt, with only the ACCD 911 Venture being obligated for the debt incurred.
- B. In May 2005, the County in conjunction with Daviess County, created the Daviess-DeKalb Regional Jail District to house prisoners for the counties as well as other governments on contractual basis. A four-member commission which governs the District is comprised of the presiding commissioners and sheriffs from the two counties. In November 2005, the District voters approved a one-half cent sales tax to provide regional jail services and court facilities and equipment for the two counties. Also in November 2005, the District assumed operations at the jail facility. The counties will share equally in any net operating losses of the regional jail. Neither Daviess nor DeKalb County is obligated for debt incurred by the District.

## 11. SUBSEQUENT EVENTS

On May 12, 2023 the County paid \$2,215,810 in principal and \$2,367 in interest at maturity to Independent Farmers Bank for the Tax Anticipation Note issued May 12, 2022. On May 16, 2023 the County approved the issuance of a new Tax Anticipation Note with Independent Farmers Bank for one year with a principal balance of \$2,215,611 and interest rate at the Wall Street Journal Prime Rate minus 1% adjusting monthly until loan maturity.

The County has evaluated events subsequent to December 31, 2022 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 28, 2023, the date the financial statements were available to be issued.

## **COMPLIANCE SECTION**

## **McBRIDE, LOCK & ASSOCIATES, LLC**

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the County Commission and  
Officeholders of DeKalb County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of DeKalb County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022 and 2021, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise DeKalb County, Missouri's basic financial statements and have issued our report thereon dated August 28, 2023.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered DeKalb County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of DeKalb County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of DeKalb County, Missouri's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control described in the accompanying schedule of findings and questioned costs as item 2022-003 that we consider to be a significant deficiency.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether DeKalb County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed two instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and are described in the accompanying schedule of findings and questioned costs as items 2022-001 and 2022-002.

## **DeKalb County, Missouri's Response to Findings**

DeKalb County, Missouri's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. DeKalb County, Missouri's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the County Commission and  
Officeholders of DeKalb County, Missouri

#### **Report on Compliance for Each Major Federal Program**

##### ***Opinion on Each Major Federal Program***

We have audited DeKalb County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of DeKalb County, Missouri's major federal programs for the years ended December 31, 2022 and 2021. DeKalb County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, DeKalb County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2022 and 2021.

##### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of DeKalb County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of DeKalb County, Missouri's compliance with the compliance requirements referred to above.

##### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to DeKalb County, Missouri's federal programs.

## ***Auditor's Responsibilities for Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on DeKalb County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about DeKalb County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding DeKalb County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of DeKalb County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of DeKalb County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2022-003 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on DeKalb County, Missouri's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. DeKalb County, Missouri's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**DEKALB COUNTY, MISSOURI**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**YEARS ENDED DECEMBER 31, 2022 and 2021**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of DeKalb County, Missouri for the years ended December 31, 2022 and 2021. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance.

**NOTE C – SUBRECIPIENTS**

The County did not pass any federal awards through to subrecipients during the years ended December 31, 2022 and 2021.

21.027	COVID-19 Coronavirus State and Local Fiscal Recovery Funds

Dollar Threshold Used to Distinguish Between Type A and Type B Programs: \$750,000

Auditee Qualified as low-risk:      Yes   X   No

## **SECTION II – FINANCIAL STATEMENTS FINDINGS**

### **MATERIAL WEAKNESSES IN INTERNAL CONTROL**

None

### **SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

See Finding 2022-003 below.

### **ITEMS OF NONCOMPLIANCE**

#### **2022-001: Absence of Investment Policy**

Criteria: Section 30.950, RSMo, requires political subdivisions with authority to invest in instruments other than depository accounts at financial institutions to adopt a written investment policy.

Condition: The County has not adopted an investment policy as required by state statute.

Cause: The County was unaware of the requirement to adopt a written investment policy.

Effect: Adoption of a written investment policy commits a political subdivision to the principles of safety, liquidity, and yield (in that order) when managing public funds and to prohibit purchase of derivatives (either directly or through repurchase agreements), use of leveraging (through either reverse repurchase agreements or other methods), and use of public funds for speculation.

Recommendation: We recommend that the County adopt an investment policy and review compliance with this policy at least annually as required by state statute.

County's Response: The Commission will work to adopt the Investment Policy per RSMO 30.950.

Auditor's Evaluation: The response is appropriate to correct the concern.

#### **2022-002: Budgetary Compliance**

Criteria: Section 50.740, RSMo prohibits expenditures in excess of approved budgets.

Condition: Expenditures exceeded budgeted appropriations for multiple funds. A list of the specific funds for each year is included at Note 1.D.10.

Cause: The County did not adequately review and amend budgeted expenditures of each fund to ensure actual expenditures do not exceed budgeted appropriations.

Effect: In order to ensure the integrity of the budgeting process, a formal budget should be adopted for each County fund and the spending limited to that amount.

Recommendation: We recommend the County refrain from approving expenditures in excess of budgeted amounts. In the event that the originally adopted budget is inadequate to fund the current-year unforeseen expenditures, budgetary amendments should be discussed in a public meeting and formally adopted by the County Commission.

County's Response: The County has in the past amended the original budget if it were adequate to fund the budgeted amounts holding a public meeting and formally adopting the amended budget. We will continue to do this practice should the need arise.

Auditor's Evaluation: The response is appropriate to correct the concern.

### **SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

#### **2022-003: Internal Control Over Schedule of Expenditures of Federal Awards**

Federal Grantor: U.S. Department of Justice, U.S. Department of Transportation, U.S. Department of the Treasury, Election Assistance Commission, and U.S. Department of Homeland Security

Pass-Through Grantor: Missouri Department of Public Safety, Missouri Department of Transportation, Missouri State Treasurer's Office, Missouri Secretary of State

Federal Assistance Living Number: 16.575, 20.205, 21.019, 21.027, 90.401, and 97.042

Program Title: Crime Victim Assistance, Highway Planning and Construction; COVID-19 Coronavirus Relief Fund; COVID-19 Coronavirus State and Local Fiscal Recovery Funds; Help America Vote Act Requirement Payments; Emergency Management Performance Grants

Pass-through Entity Identifying Number: BRO-032(38), 253-01905

Award Year: 2022 and 2021

Questioned Costs: None

Criteria: 2 CFR 200.510(b) requires auditees to prepare a schedule of expenditures of federal awards which must report total federal awards expended during the audit period. At a minimum, the schedule must include: expenditures by individual federal program, name of the pass-through entity and identifying number for awards not received directly from the federal government, and the total amount provided to subrecipients from each federal program. The County has not implemented proper internal controls to ensure the completeness and accuracy of the SEFA.

This finding was noted in the prior audit for the year ended December 31, 2020 as item 2020-001.

Condition: The schedules of expenditures of federal awards (SEFA) reported by the County in the 2022 and 2021 annual budget documents contained errors in amounts of federal expenditures reported.

Discrepancies in amounts reported on the 2021 SEFA and amount supported by underlying accounting records are summarized as follows:

Federal Agency	ALN Number	Federal Program	Original SEFA	Supported	Difference
DOJ	16.575	Crime Victim Assistance	\$ 38,675	\$ 38,675	\$ -
DOT	20.205	Highway Planning and Construction	177,279	177,279	-
Treasury	21.019	COVID-19 Coronavirus Relief Fund	-	65,796	(65,796)
Treasury	21.027	COVID-19 Coronavirus State and Local Fiscal Recovery Fund	1,218,544	119,019	1,099,525
EAC	90.401	HAVA Requirements Payments	1,409	1,409	-
DHS	97.042	Emergency Management Performance Grants	10,015	10,015	-

Discrepancies in amounts reported on the 2022 SEFA and amount supported by underlying accounting records are summarized as follows:

Federal Agency	ALN Number	Federal Program	Original SEFA	Supported	Difference
DOJ	16.575	Crime Victim Assistance	\$ 46,046	\$ 46,046	\$ -
Treasury	21.027	COVID-19 Coronavirus State and Local Fiscal Recovery Fund	-	2,319,835	(2,319,835)
EAC	90.401	HAVA Requirements Payments	2,515	2,515	-
DHS	97.042	Emergency Management Performance Grants	9,000	9,000	-

Cause: The County has not implemented a proper system of internal control over SEFA preparation, such as a reconciliation to underlying accounting records or having a separate individual review the SEFA for clerical accuracy after it has been prepared. Reasons for discrepancies in individual programs varied.

Effect: The SEFA presented for audit did not accurately reflect the County's actual expenditures of federal awards for both the years ended December 31, 2022 and 2021.

Recommendation: We recommend that the County implement internal controls to ensure that the SEFA completely and accurately states the expenditures of federal awards of the County each year.

County's Response: We will only enter expenditures in the SEFA (Schedule of Expenditures of Federal Award) Schedule. With this audit and more training, I am now aware of the process and will be more cautious about the figures I transfer onto the SEFA schedule.

Auditor's Evaluation: The response is appropriate to correct the concern.

## DEKALB COUNTY, MISSOURI SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

In accordance with the Uniform Guidance, this section reports the follow-up on action taken by DeKalb County, Missouri on the applicable findings in the prior audit report issued for the one year ended December 31, 2020.

**2020-001:** The schedule of expenditures of federal awards (SEFA) reported by the County in 2020 annual budget documents contained errors in amounts of federal expenditures reported. 2 CFR 200.510(b) requires auditees to prepare a schedule of expenditures of federal awards which must report total federal awards expended during the audit period.

Status: Not resolved, see finding 2022-003.

**2020-002:** Absence of Proper Investment Policy.

Status: Not resolved, see finding 2022-001.

**2020-003:** County's documentation was not always sufficient to support that adequate internal controls were in place to review the allowability of expenditures paid with CARES Act funding against the allowability criteria.

Status: Resolved.

## DEKALB COUNTY, MISSOURI CORRECTIVE ACTION PLAN

**Finding Reference Number:** 2022-001

**Federal Agency:** N/A

**Program Name:** N/A

**ALN Number:** N/A

**Responsible Official:** County Commission

**Views of Responsible Individuals:** The Commission will work to adopt the Investment Policy per RSMO 30.950.

**Finding Reference Number:** 2022-002

**Federal Agency:** N/A

**Program Name:** N/A

**ALN Number:** N/A

**Responsible Official:** Melissa Meek, County Clerk

**Views of Responsible Individuals:** The County has in the past amended the original budget if it were adequate to fund the budgeted amounts holding a public meeting and formally adopting the amended budget. We will continue to do this practice should the need arise.

# *DEKALB COUNTY*

**Finding Reference Number:** 2022-003

**Federal Agency:** U.S. Department of Justice, U.S. Department of Transportation, U.S. Department of the Treasury, Election Assistance Commission, and U.S. Department of Homeland Security

**Program Name:** Crime Victim Assistance, Highway Planning and Construction; COVID-19 Coronavirus Relief Fund; COVID-19 Coronavirus State and Local Fiscal Recovery Funds; Help America Vote Act Requirement Payments; Emergency Management Performance Grants

**ALN Number:** 16.575, 20.205, 21.019, 21.027, 90.401, and 97.042

**Responsible Official:** Melissa Meek, County Clerk

**Views of Responsible Individuals:** We will only enter expenditures in the SEFA (Schedule of Expenditures of Federal Award) Schedule. With this audit and more training, I am now aware of the process and will be more cautious about the figures I transfer onto the SEFA schedule.

CERTIFIED PUBLIC ACCOUNTANTS

August 28, 2023

To the County Commission  
DeKalb County, Missouri

We have audited the regulatory basis financial statements of DeKalb County, Missouri for the years ended December 31, 2022 and 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 9, 2023. Professional standards also require that we communicate to you the following information related to our audit.

### Significant Audit Matters

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by DeKalb County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021 and 2022. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements detected during the audit.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated August 28, 2023.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the years ended December 31, 2021 and 2022, we considered DeKalb County's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control. We issued our report on our consideration of internal control over financial reporting dated August 28, 2023.

### Other Matters

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompany the financial statements but are not Required Supplementary Information. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles

prescribed or permitted by Missouri law, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the County Commission and management of DeKalb County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

*(Original Signed by McBride, Lock & Associates, LLC)*

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions, other than cities, towns, and villages, required to file a financial report under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office shall notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Due to different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 49 political subdivisions required to file a financial report by September 30, 2023, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in September 2023, after their filing deadline. The filing status for these 39 entities is presented in summary on page 3 and by individual entity in Appendixes B and C.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is stylized, with the first letters of the first and last names being capitalized and prominent.

### Executive Summary

---

#### **Executive Summary**

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. Rule 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.

This report includes the filing status for the 49 political subdivisions, other than cities, towns, and villages, with a fiscal year end of March 31, 2023. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 49 political subdivisions, 40 filed an annual financial report timely.

This report also includes the filing status for 39 political subdivisions, other than cities, towns, and villages, that filed their financial report in September 2023, after their filing deadline.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by September 30, 2023, under Section 105.145, RSMo, and 15 CSR 40-3.030 and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) shall notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO shall notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Due to different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for the 50 cities and 25 villages is presented in summary on page 3 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in September 2023, after their filing deadline. The filing status for these 59 cities and 11 villages is presented in summary on page 4 and by individual entity in Appendixes B to H.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is stylized, with the first letters of the first and last names being capitalized and prominent.

Scott Fitzpatrick  
State Auditor

### Executive Summary

---

#### **Executive Summary**

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. Rule 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. Rule 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires the SAO to notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359, RSMo, and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and a mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 50 cities and 25 villages with a fiscal year end of March 31, 2023, whose financial report was due by September 30, 2023. Of the 75 municipalities, 51 filed the financial report timely. Of the 54 municipalities required to file an addendum, 30 filed timely. Of the 24 municipalities required to file a certification, 15 filed timely.

Monthly Report on Municipal Court and Revenue Filings  
September 2023  
Executive Summary

---

This report includes the filing status for 59 cities and 11 villages that filed at least one of the items (financial report, addendum, or certification) in September 2023, after their filing deadline. Of these municipalities, 12 filed an annual financial report, 47 filed an addendum, and 21 filed a certification.

Missouri State Auditor

Ozark County

Report No. 2023-082

November 2023

[auditor.mo.gov](https://auditor.mo.gov)

**Scott Fitzpatrick**  
Missouri State Auditor

# CITIZENS SUMMARY

## Findings in the audit of Ozark County

Sheriff's Controls and Procedures	The Sheriff has not adequately segregated accounting duties or performed adequate supervisory reviews of detailed accounting and bank records. Procedures for receipting, recording, depositing, and disbursing need improvement. The Office Manager does not prepare a monthly list of liabilities for the front office (fees) account or the commissary account. The office has not established adequate controls and procedures over seized property.
Property Tax System Controls and Procedures	The County Clerk did not maintain an account book or other records summarizing property tax charges, transactions, and changes, and no other review or reconciliation process was in place to verify this information. The County Clerk did not prepare the land and personal tax or the railroad and utility tax aggregate abstracts for 2021 and 2022.
Recycling Center's Controls and Procedures	The County Commission has not adequately segregated accounting duties or performed adequate supervisory reviews of detailed accounting records at the Recycling Center. Recycling Center personnel do not issue receipt slips for money received or ensure all receipts are recorded on the receipts log.
Ex Officio Recorder of Deeds' Bank Reconciliations and List of Liabilities	The former Ex Officio Recorder of Deeds did not perform adequate and timely bank reconciliations and did not prepare a monthly list of liabilities.
Sheriff's Compensation	The County Commission authorized a mid-term salary increase totaling \$5,706 to the Sheriff in May 2022, in violation of constitutional provisions.
Financial Reporting	Neither the County Commission nor the County Clerk submitted proof of publication of the county's financial statements for the years ended December 31, 2021, and 2022, to the State Auditor as required by state law.
Sunshine Law Public Access Policy	The County Commission has not adopted a written policy regarding public access to county records as required by state law. A written policy regarding public access to county records would establish guidelines for the county to make records available to the public.
Electronic Data Security	Controls over county computers are not sufficient. As a result, county records are not adequately protected and are susceptible to unauthorized access or loss of data.
Electronic Communication Policy	The county has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.

Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.
---------------------	--

In the areas audited, the overall performance of this entity was **Fair**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

County Commission  
and  
Officeholders of Ozark County

We have audited certain operations of Ozark County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2022. The objectives of our audit were to:

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Ozark County.

A handwritten signature in black ink, reading "S. Fitzpatrick". The signature is stylized, with a large, looped "S" and a cursive "Fitzpatrick".

# Ozark County Management Advisory Report State Auditor's Findings

---

## **1. Sheriff's Controls and Procedures**

Controls and procedures in the Sheriff's office need improvement. The office collected approximately \$106,600 in civil paper service fees, concealed carry weapon permits, bonds, money from inmates, and other miscellaneous receipts during the year ended December 31, 2022.

### **1.1 Segregation of duties**

The Sheriff has not adequately segregated accounting duties or performed adequate supervisory reviews of detailed accounting and bank records. The Office Manager is primarily responsible for receipting, recording, and depositing receipts; making disbursements; reconciling bank accounts; and billing for paper services. The Sheriff reviews the monthly bank reconciliations; however, his reviews are not documented. The Sheriff indicated the Office Manager had to take on additional duties following employee layoffs in August 2022 and the Sheriff is not always available to review deposits or other records.

Proper segregation of duties is necessary to ensure transactions are accounted for properly and assets are adequately safeguarded. Internal controls would be improved by segregating the duties of receiving, recording, and depositing receipts; making disbursements; reconciling bank accounts; and billing. If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of detailed accounting and bank records are essential and should include comparing daily receipts to deposits.

### **1.2 Receipting, recording, depositing, and disbursing**

Procedures for receipting, recording, depositing, and disbursing need improvement. Our review of receipt slips, bond forms, deposits, and disbursements, haphazardly and judgmentally selected, identified the following concerns:

- The Office Manager does not always issue receipt slips for fees, permits, and miscellaneous receipts at the time payment is received. For example, we performed a cash count on January 10, 2023, and identified 2 receipts on hand; however, these receipts were not recorded on receipt slips until January 20, 2023.
- The Office Manager does not always deposit fees, permits, and miscellaneous receipts timely. For example, receipts collected from August 2, 2022, through August 25, 2022, totaling \$278, were not deposited until October 6, 2022, along with receipts collected through October 6, 2022.
- Jail personnel do not use pre-numbered bond forms, do not issue receipt slips for bond receipts, and do not always maintain a copy of the bond form. As a result, the Office Manager cannot ensure all bonds received have been transmitted to him and handled properly.

## Ozark County Management Advisory Report - State Auditor's Findings

- The Office Manager does not always deposit bond receipts timely. For example, a \$5,000 bond receipt collected on July 8, 2022, was not deposited until July 25, 2022.
- The Office Manager does not always disburse bond receipts to the Circuit Court or other political subdivisions timely. For example, 7 bond receipts collected on August 22, 2022, were not disbursed until September 13, 2022, and another bond receipt collected on August 22, 2022, was not disbursed until October 12, 2022.
- The Office Manager does not always timely disburse fees and other receipts to the County Treasurer. For example, August 2022 fees (\$278) were not disbursed until October 6, 2022, and October and November 2022 fees (\$1,383) were not disbursed until January 19, 2023.

The Sheriff indicated increasing workloads and shifting office responsibilities have caused delays in many areas including receipting, recording, depositing, and disbursing. Staffing shortages due to employee layoffs in August 2022 further contributed to the delays. In addition, the Sheriff indicated he was not aware of the importance of using pre-numbered bond forms.

Failure to implement adequate receipting, recording, depositing, and disbursing procedures increases the risk that loss, theft, or misuse of money could occur and go undetected. In addition, Section 50.370, RSMo, requires all county officials who receive fees or any other remuneration for official services to pay this money monthly to the County Treasurer.

### 1.3 Liabilities

The Office Manager does not prepare a monthly list of liabilities for the front office (fees) account or the commissary account. Consequently, liabilities are not agreed to the reconciled bank balance. The Office Manager indicated he was not aware of the importance of preparing lists of liabilities.

The reconciled bank balance of the front office account was \$2,816 as of December 8, 2022. Liabilities determined by the Office Manager at our request consisted of undisbursed fees totaling \$2,728, resulting in an \$88 unidentified balance.

The reconciled bank balance of the commissary account was \$19,924 as of December 30, 2022. Liabilities determined by the Office Manager at our request consisted of active inmate account balances (\$520) as of December 31, 2022, and accounts payable balances (\$20,920) as of February 8, 2023, resulting in a shortage of \$1,516. This shortage may be due to timing differences between the date of the reconciled bank balance and the liabilities.

Monthly lists of liabilities that are agreed to the reconciled bank balance are necessary to ensure records are in balance, errors are detected and corrected

## Ozark County Management Advisory Report - State Auditor's Findings

timely, and sufficient cash is available for the payment of all liabilities. Prompt follow up on discrepancies is necessary to resolve errors and ensure money is properly disbursed. Various statutory provisions provide for the disposition of unidentified money.

### 1.4 Seized property

The Sheriff's office has not established adequate controls and procedures over seized property. A complete and accurate seized property evidence log has not been maintained and a physical inventory of seized property has not been performed since before the Sheriff took office in January 2021.

The Sheriff's office currently has 2 separate systems tracking seized property items. The older system is used for evidence prior to 2021, and the newer system is used for evidence beginning in 2021. Evidence logs from each system are used to track seized property in the evidence room. We haphazardly selected 10 items from the evidence room to ensure the items were on the logs. The Sheriff could not locate where 2 of the items had been recorded on the logs (first item was a bat and second item consisted of 3 scales and a bag). We also haphazardly selected 10 items from the new evidence system log and 8 items from the old evidence system log and could not locate 4 items from the old evidence system log, including 3 guns and 1 drug evidence item. The Sheriff indicated due to staffing shortages, the log for the old evidence system has not been updated and an inventory of seized property has not been performed.

Considering the often sensitive nature of seized property, adequate internal controls are essential and would significantly reduce the risk of loss, theft, or misuse of the property. Maintaining complete and accurate inventory control records and performing periodic physical inventories with the results compared to inventory records is necessary to ensure seized property is accounted for properly.

### Similar conditions previously reported Recommendations

A similar condition to section 1.1 was noted in our prior 2 audit reports and a similar condition to section 1.4 was noted in our prior audit report.

The Sheriff:

- 1.1 Segregate accounting duties or ensure adequate independent or supervisory reviews of detailed accounting and bank records are performed and documented.
- 1.2 Issue receipt slips immediately upon receipt for all money received and deposit money timely. In addition, issue pre-numbered bond forms or receipt slips for all bond receipts, and ensure bond forms are issued, retained, and accounted for properly. Also, disburse bonds timely and disburse all fees and other receipts to the County Treasurer monthly in accordance with state law.

Ozark County  
Management Advisory Report - State Auditor's Findings

- 1.3 Prepare monthly lists of liabilities and reconcile the lists to the reconciled bank balances. Any differences should be promptly investigated and resolved, and any unidentified money disposed of in accordance with state law.
- 1.4 Maintain a complete and accurate seized property evidence log, ensure a periodic inventory is conducted and reconciled to the seized property evidence log, and investigate any differences.

## Auditee's Response

- 1.1 *Due to staffing limitations, we will not be able to fully segregate accounting duties as recommended. However, to mitigate this limitation, we will implement new workflows that include supervisory reviews conducted by me, the Sheriff. These reviews will be documented to ensure transparency and accountability. To formalize this process, we will create new forms specifically designed to document and save these supervisory reviews.*

*Specifically, weekly deposits will be scheduled for every Thursday, and bank reconciliations will be performed once per month upon receipt from the bank. I will personally review these reconciliations monthly to ensure that all transactions are accounted for properly and that assets are adequately safeguarded.*

- 1.2 *To address the concerns raised, we will implement a system to issue receipt slips immediately upon receiving any fees, permits, or miscellaneous receipts. Given that our bond forms are digital and sourced directly from the court, pre-numbered bond forms are not feasible. However, we will issue digital receipt slips for all bond receipts to ensure proper tracking and accountability.*

*To streamline this process, we are in the process of creating simple software that will allow us to record data and print receipt slips immediately. By transitioning to a digital system, we aim to increase accuracy and completeness in our record-keeping. The digital format will help us ensure that all necessary fields are filled out, addressing the issue of incomplete paper forms.*

- 1.3 *To address the issue of liabilities, we are revising our workflow to ensure that liabilities are eliminated from our accounting process. Invoices will be generated immediately upon receipt of fees and mileage charges, and payments will be applied without delay. In cases where a check exceeds the amount due, an immediate refund will be issued for the overpayment. Conversely, if there is a balance due, the invoice will be promptly mailed to the customer.*

## Ozark County Management Advisory Report - State Auditor's Findings

*Regarding the previously unidentified \$88 balance, we believe we have identified the source of this discrepancy. It appears to be an error stemming from an attempt to void uncashed checks dating from 2012 to the present, totaling approximately \$80. The remaining \$8 is from a deposit made by bank staff when cash was meant to be broken down. This occurred due to the absence of a petty cash drawer for making change.*

*We are pleased to report that as of September 30, 2023, the commissary account has been reconciled and is perfectly balanced.*

- 1.4 *To address the concerns raised about the management of seized property, we will take several steps to improve our internal controls. First, we will update our seized property evidence log and conduct periodic inventories to ensure all items are accounted for.*

*To streamline this process and improve accuracy, we will be converting all existing seized property evidence from the old system to the new system. Additionally, we will implement barcode scanning for all seized property to facilitate easier tracking and management.*

*To further ensure the integrity of our seized property records, we will conduct a self-audit once per year. This will allow us to verify the accuracy of our records and promptly address any discrepancies or abnormal findings.*

## 2. Property Tax System Controls and Procedures

Controls and procedures over the property tax system need improvement. The County Collector's office collected approximately \$5.9 million in property taxes and other miscellaneous receipts during the year ended February 28, 2023.

- 2.1 Review of property taxes The County Clerk did not maintain an account book or other records summarizing property tax charges, transactions, and changes, and no other review or reconciliation process was in place to verify this information. As a result, there is an increased risk of loss, theft, or misuse of property tax money going undetected, and less assurance the annual settlements are complete and accurate. The County Clerk indicated he was unaware of the need for an account book.

Section 51.150.1(2), RSMo, requires the County Clerk to maintain accounts between the county and all persons chargeable with money payable into the county treasury. An account book or other records summarizing all taxes charged to the County Collector, monthly collections, delinquent credits, additions and abatements, and protested amounts would help ensure taxes charged and credited to the County Collector are complete and accurate and

Ozark County  
Management Advisory Report - State Auditor's Findings

could also be used by the County Clerk and the County Commission to verify the accuracy and completeness of the County Collector's annual settlements and delinquent tax books. Such procedures are intended to establish checks and balances related to the collection of property taxes.

## 2.2 Aggregate abstracts

The County Clerk did not prepare the land and personal tax or the railroad and utility tax aggregate abstracts for 2021 and 2022. The County Clerk indicated that his failure to complete these aggregate abstracts was an oversight.

Section 137.295, RSMo, requires the County Clerk to prepare these reports and forward them to the Department of Revenue and State Tax Commission upon assessment of current tax books.

## Recommendations

The County Clerk:

- 2.1 Maintain an account book with the County Collector for use in reviewing County Collector records.
- 2.2 Prepare the land and personal tax, and the railroad and utility tax, aggregate abstracts and timely file them with the Department of Revenue and State Tax Commission.

## Auditee's Response

- 2.1 *We have started generating reports from the computer system to compare to the County Collector's records.*
- 2.2 *This was an oversight and has been corrected.*

## 3. Recycling Center's Controls and Procedures

Controls and procedures at the Recycling Center need improvement. The Recycling Center accepts bagged household trash and some appliances (televisions, toilets) for a fee of \$2 or \$3 each, accepts recyclable materials (newspaper, cardboard, glass, plastics, etc.) and other appliances (washers, dryers, refrigerators, microwaves) at no cost, and sells recyclable materials. The Recycling Center collected approximately \$20,500 during the year ended December 31, 2022.

### 3.1 Segregation of duties

The County Commission has not adequately segregated accounting duties or performed adequate supervisory reviews of detailed accounting records at the Recycling Center. Both Recycling Center employees are able to collect and transmit receipts to the County Treasurer. The Recycling Center Manager indicated that both employees need to be able to complete all duties in case one is absent.

Proper segregation of duties is necessary to ensure transactions are accounted for properly and assets are adequately safeguarded. Internal controls would be improved by segregating the duties of collecting and transmitting receipts.

## Ozark County Management Advisory Report - State Auditor's Findings

If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of detailed accounting records are essential and should include comparing receipts to transmittals.

### 3.2 Receipting and transmitting

Recycling Center personnel do not issue receipt slips for money received or ensure all receipts are recorded on the receipts log. Customers at the Recycling Center are expected to record their payments on the receipts log based on the amount paid. No reconciliation is performed between amounts recorded on the receipts log and receipts transmitted. As a result, there is no assurance that all money received has been properly recorded on the receipts log and transmitted to the County Treasurer. We performed a cash count on January 26, 2023, and identified receipts on hand totaling \$375. However, only \$116 in receipts were recorded on the log, resulting in \$259 in unrecorded receipts.

In addition, receipts are not always transmitted to the County Treasurer timely. Recycling Center personnel indicated receipts are transmitted to the County Treasurer when several receipts log pages have been completed. Our review of the March 2022 transmittal included receipts dating back to January 3, 2022.

To reduce the risk of loss, theft, or misuse of money received going undetected, procedures should be established to ensure all money received is properly posted to the receipts log and transmitted timely.

### Recommendations

The County Commission:

- 3.1 Segregate accounting duties or ensure adequate independent or supervisory reviews of detailed accounting records are performed and documented.
- 3.2 Ensure all receipts are posted to the receipts log when received, reconcile the receipts log to amounts transmitted, and transmit all receipts timely.

### Auditee's Response

- 3.1 *We have hired a third person to help with segregation. There will now be someone in the office 5 days a week to collect receipts.*
- 3.2 *We will start using pre-numbered receipt slips to record receipts and will use a computer spreadsheet to account for receipt slips and money transmitted. We will also ensure all receipts are transmitted at least monthly.*

Ozark County  
Management Advisory Report - State Auditor's Findings

---

#### **4. Ex Officio Recorder of Deeds' Bank Reconciliations and List of Liabilities**

The former Ex Officio Recorder of Deeds did not perform adequate and timely bank reconciliations and did not prepare a monthly list of liabilities. The office collected approximately \$105,000 for marriage licenses, deeds, and other miscellaneous receipts during the year ended December 31, 2022.

Because adequate and timely bank reconciliations and a monthly list of liabilities were not prepared, an overage of \$416 first identified in February 2020, was not investigated and resolved until February 2023. In addition, a bank error of \$50 that occurred in December 2021 was not identified until December 2022 and resolved in January 2023.

The Office Administrator<sup>1</sup> performed bank reconciliations for all of 2022 in early 2023. The Office Administrator indicated that bank reconciliations had not been done because she did not have the time to complete them.

Performing adequate monthly bank reconciliations increases the likelihood errors will be identified and corrected timely. Regular identification and comparison of liabilities to the reconciled bank balance is necessary to ensure accounting records are in balance, all amounts received are disbursed, and money is available to satisfy all liabilities. Differences should be investigated and resolved.

A similar condition was noted in our prior audit report.

#### **Recommendation**

The Ex Officio Recorder of Deeds prepare adequate monthly bank reconciliations and lists of liabilities and reconcile the list of liabilities to the available cash balance. Any differences should be promptly investigated and resolved.

#### **Auditee's Response**

*The recommendation has been implemented.*

---

#### **5. Sheriff's Compensation**

The County Commission authorized a mid-term salary increase totaling \$5,706 to the Sheriff in May 2022, in violation of constitutional provisions. The Sheriff took office in 2021 at the salary level approved by the Ozark County Salary Commission.

Section 57.317.1(2), RSMo, enacted in 2021, states the sheriff shall receive an annual salary computed based on a percentage of the compensation of an associate circuit judge of the county, with the percentage determined by a statutory schedule using the county's current assessed valuation level. The law states that if the increase to the Sheriff's salary is less than \$10,000, the

---

<sup>1</sup> The Office Administrator is the former Ex Officio Recorder of Deeds. After the new Ex Officio Recorder of Deeds took office in January 2023, the former Ex Officio Recorder of Deeds continued employment with the office as the Office Administrator on a temporary, part-time basis.

## Ozark County Management Advisory Report - State Auditor's Findings

increase shall take effect January 1, 2022, but if the salary increase is more than \$10,000, the increase shall be paid equally over a 5-year period. However, Article VII, Section 13, of the Missouri Constitution prohibits an increase in compensation for state, county, and municipal officers during the term of office. Court cases have concluded that to receive additional compensation during a term of office there must be new or additional duties or the mid-term increase must result from the application of a statutory formula for calculating compensation that was in place prior to the individual being elected or taking office. Without either of these provisions, the increase to the Sheriff's salary should be effective only for any Sheriff elected and sworn into office after January 1, 2022.

The County Commission did not seek a written legal opinion on these matters and authorized the salary increase for the Sheriff. The total increase was calculated at \$32,606, to be paid over a 5-year period with an annual increase of \$6,521. The \$5,706 increase received in May 2022 was not for the full annual increase amount since it was not given until May, but the increase did include a cost of living adjustment. The County Clerk indicated that because there was pending litigation over the new state law, the county did not increase the Sheriff's salary until the litigation was dismissed. The County Clerk further indicated the salary was increased so the county would not be in violation of state law.

### Recommendation

The County Commission discontinue the mid-term salary increase and consider various methods for possible recoupment of money already paid.

### Auditee's Response

*Ozark County plans to continue to follow existing state law. If there are future legal actions or changes to state law, we will review accordingly.*

### Auditor's Comment

Article VII, Section 13, of the Missouri Constitution prohibits an increase in compensation for state, county, and municipal officers during the term of office. By increasing the Sheriff's salary in May 2022, the county is not in compliance with the Missouri Constitution.

## 6. Financial Reporting

Neither the County Commission nor the County Clerk submitted proof of publication of the county's financial statements for the years ended December 31, 2021, and 2022, to the State Auditor as required by state law. We observed the county's financial statements were published for each year; however, the County Clerk indicated not submitting proof of publication to the State Auditor was an oversight.

Ozark County  
Management Advisory Report - State Auditor's Findings

Section 50.815, RSMo, requires publication of the county's financial statements by June 30 of each year. Section 50.820.1,<sup>2</sup> RSMo, requires proof of publication be filed with the State Auditor.

**Recommendation**

The County Commission submit proof of publication of the county's financial statements to the State Auditor in accordance with state law.

**Auditee's Response**

*This was an oversight and we will submit the proof of publication for 2021 and 2022, and all future publications.*

---

**7. Sunshine Law  
Public Access  
Policy**

The County Commission has not adopted a written policy regarding public access to county records as required by state law. A written policy regarding public access to county records would establish guidelines for the county to make records available to the public. Such policies typically identify a person to contact, provide an address to mail such requests, and establish fees that may be assessed for providing copies of public records. According to the County Clerk, the county is in the process of preparing a website with this information.

Section 610.023, RSMo, lists requirements for making records available to the public. To ensure compliance with this section, the county should document adequate information in a log to determine if requests are completed timely and all requests are adequately filled. The log information should include, the date of request, a brief description of the request, the date the request is completed, and any associated costs of fulfilling the request. Section 610.026, RSMo, allows the county to charge fees for providing access to and/or copies of public records and provides requirements related to fees. Section 610.028, RSMo, requires a written policy regarding release of information under the Sunshine Law.

**Recommendation**

The County Commission develop a written public access policy, and maintain a public request log or other documentation to help ensure compliance with state law.

**Auditee's Response**

*Public record requests as received are directed to the correct office. This is not a written policy and there is no request log. The county is currently making many IT and website improvements. The updated website will help this process and provide information on public access to county records. We will develop a written policy for each county official to maintain a log to help ensure compliance with state law.*

---

<sup>2</sup> Prior to August 28, 2022, Section 50.810, RSMo, required filing proof of publication by April 1st each year. Section 50.810, RSMo, was repealed and the filing requirement moved to Section 50.820, RSMo.

Ozark County  
Management Advisory Report - State Auditor's Findings

## 8. Electronic Data Security

### 8.1 Passwords

Controls over county computers are not sufficient. As a result, county records are not adequately protected and are susceptible to unauthorized access or loss of data.

The County Assessor, County Collector, Ex Officio Recorder of Deeds, and Prosecuting Attorney have not established adequate password controls to reduce the risk of unauthorized access to computers and data. Employees in these offices are not required to change passwords periodically. In addition, employee passwords in the County Collector's office are not kept confidential. The County Assessor, County Collector, Ex Officio Recorder of Deeds, and Prosecuting Attorney indicated they did not recognize the importance of establishing and enforcing password controls in their offices until it was brought to their attention.

Passwords are necessary to authenticate access to computers. The security of computer passwords is dependent upon keeping them confidential. However, since passwords in certain offices are not required to be kept confidential and periodically changed, there is less assurance they are effectively limiting access to computers and data files to only those individuals who need access to perform their job responsibilities.

### 8.2 Security controls

Employees in the County Assessor's, Ex Officio Recorder of Deeds', and Sheriff's offices do not have security controls in place to lock computers after a specified number of incorrect logon attempts and/or after a certain period of inactivity. Personnel in these offices did not recognize the importance of ensuring these security controls are in place.

Logon attempt controls lock the capability to access a computer after a specified number of consecutive invalid logon attempts and are necessary to prevent unauthorized individuals from continually attempting to logon to a computer by guessing passwords. Inactivity controls are necessary to reduce the risk of unauthorized individuals accessing an unattended computer and having potentially unrestricted access to programs and data files. Without effective security controls, there is an increased risk of unauthorized access to computers and the unauthorized use, modification, or destruction of data.

### Similar conditions previously reported Recommendations

Similar conditions were noted in our 2 prior audit reports.

The County Commission work with other county officials to:

- 8.1 Require confidential passwords for each employee that are periodically changed to prevent unauthorized access to county computers and data.

Ozark County  
Management Advisory Report - State Auditor's Findings

- 8.2 Require county computers to have security controls in place to lock each computer after a specified number of incorrect logon attempts and after a certain period of inactivity.

## Auditee's Response

*The County Commission provided the following response:*

*As part of our IT improvements project, we will work with other county officials to improve password and security controls.*

*The Sheriff provided the following response:*

- 8.2 *Additional security controls are in place to lock screens after 15 minutes of inactivity. Accounts are also configured to now lock after five consecutive failed login attempts, requiring administrative intervention for unlocking.*

*We are in the process of enhancing our system security with the implementation of Personal Identity Verification (PIV) cards and Multi-Factor Authentication (MFA) to further secure access to our systems.*

## 9. Electronic Communication Policy

The county has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.<sup>3</sup>

Development of a written policy to address the use of electronic communications is necessary to ensure all documentation of official business of the county is retained as required by state law. The County Clerk and the County Commission indicated they were unaware of the record retention requirements and the electronic communications guidelines.

<sup>3</sup> Missouri Secretary of State Records Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, accessed July 24, 2023.

Ozark County  
Management Advisory Report - State Auditor's Findings

---

**Recommendation**

The County Commission work with other county officials to develop a written records management and retention policy to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division electronic communications guidelines.

**Auditee's Response**

*We will consider and discuss how best to implement this recommendation.*

---

# Ozark County

## Organization and Statistical Information

---

Ozark County is a county-organized, third-class county. The county seat is Gainesville. The county's population was 8,553 in 2020, according to the U.S. Census Bureau.

Ozark County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 48 full-time employees and 8 part-time employees on December 31, 2022.

County operations also include a Recycling Center.

### Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2023	2022
Johnnie M. Turner, Presiding Commissioner	\$	28,678
Gary Collins, Associate Commissioner		26,560
Layne Nance, Associate Commissioner		26,560
Becki Strong, Circuit Clerk and Ex Officio Recorder of Deeds (1)		
Brian Wise, County Clerk		40,242
Matthew T. Weatherman, Prosecuting Attorney		147,684
Cass Martin, Sheriff		48,282
Christy M. Thompson, County Treasurer		40,242
Gene Britt, County Coroner		11,649
Melinda Abraham, Public Administrator		40,242
Darla Sullivan, County Collector, year ended February 28,	40,575	
Jama M. Berry, County Assessor, year ended August 31,		39,495
Matt Wade, County Surveyor (2)		

(1) Compensation is paid by the state.

(2) Compensation on a fee basis.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Ray County, Missouri

The Office of the State Auditor contracted for an audit of Ray County's financial statements for the year ended December 31, 2022, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized, with a large "S" and a cursive "Fitzpatrick".

Scott Fitzpatrick  
State Auditor

November 2023  
Report No. 2023-081

---

**Recommendations in the contracted audit of Ray County**

---

2022-001	The County amend their 2023 budget, and adjust their budget format to include a cash reconciliation page to identify and discrepancies for each fund and ensure that every fund is included.
2022-002	The Sheriff's office implement procedures to ensure monthly bank reconciliations are maintained and performed in a timely manner. Also the Sheriff's office implement procedures to deposits funds received in the office into the bank as frequently as possible, at least on a weekly basis.
2022-003	The Recorder ensure an account reconciliation is performed for their bank account each month.
2022-004	The County implement procedures to ensure credit cards are secured and limited to authorized users. Further, the County implement procedures to ensure purchases are authorized, and supporting documentation is provided to the County Clerk in a timely manner. Additionally, the County implement procedures to ensure credit card statements are paid in a timely manner to avoid any late fees and interest charges.
2022-005	The Senior Services' Board implement procedures to ensure that all transactions are recorded timely.
2023-006	The County implement internal controls to ensure that the Schedule of Expenditures of Federal Awards (SEFA) completely and accurately states the expenditures of federal awards of the County each year, such as performing a reconciliation between the SEFA and underlying accounting records.

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT**

To the County Commission and  
Officeholders of Ray County, Missouri

#### **Opinion**

We have audited the accompanying financial statements of Ray County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the year then ended, and the related notes to the financial statements.

#### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Ray County, Missouri, as of December 31, 2022, and their respective cash receipts and disbursements, and budgetary results for the year then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

#### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Ray County, Missouri, as of December 31, 2022, or the changes in financial position thereof for the year then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ray County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by Ray County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri Law. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ray County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Ray County, Missouri's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we also have issued our report dated August 28, 2023, on our consideration of Ray County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Ray County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

RAY COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Ray County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are ten elected Constitutional Officers: Assessor, Circuit Clerk, Collector, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Recorder, Sheriff and Treasurer.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Ray County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

### C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

### D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. However, the County budgeted a negative ending fund balance for the Collector Tax Maintenance Fund.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the following funds: Noxious Weeds, Administrative Handling Cost, Sheriff's Extradition, Emergency Planning, and Disaster Aid.

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2022, for purposes of taxation were:

	2022
Real Estate	\$ 232,875,350
Personal Property	105,706,625
Railroad and Utilities	81,575,752
Total	<u>\$ 420,157,727</u>

For calendar year 2022, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2022
Capital Improvements	\$ 0.0756
Developmental Dis. Board	0.1712
Noxious Weed	0.0400
Senior Services	0.0461

#### F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

#### G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

## 2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2022, the County had the following cash and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Cash and Cash Equivalents - Governmental Funds	\$ 8,124,626	\$ 8,698,532	\$ 464,729
Investments - Governmental Funds	281,026	281,026	250,000
Total Governmental Funds	<u>\$ 8,405,652</u>	<u>\$ 8,979,558</u>	<u>\$ 714,729</u>
Cash and Cash Equivalents - Fiduciary Funds	\$ 27,496,925	\$ 26,394,174	\$ 692,181
Investments - Fiduciary Funds	1,024	1,024	1,024
Total Fiduciary Funds	<u>\$ 27,497,949</u>	<u>\$ 26,395,198</u>	<u>\$ 693,205</u>

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2022 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

## 3. COUNTY EMPLOYEES' RETIREMENT PLANS

### A. Missouri Local Government Employees Retirement System (LAGERS)

#### 1) Plan Description

Ray County participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, Section 70.600-70.755, RSMo. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401 (a) and is tax exempt.

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, Missouri 65102 or by calling 1-800-447-4334, or by the following website, [www.molagers.org](http://www.molagers.org).

## 2) Pension Benefits

Benefits are available to all full-time employees working in a LAGERS covered department. Benefits vest when an employee earns five years (60 months) of service credit in the system. Normal retirement age is 60 (General) or 55 (Police), and early retirement is 55 (General) and 50 (Police). Benefits are paid out using a formula that is based on the employee's final average salary and amount of credited service time.

## 3) Funding Policy

Full-time employees of Ray County do not contribute to the pension plan. The January 1st statutorily required contribution rates were 5.1% (General), and 10.8% (Police) of annual covered payroll for 2022 respectively. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute. For the year ended December 31, 2022, the County contributed \$91,685 to LAGERS.

## B. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

### 1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

### 2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior

plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

### 3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, all participants hired on or after February 24, 2002 are required to contribute an additional 4% of their gross compensation to CERF, starting January 1, 2003. An active LAGERS participant who was employed with the County prior to February 24, 2002, is not required to make contributions. The County has elected not to make contributions on behalf of employees. During 2022, the County collected and remitted to CERF employee withholdings of \$96,048 for the year then ended.

### C. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$11,628 for the year ended December 31, 2022.

### D. Other Retirement Plan

Ray County has a voluntary 457(b) plan which is paid by a deduction from employee's salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the year ended December 31, 2022 were \$54,008.

## 4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

## 5. CLAIMS, COMMITMENT AND CONTINGENCIES

### A. Compensated Absences

The County provides full-time employees with eight hours of sick leave for each completed calendar month of employment, up to a maximum of 168 hours. Upon either retirement or other separation, employees will be compensated at the final rate of pay for any unused sick time.

Vacation time is accrued for every full-time employee beginning with the second year of employment at a rate of two weeks per year. Employees with eight or more years of employment earn three weeks per year of vacation leave. Any days not used by the end of the year will be lost. Upon voluntary separation, an employee may receive compensation for unused accrued vacation leave.

Full-time employees earn overtime or compensatory time credits based on department assignment. Overtime and Compensatory Time credits are earned at 1.5 times the regular hourly rate of the employee for work hours accumulated over 40 hours in a work week and 80 hours in a two-week pay period. Upon termination, employees are compensated for any compensatory time credits.

### B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

### C. Litigation

The County was involved in pending litigation as of the audit report date. The County's management and legal counsel anticipate that potential claims, if any, against the County resulting from such litigation would not have a material effect on the financial position of the County.

## 6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

## 7. LONG-TERM DEBT

The County had the following long-term debt outstanding as of December 31, 2022:

- A. In January 2016, the County entered into a \$180,000 cancellable lease agreement for a 2016 Caterpillar Motor Grader, under which the County could purchase the motor grader at the end of the lease for \$82,960 in 2023. The agreement calls for seven annual payments of \$17,478 ending in 2022.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 82,646	\$ 314	\$ 82,960

- B. In January 2016, the County entered into a \$171,663 cancellable lease agreement for a 2016 Caterpillar Motor Grader, under which the County could purchase the motor grader at the end of the lease for \$75,680 in 2023. The agreement calls for seven annual payments of \$17,105 ending in 2022.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 75,393	\$ 287	\$ 75,680

- C. In January 2020, the County entered into a \$165,000 cancellable lease agreement for a 2014 John Deere Motor Grader. The agreement called for an initial \$50,000 payment and three subsequent annual payments of \$41,384 ending in 2023.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 39,883	\$ 1,501	\$ 41,384

- D. In May 2020, The County entered into a \$71,023 cancellable lease agreement for a John Deere Loader. The agreement called for four annual payments of \$19,696 ending in 2024.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 18,112	\$ 1,584	\$ 19,696
2024	18,888	808	19,696
Total	<u>\$ 37,000</u>	<u>\$ 2,392</u>	<u>\$ 39,392</u>

- E. In December 2020, the County entered into a \$212,862 cancellable lease agreement for a 2016 John Deere Motor Grader. The agreement called for an initial \$25,000 payment and four subsequent annual payments of \$49,230 ending in 2024.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 46,413	\$ 2,817	\$ 49,230
2024	47,801	1,429	49,230
Total	<u>\$ 94,214</u>	<u>\$ 4,246</u>	<u>\$ 98,460</u>

The following schedule shows changes in long-term debt during the year ended December 31, 2022:

Description	Balance 12/31/2021	Additions	Payments	Balance 12/31/2022	Interest Paid
Caterpillar Motor Grader	\$ 97,690	\$ -	\$ (17,478)	\$ 80,212	\$ 2,865
Caterpillar Motor Grader	90,273	-	(17,105)	73,168	2,652
2014 JD Motor Grader	78,319	-	(41,384)	36,935	2,948
2020 JD Loader	54,368	-	(19,696)	34,672	2,328
2016 JD Motor Grader	139,279	-	(49,230)	90,049	4,165

#### 8. OPERATING LEASES

At December 31, 2022, the Prosecuting Attorney has a non-cancellable 39-month lease for a copier through April 2023, with a monthly payment of \$227. The following schedule represents future payments under operating leases:

Fiscal Year Ending December 31,	Amount
2023	\$ 907

#### 9. LINES OF CREDIT

The County has an annual revolving line of credit with Community Bank of Missouri for the General Revenue and Special Road and Bridge Funds for \$100,000 and \$150,000, respectively. The County did not draw down any funds during 2022, and the County terminated their line of credit as of the date of the audit report.

#### 10. RESTATEMENT

The balance of the Sheriff's Fiduciary Fund at January 1, 2021 has been restated to revise the balance of the Sheriff at December 31, 2021. The restatement increased the beginning balance by \$26,030.

#### 11. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2022 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 28, 2023, the date the financial statements were available to be issued.

## **COMPLIANCE SECTION**

## **McBRIDE, LOCK & ASSOCIATES, LLC**

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the County Commission and  
Officeholders of Ray County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Ray County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the year then ended, and the related notes to the financial statements, which collectively comprise Ray County, Missouri's basic financial statements and have issued our report thereon dated August 28, 2023.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Ray County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Ray County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Ray County, Missouri's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control described in the accompanying schedule of findings and questioned costs as items 2022-001, 2022-002, 2022-003, 2022-004, 2022-005 and 2022-006 that we consider to be significant deficiencies.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Ray County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

## **Ray County, Missouri's Response to Findings**

Ray County, Missouri's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Ray County, Missouri's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the County Commission and  
Officeholders of Ray County, Missouri

#### **Report on Compliance for Each Major Federal Program**

##### ***Opinion on Each Major Federal Program***

We have audited Ray County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Ray County, Missouri's major federal programs for the year ended December 31, 2022. Ray County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Ray County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

##### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Ray County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Ray County, Missouri's compliance with the compliance requirements referred to above.

##### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Ray County, Missouri's federal programs.

## ***Auditor's Responsibilities for Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Ray County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Ray County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Ray County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Ray County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Ray County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

*A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we did identify significant deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2022-06 that we consider to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed. *Government Auditing Standards* requires the auditor to perform limited procedures on Ray County, Missouri's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. Ray County, Missouri's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

See accompanying Notes to the Schedule of Expenditures of Federal Awards

**RAY COUNTY, MISSOURI**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**YEAR ENDED DECEMBER 31, 2022**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Ray County, Missouri for the year ended December 31, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance.

**NOTE C – SUBRECIPIENTS**

The County did not pass any federal awards through to subrecipients during the year ended December 31, 2022.

RAY COUNTY, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEAR ENDED DECEMBER 31, 2022

**SECTION I – SUMMARY OF AUDITOR’S RESULTS**

**Financial Statements:**

Type of Auditor’s Report Issued: Unmodified

Internal Control Over Financial Reporting:

- Material weakness(es) identified?      Yes   X   No
- Significant deficiencies identified that are not considered to be material weaknesses?   X   Yes      None Reported
- Noncompliance material to financial statements noted?      Yes   X   No

**Federal Awards:**

Internal Control Over Major Programs:

- Material weakness(es) identified?      Yes   X   No
- Significant deficiencies identified that are not considered to be material weaknesses?   X   Yes      None Reported

Type of Auditor’s Report Issued on Compliance For Major Programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with Uniform Guidance section 200.516?   X   Yes      No

Identification of Major Programs:

<u>Assistance Listing Number(s)</u>	<u>Name of Federal Program or Cluster</u>
21.027	COVID-19 Coronavirus State and Local Fiscal Recovery Funds

Dollar Threshold Used to Distinguish Between Type A and Type B Programs: \$750,000

Auditee Qualified as low-risk:      Yes   X   No

## **SECTION II – FINANCIAL STATEMENTS FINDINGS**

### **MATERIAL WEAKNESSES IN INTERNAL CONTROL**

None

### **SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

#### **2022-001: Reconciliation Between The Budget and Treasurer’s Settlement**

Criteria: In accordance with RSMo 54.290, the County Treasurer must present a full and complete annual settlement of their accounts. Additionally, RSMo 50.540 and 50.550 requires the County to prepare and submit a complete financial plan for the ensuing fiscal year compared with the corresponding figures for the last completed fiscal year. Further, a proper system of internal controls is required in the financial reporting system and for the fair presentation of the financial statements.

Condition: The Treasurer’s Settlement and the County’s Budget did not reconcile to each other, and noted discrepancies between the ending balances of the General Revenue, Special Road & Bridge, Assessment, Collector Tax Maintenance, Prosecuting Attorney Training, Recorder, Noxious Weed, Sheriff’s Account, Sheriff’s Extradition, Sheriff’s Revolving Funds, and Disaster Aid funds as follows:

	<u>Revenue Adjustment</u>	<u>Expense Adjustment</u>
General Revenue	\$ -	\$ 79,544
Special Road & Bridge	-	21,512
Assessment	-	18,411
Collector Tax		
Maintenance	-	11,673
Prosecuting Attorney	-	75
Recorder	-	494
Noxious Weeds	-	5,920
Sheriff Account	-	606
Sheriff's Extradition	-	157
Sheriff's Revolving Fund	-	4,811
Disaster Aid	839,138	268,111

Cause: The County presented the 2023 budget in a new format that was exported from their accounting system, InCode. Before exporting the budget from InCode, the Treasurer and County Clerk had inactivated several line items for service-related expenses in order to combine them into one account for the upcoming fiscal year. Additionally, the new budget format did not include a cash reconciliation page to identify the discrepancies, and it did not include the fund activity for the Disaster Aid fund.

Effect: Adequate financial reporting ensures that the County’s financial statements are fairly presented.

Recommendation: We recommend the County amend their 2023 budget, and adjust their budget format to include a cash reconciliation page to identify any discrepancies for each fund and ensure that every fund is included.

County's Response: March of 2023 the County Clerk and County Treasurer began consolidating some account headings, and deactivating the ones that would not be used moving forward. Unbeknownst to them, deactivating said account numbers that would no longer be utilized in 2023, the software system, InCode also deactivated those account numbers from prior years as well. This issue was brought to our attention during the audit in July 2023 when a budget report was run for the auditor. Once the deactivated account numbers were reactivated, the prior year's account numbers re-appeared on the budget report and then balanced with the Treasurer's Settlement as they did in January 2023. We will amend our 2023 budget in October 2023.

Auditor's Evaluation: The response is appropriate to correct the concern.

### **2022-002: Sheriff's Internal Control Over Cash**

Criteria: A proper system of internal controls requires the reconciliation between the accounting and bank records to be accurately completed within a timely manner and that cash receipts be deposited as frequently as possible to reduce the opportunity for misappropriation.

Condition: Our review of the Sheriff's bank reconciliations noted instances in which the bank reconciliations were not performed timely. The bank reconciliations for December 2022 for the Sheriff's Commissary, Bond, Inmate, Explorers, Community Fund, Inmate Security Fund, and Monetary Evidence bank accounts were not performed until April 25, 2023, and bank reconciliation for December 2022 for the Civil bank account was not reconciled until March 3, 2023. Total funds on hand in these accounts was \$86,879 as of December 31, 2022.

During our audit, we noted that the Sheriff's office is not depositing receipts for Report, Trailer Inspection, and Sex Offender fees into their bank accounts. Instead, the receipts are held in a safe and turned over to the Treasurer for deposit at least once a month. The average amount turned over at one time was \$375. Additionally, the Clerk, Office Manager, Lieutenant, Undersheriff, and Sheriff have access to the safe.

Cause: The Sheriff's office did not have procedures in place to ensure timely reconciliations were performed. Additionally, the Sheriff's office did not implement procedures to timely deposit receipts received for certain fees collected for the County, and did not consider restricting access to the safe to reduce the risk of misappropriation.

Effect: Performing timely bank reconciliations ensures that any misstatements are detected and corrected in a timely manner. Depositing cash and checks received into the bank as frequently as possible increases the safety of the assets and reduces the risk of misappropriation.

Recommendation: We recommend that the Sheriff's office implement procedures to ensure monthly bank reconciliations are maintained and performed in a timely manner. We also recommend that the Sheriff's office implement procedures to deposit funds received in the office into the bank as frequently as possible, at least on a weekly basis.

County's Response: Beginning in April 2023, our office clerk has been performing bank reconciliations monthly. Those reconciliations are signed off on by the Sheriff.

Auditor's Evaluation: The response is appropriate to correct the concern.

### **2022-003: Recorder's Bank Reconciliations**

Criteria: A proper system of internal controls requires the reconciliation between the accounting and bank records to be accurately completed within a timely manner.

Condition: The Recorder's office did not perform the December 2022 reconciliation for the Recorder bank account. Total funds on hand in the account was \$14,097 as of December 31, 2022.

Cause: Formal bank reconciliation of the Recorder bank account for December 2022 was not performed.

Effect: Performing timely bank reconciliations ensures that any misstatements are detected and corrected in a timely manner. Depositing cash and checks received into the bank as frequently as possible increases the safety of the assets and reduces the risk of misappropriation.

Recommendation: We recommend the Recorder ensure an account reconciliation is performed for their bank account each month.

County's Response: We do have a bank reconciliation procedure in effect. Said procedure is to reconcile the bank statement the same day it is received in the mail. The December 2022 bank statement was available for your review, unfortunately my bank reconciliation sheet for December 2022 was not attached. I will continue to reconcile the bank statements monthly the day they are received and ensure that the reconciliation sheet is attached prior to filing away.

Auditor's Evaluation: The response is appropriate to correct the concern.

### **2022-004: Internal Control Over Credit Cards**

Criteria: A proper system of internal controls requires adequate custodial control over credit cards, appropriate approval and documentation of purchases, and timely payment to avoid interest and late charges.

Condition: Our review of the credit card statements during the audit period noted that \$51 in fees were paid by the County. After inquiry, we noted that multiple credit cards are provided to Elected Officials and Department Heads, who are required to submit supporting documentation to the County Clerk's office before their credit card statement can be paid. The County Clerk's office experienced issues in which the credit card holder did not provide the supporting documentation in a timely manner, which resulted in late fees and interest charges.

Cause: The County provided multiple credit cards to Elected Officials and Department Heads, and have not implemented proper procedures to ensure supporting documentation are submitted timely, and ensure credit card statements are paid timely.

Effect: Lack of oversight of credit cards purchases increases the likelihood that cards could be used for inappropriate or personal charges. Additionally, untimely payment of credit card statements could result in late fees and interest charges.

Recommendation: We recommend the County implement procedures to ensure credit cards are secured and limited to authorized users. Further, we recommend the County implement procedures to

ensure purchases are authorized, and supporting documentation is provided to the County Clerk in a timely manner. Additionally, we recommend the County implement procedures to ensure credit card statements are paid in a timely manner to avoid any late fees and interest charges.

County's Response: The County Commissioners have implemented procedures to ensure credit card statements will no longer incur late fees due to supporting documentation not being submitted to the County Clerk's office in a timely manner.

Auditor's Evaluation: The response is appropriate to correct the concern.

#### **2022-005: Senior Services' Internal Control Over Financial Reporting**

Criteria: A proper system of internal controls is required in the financial reporting system and for the fair presentation of the financial statements. In accordance with the cash basis of accounting used to prepare the County budgets and financial statements, transactions are recognized when amounts are received or disbursed in cash.

Condition: Our review of the Senior Services' Board bank reconciliation for December 31, 2022 noted an instance in which check number 3113, in the amount of \$229,000, was reported as outstanding. After reviewing the general ledger for the year ended December 31, 2022, we noted that the check was not included in their financials. Further, we noted that the last check number included in the general ledger was 3107. After inquiry, we noted that the check was written out of sequence, and noted that the check was written on December 29<sup>th</sup>, 2022 and cleared on January 3, 2023.

Cause: The checks are not generated from QuickBooks and requires the checks to be manually posted in the accounting system, which resulted in a timing difference between the checkbook balance and the cash balance in the financial statements.

Effect: Due to the error, the balances for cash and disbursements have been misstated, and required adjustments to fairly present the County's financial statements.

Recommendation: We recommend the Senior Services' Board implement procedures to ensure that all transactions are recorded timely.

County's Response: On December 29, 2022, the RCSSB chairman and the RCSSB financial secretary met with the RCSSB bookkeeper and signed the checks for the services rendered to clients in the month of December. They were checks numbered 3108-3112. They were pre-dated 01-01-2023. Later that day, the RCSSB chairman and the RCSSB financial secretary met with the RCSSB bookkeeper at the Edward Jones investment office. Check #3113 was written and dated 12-29-2022 for \$229,000.00 to Edward Jones. It was signed by the RCSSB chairman and the RCSSB financial secretary. None of these checks cleared the Community Bank of Missouri until 2023. Any checks written and mailed/presented to the payee will be included in the financial statements in the year in which they were mailed/presented.

Auditor's Evaluation: The response is appropriate to correct the concern.

## ITEM OF NONCOMPLIANCE

### SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

#### 2022-006: Internal Control Over Schedule of Expenditures of Federal Awards

Federal Grantor: U.S. Department of Justice, U.S. General Services Administration, U.S. of Health and Human Services, and U.S. Department of Homeland Security

Pass-Through Grantor: Missouri Department of Social Services, Missouri Department of Transportation, Missouri Department of Public Safety, Missouri State Treasurer's Office

Federal ALN Number: 16.575, 39.011, 95.563, 97.036, and 97.067

Program Title: Crime Victim Assistance; Election Reform Payments; Child Support Enforcement; Disaster Grants – Public Assistance (Presidentially Declared Disasters); Homeland Security Grant.

Pass-through Entity Identifying Number: FEMA (4451, 4612)

Award Year: 2022

Criteria: 2 CFR 200.510(b) requires auditees to prepare a schedule of expenditures of federal awards which must report total federal awards expended during the audit period. At a minimum, the schedule must include: expenditures by individual federal program, name of the pass-through entity and identifying number for awards not received directly from the federal government, and the total amount provided to subrecipients from each federal program. The County has not implemented proper internal controls to ensure the completeness and accuracy of the SEFA.

Condition: The schedules of expenditures of federal awards (SEFA) reported by the County in the 2023 annual budget document contained errors in amounts of federal expenditures reported.

Discrepancies in amounts reported on the 2022 SEFA and amount supported by underlying accounting records are summarized as follows:

Assistance					
Federal Agency	Listing Number	Program	Original SEFA	Supported	Difference
DOJ	16.575	Crime Victim Assistance	\$ 22,090	\$ 33,802	\$ (11,712)
GSA	39.011	Election Reform Payments	36,341	9,315	27,026
HHS	95.563	Child Support Enforcement	40,996	42,134	(1,138)
DHS	97.036	Disaster Grants - Public Assistance	839,138	-	839,138
DHS	97.067	Homeland Security Grant Program	2,465	6,874	(4,409)

Cause: The County Clerk did not prepare an accurate SEFA for the year ending December 31, 2022. This was caused by the reporting of the receipt of federal funds rather than the amount expended.

Effect: The SEFA presented for audit did not accurately reflect the County's actual expenditures of federal awards for the year ended December 31, 2022.

Recommendation: We recommend that the County implement internal controls to ensure that the SEFA completely and accurately states the expenditures of federal awards of the County each year, such as performing a reconciliation between the SEFA and underlying accounting records.

County's Response: Moving forward, the County Clerk will ensure that the SEFA accurately states the expenditures of federal awards each year by performing a reconciliation between the SEFA and accounting records.

Auditor's Evaluation: The response is appropriate to correct the concern.

**MANAGEMENT'S RESPONSE TO AUDITOR'S FINDINGS:**

- **Summary Schedule of Prior Audit Findings**
  - **Corrective Action Plan**

CERTIFIED PUBLIC ACCOUNTANTS

August 28, 2023

To the County Commission  
Ray County, Missouri

We have audited the accompanying financial statements of Ray County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the year then ended. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 17, 2023. Professional standards also require that we communicate to you the following information related to our audit.

### Significant Audit Matters

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Ray County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements detected during the audit.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated August 28, 2023.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the year ended December 31, 2022, we considered Ray County's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control. We issued our report on our consideration of internal control over financial reporting dated August 28, 2023.

### Other Matters

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompany the financial statements but are not Required Supplementary Information. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles

prescribed or permitted by Missouri law, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the County Commission and management of Ray County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

*(Original Signed by McBride, Lock & Associates, LLC)*

## Missouri State Auditor

DEPARTMENT OF COMMERCE AND INSURANCE

Insurance

Report No. 2023-080

November 2023

[auditor.mo.gov](https://auditor.mo.gov)

**Scott Fitzpatrick**  
Missouri State Auditor

# CITIZENS SUMMARY

## Findings in the audit of the Department of Commerce and Insurance - Insurance

Background	The Department of Commerce and Insurance - Insurance regulates the insurance industry in the state through enforcement of Chapters 325, 354, and 374 through 385, RSMo. The department regulates and licenses the insurance industry in the state; ensures the insurance industry is financially sound, trustworthy, competent, and responsive to the insurance-buying public; and ensures the insurance industry complies with the laws of the state.
Findings	The audit identified no significant deficiencies in internal controls, no significant noncompliance with legal provisions, and no significant deficiencies in management practices and procedures. No findings resulted from this audit.

In the areas audited, the overall performance of this entity was **Excellent**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Chlora Lindley-Myers, Director  
Department of Commerce and Insurance  
Jefferson City, Missouri

We have audited certain operations of the Department of Commerce and Insurance - Insurance, as required by Section 374.250.2, RSMo, and in fulfillment of our duties under Chapter 29, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2022. The objectives of our audit were to:

1. Evaluate the department's internal controls over significant management and financial functions of the Insurance Dedicated Fund, the Insurance Examiners' Fund, and taxes certified or collected under Sections 148.310 to 148.461, RSMo (foreign and domestic insurance premium taxes), and Sections 384.011 to 384.071, RSMo (surplus lines premium taxes).
2. Evaluate the department's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions of the Insurance Dedicated Fund and Insurance Examiners' Fund.

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the department, as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the department's management and was not subjected to the procedures applied in our audit of the department.

For the areas audited, we identified (1) no significant deficiencies in internal controls, (2) no significant noncompliance with legal provisions, and (3) no significant deficiencies in management practices and procedures. No findings resulted from our audit of the Department of Commerce and Insurance - Insurance.

A handwritten signature in black ink, reading "Scott Fitzpatrick". The signature is written in a cursive style with a large, stylized "S" and "F".

## Department of Commerce and Insurance - Insurance Organization and Statistical Information

---

The Missouri Division of Insurance was created by an act of the Missouri legislature in 1869. With the enactment of the state Omnibus Reorganization Act of 1974, the agency was transferred to the Department of Consumer Affairs, Regulation and Licensing. Constitutional Amendment No. 6, passed in August 1984, amended Missouri Constitution, Article IV, Section 36(a) to change the name of the Department of Consumer Affairs, Regulation and Licensing, to the Department of Economic Development, effective September 7, 1984. Constitutional Amendment No. 4, passed in August 1990, created a new Department of Insurance, effective July 1, 1991. Executive Order 06-04 consolidated the former Department of Insurance, the Division of Finance, the State Banking Board, the Division of Credit Unions, and the Division of Professional Registration into one department and changed the name of the department to the Missouri Department of Insurance, Financial Institutions, and Professional Registration (DIFP), effective August 28, 2006. Executive Order 19-02 transferred the Office of Public Counsel and the Public Service Commission to the DIFP and changed the name to the Department of Commerce and Insurance (DCI), effective August 28, 2019.

The DCI-Insurance operates under the authority of Chapter 374, RSMo. The management and control of the DCI is vested in a director who is nominated by the Governor with the advice and consent of the Senate. Chlora Lindley-Myers was appointed Director on March 6, 2017, and continues to serve in that capacity.

As of June 30, 2022, there were 559 domestic, 2,958 foreign, and 510 alien companies licensed and/or regulated by the DCI-Insurance in Missouri. Insurers with primary corporate headquarters located in a particular state are called domestic insurers. Foreign and alien insurers are those that are allowed to sell insurance in a state but have a primary legal residence in another state or country.

The DCI-Insurance regulates the insurance industry in the state through enforcement of Chapters 325, 354, and 374 through 385, RSMo. The department regulates and licenses the insurance industry in the state; ensures the insurance industry is financially sound, trustworthy, competent, and responsive to the insurance-buying public; and ensures the insurance industry complies with the laws of the state.

To fulfill these responsibilities, the department maintains a central office in Jefferson City and branch offices in St. Louis and Kansas City. The DCI-Insurance is organized into the following divisions: Insurance Consumer Affairs, Insurance Market Regulation, Insurance Company Regulation, and Administration. The DCI-Insurance had 179 employees as of June 30, 2022.

The DCI-Insurance administers transactions in the following funds:

The Insurance Examiner's Fund is authorized by Sections 374.160 and 374.162, RSMo, to receive all payments to the state by insurance companies for the costs incurred by the department in conducting examinations, valuations, or proceedings against such companies. Expenditures, authorized

---

Department of Commerce and Insurance - Insurance  
Organization and Statistical Information

---

by appropriations, are to be used for the purpose of paying the compensation of insurance examiners and expenses directly related to examinations. Any unexpended balances in this fund are perpetually maintained for the purposes of this fund.

The Insurance Dedicated Fund is authorized by Section 374.150, RSMo, to receive all fees due to the state under the provisions of the insurance laws. Appropriations from this fund are to be used solely for payment of expenditures incurred by the department in performing the duties required by law that are not paid for by another source of funds. Any unexpended balance in this fund is perpetually maintained for the purposes of this fund unless, and then only to the extent to which, the unencumbered balance at the close of the biennium year exceeds two times the total amount appropriated, paid, or transferred to the fund during such fiscal year. Any balance exceeding these limits would be transferred to the General Revenue Fund.

The DCI-Insurance administers programs financed partially by federal funding placed in the Federal Missouri Department of Commerce and Insurance Fund. The department receives appropriations from this fund.

The DCI-Administrative Fund is used to account for department-wide expenditures for budget, legislative coordination, public information, accounting, human resources, and department management. The fund receives monies through a cost allocation to the divisions within the DCI.

The DCI-Insurance does not receive any appropriations from the General Revenue Fund and does not maintain any proprietary interest in that fund. Receipts collected by the Department of Revenue (DOR) on behalf of the department include the following:

- Premium Taxes (foreign and domestic): In accordance with various provisions of Chapter 148, RSMo, insurance companies licensed in the state are required to pay a 2 percent tax on direct premiums received during the calendar year. The department certifies to the DOR the amount of premium taxes due together with the amount of quarterly installments to be paid by the insurance companies. The DOR collects the premium taxes and deposits them into the General Revenue Fund. Some premium taxes deposited into the General Revenue Fund are not available for general revenue purposes. The provisions of Chapter 148, RSMo, restrict about 50 percent of such premium taxes for distribution to the various school districts in the state. In addition, beginning January 1, 2020, through December 31, 2020, Section 192.385.2, RSMo, further restricted 2.5 percent of domestic premium taxes deposited into the General Revenue Fund for distribution to the Senior Services Growth and Development Program Fund. Beginning January 1, 2021, Section 192.385.2, RSMo, provided for 5 percent of those taxes to be distributed to the fund.

---

Department of Commerce and Insurance - Insurance  
Organization and Statistical Information

---

- **Domestic Stock Company Premium Taxes:** In accordance with various provisions of Chapter 148, RSMo, every stock insurance company organized under the provisions of Sections 379.010 to 379.203, RSMo, is required to pay a 2 percent tax on direct premiums received during the year. The department certifies to the DOR the amount of premium taxes due together with the amount of quarterly installments to be paid by the domestic stock insurance companies. The DOR collects the domestic stock company premium taxes and deposits them into the Financial Institutions Tax Fund as county stock insurance taxes. In accordance with Section 148.330.4, RSMo, domestic stock premium taxes credited to the County Stock Insurance Fund are to be apportioned to the General Revenue Fund of the state, to the county treasurer and to the treasurer of the school district in which the principal office of the company paying the same is located. Apportionments are made based on the ratio of taxes levied by each respective entity. In addition, from January 1, 2020, through December 31, 2020, Section 192.385.2, RSMo, further restricted 2.5 percent of domestic stock company premium taxes deposited into the Financial Institutions Tax Fund for distribution to the Senior Services Growth and Development Program Fund. Beginning January 1, 2021, Section 192.385.2 RSMo, provided for 5 percent of those taxes to be distributed to the Senior Services Growth and Development Program Fund.
- **Captive Insurance Premium Taxes:** In accordance with Section 379.1326, RSMo, captive insurance companies licensed in the state are required to pay a premium tax at the rate of thirty-eight-hundredths of 1 percent on the first \$20 million and two hundred eighty-five-thousandths of 1 percent on the next \$20 million, and nineteen-hundredths of 1 percent on the next \$20 million dollars, and seventy-two-thousandths of 1 percent on each dollar thereafter on the direct premiums received during the calendar year. The department certifies to the DOR the amount of premium taxes due to be paid annually by the captive insurance companies. The DOR collects the captive insurance premium taxes and deposits them into the General Revenue Fund. Some captive insurance premium taxes initially deposited into the General Revenue Fund are not available for general revenue purposes. The provisions of Chapter 379, RSMo, require 10 percent of these premium tax collections be deposited to the Insurance Dedicated Fund annually.
- **Special Purpose Life Insurance Captive (SPLRC) Premium Taxes:** In accordance with Section 379.1412, RSMo, each SPLRC is required to pay a premium tax at the rate of two hundred fourteen-thousandths of 1 percent on the first \$20 million of assumed reinsurance premium, and one hundred forty-three-thousandths of 1 percent on the next \$20 million, and forty-eight-thousandths of 1 percent on the next \$20 million, and twenty-four-thousandths of 1 percent of each dollar thereafter of assumed

Organization and Statistical Information

---

reinsurance premiums during the calendar year. The department certifies to the DOR the amount of premium taxes due to be paid annually by the SPLRC insurance companies. The DOR collects the SPLRC premium taxes and deposits them into the General Revenue Fund. Some SPLRC premium taxes initially deposited into the General Revenue Fund are not available for general revenue purposes. The provisions of Chapter 379, RSMo, require 10 percent of these premium tax collections be deposited to the Insurance Dedicated Fund annually.

- **Surplus Lines Premium Taxes:** In accordance with the various provisions of Chapter 384, RSMo, surplus lines brokers are required to pay a 5 percent tax on net premiums for specialized insurance that is underwritten. The DOR collects the surplus lines premium taxes, interest, and penalties. The DOR deposits surplus lines premium taxes and interest into the General Revenue Fund and surplus lines penalties into the State School Moneys Fund.

Fines and forfeitures imposed and collected by the department under the Missouri Insurance Code are deposited into the State School Moneys Fund.

The DCI-Insurance is authorized to administer Missouri chartered insurance companies requiring rehabilitation or liquidation, commonly referred to as receiverships. Eight insurance companies were in receivership during the year ended June 30, 2022. Companies placed into receivership are under circuit court supervision with the judge appointing the Director as receiver. The Director may appoint a special deputy receiver or agent. Four of the companies did not have a special deputy receiver assigned to them. The department handled the day-to-day operations for one of these companies and contracted with vendors to act as agents for the other three. Four of the companies had a court-assigned special deputy receiver that directly supervised them. The contracted vendors and the special deputy receivers submit disbursements to DCI-Insurance for approval.

According to the National Association of Insurance Commissioners (NAIC), for calendar year 2021 Missouri ranked ninth nationally in the number of insurance companies incorporated in the state. The department's budget for fiscal year 2022 ranks thirtieth nationally.

## Appendix A

### Department of Commerce and Insurance - Insurance Statement of Receipts, Disbursements, and Changes in Cash and Investments Year Ended June 30, 2022

	Federal DCI Fund	Insurance Examiners Fund	Insurance Dedicated Fund	DCI Administrative Fund	Total (Memorandum Only)
Receipts	\$ 1,420,000	4,054,998	19,994,381	17	25,469,396

## Missouri State Auditor

### Missouri State Lottery Commission

Report No. 2023-079

November 2023

[auditor.mo.gov](https://auditor.mo.gov)

**Scott Fitzpatrick**  
Missouri State Auditor

# CITIZENS SUMMARY

## Findings in the audit of the Missouri State Lottery Commission

Conflict of Interest	The Missouri State Lottery Commission (Lottery) entered into a sponsorship agreement in 2021 with a not-for-profit entity while the Lottery's Community Relations Manager, who was responsible for overseeing sponsorships, was a member of the not-for-profit entity's board of directors. This situation was not handled in accordance with Lottery policy regarding potential conflicts of interest.
Purchasing Approvals	The Lottery does not always use purchase requisitions as required by its established purchasing procedures. As a result, the Lottery is at increased risk of potentially improper purchases.
Advertising Expenditures	The Lottery's appropriation for advertising has been significantly reduced by the Legislature in recent budget years, resulting in Missouri's lottery advertising budget becoming the lowest among state-sponsored lotteries. Over the 6-year timeframe from 2018 to 2023, spending on advertising and sponsorship activities has declined from approximately \$17.5 million in 2018 and 2019 to as low as approximately \$800,000 for 2023. Conversely, transfers of lottery proceeds to education have increased significantly in the years since advertising expenditures were reduced.

In the areas audited, the overall performance of this entity was **Good**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Missouri State Lottery Commission  
and  
Lester Elder, Executive Director  
Missouri State Lottery Commission  
Jefferson City, Missouri

We have audited certain operations of the Missouri State Lottery Commission (Lottery) as required by Section 313.315.1, RSMo. The Lottery engaged CliftonLarsonAllen LLP, Certified Public Accountants (CPAs), to audit the Lottery's financial statements for the 2 years ended June 30, 2022. To minimize duplication of effort, we reviewed the CPA firm's reports for these years. The scope of our audit included, but was not necessarily limited to, the 2 years ended June 30, 2022. The objectives of our audit were to:

1. Evaluate the Lottery's internal controls over significant management and financial functions.
2. Evaluate the Lottery's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the Lottery; analyzing comparative data obtained from external and internal sources; reviewing contracts that are specific to the Lottery's operations and significant within the context of the audit objectives; and performing sample testing using judgmental selection. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the Lottery's management and was not subjected to the procedures applied in our audit of the Lottery.

For the areas audited, we identified (1) deficiencies in internal controls, (2) no significant noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the Missouri State Lottery Commission.

A handwritten signature in black ink, reading "Scott Fitzpatrick". The signature is written in a cursive, flowing style.

Scott Fitzpatrick  
State Auditor

## Management Advisory Report

### State Auditor's Findings

---

#### **1. Conflict of Interest**

The Missouri State Lottery Commission (Lottery) entered into a sponsorship agreement in 2021 with a not-for-profit entity while the Lottery's Community Relations Manager, who was responsible for overseeing sponsorships, was a member of the not-for-profit entity's board of directors. This situation was not handled in accordance with Lottery policy regarding potential conflicts of interest.

The sponsorship agreement for the event provided \$11,000 cash to the organization and \$600 worth of scratcher tickets to be distributed in gift bags for event attendees. The Lottery also documented spending \$3,575 on other costs related to the event, for a total expenditure of \$15,175. In return, the Lottery was allowed to advertise at the event and on the entity's website. The Community Relations Manager's report of the event calculated the event's value to the Lottery at \$25,041. Based on our analysis, this calculation is consistent with other similar events of this nature.

The Lottery's Chief Financial Officer (CFO) indicated it was the responsibility of the Community Relations Manager to negotiate sponsorship agreements of this nature, but such agreements were also signed by the Executive Director. Lottery personnel indicated the CFO raised the question of whether the Community Relations Manager was a board member of the not-for-profit and whether this represented a conflict of interest, but the then-Executive Director indicated the Community Relations Manager was no longer a member of the board. However, according to the entity's publicly available meeting minutes for 2021, the Community Relations Manager was the board secretary at the time of the event.

The Community Relations Manager was required by policy to notify the Lottery of potential conflicts of interest at the time of hiring or as conflicts occur, but failed to do so. The Lottery Employee Manual, Policy 2.4, referring to Governor's Executive Order 18-10, prohibits employees from participating in any action in which "the state employee's impartiality might reasonably be questioned due to the employee's personal or financial relationship with another participant." Enhancing procedures to require employees who approve sponsorship agreements to formally document any conflicts with management would help provide additional assurance conflict of interest policies are complied with.

#### **Recommendation**

The Lottery enhance procedures to require formal disclosure of existing conflicts of interest for employees responsible for approving sponsorship agreements and ensure existing conflict of interest policies and procedures are followed.

#### **Auditee's Response**

*The Lottery's written response indicates it agrees with this recommendation. The Lottery's full response is included in Appendix A.*

Missouri State Lottery Commission  
Management Advisory Report - State Auditor's Findings

## 2. Purchasing Approvals

The Lottery does not always use purchase requisitions as required by its established purchasing procedures. As a result, the Lottery is at increased risk of potentially improper purchases.

The purchasing guidelines within the Lottery's Internal Control Plan require all purchases greater than \$100 to be submitted for approval by the requestor's immediate supervisor prior to the time of purchase. The request and approval of such purchases is made using a purchase requisition form. Purchases in excess of \$1,000 also require the approval of the applicable division director and the budget office/CFO. Certain purchases, such as utility expenditures, are exempt from the pre-approval process.

We judgmentally selected 5 purchasing card statements containing 61 individual transactions. For the 17 transactions in which a requisition was required, 9 requisitions totaling over \$3,500 were dated after the transaction date, indicating the approval was not obtained prior to the purchase as required by current purchasing procedures. Included in these expenditures were food purchases, COVID-19 supplies, office equipment, and software licenses.

Additionally, we judgmentally selected 8 non-purchasing card transactions for testing. Of the 3 transactions that required requisitions, 1 transaction for \$1,400 to an entertainment provider had the requisition dated the day after the Lottery was invoiced for the services provided.

Lottery staff indicated that in the absence of requisitions, verbal approvals had most likely been given to the purchaser prior to making the purchase. However, verbal approvals are not allowed per the purchasing procedures, nor is there notation on the requisition to document the approval after-the-fact.

Allowing purchases to occur before approval of requisitions opens the Lottery to the risk of incurring costs for inappropriate purchases.

### Recommendation

The Lottery ensure purchases requiring approval are approved prior to the purchase transaction in compliance with the purchasing procedures.

### Auditee's Response

*The Lottery's written response indicates it agrees with this recommendation. The Lottery's full response is included in Appendix A.*

Missouri State Lottery Commission  
Management Advisory Report - State Auditor's Findings

### 3. Advertising Expenditures

The Lottery's appropriation for advertising has been significantly reduced by the Legislature in recent budget years, resulting in Missouri's lottery advertising budget becoming the lowest among state-sponsored lotteries. To evaluate the potential impacts of significant reductions in advertising efforts on Lottery revenues and, ultimately, on the amount of lottery proceeds transferred to education, data from fiscal year 2018 through 2023 was evaluated for trends. See Table 1. Over that 6-year timeframe, spending on advertising and sponsorship activities has declined from approximately \$17.5 million in 2018 and 2019 to as low as approximately \$800,000 for 2023. Conversely, transfers of lottery proceeds to education have increased significantly in the years since advertising expenditures were reduced.

Table 1: Missouri State Lottery Commission Advertising and Sponsorship Expenditures by Appropriation, Fiscal Years 2018 to 2023

Appropriation Name	2018	2019	2020	2021	2022	2023
Lottery Advertising	\$ 15,999,996	15,999,997	4,148,780	1,499,999	400,000	399,973
Responsible Gaming						399,947
Lottery Expense and Equipment	1,534,293	1,515,652	1,456,735	1,884,993	1,168,035	0
Total	\$ 17,534,289	17,515,649	5,605,515	3,384,992	1,568,035	799,920
Transfers to education <sup>1</sup>	\$ 333,392,723	319,376,658	321,928,487	397,155,502	386,434,609	386,422,562

<sup>1</sup> Amount transferred each year from the Lottery to the Lottery Proceeds Fund.

Source: Expenditure amounts are from Statewide Advantage for Missouri (SAM II) data. Transfers to education amounts for 2018 through 2022 are from the Lottery's audited annual financial statements. The 2023 transfer to education amount was provided by Lottery management and is unaudited.

In addition to the majority of advertising expenses being paid from the agency's designated advertising appropriation, the Lottery has historically made payments for sponsorships out of the expense and equipment appropriation. For the 2023 budget year, the Legislature created a separate appropriation for advertising for responsible gaming for approximately \$400,000, but also created a separate appropriation for sponsorships and set that appropriation at \$1, effectively eliminating the agency's ability to fund sponsorships.

Missouri's Lottery advertising budget is the lowest in the nation

According to national lottery data,<sup>1</sup> Missouri's current advertising budget of 0.02 percent of sales is the smallest advertising budget of any of the 46 states that sponsor a lottery.<sup>2</sup> The remaining states range from a low of 0.08 percent

<sup>1</sup> *La Fleur's World Lottery Almanac, 2023*, <<https://www.lafleurs.com>>, data provided by the Lottery.

<sup>2</sup> Forty-five states plus the District of Columbia operate a lottery. Alabama, Alaska, Hawaii, Nevada, and Utah do not operate a state-sponsored lottery.

---

## Missouri State Lottery Commission Management Advisory Report - State Auditor's Findings

---

of sales in Massachusetts to 5.26 percent of sales in Wyoming. The national average advertising budget is 1.07 percent, and the 8 states contiguous to Missouri average 1.31 percent of sales.

According to Lottery officials, advertising is just one of many factors that affect Lottery sales. Lottery staff attribute the increase in sales, despite the decrease in advertising expenditures, to other factors, including large jackpots for draw games, adding a major retailer to its sales network, and pandemic-related closures of alternative entertainment options. Because of the multiple factors driving sales, Lottery officials indicated they cannot determine if the reduction in advertising had a definitive impact on sales. However, according to Lottery officials, market studies have already begun to show reductions in overall awareness of the Lottery and in the public's perception of Lottery activities. Lottery staff also noted they have received citizen complaints about the lack of Lottery sponsorships at events around the state, particularly the Missouri State Fair.

### Conclusion

Lottery transfers to education have increased in recent years despite significant cuts to advertising appropriations. The Lottery's advertising appropriations are established by the Legislature each year as part of the annual budget process. Lottery officials work with the various legislative committees and members as part of that process to discuss the Lottery's needs and advocate for funding for its priorities. However, the appropriation of funds is ultimately the responsibility of the Legislature and Governor and is outside of the Lottery's control.

### Recommendation

The Lottery continue to work with the Legislature to evaluate the impact of advertising and sponsorship spending on Lottery sales.

### Auditee's Response

*The Lottery's written response indicates it disagrees with our decision to include this issue as an audit finding, but does not dispute any of the facts presented in the finding. The Lottery's full response is included in Appendix A.*

---

# Missouri State Lottery Commission

## Organization and Statistical Information

---

Pursuant to Sections 313.200 to 313.351, RSMo, the Missouri State Lottery Commission (Lottery) was created in June 1985. That action followed voter approval of a lottery amendment to the Missouri Constitution at the November 1984 general election. The Lottery began selling instant game tickets on January 20, 1986. From 1986 to 1993, lottery proceeds less prizes and expenses were transferred to the General Revenue Fund for appropriation by the General Assembly. Effective July 1, 1993, pursuant to a voter approved lottery amendment to Article III, Section 39(b), Missouri Constitution, lottery proceeds are transferred to the Lottery Proceeds Fund for appropriation by the General Assembly for educational purposes.

Section 313.321 RSMo, provides that money received from the sale of lottery tickets shall be allocated as follows: a minimum of 45 percent shall be awarded as prizes; administration, advertising, promotion, and retailer compensation costs shall be paid as appropriated by the General Assembly; and the remainder shall be transferred to the Lottery Proceeds Fund to be appropriated solely for public institutions of elementary, secondary, and higher education.

Traditionally, the Lottery has paid out more than the minimum 45 percent of sales as prizes. The pay-out percentage has averaged 64.17 percent from 1986 to 2022. The prize percentage fluctuates each year based on factors such as the type of scratcher tickets sold (each game has a different prize structure) and the timing of payouts related to draw game sales such as the Powerball and Mega Millions games. Lottery officials believe more people will play if there are more prizes to receive. Lottery retailers are authorized to redeem prizes up to \$600, or players may claim any prizes in person at any of the Lottery offices.

### Estimated Transfers of Profits

Article III, Section 39(b), of the Missouri Constitution requires transfer of Lottery profits to the Lottery Proceeds Fund to be appropriated solely for public institutions of elementary, secondary, and higher education. In September each year, as part of the state budget process, the Lottery develops estimates of the transfer for the subsequent fiscal year in its budget request submitted to the Office of Administration and Governor. For example, the estimate for fiscal year 2023 (which began July 2022) was developed by the Lottery in September 2021. The Lottery's estimates provide a basis from which the Governor incorporates estimates into the budget submitted to the General Assembly for determining appropriations to schools from the Lottery Proceeds Fund.

## Missouri State Lottery Commission Organization and Statistical Information

Estimated and actual transfers for the last 4 fiscal years were as follows:

### Estimated and actual transfers to the Lottery Proceeds Fund

	Year Ended June 30,			
	2019	2020	2021	2022
Lottery estimate	289,606,888	293,095,042	309,132,386	317,158,471
Actual cash transfer	323,000,000	333,000,000	345,062,500	400,260,827
Actual over (under) estimate	33,393,112	39,904,958	35,930,114	83,102,356
Variance from estimate	11.5%	13.6%	11.6%	26.2%

The Lottery estimates transfers using the average of the total actual transfers for the preceding 5 fiscal years plus 1 percent rather than assuming continued growth. The Lottery's estimated transfers were \$330.8 and \$366.8 million for the fiscal year 2023 and 2024 budgets, respectively.

## Commission

A five-member Lottery commission is appointed by the Governor with the advice and consent of the Senate. The commission must meet at least quarterly. The commission has the authority to promulgate rules as it deems necessary and desirable to fully implement the Lottery as mandated by the people in Article III, Missouri Constitution. The commission appoints an executive director to act as secretary of the commission and keep all books and records of the commission. The executive director oversees the commission's operation and administration. May Scheve Reardon served as Executive Director until July 29, 2022. Chief Financial Officer Judy Martin served as Interim Executive Director until Lester Elder was hired effective November 7, 2022. As of June 30, 2022, members of the commission were:

Commissioner	Term Expiration (1)
Lance Mayfield, Chairman	September 2022
Robert Gattermeir, Vice Chairman	September 2022
Nicholas Gerth	September 2024
John Clark Hemeyer	September 2023
Abigail Pinegar-Rose	September 2023

(1) Section 313.215, RSMo, requires appointments to be made within 30 days of the expiration of a term. However, the current practice is for the expired member to serve until reappointed or a new member is appointed.

The Lottery staff is organized into 4 divisions: Executive, Sales, Marketing, and Operations. Each division is headed by a director who coordinates activities to meet the commission's objectives. At June 30, 2022, the Missouri State Lottery Commission employed 153 individuals.

## Financial Activity

A summary of the Lottery's operating financial activity is presented in Appendixes B through G.

Appendix A  
Missouri State Lottery Commission  
The Lottery's Response to Audit Recommendations

**Missouri Lottery**  
1823 Southridge Drive • PO Box 1603 • Jefferson City, MO • 65102-1603 • Phone (573) 751-4050  
www.Molottery.com • FAX (573) 751-5188

September 28, 2023

Honorable Scott Fitzpatrick  
Missouri State Auditor  
Jefferson City, Missouri

We have reviewed the findings from your office's audit of the Missouri State Lottery Commission. Below you will find our responses to the audit findings.

- 1 Lottery management enhance procedures to require formal disclosure of existing conflicts of interest for employees responsible for approving sponsorship agreements and ensure existing conflict of interest policies and procedures are followed.**

*Department's Response: The Lottery agrees that the event in question cost \$15,175 and provided benefits valued at \$25,041, for a return on investment (ROI) of 1.7 to 1. The Lottery also agrees that the ROI for this event was positive and consistent with other similar events of this nature.*

*We agree the Community Relations Manager was required by existing policy to notify the Lottery of potential conflicts of interest. It is unknown if this occurred as the Community Relations Manager and the Executive Director at the time are no longer employed at Lottery.*

*The Lottery also agrees with the recommendation that procedures be enhanced to ensure conflict of interest policies and procedures are followed. We are currently revising Lottery Employee Policy 2.4 to include reporting potential conflicts of interest through volunteer relationships as well as through employment. In addition, all employees will be required to complete a potential conflict of interest report annually and attest that the report is complete and accurate.*

- 2 The Lottery should ensure purchases requiring approval are approved prior to the purchase transaction in compliance with their purchasing procedures.**

*Department's Response: The Lottery agrees with the recommendation and has implemented changes to purchasing guidelines and the purchase requisition form effective July 1, 2023 to facilitate compliance.*

- 3 The Lottery continue to work with the Legislature to evaluate the impact of advertising and sponsorship spending on Lottery sales.**

*Department's Response: We understand the importance of the recommendation; however, we do not agree that this recommendation should be characterized as an audit finding. Rather, we consider it an acknowledgement that we are already doing as the report recommends and will continue to do so.*

## Appendix A

### Missouri State Lottery Commission

### The Lottery's Response to Audit Recommendations

*The Missouri Lottery's goal is to responsibly maximize the transfer to Missouri education. The Lottery acknowledges that there are many factors in achieving that goal, and one of those factors is the ability to advertise Missouri Lottery's brand and family of products. Advertising and marketing is a best practice for any business, organization or even non-profit. This is especially true when considering the highly competitive retail environment with Lottery offered alongside thousands of other consumer goods. Most competing brands spend 10-13% of total sales on advertising.*

*Lottery advertising plays a key role in maintaining the current customer base and helping to attract new customers, just as any billion-dollar business would do. It helps keep lottery games relevant in a marketplace climate of rising prices and increasing gaming/entertainment options. To achieve its revenue transfer goal, maintaining the Lottery's current player base is not enough; it must expand the number of players and engage a new generation of players. Today's media landscape grows more and more fractured every day, making it more challenging to reach new players. Using an Omni-channel strategy, an optimal ad budget would allow the Missouri Lottery to touch multiple platforms in order to reach new players. In addition to using traditional advertising media (print, broadcast TV and radio and billboards), adding non-traditional platforms will reach the next generation of players in more effective and efficient ways (digital advertising, streaming audio and video, event participation and guerilla marketing).*

*The Lottery's "Play It Forward" for education advertising campaign has had a positive impact on Lottery brand relevance, changing perceptions and reaching younger generational audiences. This means those aware of the Lottery's ads are more likely to feel that the Lottery matters in terms of making a difference for Missouri schools. The Lottery tracks brand relevance and frequently scores as being more "relevant" to consumers than brands like McDonald's, the NFL and Starbucks. Relevance continues to decrease as our ad budget decreases. Prior to the ad budget cuts, Missouri Lottery advertising had increased the percentage of Missouri adults who feel that Lottery proceeds are used to help support public education to 51%. With the current reduction in budget, this number has fallen 12% in just three years.*

*Although sales have been on the rise since the pandemic, there are several reasons aside from advertising spending or lack thereof:*

- *The Missouri Lottery is now selling at Walmart Supercenters throughout the state. This is an increase of over 112 stores selling Lottery products.*
- *During the early days of the pandemic, when casinos, restaurants and bars were shut down, Missouri Lottery products continued to be a form of entertainment since they are sold in convenience stores and grocery stores, both of which remained open during the lockdowns.*
- *The Missouri Lottery loyalty program, My Lottery® Players Club, has had an 85% increase in new customer registrations and a 58% increase in individual active users from FY20 to FY21.*
- *The multi-state lottery products, Powerball and Mega Millions, have had some record jackpot runs that created national news media coverage. The large jackpots fuel increased purchases, not only in sales of those products, but all lottery products. We cannot necessarily count on this consistently.*
- *Record Pick 3 and Pick 4 sales in FY 21.*
- *Complete rollout of cashless functionality on self-service vending machines in FY 21. Cashless sales to date exceed \$59 million and have contributed an additional \$13 million in proceeds to education.*
- *Monday drawings and the Double Play feature were added to the Powerball game beginning August 2021.*
- *Introduction of the first \$50 Scratchers game in January 2022.*
- *Record Pull-Tab sales in FY 22 which contributed an additional \$7 million in proceeds to education.*

Appendix A  
Missouri State Lottery Commission  
The Lottery's Response to Audit Recommendations

Missouri Lottery is required by state statute, (313.230, RSMo) to:

*"Carry on a continuous study and investigation of the lottery throughout the state and to make a continuous study and investigation of the operation and the administration of similar laws which may be in effect in other states or countries, any literature on the subject which from time to time may be published or available, any federal laws which may affect the operation of the lottery, and the reaction of Missouri citizens to existing and potential features of the lottery with a view to recommending or effecting changes that will tend to serve the purposes of sections 313.200 to 313.350."*

*In compliance with this statute, Missouri Lottery, through a joint procurement with Missouri Division of Tourism and Missouri Department of Agriculture, contracts with an independent research group to conduct ongoing studies. The independent research group is Strategic Marketing & Research Insights, LLC ("SMARI").*

*The 2022 SMARI annual report for Missouri Lottery shows the decline of our advertising budget has had a negative effect. Below are some of the findings:*

- Advertising awareness was 62% in FY 18 when Lottery had \$16 million in advertising and after four years (when the budget was \$400,000), the advertising awareness reduced to 37% in FY 22.*
- The perception of Lottery being "fun and good entertainment" has reduced in 4 years.*
- The perception of Lottery "being a good way to raise money for education" has reduced in 4 years.*
- The reduced advertising budget has reduced the awareness of new products and games to the Gen X, Baby Boomers, and the Silent Generation. These three groups comprise Missouri Lottery players between the age group of 43-95. Their awareness has been reduced to 37% as a result of the diminished advertising budget.*

*The SMARI report was shared with the House Budget and Senate Appropriations Committees during the FY 23 legislative session and Lottery's Executive Director personally visited every member of both committees to discuss Lottery advertising and sponsorships. The Lottery, under the new Executive Director, is committed to keeping the lines of communication open with members of the Legislature and will continue to keep members abreast of the impact of advertising on Lottery sales and proceeds to education.*

Sincerely,

Lester Elder  
Executive Director

### Missouri State Lottery Commission Revenues and Expenditures by Fiscal Year 10 Fiscal Years ended June 30, 2022

#### Revenues

#### Expenditures

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Warren County, Missouri

The Office of the State Auditor contracted for an audit of Warren County's financial statements for the 2 years ended December 31, 2022, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized, with the first name "Scott" written in a cursive script and the last name "Fitzpatrick" in a more formal, slightly cursive script.

Scott Fitzpatrick  
State Auditor

November 2023  
Report No. 2023-078

**Scott Fitzpatrick**  
Missouri State Auditor

## RECOMMENDATION SUMMARY

---

### Recommendations in the contracted audit of Warren County

---

2022-001

The County implement procedures to ensure credit cards are secured and limited to authorized users. Further, we recommend the County implement procedures to ensure purchases are authorized, and supporting documentation is provided to the County Clerk in a timely manner. Additionally, we recommend the County implement procedures to ensure credit cards statements are paid in a timely manner to avoid any late fees and interest charges.

---

2022-002

The County implement internal controls to ensure adequate documentation of federal grant programs is maintained.

### **INDEPENDENT AUDITOR'S REPORT**

To the County Commission and  
Officeholders of Warren County, Missouri

#### **Opinion**

We have audited the accompanying financial statements of Warren County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2021 and 2022, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

#### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Warren County, Missouri, as of December 31, 2022 and 2021, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

#### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Warren County, Missouri, as of December 31, 2021 and 2022, or the changes in financial position thereof for the years then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Warren County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by Warren County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri Law. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Warren County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Warren County, Missouri's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we also have issued our report dated August 31, 2023, on our consideration of Warren County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Warren County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

The accompanying Notes to the Financial Statements are an integral part of this statement.

WARREN COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Warren County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are ten elected Constitutional Officers: Assessor, Circuit Clerk, Collector, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Recorder, Sheriff, and Treasurer.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Warren County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

### C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

### D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the Officer Training Fund and CARES Act Fund in 2021.

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2022 and 2021, for purposes of taxation were:

	2022	2021
Real Estate	\$ 519,497,555	\$ 498,848,637
Personal Property	171,767,792	138,613,606
Railroad and Utilities	37,633,113	36,436,203
Total	<u>\$ 728,898,460</u>	<u>\$ 673,898,446</u>

For calendar years 2022 and 2021, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2022	2021
General Revenue	\$ 0.0736	\$ 0.0635
Special Road & Bridge	0.1767	0.1767
Senate Bill 40 Board	0.1603	0.1603

#### F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

#### G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

## 2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2022, the County had the following cash and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Cash and Cash Equivalents - Governmental Funds	\$ 18,041,561	\$ 18,304,744	\$ 373,571
Investments - Governmental Funds	641,151	641,151	250,000
Total Governmental Funds	<u>\$ 18,682,712</u>	<u>\$ 18,945,895</u>	<u>\$ 623,571</u>
Cash and Cash Equivalents - Fiduciary Funds	\$ 37,712,408	\$ 32,388,132	\$ 841,813
Investments - Fiduciary Funds	17,129	17,129	17,129
Total Fiduciary Funds	<u>\$ 37,729,537</u>	<u>\$ 32,405,261</u>	<u>\$ 858,942</u>

At December 31, 2021, the County had the following cash and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Cash and Cash Equivalents - Governmental Funds	\$ 14,872,492	\$ 15,188,176	\$ 500,000
Investments - Governmental Funds	631,035	631,035	250,000
Total Governmental Funds	<u>\$ 15,503,527</u>	<u>\$ 15,819,211</u>	<u>\$ 750,000</u>
Cash and Cash Equivalents - Fiduciary Funds	\$ 35,837,050	\$ 31,000,657	\$ 752,116
Investments - Fiduciary Funds	17,129	17,129	17,129
Total Fiduciary Funds	<u>\$ 35,854,179</u>	<u>\$ 31,017,786</u>	<u>\$ 769,245</u>

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2022 and 2021 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

## 3. COUNTY EMPLOYEES' RETIREMENT PLANS

### A. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

### 1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

### 2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

### 3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a contribution of 6% of annual salary is required of employees hired after February 2002. During 2022 and 2021, the County collected and remitted to CERF employee withholdings of \$734,315 and \$696,405, respectively for the years then ended.

### B. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is

responsible for administration of this plan. The County contributed \$14,752 and \$17,506, respectively, for the years ended December 31, 2022 and 2021.

#### 4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

#### 5. CLAIMS, COMMITMENT AND CONTINGENCIES

##### A. Compensated Absences

The County provides full-time employees with sick leave after the completion of a 90-day probationary period. Once the probationary period is completed, full-time employees can earn eight hours of sick leave for each completed calendar month of employment, up to a maximum of 240 hours. Upon termination, employees may be compensated for any unused sick time on the condition that the employee provides a minimum of two weeks' notice prior to the last day of employment.

Vacation time is accrued for every full-time employee based upon the number of years of continuous employment with the County. During the first year, employees are eligible for one week of vacation (up to 40 hours), two weeks during years two through six (up to 80 hours), three weeks during years seven through fourteen (up to 120 hours), four weeks during years fifteen through nineteen (up to 160 hours), and five weeks during year twenty (up to 200 hours) with an additional day (up to 8 hours) for every additional year of employment with a maximum threshold of six weeks (up to 240 hours). Full-time employees are encouraged to take vacation leave during the year, and up to five days (up to 40 hours) may be carried over to the following fiscal year. Part-time employees (less than 1950 hours per year) are not eligible for vacation time. Upon separation (resignation, death or termination), an employee may receive compensation for unused accrued vacation leave to the date of termination.

##### B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

##### C. Litigation

The County was involved in pending litigation as of the audit report date. The County's management and legal counsel anticipate that potential claims, if any, against the County resulting from such litigation would not have a material effect on the financial position of the County.

## 6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections which are intended to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

## 7. LONG-TERM DEBT

The County had the following long-term debt outstanding as of December 31, 2022:

In August 2018, the County entered into a Certificates of Participation (COPS) agreement for a jail expansion project in the amount of \$3,600,000. The debt is paid in semi-annual payments over 15 years, with a variable interest rate from 3.000% to 3.500% with annual payments ranging from \$225,000 to \$300,000. These payments will be made out of the General Revenue Fund.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 225,000	\$ 91,125	\$ 316,125
2024	250,000	84,000	334,000
2025	250,000	76,500	326,500
2026	250,000	69,000	319,000
2027	250,000	61,375	311,375
2028-2030	800,000	134,313	934,313
2031-2033	900,000	47,250	947,250
Totals	<u>\$ 2,925,000</u>	<u>\$ 563,563</u>	<u>\$ 3,488,563</u>

The following schedule shows changes in long-term debt during the year ended December 31, 2022:

Description	Balance 12/31/2021	Additions	Payments	Balance 12/31/2022	Interest Paid
Certificates of Participation	\$ 3,150,000	\$ -	\$ (225,000)	\$ 2,925,000	\$ 97,875

The following schedule shows changes in long-term debt during the year ended December 31, 2021:

Description	Balance 12/31/2020	Additions	Payments	Balance 12/31/2021	Interest Paid
Certificates of Participation	\$ 3,375,000	\$ -	\$ (225,000)	\$ 3,150,000	\$ 104,625

## 8. OPERATING LEASES

At December 31, 2022, the County has three non-cancellable operating leases for copiers. The Assessor's office has a 36-month lease through May 19, 2025 with a monthly payment of \$282, and has a 60-month lease through September 24, 2025 with a monthly payment of \$1,535. The Sheriff's office has a 60-month copier lease through April 23, 2024 with a monthly payment of \$451. The following schedule represents future payments under these operating leases:

Fiscal Year Ending December 31,	Amount
2023	\$ 17,555
2024	3,856
2025	1,410

At December 31, 2022, the Senate Bill 40 Board has two non-cancellable operating leases for office spaces in Warrenton, Missouri and Montgomery City, Missouri. The lease for the office space in Warrenton, Missouri commenced on April 1, 2021 and terminates on March 31, 2025. Under the terms of the lease, the Senate Bill 40 Board pays an annual base rent of \$1,500 with annual adjustments of \$50.

The lease for the office space in Montgomery City, Missouri commenced on January 1, 2017 and terminated on December 31, 2017 with an automatic renewal unless different terms are negotiated and agreed upon at least 90 days in advance of the termination date. Under the terms of the lease, the Senate Bill 40 Board pays an annual base rent of \$840 with no annual adjustments. The following schedule represents future payments under these operating leases:

Fiscal Year Ending December 31,	Amount
2023	\$ 2,390
2024	1,600
2025	1,650

## 9. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2022 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 31, 2023, the date the financial statements were available to be issued.

## **COMPLIANCE SECTION**

## **McBRIDE, LOCK & ASSOCIATES, LLC**

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the County Commission and  
Officeholders of Warren County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Warren County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2021 and 2022, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Warren County, Missouri's basic financial statements and have issued our report thereon dated August 31, 2023.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Warren County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Warren County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Warren County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control described in the accompanying schedule of findings and questioned costs as item 2022-001 that we consider to be a significant deficiency.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Warren County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Warren County, Missouri's Response to Finding**

Warren County, Missouri's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Warren County, Missouri's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the County Commission and  
Officeholders of Warren County, Missouri

#### **Report on Compliance for Each Major Federal Program**

##### ***Opinion on Each Major Federal Program***

We have audited Warren County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Warren County, Missouri's major federal programs for the years ended December 31, 2021 and 2022. Warren County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Warren County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2021 and 2022.

##### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Warren County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Warren County, Missouri's compliance with the compliance requirements referred to above.

##### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Warren County, Missouri's federal programs.

## ***Auditor's Responsibilities for Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Warren County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Warren County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Warren County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Warren County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Warren County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify

all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2022-002 that we consider to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on Warren County, Missouri's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. Warren County, Missouri's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**WARREN COUNTY, MISSOURI**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**YEARS ENDED DECEMBER 31, 2021 AND 2022**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Warren County, Missouri for the years ended December 31, 2022 and 2021. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance.

**NOTE C – SUBRECIPIENTS**

The County did not pass any federal awards through to subrecipients during the years ended December 31, 2022 and 2021.

WARREN COUNTY, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEARS ENDED DECEMBER 31, 2021 AND 2022

**SECTION I – SUMMARY OF AUDITOR’S RESULTS**

**Financial Statements:**

Dollar Threshold Used to Distinguish Between Type A and Type B Programs: \$750,000

Auditee Qualified as low-risk:      Yes   X   No

## **SECTION II – FINANCIAL STATEMENTS FINDINGS**

### **MATERIAL WEAKNESSES IN INTERNAL CONTROL**

None

### **SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

#### **2022-001: Internal Control Over Credit Cards**

Criteria: A proper system of internal controls requires adequate custodial control over credit cards, appropriate approval and documentation of purchases, and timely payment to avoid interest and late charges.

Condition: Our review of the credit card statements during the audit period noted multiple instances in which finance charges were paid by the County. After inquiry, we noted that multiple credit cards are provided to Elected Officials and Department Heads, who are required to submit supporting documentation to the County Clerk's office before their credit card statement can be paid. The County Clerk's office experienced issues in which the credit card holder did not provide the supporting documentation in a timely manner, which resulted in late fees and interest charges.

Cause: The County provided multiple credit cards to Elected Officials and Department Heads, and have not implemented proper procedures to ensure supporting documentation is submitted timely, and ensure credit card statements are paid timely.

Effect: Lack of oversight of credit cards purchases increases the likelihood that cards could be used for inappropriate or personal charges. Additionally, untimely payment of credit card statements could result in late fees and interest charges.

Recommendation: We recommend the County implement procedures to ensure credit cards are secured and limited to authorized users. Further, we recommend the County implement procedures to ensure purchases are authorized, and supporting documentation is provided to the County Clerk in a timely manner. Additionally, we recommend the County implement procedures to ensure credit cards statements are paid in a timely manner to avoid any late fees and interest charges.

County's Response: The County has opted to implement a process to require officeholders to log in to online accounts for credit cards and print the bill at the conclusion of the billing cycle. This printed bill and supporting documentation can then be submitted to the County Clerk/Commission to approve and pay the bills in a timely manner. All elected officials have been reminded to ensure credit cards are only utilized by authorized users and are adequately secured between uses.

Auditor's Evaluation: The County's response is sufficient to correct the concern.

## **ITEMS OF NONCOMPLIANCE**

### **SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

#### **2022-002: Internal Control Over Compliance Reporting**

Federal Grantor: U.S. Department of the Treasury

Pass-Through Grantor: Missouri State Treasurer's Office

Federal ALN Number: 21.019

Program Title: COVID-19 Coronavirus Relief Fund

Pass-through Entity Identifying Number: N/A

Award Year: 2021

Questioned Costs: None

Criteria: The Uniform Guidance Compliance Supplement and Federal Register requires recipients of the Coronavirus Relief Fund program to submit periodic federal financial reports until either funding is depleted, or until the period of performance has expired.

Condition: Upon request, the periodic financial reports were not provided for review. After inquiry, the County could not locate the reports on the reporting portal, and the County did not maintain documentation in their physical records.

Cause: The County did not maintain adequate documentation to support the submission of periodic financial reports required by the Coronavirus Relief Fund program.

Effect: Non-compliance with federal grant programs could result in loss of future federal funding or penalties.

Recommendation: We recommend that the County implement internal controls to ensure adequate documentation of federal grant programs is maintained.

County's Response: We understand the importance of having adequate documentation for Federal Grant programs. We hired an outside agency to oversee the Coronavirus Relief Fund who did not provide us the adequate documentation needed. We did; however, provide email confirmations that the monies spent were reported to the Treasury. The County will handle all Federal Grant programs in the future to ensure that adequate documentation is maintained by the County.

Auditor's Evaluation: The County's response is sufficient to correct the concern.

## WARREN COUNTY, MISSOURI CORRECTIVE ACTION PLAN

**Finding Reference Number:** 2022-001

**Federal Agency:** N/A

**Program Name:** N/A

**ALN Number:** N/A

**Responsible Official:** Officeholders, County Clerk

**Views of Responsible Individuals:** The County has opted to implement a process to require officeholders to log in to online accounts for credit cards and print the bill at the conclusion of the billing cycle. This printed bill and supporting documentation can then be submitted to the County Clerk/Commission to approve and pay the bills in a timely manner. All elected officials have been reminded to ensure credit cards are only utilized by authorized users and are adequately secured between uses.

**Finding Reference Number:** 2022-002

**Federal Agency:** U.S. Department of the Treasury

**Program Name:** COVID-19 Coronavirus Relief Fund

**ALN Number:** 21.019

**Responsible Official:** County Commission

**Views of Responsible Individuals:** We understand the importance of having adequate documentation for Federal Grant programs. We hired an outside agency to oversee the Coronavirus Relief Fund who did not provide us the adequate documentation needed. We did; however, provide email confirmations that the monies spent were reported to the Treasury. The County will handle all Federal Grant programs in the future to ensure that adequate documentation is maintained by the County.

## McBRIDE, LOCK & ASSOCIATES, LLC

---

CERTIFIED PUBLIC ACCOUNTANTS

August 31, 2023

To the County Commission and Officeholders  
Warren County, Missouri

We have audited the regulatory basis financial statements of Warren County, Missouri for the years ended December 31, 2022 and 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 10, 2023. Professional standards also require that we communicate to you the following information related to our audit.

### Significant Audit Matters

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Warren County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021 and 2022. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated August 31, 2023.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the years ended December 31, 2021 and 2022, we considered Warren County's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control.

### Other Matters

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompany the financial statements but are not Required Supplementary Information. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of

preparing the information to determine that the information complies with accounting principles prescribed or permitted by Missouri law, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the County Commission and management of Warren County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

*(Original Signed by McBride, Lock & Associates, LLC)*

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Marion County, Missouri

The Office of the State Auditor contracted for an audit of Marion County's financial statements for the 2 years ended December 31, 2022, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive style with a large, stylized "S" and "F".

Scott Fitzpatrick  
State Auditor

November 2023  
Report No. 2023-077

**Scott Fitzpatrick**  
Missouri State Auditor

## RECOMMENDATION SUMMARY

---

### Recommendations in the contracted audit of Marion County

---

#### Treasurer Stale Checks

The Treasurer resolve the stale dated checks, turn over any funds required to go to unclaimed property, and remove the items from the list of outstanding checks on the bank reconciliation.

**CERTIFIED PUBLIC ACCOUNTANTS**

### **INDEPENDENT AUDITOR'S REPORT**

To the County Commission and  
Officeholders of Marion County, Missouri

#### **Opinion**

We have audited the accompanying financial statements of Marion County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022 and 2021, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

#### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Marion County, Missouri, as of December 31, 2021 and 2022, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

#### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Marion County, Missouri, as of December 31, 2021 and 2022, or the changes in financial position thereof for the years then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Marion County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by Marion County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri Law. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Marion County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Marion County, Missouri's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we also have issued our report dated September 8, 2023, on our consideration of Marion County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Marion County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

The accompanying Notes to the Financial Statements are an integral part of this statement.

MARION COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Marion County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are eleven elected Constitutional Officers: Assessor, Circuit Clerk, Collector, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Recorder of Deeds, Sheriff, Surveyor, and Treasurer.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Marion County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

### C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

### D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets.

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2022 and 2021, for purposes of taxation were:

	2022	2021
Real Estate	\$ 345,918,620	\$ 339,984,450
Personal Property	139,175,798	115,544,352
Railroad and Utilities	67,383,368	63,252,132
Total	<u>\$ 552,477,786</u>	<u>\$ 518,780,934</u>

For calendar years 2022 and 2021, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2022	2021
General Revenue	\$ 0.1350	\$ 0.1350
Special Road and Bridge	0.3153	0.3153
Senate Bill 40 Board*	0.1300	0.1300

\* The fund containing the Senate Bill 40 Board is audited separately from the county audit. Therefore, financial information pertaining to this levy is not presented within this report.

F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been

eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

## 2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2022, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 6,944,459	\$ 7,130,623	\$ 250,000
Investments - Governmental Funds	<u>2,060,211</u>	<u>2,060,211</u>	<u>1,542,794</u>
Total Governmental Funds	<u>\$ 9,004,670</u>	<u>\$ 9,190,834</u>	<u>\$ 1,792,794</u>
 Cash and Cash Equivalents - Fiduciary Funds	 <u>\$ 28,630,647</u>	 <u>\$ 26,414,297</u>	 <u>\$ 1,210,719</u>

At December 31, 2021, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 6,212,087	\$ 6,570,608	\$ 250,000
Investments - Governmental Funds	<u>1,600,616</u>	<u>1,600,616</u>	<u>1,387,537</u>
Total Governmental Funds	<u>\$ 7,812,703</u>	<u>\$ 8,171,224</u>	<u>\$ 1,637,537</u>
 Cash and Cash Equivalents - Fiduciary Funds	 <u>\$ 24,902,122</u>	 <u>\$ 23,092,807</u>	 <u>\$ 1,138,213</u>

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2022 and 2021 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

## 3. COUNTY EMPLOYEES' RETIREMENT PLANS

### A. Missouri Local Government Employees Retirement System (LAGERS)

#### 1) Plan Description

Marion County participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in

Missouri. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, Section 70.600-70.755, RSMo. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401 (a) and is tax exempt.

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, Missouri 65102 or by calling 1-800-447-4334, or by the following website, [www.molagers.org](http://www.molagers.org).

## 2) Pension Benefits

Benefits are available to all full-time employees working in a LAGERS covered department. Benefits vest when an employee earns five years (60 months) of service credit in the system. Normal retirement age is 60 (General) or 55 (Police), and early retirement is 55 (General) and 50 (Police). Benefits are paid out using a formula that is based on the employee's final average salary and amount of credited service time.

## 3) Funding Policy

Full-time employees of Marion County do not contribute to the pension plan. The June 30<sup>th</sup> statutorily required contribution rates were 19.3% and 20.8% (General), and 16.6% and 17.5% (Police) of annual covered payroll for 2022 and 2021 respectively. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute. For the years ended December 31, 2022 and 2021, the County contributed \$898,036 and \$860,388 to LAGERS.

## B. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

### 1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

## 2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

## 3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, all participants hired on or after February 24, 2002 are required to contribute an additional 4% of their gross compensation to CERF, starting January 1, 2003. An active LAGERS participant who was employed with the County prior to February 24, 2002, is not required to make contributions. The County has elected not to make contributions on behalf of employees. During 2022 and 2021, the County collected and remitted to CERF employee withholdings of \$248,915 and \$246,349, respectively, for the years then ended.

## C. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$11,628 for the years ended December 31, 2022 and 2021.

## 4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

## 5. CLAIMS, COMMITMENT AND CONTINGENCIES

### A. Compensated Absences

The County provides full-time employees with twelve days of sick leave for each year of employment. An employee will not be compensated for any accumulated sick leave upon termination of employment. At full retirement, if an employee has 700 or more hours of accumulated sick leave, the employee would receive 350 hours of their paid sick leave.

The County provides regular full-time employees with vacation time after they have completed one year of service. Vacation time is made available in whole on the employee's anniversary date. Vacation time is ten days for employees with one year of service, and then one additional day is earned for each year of service up to twenty days. Employees may carry over a maximum of twenty days of vacation into a new employment year. Upon termination, employees are compensated for any unused vacation time.

Full-time employees earn overtime or compensatory time credits based on department assignment. Overtime and Compensatory Time credits are earned at 1.5 times the regular hourly rate of the employee for work hours accumulated over 40 hours in a work week and 80 hours in a two-week pay period. Upon termination, employees are compensated for any compensatory time credits.

### B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

### C. Litigation

The County can be subject to various claims and legal proceedings covering a wide range of matters in the ordinary course of its business activities. Management believes that any liability that may ultimately result from the resolution of these matters will not have a material adverse effect on the financial condition of the County.

## 6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections which are intended to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to

make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

## 7. LONG-TERM DEBT

The County had the following long-term debt outstanding as of December 31, 2022:

- A. In 2013, Lease Refunding Certificates of Participation (COPS) in the amount of \$395,000 were issued on behalf of the County for a heating and cooling system for the jail. The debt is repaid through annual principal payments and semi-annual interest payments. The interest rate varies between 1.250% and 2.250%. The final payment of \$51,175 was made in June 2021.
- B. In April 2018, the County entered into a \$111,111, 3-year capital lease purchase agreement for three 2018 Ford police interceptor utility AWD vehicles. The lease calls for annual payments of \$39,394 through March 2021. The payments include interest of 3.15%. The final payment was made in March 2021.
- C. In 2019, the County entered into a \$136,994, 3-year capital lease purchase agreement for three 2020 Ford police interceptor utility AWD vehicles. The lease calls for annual payments of \$48,860 through March 2022. The payments include interest of 3.46%. The final payment was made in March 2022.
- D. In 2019, the County entered into a \$482,312, 4-year capital lease purchase agreement for three 2020 Western Star dump trucks. The lease calls for annual payments of \$129,600 through November 2023. The payments include interest of 2.95%.
- E. In 2020, the County entered into a \$120,000, 3-year capital lease purchase agreement for one 2020 Durango and two 2020 Chevy Tahoes. The lease calls for annual payments of \$41,935 through April 2023. The payments include interest of 2.40%.
- F. In 2020, the County entered into a \$37,179, 3-year capital lease purchase agreement for one 2020 Chevy Tahoe. The lease calls for annual payments of \$13,081 through September 2023. The payments include interest of 2.75%.
- G. In 2021, the County entered into a \$128,867, 3-year capital lease purchase agreement for three 2021 Police Package Chevy Tahoes. The lease calls for annual payments of \$44,468 through April 2024. The payments include interest of 1.75%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 42,951	\$ 1,517	\$ 44,468
2024	43,703	765	44,468
Totals	<u>\$ 86,654</u>	<u>\$ 2,282</u>	<u>\$ 88,936</u>

- H. In 2021, the County entered into a \$945,260, 5-year capital lease purchase agreement for five 2021 John Deere 772GP Road Graders. The lease calls for annual payments of \$196,085 through July 2026. The payments include interest of 1.23%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 186,727	\$ 9,358	\$ 196,085
2024	189,024	7,061	196,085

## 8. CHANGE IN REPORTING ENTITY

The County has changed the definition of the reporting entity at January 1, 2021 to include the Medical Deductible Savings Fund as governmental funds due to the County Commission approving the budgeting and approving the activity of the fund, which is controlled through the Treasurer's office. This change had the effect of increasing the County's cash balances at January 1, 2021 by \$61,619.

## 9. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2022 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through September 8, 2023, the date the financial statements were available to be issued.

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the County Commission and  
Officeholders of Marion County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Marion County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022 and 2021, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Marion County, Missouri's basic financial statements and have issued our report thereon dated September 8, 2023.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Marion County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Marion County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Marion County, Missouri's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses or significant deficiencies. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Marion County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**CERTIFIED PUBLIC ACCOUNTANTS**

### **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the County Commission and  
Officeholders of Marion County, Missouri

#### **Report on Compliance for Each Major Federal Program**

##### ***Opinion on Each Major Federal Program***

We have audited Marion County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Marion County, Missouri's major federal programs for the years ended December 31, 2022 and 2021. Marion County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Marion County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2022 and 2021.

##### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Marion County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Marion County, Missouri's compliance with the compliance requirements referred to above.

##### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Marion County, Missouri's federal programs.

## ***Auditor's Responsibilities for Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Marion County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Marion County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Marion County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Marion County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Marion County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant

deficiencies over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**MARION COUNTY, MISSOURI**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**YEARS ENDED DECEMBER 31, 2022 AND 2021**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Marion County, Missouri for the years ended December 31, 2022 and 2021. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance.

**NOTE C – SUBRECIPIENTS**

The County did not pass any federal awards through to subrecipients during the years ended December 31, 2022 and 2021.

CERTIFIED PUBLIC ACCOUNTANTS

September 8, 2023

To the County Commission  
Marion County, Missouri

We have audited the regulatory basis financial statements of Marion County, Missouri for the years ended December 31, 2021 and 2022. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 24, 2023. Professional standards also require that we communicate to you the following information related to our audit.

### Significant Audit Matters

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Marion County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021 and 2022. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements detected during the audit.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated September 8, 2023.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the years ended December 31, 2022 and 2021, we considered Marion County's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control. We issued our report on our consideration of internal control over financial reporting dated August 2, 2022. However, during our audit we became aware of matters that are opportunities for strengthening internal controls.

### **Treasurer Stale Checks**

The bank reconciliation of the Treasurer's main checking account for December 31, 2022 included stale dated checks as outstanding for longer than three years. There were two checks outstanding since 2016 and 2018, respectively, totaling \$230 listed as outstanding on the reconciliation that were written prior to

the current audit period. State statutes require that unclaimed property should be done annually and any unclaimed amounts greater than 5 years (3 years for checks written to government entities) should be turned over to the state unclaimed property. We recommend that the Treasurer resolve the stale dated checks, turn over any funds required to go to unclaimed property, and remove the items from the list of outstanding checks on the bank reconciliation.

#### Other Matters

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompany the financial statements but are not Required Supplementary Information. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles prescribed or permitted by Missouri law, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

#### Restriction on Use

This information is intended solely for the information and use of the County Commission and management of Marion County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

*(Original Signed by McBride, Lock & Associates, LLC)*

### **INDEPENDENT AUDITOR'S REPORT**

To the County Commission and  
Officeholders of Holt County, Missouri

#### **Opinion**

We have audited the accompanying financial statements of Holt County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022 and 2021, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

#### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Holt County, Missouri, as of December 31, 2022 and 2021, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

#### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Holt County, Missouri, as of December 31, 2022 and 2021, or the changes in financial position thereof for the years then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Holt County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by Holt County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri Law. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Holt County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Holt County, Missouri's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we also have issued our report dated August 23, 2023, on our consideration of Holt County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Holt County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

The accompanying Notes to the Financial Statements are an integral part of this statement.

HOLT COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Holt County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are nine elected Constitutional Officers: Assessor, Circuit Clerk/Recorder, Collector, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Sheriff, and Treasurer.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Holt County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

### C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

### D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the Local C.A.R.T. fund in 2021.

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2022 and 2021, for purposes of taxation were:

	2022	2021
Real Estate	\$ 76,173,069	\$ 71,324,549
Personal Property	41,525,018	37,265,556
Railroad and Utilities	52,643,026	48,524,363
Total	<u>\$ 170,341,113</u>	<u>\$ 157,114,468</u>

For calendar years 2022 and 2021, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2022	2021
General Revenue	0.4034	0.4034
Road & Bridge	0.4084	0.4084
Johnson Grass	0.0369	0.0369
Senior Citizen Services	0.0463	0.0463

F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

## 2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2022, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 4,338,656	\$ 4,429,334	\$ 250,000
Investments	30,932	30,932	30,932
Total Government Funds	<u>\$ 4,369,588</u>	<u>\$ 4,460,266</u>	<u>\$ 280,932</u>
Cash and Cash Equivalents - Fiduciary Funds	\$ 9,972,557	\$ 9,450,464	\$ 249,772
Investments	750,533	750,533	274,063
Total Fiduciary Funds	<u>\$ 10,723,090</u>	<u>\$ 10,200,997</u>	<u>\$ 523,835</u>

At December 31, 2021, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 4,168,795	\$ 4,296,774	\$ 250,000
Investments	30,703	30,703	30,703
Total Government Funds	<u>\$ 4,199,498</u>	<u>\$ 4,327,477</u>	<u>\$ 280,703</u>
Cash and Cash Equivalents - Fiduciary Funds	\$ 10,390,456	\$ 8,939,957	\$ 280,729
Investments - Fiduciary Funds	765,419	765,419	274,063
Total Fiduciary Funds	<u>\$ 11,155,875</u>	<u>\$ 9,705,376</u>	<u>\$ 554,792</u>

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2022 and 2021 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

## 3. COUNTY EMPLOYEES' RETIREMENT PLANS

### A. Missouri Local Government Employees Retirement System (LAGERS)

#### 1) Plan Description

Holt County participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, Section 70.600-70.755, RSMo. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401 (a) and is tax exempt.

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, Missouri 65102 or by calling 1-800-447-4334, or by the following website, [www.molagers.org](http://www.molagers.org).

## 2) Pension Benefits

Benefits are available to all full-time employees working in a LAGERS covered department. Benefits vest when an employee earns five years (60 months) of service credit in the system. Normal retirement age is 60 (General) or 55 (Police), and early retirement is 55 (General) and 50 (Police). Benefits are paid out using a formula that is based on the employee's final average salary and amount of credited service time.

## 3) Funding Policy

Full-time employees of Holt County contribute 4% to the pension plan. The January 1st statutorily required contribution rates were 0.7% and 1.3% (General), and 0.5% and 0.5% (Police) of annual covered payroll for 2022 and 2021 respectively. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute. For the years ended December 31, 2022 and 2021, full time employees of the County contributed \$51,130 and \$49,097. For the years ended December 31, 2022 and 2021, the County contributed \$8,470 and \$14,263 to LAGERS.

## B. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

### 1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

## 2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

## 3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, all participants hired on or after February 24, 2002 are required to contribute an additional 4% of their gross compensation to CERF, starting January 1, 2003. An active LAGERS participant who was employed with the County prior to February 24, 2002, is not required to make contributions. The County has elected not to make contributions on behalf of employees. During 2022 and 2021, the County collected and remitted to CERF employee withholdings of \$107,699 and \$110,259, respectively, for the years then ended.

### C. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$3,927 and \$8,352, respectively, for the years ended December 31, 2022 and 2021.

### D. Other Retirement Plan

Holt County has a voluntary 457(b) plan which is paid by a deduction from employee's salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the years ended December 31, 2022 and 2021 were \$19,355 and \$17,450, respectively.

## 4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

## 5. CLAIMS, COMMITMENT AND CONTINGENCIES

### A. Compensated Absences

The County provides full-time and part-time employees who receive benefits with four hours of sick leave on the first day of each month, up to a maximum of 30 days. Twenty-four hours of sick leave is accrued on January 1 of each year. Upon termination, employees will not be compensated for any unused sick time.

Vacation time is made available in whole on the employee's anniversary date. Vacation time is five days for employees with one year of service; ten days for employees with two to 19 years of service; 15 days for employees with 20 or more years of service. Employees are allowed to carry over a maximum of 15 days of vacation into a new employment year. Upon termination, employees are compensated for any unused vacation time.

Three days of personal time is provided for full-time employees. Personal time not used within the anniversary year is lost at year end. Upon termination, employees will not be compensated for unused personal time.

Full-time employees earn overtime or compensatory time credits based on department assignment. Overtime and Compensatory Time credits are earned at 1.5 times the regular hourly rate of the employee for work hours accumulated over 40 hours in a work week and 80 hours in a two-week pay period. Upon termination, employees are compensated for any compensatory time credits.

### B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

### C. Litigation

The County was involved in pending litigation as of the audit report date. The County's management and legal counsel anticipate that potential claims, if any, against the County resulting from such litigation would not have a material effect on the financial position of the County.

## 6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member of the Missouri Rural Services Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this fund, a non-profit

corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$1,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

## 7. LONG-TERM DEBT

The County had the following long-term debt outstanding as of December 31, 2022:

- A. In April 2016, the County entered into a \$170,264, seven-year capital lease for a 2016 John Deere 770GXT Motor Grader for the Road and Bridge department. The lease calls for annual payments of \$27,637 through May 2023. The payments include interest of 3.25%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 26,755	\$ 883	\$ 27,638
Totals	<u>\$ 26,755</u>	<u>\$ 883</u>	<u>\$ 27,638</u>

- B. In September 2019, the County entered into a \$34,000, three-year capital lease for a 2020 Ford Explorer. The lease calls for annual payments of \$11,942 through March 2022. The payments include interest of 3.58%. The final payment was made in February 2022.

- C. In October 2019, the County entered into a \$31,895, three-year capital lease for a 2019 Dodge Durango. The lease calls for annual payments of \$11,157 through March 2022. The payments include interest of 3.63%. The final payment was made in February 2022.

- D. In June 2020, the County entered into a \$49,831, four-year capital lease for a 2020 Bobcat Mini Excavator. The lease calls for annual payments of \$13,748 through June 2024. The payments include interest of 4.06%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 12,696	\$ 1,052	\$ 13,748
2024	13,211	537	13,748
Totals	<u>\$ 25,907</u>	<u>\$ 1,589</u>	<u>\$ 27,496</u>

- E. In September 2020, the County entered into a \$208,535, seven-year capital lease for a 2020 Caterpillar Motor Grader. The lease calls for annual payments of \$33,459 through September 2027. The payments include interest of 2.99%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 28,876	\$ 4,583	\$ 33,459
2024	29,739	3,720	33,459
2025	30,628	2,831	33,459
2026	31,544	1,915	33,459
2027	31,517	971	32,488
Totals	<u>\$ 152,304</u>	<u>\$ 14,020</u>	<u>\$ 166,324</u>

- F. In February 2022, the County entered into a \$195,000 five-year capital lease for a 2021 Komatsu Excavator. The lease calls for annual payments of 41,961 through February 2027. The payments include interest of 2.49%

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 37,106	\$ 4,855	\$ 41,961
2024	38,029	3,932	41,961
2025	38,976	2,985	41,961
2026	39,947	2,014	41,961
2027	40,942	1,019	41,961
Totals	<u>\$ 195,000</u>	<u>\$ 14,805</u>	<u>\$ 209,805</u>

- G. In May 2022, the County entered into a \$108,855 four-year capital lease for three Ford F-150 Pickup Trucks. The lease calls for annual payments of \$28,461 through May 2025. The payments include interest of 2.99%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 25,960	\$ 2,501	\$ 28,461
2024	26,721	1,740	28,461
2025	27,662	799	28,461
Totals	<u>\$ 80,343</u>	<u>\$ 5,040</u>	<u>\$ 85,383</u>

- H. In February 2022, the County entered into a \$67,732 six-year capital lease for a Caterpillar Compact Track Loader. The lease calls for annual payments of \$15,261 through March 2027 and \$1 in 2028. The payments include interest of 3.90%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 12,619	\$ 2,642	\$ 15,261
2024	13,112	2,149	15,261
2025	13,623	1,638	15,261
2026	14,154	1,107	15,261
2027	14,224	1,037	15,261
Totals	<u>\$ 67,732</u>	<u>\$ 8,573</u>	<u>\$ 76,305</u>

The following schedule shows changes in long-term debt during the year ended December 31, 2022:

Description	Balance 12/31/2021	Additions	Payments	Balance 12/31/2022	Interest Paid
2016 John Deere Grader 770G	\$ 52,655	\$ -	\$ (25,900)	\$ 26,755	\$ 1,737
2020 Ford Explorer	11,524	-	(11,524)	-	418
2019 Dodge Durango	10,766	-	(10,766)	-	391
2020 Bobcat Mini Excavator	38,107	-	(12,200)	25,907	1,548
2020 Caterpillar Motor Grader	181,312	-	(28,037)	153,275	5,421
2021 Komatsu Excavator	-	195,000	-	195,000	
2022 Ford F-150 Trucks	-	108,855	(25,206)	83,649	3,255
2022 Caterpillar Compact Track Loader	-	67,732	-	67,732	

The following schedule shows changes in long-term debt during the year ended December 31, 2021:

Description	Balance 12/31/2020	Additions	Payments	Balance 12/31/2021	Interest Paid
2016 John Deere Grader 770G	\$ 77,728	\$ -	\$ (25,073)	\$ 52,655	\$ 2,564
2020 Ford Explorer	22,645	-	(11,121)	11,524	822
2019 Dodge Durango	21,155	-	(10,389)	10,766	768
2020 Bobcat Mini Excavator	49,831	-	(11,724)	38,107	2,025
2020 Caterpillar Motor Grader	208,535	-	(27,223)	181,312	6,235

## 8. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2022 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 23, 2023, the date the financial statements were available to be issued.

## **COMPLIANCE SECTION**

## McBRIDE, LOCK & ASSOCIATES, LLC

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the County Commission and  
Officeholders of Holt County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Holt County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022 and 2021, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Holt County, Missouri's basic financial statements and have issued our report thereon dated August 23, 2023.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Holt County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Holt County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Holt County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a

certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2022-001, that we consider to be a material weakness.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Holt County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Holt County, Missouri's Response to Findings**

Holt County, Missouri's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Holt County, Missouri's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the County Commission and  
Officeholders of Holt County, Missouri

#### **Report on Compliance for Each Major Federal Program**

##### ***Opinion on Each Major Federal Program***

We have audited Holt County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Holt County, Missouri's major federal programs for the years ended December 31, 2021 and 2022. Holt County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Holt County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2021 and 2022.

##### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Holt County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Holt County, Missouri's compliance with the compliance requirements referred to above.

##### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Holt County, Missouri's federal programs.

## ***Auditor's Responsibilities for Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Holt County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Holt County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Holt County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Holt County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Holt County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies over compliance and therefore, material weaknesses or significant deficiencies in internal

control over compliance may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2022-001, that we consider to be a material weakness.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on Holt County, Missouri's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. Holt County, Missouri's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**HOLT COUNTY, MISSOURI**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**YEARS ENDED DECEMBER 31, 2021 AND 2022**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Holt County, Missouri for the years ended December 31, 2021 and 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance.

**NOTE C – SUBRECIPIENTS**

The County did not pass any federal awards through to subrecipients during the years ended December 31, 2022 and 2021.

HOLT COUNTY, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEARS ENDED DECEMBER 31, 2021 AND 2022

**SECTION I – SUMMARY OF AUDITOR’S RESULTS**

**Financial Statements:**

Type of Auditor’s Report Issued: Unmodified

Internal Control Over Financial Reporting:

- Material weakness(es) identified?   X   Yes    No
- Significant deficiencies identified that are not considered to be material weaknesses?    Yes   X   None Reported
- Noncompliance material to financial statements noted?    Yes   X   No

**Federal Awards:**

Internal Control Over Major Programs:

- Material weakness(es) identified?   X   Yes    No
- Significant deficiencies identified that are not considered to be material weaknesses?    Yes   X   None Reported

Type of Auditor’s Report Issued on Compliance For Major Programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with Uniform Guidance section 200.516?   X   Yes    No

Identification of Major Programs:

<u>Assistance Listing Number(s)</u>	<u>Name of Federal Program or Cluster</u>
20.205	Highway Planning and Construction (Cluster)

Dollar Threshold Used to Distinguish Between Type A and Type B Programs: \$750,000

Auditee Qualified as low-risk:    Yes   X   No

## **SECTION II – FINANCIAL STATEMENTS FINDINGS**

### **MATERIAL WEAKNESSES IN INTERNAL CONTROL**

See Finding 2022-001 below.

### **SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

None

### **ITEMS OF NONCOMPLIANCE**

None

## **SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

### **2022-001: Internal Control Over Schedule of Expenditures of Federal Awards**

Federal Grantor: U.S. Department of Agriculture, U.S. Department of Housing and Urban Development, U.S. Department of Justice, U.S. Department of Transportation, U.S. Department of the Treasury, Election Assistance Commission, U.S. Department of Health and Human Services, and U.S. Department of Homeland Security

Pass-Through Grantor: Missouri Department of Health and Senior Services, Missouri Department of Transportation, Missouri Department of Public Safety, and Missouri State Treasurer

Federal ALN Number: 10.557, 10.923, 14.228, 16.607, 16.738, 20.205, 21.019, 21.027, 93.069, 93.767, 93.994 and 97.036

Program Title: Special Supplemental Nutrition Program for Women, Infants, and Children; Emergency Watershed Protection Program; Community Development Block Grants; Patrick Leahy Bulletproof Vest Partnership; Edward Byrne Memorial Justice Assistance Grant Program; Highway Planning and Construction; Coronavirus Relief Fund; Coronavirus State and Local Fiscal Recovery Funds; Public Health Emergency Preparedness; Local Public Health Services; Maternal and Child Health Services Block Grant; Disaster Grants – Public Assistance (Presidentially Declared Disasters)

Pass-through Entity Identifying Number: ERS04520077, ERS04522105, N2919WEP0010014, BRO-B044(35), BRO-B044(36-38), DH1800040521, DH210048512, DH220050467, AOC19380006, DH220051086, DH190011039, DR-4435, DR-4451, DR-4612

Award Year: 2021 and 2022

Questioned Costs: None

Criteria: 2 CFR 200.510(b) requires auditees to prepare a schedule of expenditures of federal awards which must report total federal awards expended during the audit period. At a minimum, the schedule must include: expenditures by individual federal program, name of the pass-through entity and identifying number for awards not received directly from the federal government, and the total amount provided to subrecipients from each federal program. The County has not implemented proper internal controls to ensure the completeness and accuracy of the SEFA.

This finding was noted in the prior audit for the years ended December 31, 2020 and 2019 as item 2020-001.

Condition: The schedules of expenditures of federal awards (SEFA) reported by the County in the 2021 and 2022 annual budget documents contained errors in amounts of federal expenditures reported. Discrepancies in amounts reported on the 2022 SEFA and amount supported by underlying accounting records are summarized as follows:

<b>Federal Agency</b>	<b>ALN</b>	<b>Program</b>	<b>Original SEFA</b>	<b>Supported</b>	<b>Difference</b>
USDA	10.557	Special Supplemental Nutrition Program for Women, Infants, and Children	7,138	7,191	(53)
DOJ	16.738	Local Law Enforcement Block Grant	-	7,360	(7,360)
DOT	20.205	Highway Planning and Construction	27,941	2,000	25,941
Treasury	21.027	Coronavirus State and Local Fiscal Recovery	-	388,274	(388,274)
DHS	97.036	Disaster Grants - Public Assistance Grants	-	308,926	(308,926)
DHS	97.042	Emergency Management Performance Grants	388,277	-	388,277

Discrepancies in amounts reported on the 2021 SEFA and amount supported by underlying accounting records are summarized as follows:

<b>Federal Agency</b>	<b>ALN</b>	<b>Program</b>	<b>Original SEFA</b>	<b>Supported</b>	<b>Difference</b>
DOD	12.112	Payments to States in Lieu of Real Estate Taxes	21,274	-	\$ 21,274
DOJ	16.607	Patrick Leahy Bulletproof Vest Partnership	-	2,743	(2,743)
DOT	20.205	Highway Planning and Construction	802,635	844,113	(41,478)
Treasury	21.019	Coronavirus Relief Fund	-	1,805	(1,805)
EAC	90.404	Help America Vote Act	11,208	-	11,208
DHS	97.042	Emergency Management Performance Grants	5,514	-	5,514

Cause: The County has not implemented a proper system of internal control over SEFA preparation, such as a reconciliation to underlying accounting records or having a separate individual review the SEFA for clerical accuracy after it has been prepared. Reasons for discrepancies in individual programs varied.

Effect: The SEFA presented for audit did not accurately reflect the County's actual expenditures of federal awards for both the years ended December 31, 2022 and 2021.

Recommendation: We recommend that the County implement internal controls to ensure that the SEFA completely and accurately states the expenditures of federal awards of the County each year.

County's Response: Beginning in 2023, the Holt County Clerk has implemented a process to obtain award letters from grant writers and documenting the funding details. The Holt County Clerk is looking into software which is able to track projects year over year to make reporting more manageable.

Auditor's Evaluation: The response is appropriate to correct the concern.

**MANAGEMENT'S RESPONSE TO AUDITOR'S FINDINGS:**

## McBRIDE, LOCK & ASSOCIATES, LLC

CERTIFIED PUBLIC ACCOUNTANTS

---

August 23, 2023

To the County Commission and Officeholders  
Holt County, Missouri

We have audited the accompanying financial statements of Holt County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022 and 2021, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the year then ended. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 5, 2023. Professional standards also require that we communicate to you the following information related to our audit.

### Significant Audit Matters

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Holt County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by Holt County, Missouri during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated August 23, 2023.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to Holt County, Missouri's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as Holt County, Missouri's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### **Credit Card Late Fees and Interest**

During our audit, we noted that the County Clerk's credit card statement noted an instance in which late fees of \$39 and interest of \$55 were incurred. We recommend that the County Clerk implement procedures to properly monitor and ensure timely payment of credit card statements to avoid incurring unnecessary finance and interest charges.

### **Other Matters**

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompanies the financial statements but is not Required Supplementary Information. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally

accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the County Commission and management of Holt County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

*(Original Signed by McBride, Lock & Associates, LLC)*

## Missouri State Auditor

### Chariton County

Report No. 2023-075

October 2023

[auditor.mo.gov](https://auditor.mo.gov)

# CITIZENS SUMMARY

## Findings in the audit of Chariton County

General Revenue Fund Cash Reserves and Budgets	The County Commission has passed inaccurate budgets that do not reasonably reflect the anticipated disbursement activity from the General Revenue (GR) Fund, resulting in a fund balance equal to 4.6 years of funding based on current levels of operating disbursements, and has chosen to not lower the GR property tax rate despite the significant fund balance and without documented, long-term plans for the use of this money. Because the GR Fund budgets are not accurate, they reduce the effectiveness of the budget as a tool for monitoring or controlling disbursements and for determining the needed GR property tax rate.
Sheriff's Compensation	The County Commission authorized mid-term salary increases totaling \$12,767 to the Sheriff in violation of constitutional provisions.
Sheriff's Controls and Procedures	The Sheriff did not always deposit timely and does not prepare bank reconciliations and monthly lists of liabilities for the inmate account and the fee account.
Prosecuting Attorney's Administrative Fees	The Prosecuting Attorney's office does not assess or collect the statutorily-required fees from defendants who owe court-ordered restitution.
Fuel Controls and Procedures	The Road and Bridge department does not maintain mileage and fuel logs for either of its fuel tanks. Neither the County Clerk nor the Sheriff reconcile fuel used to fuel purchased for the Sheriff's fuel tank.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Good**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

County Commission  
and  
Officeholders of Chariton County

We have audited certain operations of Chariton County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2022. The objectives of our audit were to:

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Chariton County.

A handwritten signature in black ink, reading "S. Fitzpatrick". The signature is stylized, with a large "S" and a cursive "Fitzpatrick".

Scott Fitzpatrick  
State Auditor

## Management Advisory Report

### State Auditor's Findings

---

#### **1. General Revenue Fund Cash Reserves and Budgets**

The County Commission has accumulated a significant cash reserve in the General Revenue (GR) Fund and budgets for the GR Fund need improvement.

##### **1.1 Cash reserves**

The County Commission has accumulated a significant cash reserve in the GR Fund without documented plans for its use. The GR Fund cash balance as of December 31, 2022, totaled \$7,959,526. Based on previous spending patterns, this represents approximately 4.6 years of funding for the operating disbursements of the GR Fund. The County Commission indicated it plans to use the accumulated cash balance for courthouse improvements including a new heating and cooling system and foundation repairs and various bridge projects. The County Commission also indicated it had not considered the need to create a documented plan for the use of the GR Fund cash reserve.

Despite the significant accumulated cash balance, the County Commission continues to assess a GR property tax rate that results in over \$600,000 in property tax collections each year. The County Commission indicated it is hesitant to significantly increase the voluntary reduction to the GR property tax rate because it will reduce the following years' tax rate ceiling and may prohibit the county from collecting sufficient property tax revenues in the future.

Accumulating an excessive cash balance without documented, long-term plans for use of this money puts an unnecessary burden on taxpayers. The County Commission should determine its future needs, and consider reducing future tax levies if a specific use for the cash reserves is not determined.

##### **1.2 Budgets**

The GR Fund budgets do not reasonably reflect the anticipated disbursement activity, reducing the effectiveness of the budget as a tool for monitoring or controlling disbursements and for determining the needed GR property tax rate. As noted in the following table, the County Commission significantly overestimated disbursements for the GR Fund for the 2020, 2021, and 2022 budgets.

		Year Ended December 31,		
		2022	2021	2020
Budgeted disbursements	\$	3,174,324	3,133,076	2,981,186
Actual disbursements		1,725,813	1,429,719	1,777,216
Budgeted disbursements over actual disbursements	\$	1,448,511	1,703,357	1,203,970

## Chariton County Management Advisory Report - State Auditor's Findings

Budgeted disbursements exceeded actual disbursements by over \$1.4 million for the year ended December 31, 2022. Examples of disbursement categories that were budgeted significantly higher than actual disbursements include the following:

	Transfers Out	Building & Grounds	Public Safety
Budgeted	\$ 883,922	599,546	560,016
Actual	352,659	119,257	410,013
Difference	\$ 531,263	480,289	150,003

The County Commission indicated it prefers to use a conservative approach and ensure budgeted appropriations are sufficient to cover known needs for the year, as well as sufficient additional appropriations for emergencies. The County Commission also indicated some planned purchases have been delayed due to the pandemic and the state of the national economy including supply-chain shortages.

Realistic projections of the county's uses of funds are essential for the efficient management of finances and for communicating accurate financial data to county residents. Significantly overestimating anticipated disbursements is misleading to the public and prevents an accurate estimate of the county's financial condition.

## Recommendations

The County Commission:

- 1.1 Evaluate funding needs and consider reducing the property tax levy. Plans made for expending the accumulated cash balance should be set forth publicly in the budget document.
- 1.2 Ensure budgets provide reasonable estimates of anticipated disbursements.

## Auditee's Response

- 1.1 *The Chariton County Commission agrees our cash reserve has accumulated to a significant amount. Since members of the current County Commission have been in office, the property tax rate has been reduced every year, totaling a 37.5 percent rate reduction. The County Commission will continue to monitor the county's finances to determine if rates should continue to be reduced in the future.*

*Over the last 3 years, the influx of funding from the federal government due to the COVID-19 pandemic has greatly increased our revenues. At the end of 2022, the county had a surplus in all funds of \$692,789. Without the \$722,000 received from the federal government in 2022 as part of the American Rescue Plan Act, the county would have run a small deficit. We do not anticipate any additional funding from the federal government due to the COVID-*

## Chariton County Management Advisory Report - State Auditor's Findings

*19 pandemic. Therefore, if regular revenue and expenditure trends continue, the county will not experience a large yearly surplus like we have experienced over the last decade.*

*In addition, the Chariton County courthouse will be 50 years old in 2024 and is in need of numerous capital improvements. These include foundation repair, additional insulation, ceiling grid and lighting replacement, and more. All of these expenditures are necessary to improve the safety and energy efficiency of the courthouse building and grounds. A recent proposal by an outside firm estimated the cost of these improvements at \$4.2 to \$4.9 million. Due to our cash reserve, we will be able to fund these capital improvements over the next several years without having to borrow any money. While our cash reserve in the GR Fund is significant at this time, it will be greatly reduced as capital improvements are completed.*

*Considering the discontinuation of pandemic related federal funding and the planned capital improvements listed above, it would be unwise to drastically reduce our property tax rate. The County Commission will continue to responsibly reduce the rate as necessary in the future. We will also work to spend down the reserve in a fiscally responsible manner. Going forward, the County Commission will include more detailed information regarding expected capital improvements in the budget document.*

- 1.2 The County Commission will work to estimate anticipated disbursements more accurately in our yearly budget.*

## 2. Sheriff's Compensation

The County Commission authorized mid-term salary increases totaling \$12,767 to the Sheriff in violation of constitutional provisions. The Sheriff took office in 2021 at the salary level approved by the Chariton County Salary Commission.

Section 57.317.1(2), RSMo, enacted in 2021, states the sheriff shall receive an annual salary computed based on a percentage of the compensation of an associate circuit judge of the county, with the percentage determined by a statutory schedule using the county's current assessed valuation level. The law indicates if the increase to the Sheriff's salary is less than \$10,000, the increase shall take effect January 1, 2022, but if the salary increase is more than \$10,000, the increase shall be paid equally over a 5-year period. However, Article VII, Section 13 of the Missouri Constitution prohibits an increase in compensation for state, county, and municipal officers during the term of office. Court cases have concluded that to receive additional compensation during a term of office there must be new or additional duties or the mid-term increase must result from the application of a statutory formula for calculating compensation that was in place prior to the individual

## Chariton County Management Advisory Report - State Auditor's Findings

being elected or taking office. Without either of these provisions, the increase to the Sheriff's salary should be effective only for any Sheriff elected and sworn into office after January 1, 2022.

The County Commission did not seek a written legal opinion on these matters and authorized an immediate salary increase for the Sheriff. The total increase was calculated at \$26,747, to be paid over a 5-year period, with an annual increase of \$5,349. The Commission also authorized salary increases for the Sheriff based on salary increases given to associate circuit judges during 2022 and 2023. As of July 2023, the Sheriff received salary increases totaling \$12,767 during his term.

The County Commission indicated it was aware of constitutional provisions preventing mid-term salary increases, but felt the county was required to increase the Sheriff's salary due to the change in state law.

### Recommendation

The County Commission discontinue the mid-term salary increase and consider various methods for possible recoupment of money already paid.

### Auditee's Response

*The changes to Section 57.317, RSMo, were passed by the Missouri General Assembly in 2021 and signed by the Governor. The County Commissioners Association of Missouri filed suit against the State of Missouri arguing the constitutionality of the legislation. Judge Daniel Green ruled against the County Commissioners Association of Missouri on February 22, 2022, which kept the legislation in place. Due to the ruling, the Chariton County Commissioners decided to enact the raise as instructed in the legislation.*

*The Missouri General Assembly specifically put in wording to state "the increase shall take effect January 1, 2022." This is yet another example of the Missouri General Assembly passing contradictory legislation with no regard to the impact it will have on local government entities. The Missouri General Assembly is more interested in scoring political points than passing well thought out and researched legislation. By tying the Sheriff's compensation to that of an Associate Circuit Judge, they are placing a continually increasing unfunded mandate upon the counties of Missouri. While members of the Missouri General Assembly complain about mandates handed down on them by the federal government, they do the exact same thing to our local government entities.*

*In addition, attorneys in the Missouri State Auditor's Office only recently came to a decision that counties should not have given raises to the Sheriff. This decision was two years too late for Missouri counties. It was blatantly clear the legislation would cause confusion and turmoil at the county level and leave the county in a no-win situation. Guidance should be provided to counties from the state level when contradictory legislation is passed by the Missouri General Assembly.*

## Chariton County Management Advisory Report - State Auditor's Findings

*Finally, the County Commission could have chosen not to enact the raises as stated in the legislation; however, that would also risk a potential lawsuit with the Sheriff, as has now happened in other Missouri counties. In that situation, the Chariton County taxpayer would be left on the hook to pay attorney fees for both sides. The County Commission did not view this as a viable alternative or a wise use of taxpayer money.*

*The County Commission will continue to implement the salary increases as instructed in legislation passed by the Missouri General Assembly and signed by the Governor of Missouri.*

### Auditor's Comment

As stated in the finding, Missouri's Constitution prohibits mid-term raises as set out in Article VII, Section 13. Because the Sheriff took office before the effective date of the changes to Section 57.317, RSMo, the Chariton County Commission should not have implemented the changes to Section 57.317, RSMo, until the Sheriff's next term of office.

The County Commission's response states "guidance should be provided to counties from the state level when contradictory legislation is passed by the Missouri General Assembly." The State Auditor's Office (SAO) would not be independent from the county if it provided guidance of this type and this would result in the SAO being unable to perform audits of counties in compliance with Government Auditing Standards. Had the County Commission sought guidance from the SAO on this issue, the SAO would have advised the county to seek legal advice regarding the implementation of this statutory revision in relation to the overriding Constitutional provision.

### 3. Sheriff's Controls and Procedures

Controls and procedures in the Sheriff's office need improvement. The office collected receipts for civil process fees, bonds, conceal carry weapon (CCW) permits, sex offender registrations, and other miscellaneous receipts totaling approximately \$86,000 during the year ending December 31, 2022.

#### 3.1 Receipting and depositing

The Sheriff did not always deposit timely. During 11 months of 2022, the average deposit totaled approximately \$3,300. For 3 of these months only 1 deposit was made and 2 deposits were made in the other 8 months. In addition, the Sheriff did not restrictively endorse checks and money orders until the deposit was prepared. The Sheriff indicated he believed his depositing frequency was sufficient and he was not aware he needed to endorse checks and money orders as they were received.

Failure to implement adequate receipting and depositing procedures increases the risk that loss, theft, and misuse of money received will occur and go undetected.

#### 3.2 Bank reconciliations and liabilities

The Sheriff does not prepare bank reconciliations and monthly lists of liabilities for the inmate account and the fee account. The Sheriff indicated

## Chariton County Management Advisory Report - State Auditor's Findings

he did not know how to perform bank reconciliations or how to prepare monthly lists of liabilities.

We prepared a bank reconciliation for the inmate account as of December 31, 2022, and determined the reconciled bank balance was \$6,757. The check register balance totaled \$6,723, resulting in an overage of \$34. The Sheriff was not able to provide reports from the commissary system that would allow us to identify recorded liabilities to compare them to the reconciled bank balance.

For the fee account, we prepared a bank reconciliation as of December 31, 2022, and determined the reconciled bank balance agreed to the check register balance of \$4,444. We were able to identify liabilities, totaling \$4,321, that consisted of fees collected in December. As a result, unidentified money totaled \$123.

Performing monthly bank reconciliations and preparing monthly lists of liabilities helps ensure receipts and disbursements have been properly handled and recorded, and increases the likelihood errors will be identified and corrected timely. Regular identification and comparison of liabilities to the reconciled bank balance is necessary to ensure accounting records are in balance, all amounts received are disbursed, and money is available to satisfy all liabilities. Differences should be adequately investigated and resolved. Various statutory provisions provide for the disposition of unidentified money.

### Similar conditions previously reported

Similar conditions to sections 3.1 and 3.2 were noted in our prior audit report of the county, *Chariton County*, Report No. 2016-119, issued in November 2016. In addition, a similar condition to section 3.1 was noted in our prior audit report of the Sheriff's office, *Chariton County Sheriff*, Report No. 2017-130, issued in November 2017.

### Recommendations

The Sheriff:

- 3.1 Ensure deposits are made timely and checks and money orders are restrictively endorsed at the time of receipt.
- 3.2 Ensure monthly bank reconciliations and lists of liabilities are prepared and reconciled timely. Any differences between accounting records and reconciliations should be promptly investigated and resolved, and any unidentified money should be disposed of in accordance with state law.

### Auditee's Response

*I agree with the findings and immediately began restrictively endorsing checks when the auditors brought the problem to my attention in March. In addition, I started the process of implementing the other recommendations in*

Chariton County  
Management Advisory Report - State Auditor's Findings

*June. All recommendations have now been implemented except I am still working to resolve the differences in the bank accounts. I plan to turn over any unidentified differences to the Missouri State Treasurer's Office as unclaimed property in the near future.*

#### **4. Prosecuting Attorney's Administrative Fees**

The Prosecuting Attorney's office does not assess or collect the statutorily-required fees from defendants who owe court-ordered restitution. The office collected approximately \$25,500 in court-ordered restitution and bad checks restitution and fees during the year ended December 31, 2022.

The statutorily-required administrative handling cost fee was not assessed for any applicable court-ordered restitution cases handled during the year ended December 31, 2022. As of April 2023, the office was responsible for collecting approximately \$60,000 on 13 court-ordered restitution cases. The administrative handling cost fees that should have been assessed for these 13 cases totaled \$900. The Prosecuting Attorney indicated he was unaware this fee is required.

Section 559.100.3, RSMo, provides, ". . . each prosecuting attorney or circuit attorney who takes any action to collect restitution shall collect from the person paying restitution an administrative handling cost." This fee is \$25 for restitution of less than \$100 and \$50 for restitution of at least \$100 but less than \$250. For restitution of \$250 or more, there is an additional fee of 10 percent of the total restitution, with a maximum fee not to exceed \$75.

#### **Recommendation**

The Prosecuting Attorney assess and collect fees on all court-ordered restitution cases as required by state law.

#### **Auditee's Response**

*I agree with the finding and immediately implemented the recommendation when the auditors brought the problem to our attention in March.*

#### **5. Fuel Controls and Procedures**

Fuel controls and procedures need improvement. The county maintains 3 fuel tanks, with 2 tanks maintained at the Road and Bridge department and the other tank maintained behind the Sheriff's office. Approximately \$66,000 in fuel was purchased for use by the Road and Bridge department and the Sheriff's office during the year ended December 31, 2022.

The Road and Bridge department does not maintain mileage and fuel logs for either of its tanks. As a result, fuel use was not reconciled to fuel purchased. In addition, neither the County Clerk nor the Sheriff reconcile fuel used to fuel purchased for the Sheriff's tank. Deputies record fuel use on a fuel log maintained at the tank and on the logs maintained in each patrol vehicle. The Sheriff provides these logs to the County Clerk each month. The County Clerk stated that she and the County Commission have not considered it necessary to keep mileage and fuel logs at the Road and Bridge department or reconcile fuel used to fuel purchased because they are not aware of any

---

Chariton County  
Management Advisory Report - State Auditor's Findings

---

instances of missing fuel at either location. The County Clerk added that the County Commission reviews the fuel invoices each month to ensure the number of gallons purchased is reasonable.

Mileage and fuel logs are necessary to document the appropriate use of vehicles and equipment and to support fuel purchases. Without sufficient information, county officials cannot evaluate the propriety and reasonableness of fuel used or reconcile amounts used to fuel billings. Failure to account for fuel purchased and fuel used could result in loss, theft, or misuse going undetected.

## Recommendation

The County Commission require usage and fuel logs be maintained for all vehicles and equipment. In addition, ensure fuel logs are reconciled to fuel purchases. Any significant discrepancies should be investigated.

## Auditee's Response

*The County Commission has implemented the recommendations regarding fuel controls and procedures.*

---

# Chariton County

## Organization and Statistical Information

---

Chariton County is a township-organized, third-class county. The county seat is Keytesville.

Chariton County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 28 full-time employees and 5 part-time employees on December 31, 2022. The townships maintain county roads.

County operations also include a Senate Bill 40 Board and a Senior Citizens Services Board.

### Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2023	2022
Evan Emmerich, Presiding Commissioner	\$	34,647
Jared Meyer, Associate Commissioner		32,507
Terry Milford, Associate Commissioner		32,507
Eric Stallo, Circuit Clerk and Ex Officio Recorder of Deeds (1)		
Susan Littleton, County Clerk		46,010
Cliff Thornburg, Prosecuting Attorney		56,710
Erick Billups, Sheriff		59,526
Nyle Bowyer, County Coroner		18,190
Regina Emmerich, Public Administrator		28,890
Darlene Shipp, County Collector-Treasurer, year ended March 31,	48,632	
Darrin E. Gladbach, County Assessor, year ended August 31,		47,100

(1) Compensation is paid by the state.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Henry County, Missouri

The Office of the State Auditor contracted for an audit of Henry County's financial statements for the 2 years ended December 31, 2022, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive style with a large, stylized "S" and "F".

Scott Fitzpatrick  
State Auditor

October 2023  
Report No. 2023-074

**Scott Fitzpatrick**  
Missouri State Auditor

## RECOMMENDATION SUMMARY

---

### Recommendations in the contracted audit of Henry County

2022-001

The county improve the documentation internal controls for each office other than the County Clerk. Additionally, the County should perform a risk assessment and document the results of such assessment. This assessment should be updated or reperformed at least annually.

---

Use of State Fund to Pay Sales  
Tax

As an exempt entity which is not required to pay Missouri sales taxes, using public funds to pay for sales tax should be avoided.

### **INDEPENDENT AUDITOR'S REPORT**

To the County Commission and  
Officeholders of Henry County, Missouri

#### **Opinion**

We have audited the accompanying financial statements of Henry County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022 and 2021, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

#### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Henry County, Missouri, as of December 31, 2022 and 2021, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

#### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Henry County, Missouri, as of December 31, 2022 and 2021, or the changes in financial position thereof for the years then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Henry County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by Henry County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri Law. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Henry County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Henry County, Missouri's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we also have issued our report dated August 30, 2023, on our consideration of Henry County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Henry County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

HENRY COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022 and 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Henry County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there were nine elected Constitutional Officers: Assessor, Circuit Clerk, Collector/Treasurer, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Recorder of Deeds and Sheriff. Subsequent to 2022, the Circuit Clerk and Recorder of Deeds offices were combined.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Henry County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

### C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

### D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets.

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2022 and 2021, for purposes of taxation were:

	2022	2021
Real Estate	\$ 313,316,820	\$ 309,309,080
Personal Property	113,150,986	93,860,153
Railroad and Utilities	35,075,471	32,433,847
Total	<u>\$ 461,543,277</u>	<u>\$ 435,603,080</u>

For calendar years 2022 and 2021, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2022	2021
General Revenue	\$ 0.0549	\$ -
Senior Citizens' Service	0.0423	0.0423

Property tax receipts were recorded in the Special Road and Bridge Fund based on a percentage allocation of township tax collections.

F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

## 2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2022, the County had the following cash and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Cash and Cash Equivalents - Governmental Funds	\$ 10,090,021	\$ 11,283,791	\$ 500,000
Investments - Governmental Funds	1,033,057	1,033,057	250,000
Total Governmental Funds	<u>\$ 11,123,078</u>	<u>\$ 12,316,848</u>	<u>\$ 750,000</u>
Cash and Cash Equivalents - Fiduciary Funds	<u>\$ 16,568,171</u>	<u>\$ 14,154,510</u>	<u>\$ 500,000</u>

At December 31, 2021, the County had the following cash and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Cash and Cash Equivalents - Governmental Funds	\$ 7,362,906	\$ 7,794,264	\$ 500,000
Investments - Governmental Funds	1,020,024	1,020,024	250,000
Total Governmental Funds	<u>\$ 8,382,930</u>	<u>\$ 8,814,288</u>	<u>\$ 750,000</u>
Cash and Cash Equivalents - Fiduciary Funds	<u>\$ 14,622,158</u>	<u>\$ 14,648,465</u>	<u>\$ 334,832</u>

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2022 and 2021 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

## 3. COUNTY EMPLOYEES' RETIREMENT PLANS

### A. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

#### 1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per

calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

## 2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

## 3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a contribution of 6% of annual salary is required of employees hired after February 2002. During 2022 and 2021, the County collected and remitted to CERF employee withholdings of \$375,554 and \$368,623, respectively for the years then ended.

## B. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$18,362 and \$15,518, respectively, for the years ended December 31, 2022 and 2021.

### C. Other Retirement Plan

Contributions to a voluntary retirement plan are paid by a deduction from employees' salaries. These contributions qualify under the Internal Revenue Code and are tax exempt. These contributions are then remitted to PEBSCO who administers the 414 Plan. Employee contributions were \$910 and \$910, respectively, for the years ended December 31, 2022 and 2021.

## 4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

## 5. CLAIMS, COMMITMENT AND CONTINGENCIES

### A. Compensated Absences

The County provides full-time employees with eight hours of sick leave for each completed calendar month of employment, up to a maximum of 720 hours. Upon termination, employees will not be compensated for any unused sick time.

Vacation time is made available in whole on the employee's anniversary date. Vacation time is five days for employees with one year of service; ten days for employees with two to nine years of service; 15 days for employees with ten or more years of service. Employees are allowed to carry over five days of vacation into a new employment year, with approval from their department head. Upon termination, employees are compensated for any unused vacation time.

Full-time employees earn overtime or compensatory time credits based on department assignment. Overtime and Compensatory Time credits are earned at 1.5 times the regular hourly rate of the employee for work hours accumulated over 40 hours in a work week. Upon termination, employees are compensated for any compensatory time credits.

### B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

### C. Litigation

The County was not involved in pending litigation as of the audit report date.

## 6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

## 7. LONG-TERM DEBT

The County had the following long-term debt outstanding as of December 31, 2021:

- A. On December 26, 2016, the County refinanced \$6,650,000 of 2009 Certificates of Participation with 2016 Certificates of Participation with First Bank of Missouri with an interest rate of 3%. The Certificates of Participation are solely payable from rents paid by the County to the trustee under the lease purchase agreement. The County's obligations under the lease purchase agreement do not extend beyond the amount budgeted for any respective fiscal year. The County has the option to purchase the trustee's interest in the leased property on any date at an amount necessary to provide for the rent payments on each rent payment date through the end of the leases. Certificates of participation payable at December 31, 2022 and 2021 are as follows:

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 450,000	\$ 72,300	\$ 522,300
2024	460,000	58,800	518,800
2025	470,000	45,000	515,000
2026	500,000	30,900	530,900
2027	530,000	15,900	545,900
Totals	<u>\$ 2,410,000</u>	<u>\$ 222,900</u>	<u>\$ 2,632,900</u>

- B. On January 12, 2016, the County entered into a lease purchase agreement with US Bancorp for \$500,000 for the purchase of 911 equipment. The lease purchase agreement calls for twenty semi-annual payments of \$28,836 starting July 12, 2016, with an interest rate of 2.08% The County has the following payments remaining:

<u>Payment Date</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
January 12, 2023	\$ 26,162	\$ 2,674	\$ 28,836
July 12, 2023	26,529	2,307	28,836
January 12, 2024	26,900	1,936	28,836
July 12, 2024	27,277	1,559	28,836
January 12, 2025	27,659	1,177	28,836
July 12, 2025	28,046	790	28,836
January 12, 2026	28,438	398	28,836

## 8. OPERATING LEASES

At December 31, 2022, the County has a lease with Mobilis Technologies, LLC for software licenses and certain hardware leases requiring 60 monthly payments of \$1,000 to begin on May 1, 2018, and mature on April 1, 2023. The County made payments totaling \$12,000 in each year, 2022 and 2021. As of December 31, 2022, the lease had an outstanding balance of \$3,000.

## 9. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2022 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 30, 2023, the date the financial statements were available to be issued.

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the County Commission and  
Officeholders of Henry County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Henry County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022 and 2021, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Henry County, Missouri's basic financial statements and have issued our report thereon dated August 30, 2023.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Henry County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Henry County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Henry County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify with any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control described in the accompanying schedule of findings and questioned costs as item 2022-001 that we consider to be a significant deficiency.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Henry County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Henry County, Missouri's Response to Findings**

Henry County, Missouri's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Henry County, Missouri's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the County Commission and  
Officeholders of Henry County, Missouri

#### **Report on Compliance for Each Major Federal Program**

##### ***Opinion on Each Major Federal Program***

We have audited Henry County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Henry County, Missouri's major federal programs for the years ended December 31, 2022 and 2021. Henry County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Henry County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2022 and 2021.

##### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Henry County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Henry County, Missouri's compliance with the compliance requirements referred to above.

##### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Henry County, Missouri's federal programs.

## ***Auditor's Responsibilities for Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Henry County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Henry County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Henry County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Henry County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Henry County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant

deficiencies over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**HENRY COUNTY, MISSOURI**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**YEARS ENDED DECEMBER 31, 2022 AND 2021**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Henry County, Missouri for the years ended December 31, 2022 and 2021. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance.

**NOTE C – SUBRECIPIENTS**

The County did not pass any federal awards through to subrecipients during the years ended December 31, 2022 and 2021.

HENRY COUNTY, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEARS ENDED DECEMBER 31, 2022 AND 2021

## **SECTION II – FINANCIAL STATEMENTS FINDINGS**

### **MATERIAL WEAKNESSES IN INTERNAL CONTROL**

None

### **SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

#### **2022-001: Documentation of Internal Control Processes and Risk Assessment Procedures**

Criteria: Statement on Auditing Standards (SAS) No. 115, *Communicating Internal Control Related Matters Identified in an Audit*, which is effective for periods ending on or after December 15, 2009, as amended by SAS No. 122, *Statement on Auditing Standards: Clarification and Recodification*, considers inadequate documentation of internal control to be at least a significant deficiency. A quality system of internal control must include assessing the risks involved which the system of internal control hopes to protect against.

Condition: The officeholders other than the County Clerk do not have a documented system of internal control. Additionally, during the walkthroughs of the County, we noted there is no formal fraud risk assessment in place.

Cause: The officeholders have not been diligent in documenting the control processes which are followed in each office.

Effect: The lack of documented internal control processes could lead to a lack of continuity and effectiveness in the operation of the internal controls. Additionally, the lack of a documented risk assessment could lead to a risk not being properly addressed and the internal control processes may not be designed appropriately to protect against such a risk.

Recommendation: We recommend that the county improve the documentation internal controls for each office other than the County Clerk. Additionally, the County should perform a risk assessment and document the results of such assessment. This assessment should be updated or reperformed at least annually.

County's Response: The County has instructed the various officeholders to prepare the missing documentation. They have made the documentation of internal controls in the County Clerk's office available as a guide for developing the documentation in other offices.

Auditor's Evaluation: The response is appropriate to correct the concern.

### **ITEMS OF NONCOMPLIANCE**

None.

## **SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

None.

**MANAGEMENT'S RESPONSE TO AUDITOR'S FINDINGS:**

- **Summary Schedule of Prior Audit Findings**
  - **Corrective Action Plan**

100 W. Franklin  
Clinton, Missouri 64735-2080

## HENRY COUNTY, MISSOURI SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

In accordance with the Uniform Guidance, this section reports the follow-up on action taken by Henry County, Missouri on the applicable findings in the prior audit report issued for the two years ended December 31, 2020 and 2019.

**2020-001:** Documentation of the County's internal controls has not been prepared.

Status: Not resolved. See finding 2022-001.

**2020-002:** There is no formal fraud risk assessment in place.

Status: Not resolved, see finding 2022-001.

**2020-003:** We noted that the Sheriff's Fee bank account was reconciled to a negative balance.

Status: Resolved.

**2020-004:** During the walkthroughs of the County, we noted there is not documentation over internal controls with regards to federal awards in place.

Status: Resolved.

**2020-005:** Through auditing procedures, we were able to correct and support the amounts reported on the Schedule of Expenditures of Federal Awards (SEFA). Prior to these corrections, the SEFA was prepared with incorrect financial information.

Status: Resolved.

Phone (660) 885-7201 / 7202

100 W. Franklin  
Clinton, Missouri 64735-2080

## HENRY COUNTY, MISSOURI CORRECTIVE ACTION PLAN

**Finding Reference Number:** 2022-001

**Federal Agency:** N/A

**Program Name:** N/A

**CFDA Number:** N/A

**Responsible Official:** Officeholders other than the County Clerk

**Views of Responsible Individuals:** The County has instructed the various officeholders to prepare the missing documentation. They have made the documentation of internal controls in the County Clerk's office available as a guide for developing the documentation in other offices.

CERTIFIED PUBLIC ACCOUNTANTS

August 30, 2023

To the County Commission  
Henry County, Missouri

We have audited the regulatory basis financial statements of Henry County, Missouri for the years ended December 31, 2022 and 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 12, 2023. Professional standards also require that we communicate to you the following information related to our audit.

### Significant Audit Matters

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Henry County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022 and 2021. We noted no transactions entered into by the County during the years for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements detected during the audit.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated August 30, 2023.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the years ended December 31, 2022 and 2021, we considered Henry County's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control. We issued our report on our consideration of internal control over financial reporting dated August 30, 2023.

Additionally, we noted the following items which were not considered material weaknesses or significant deficiencies:

### Use of State Fund to Pay Sales Tax

In performing tests of disbursements, it was noted the County is occasionally using public funds to pay for sales taxes. As an exempt entity which is not required to pay Missouri sales taxes, using public funds to pay for sales tax should be avoided.

### Other Matters

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompany the financial statements but are not Required Supplementary Information. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles prescribed or permitted by Missouri law, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

### Restriction on Use

This information is intended solely for the information and use of the County Commission and management of Henry County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

*(Original Signed by McBride, Lock & Associates, LLC)*

McBride, Lock & Associates, LLC

Missouri State Auditor

Dunklin County Sewer District

Report No. 2023-073

October 2023

[auditor.mo.gov](https://auditor.mo.gov)

**Scott Fitzpatrick**  
Missouri State Auditor

# CITIZENS SUMMARY

## Findings in the audit of the Dunklin County Sewer District

Missing and/or Misappropriated Money and Sewer Services	From January 1, 2017, through March 5, 2021, money and sewer services totaling at least \$62,579 were missing and/or misappropriated from the district and an estimated additional \$98,096 was not deposited and is likely missing from the district. Payroll overpayments totaling \$54,049 were made to the Bookkeeper; unsupported payments totaling \$4,567 were made to the Board President and the Bookkeeper; sewer services totaling \$3,063 were not paid by the Board President and Bookkeeper; and estimated and actual sewer security deposits and sewer receipts totaling \$98,996 were not deposited by the Bookkeeper.
Nepotism	In violation of the Missouri Constitution, the Board President hired and paid his wife to serve as the Bookkeeper from August 2008 to March 5, 2021. In addition, from March 2020 until March 2021, 14 checks issued to the Bookkeeper, totaling \$23,743, were signed by the Board President. Timesheets or other records of work performed were not prepared or retained to support these payments.
Financial Condition	The sewer district was in poor financial condition as its short-term liabilities significantly exceeded its available cash. The Board failed to monitor the district's cash balances and evaluate whether sewer rates were sufficient to meet district costs. As a result, the district was placed in receivership.
Oversight, Annual Audits, and Bonding	At least 2 vacant Board positions were not filled for more than 4 years leaving the citizens of the district without adequate leadership, representation, and accountability; the existing Board members did not establish adequate oversight over district operations; and only 1 Board member's signature was required on district checks. Also, Board members that signed checks from January 2017 to February 2020, indicated in sworn testimony they signed blank checks in advance and signed other checks without reviewing the related invoices, and the Board President signed most checks from March 2020 until March 2021, including checks issued to himself and his wife. The Board also did not obtain annual audits as required by state law and United States Department of Agriculture (USDA) bond agreements, and did not obtain bond coverage for district officials responsible for receipts and disbursements.
Payroll and Related Matters	The Bookkeeper did not ensure payroll tax forms were filed and payroll taxes were remitted timely to the IRS. As a result the sewer district was assessed \$756 in penalties, \$287 in interest, and \$1,881 in additional taxes. Also, as of July 8, 2022, at least \$10,252 was still due to the IRS and significant interest and penalties were still accruing. Additionally, the Bookkeeper did not prepare timesheets or documentation of work performed to support payments made; the district did not maintain/retain personnel policies and personnel files; and the Bookkeeper issued herself pay advances on numerous occasions in violation of the Missouri Constitution.

## Accounting Controls and Procedures

The district's procedures for receipting, recording, and depositing money were poor. The Bookkeeper did not prepare bank reconciliations for any of the district's bank accounts, maintain a checkbook register or book balances, always issue checks in numerical order, or prepare a list of bills or monthly financial reports for Board review. The Board and the Bookkeeper failed to monitor the sewer district's cash balances and incurred almost \$1,700 in overdraft and minimum balance fees. Additionally, the Bookkeeper did not maintain a listing of refundable customer security deposits held in the Deposit account and made \$10,200 of improper transfers from these restricted funds. We estimated a shortage of \$21,987 in customer security deposits in that account. The Bookkeeper and Board also did not make required bond payments, did not fund bond accounts in accordance with bond agreements, and did not maintain/retain district records.

In the areas audited, the overall performance of this entity was **Poor**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the Honorable Mayor  
and  
Members of the City Council  
City of Malden, Missouri

We have audited certain operations of the Dunklin County Sewer District as they relate to the sewer district's finances in fulfillment of our duties under Chapter 29, RSMo. The City of Malden was appointed receiver of the Dunklin County Sewer District on March 5, 2021, and on April 19, 2021, passed a resolution requesting an audit be conducted by the State Auditor's Office. The scope of our audit included, but was not necessarily limited to, the period January 1, 2017, through March 5, 2021. The objectives of our audit were to:

1. Evaluate the district's internal controls over significant management and financial functions.
2. Evaluate the district's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.
4. Determine the extent of money missing and/or misappropriated from the district, if any.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the district, as well as certain external parties; verifying sewer payments with customers; analyzing comparative data obtained from external sources; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the former district's Board members and Bookkeeper, and was not subjected to the procedures applied in our audit of the sewer district.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, (3) the need for improvement in management practices and procedures, and (4) missing and/or misappropriated money and sewer services totaling at least \$62,579 and additional estimated missing money totaling at least \$98,096. The accompanying Management Advisory Report presents our findings arising from our audit of the Dunklin County Sewer District.

A handwritten signature in black ink, reading "Scott Fitzpatrick". The signature is written in a cursive, flowing style.

Scott Fitzpatrick  
State Auditor

# Dunklin County Sewer District

## Introduction

---

### Background

The Dunklin County Sewer District was reorganized in 2012. A 5-member Board of Trustees was initially appointed with staggered 5-year terms, with 1 new board member to be elected each April by the district's residents. However, from at least January 2017 to November 2020 (when 2 Board members resigned), the district was operated by a 3-member Board, comprised of 2 Board members and the Board President. No elections or appointments were held/made to fill the 2 Board vacancies. The 3-member Board acted as the policy and decision-making body for the district's operations until November 2020, when the 2 Board members resigned, leaving the Board President and Bookkeeper to solely operate the district until March 5, 2021. The former district Board members are referred to as Board members throughout the remainder of this report.

The former Board President, Korey Adams, was appointed on August 27, 2007, and served through March 5, 2021. The former Bookkeeper (the Board President's wife), Jennifer Adams, began employment with the district in August 2008 and served until March 5, 2021, when the district was placed into receivership. The former Board President and Bookkeeper were primarily responsible for the financial accounting functions and records of the district prior to March 5, 2021, and are referred to as Board President and Bookkeeper throughout the remainder of this report.

- Sewer - Sewer meters were read by sewer maintenance employees every few years during the months of January through March, and the average usage from these readings were used to determine a flat monthly sewer rate for each customer. The Bookkeeper notified sewer customers of the monthly sewer billing amount to be paid. Sewer rates were not changed from January 2017 to February 2021. The City of Malden accepted and treated the district's wastewater for a monthly charge as set forth in an intergovernmental service agreement. No accounting records of sewer billings or receipts from January 1, 2017, until March 5, 2021, were retained by the district or turned over to the City of Malden at the time of the receivership.
- Receipts - Sewer customers were required to mail sewer payments to the district post office box or place sewer payments into a drop box at the district office. The Bookkeeper periodically collected the payments from the post office or drop box and prepared deposits. The Board President and the Bookkeeper took the deposits to the bank.
- Disbursements - The Bookkeeper maintained disbursement documentation, prepared and distributed checks, and transferred money between bank accounts. District checks only required 1 signature. From January 2017 to February 2020, 1 of the 2 Board members signed most of the checks. The 2 Board members who signed checks indicated, in sworn testimony, they often signed blank checks in advance and signed

## Dunklin County Sewer District Introduction

checks without reviewing the related supporting documentation/invoices. In March 2020, the district opened a new General bank account, and the Board President prepared and signed almost all checks issued from this account from March 2020 to March 2021.

- Payroll - The 2 sewer maintenance employees prepared and submitted timesheets to the Bookkeeper. The Bookkeeper prepared and distributed payroll checks and 1 of the 2 Board members or the Board President signed payroll checks. The Bookkeeper reported payroll to an accounting firm that prepared quarterly and annual payroll tax forms. The Bookkeeper was responsible for filing these payroll tax forms and remitting taxes to the applicable government agency.
- Bank accounts - The Bookkeeper and Board President received monthly bank statements. The district changed banks for the General account (the district's operating account) twice between January 2017 and March 5, 2021. A Board member indicated the district changed banks to avoid garnishments from the City of Malden. The district also maintained 3 other bank accounts (Bond, Deposit, and Replacement accounts) for money related to the district's sewer bonds and security deposits.
- Reporting - The Board failed to retain meeting minutes from at least January 1, 2017, through March 5, 2021, or turn the minutes over to the City of Malden at the time of receivership. The Board and Bookkeeper did not publish financial statements or file annual financial reports with the State Auditor's Office (SAO) for the 4 years ended December 31, 2020, 2019, 2018, and 2017, and 2 Board members indicated financial reports were typically not prepared for board meetings. Also, only an incomplete budget spreadsheet that did not contain statutorily required elements was prepared.

## Receivership

The Thirty-Fifth Judicial Circuit, Dunklin County, placed the district into receivership and named the City of Malden as the receiver on March 5, 2021. Under this order, all responsibilities, functions, duties, powers, and authority of the district Board were transferred to the receiver. Pursuant to the judgment rendered by the Circuit Court, the City applied for and received authorization to garnish the district's bank accounts for the unpaid balance owed for wastewater flow and treatment. The district provided the City of Malden a list of 253 sewer customers as of March 2021, indicating the monthly sewer rate charged to each customer, amounts due, and the accounts in arrears.

## Investigation and audit

In March 2021, the SAO Whistleblower Hotline received concerns about the operations and finances of the former Dunklin County Sewer District Board from officials at the City of Malden. The SAO subsequently conducted an initial review of these matters in April 2021, under Section 29.221, RSMo.

## Dunklin County Sewer District Introduction

---

After review of the documentation and communications provided, the SAO determined further investigation was warranted under Section 29.221, RSMo.

On April 19, 2021, the City of Malden, acting in its capacity as governing body of the sewer district pursuant to the Circuit Court's receivership order, adopted a resolution formally requesting and authorizing an audit by the SAO, and the SAO subsequently agreed to conduct the audit under Chapter 29, RSMo. The SAO began the audit in March 2022.

The SAO issued subpoenas to the Board President, the Bookkeeper, 3 Board members,<sup>1</sup> and a former maintenance employee<sup>2</sup> to compel them to provide testimony<sup>3</sup> and produce records and documents related to their testimonies (see Appendixes A through F). Representatives of the SAO took the testimony of the Board President and the Bookkeeper on August 22, 2022, and the testimony of 3 Board members and the former maintenance employee on August 1, 2022. Appendixes A through F include redactions. These redactions are of information of a personal, privileged, or sensitive nature, and/or information that is not directly related to the information requested in the subpoena.

The Missouri State Highway Patrol (MSHP) investigated and obtained personal bank records<sup>4</sup> of the Board President and Bookkeeper and provided those records to the SAO for review.

The district's fiscal year is January 1 through December 31.<sup>5</sup> The scope of our audit included, but was not necessarily limited to, the period January 1, 2017, through March 5, 2021. We applied procedures to district receipts, payroll, disbursements, and sewer transactions to identify/estimate the amount of missing and/or misappropriated money and sewer services and methods used to conceal such activity. The audit period includes months during the COVID-19 pandemic, which could have impacted sewer account activity; however, we used conservative estimates and other records to verify and support estimated missing money amounts during this period.

---

<sup>1</sup> John Blackiston, one of the former Board members interviewed, served on the Board from approximately 2007 to 2015, prior to our audit period.

<sup>2</sup> Ryan Blankinship, the former maintenance employee interviewed, was employed from 2015 until November 2020.

<sup>3</sup> Testimonies were given under oath and were recorded by a court reporter.

<sup>4</sup> Personal bank records were obtained for the period January 1, 2017, to March 30, 2021.

<sup>5</sup> The district's budget spreadsheet showed the district's fiscal year as a calendar year; therefore, we reported this as the district's fiscal year. However, a Board member indicated in sworn testimony, that he could not recall the time period of the district's fiscal year, and another Board member thought the district's fiscal year was from July 1 to June 30.

## Dunklin County Sewer District Introduction

---

No recommendations are provided for Management Advisory Report (MAR) finding numbers 2 through 6 (excluding MAR finding number 5.1) because those findings relate to the operations of the district prior to the City of Malden being appointed as the receiver of the district, and the Board of the sewer district is no longer active. Also, because the former sewer district Board has been dissolved and is no longer active, the recommendations for MAR finding numbers 1 and 5.1, are made to the Malden City Council.

# Dunklin County Sewer District

## Management Advisory Report

### State Auditor's Findings

#### 1. Missing and/or Misappropriated Money and Sewer Services

Money and sewer services totaling at least \$62,579<sup>6</sup> were missing and/or misappropriated from the district from January 1, 2017, through March 5, 2021, and an estimated, additional \$98,096 was not deposited during this time and is also likely missing. Payroll overpayments totaling \$54,049 were made to the Bookkeeper; unsupported payments totaling \$4,567 were made to the Board President and the Bookkeeper; sewer services totaling \$3,063 were not paid by the Board President and Bookkeeper; and estimated and actual sewer security deposits and sewer receipts totaling \$98,996 were not deposited.

The following table provides a summary of the amounts missing and/or misappropriated and identifies the appendixes where specific details are reported.

	Year Ended December 31,				January 1 through March 5, 2021	Total
	2017	2018	2019	2020		
Payroll overpayments to Bookkeeper (Appendix H)	\$ 30,799	7,531	7,343	7,369	1,007	54,049
Unsupported and questionable payments to Board President (Appendix I)	1,440	898	1,036	660	120	4,154
Unsupported and questionable payments to Bookkeeper (Appendix I)	99	0	59	255	0	413
Sewer services not paid	702	702	766	766	127	3,063
Undeposited sewer security deposits (Appendix J)	400	400	100	0	0	900
Estimated undeposited sewer security deposits	0	0	200	1,000	100	1,300
Estimated undeposited sewer receipts	21,474	12,315	36,164	25,815	1,028	96,796
Total	\$ 54,914	21,846	45,668	35,865	2,382	160,675

#### Payroll overpayments to Bookkeeper

The Bookkeeper overpaid herself \$54,049 from January 1, 2017, through March 5, 2021. We compared all checks written to the Bookkeeper to the lowest net salary amount (\$1,343<sup>7</sup>) reported to the accounting firm to

<sup>6</sup> Amounts presented in the report are rounded to the nearest dollar, whereas amounts presented in the appendixes are not rounded.

<sup>7</sup> The Bookkeeper reported her monthly salary to the district's accounting firm first as \$1,800, then \$1,500, and then \$2,000 per month; however, no documentation was retained to show the Board approved any of the changes, including the increase, in the Bookkeeper's monthly salary. Therefore, we used the lowest monthly gross salary of \$1,500 reported to the accounting firm by the Bookkeeper, which totaled \$1,343 after deductions, to determine the amount of overpayments. The Bookkeeper reported this amount to the accounting firm as her compensation at the approximate time period the Board identified overpayments as noted in the Repayment agreement section. The Bookkeeper was paid \$1,500 in January and February 2018.

Dunklin County Sewer District  
Management Advisory Report - State Auditor's Findings

determine the amount of overpayments. Payment details (included in Appendix H) were obtained from canceled checks made payable to the Bookkeeper. The Bookkeeper did not prepare timesheets and accounting records to support payments made to herself. In addition, none of the checks issued to the Bookkeeper from January 2017 to March 2021 agreed to the net amounts reported to the accounting firm.

A summary of the overpayments by year is shown in the following table:

Time Period	(1) Net Amount Paid to Bookkeeper	(2) Net Amount That Should Have Been Paid to Bookkeeper	Overpayment
2017	\$ 46,918	16,119	30,799
2018	28,850	16,119	12,731
2019	23,462	16,119	7,343
2020	23,488	16,119	7,369
January 1 to March 5, 2021	3,910	2,903	1,007
Total Overpayments	\$ 126,628	67,379	59,249
Repayments			(5,200)(3)
Net Overpayments	\$		54,049

- (1) Documentation showing the Bookkeeper's pay before deductions was not available for any payments made. As a result, we used net pay amounts for both the amounts paid and what should have been paid to ensure amounts presented were comparable.
- (2) The Bookkeeper's monthly gross salary in early 2018 was \$1,500, \$1,343.25 after deductions. We estimated an annual net salary of \$16,119 based on this monthly amount (\$1,343.25 each month for 12 months). The Bookkeeper's compensation was prorated for the period January 1 to March 5, 2021.
- (3) The Bookkeeper repaid \$5,200 in 2018, reducing the amount of overpayments.

### Overpayment methods

The Bookkeeper overpaid herself \$54,049 using different methods including issuing herself more than 1 check each month and issuing some checks for more than her monthly gross salary. For example, she issued herself 86 checks during the 50 months from January 2017 to February 2021, when only 50 checks should have been issued for her monthly payroll. She issued herself 40 checks in 2017, when only 12 monthly payments should have been issued that year. Also, 1 of the 4 checks issued in November 2017 was in the amount of \$450 and indicated "Xmas Bonus and mileage," but there was no documentation indicating the Board approved a bonus and/or to support a mileage reimbursement.

The Board President, who is the Bookkeeper's husband, signed the 13 checks, totaling \$23,488, issued to the Bookkeeper between March 1, 2020, and March 5, 2021. The two Board members who signed the remaining 73 checks,

---

## Dunklin County Sewer District Management Advisory Report - State Auditor's Findings

---

totaling \$103,140, indicated in sworn testimony, as noted in the Background section, they often signed blank checks in advance and signed checks without reviewing the related supporting documentation/invoices. As a result, it is likely some of these payments were signed without independent Board review.

In addition, some of the Bookkeeper's overpayments were a result of improper changes in compensation. Between January 1, 2017, and March 5, 2021, the Bookkeeper reported her monthly salary to the district's accounting firm first as \$1,800, then \$1,500, and then \$2,000 per month. However, Board meeting minutes were not maintained/retained to demonstrate the Board approved any of the changes in the Bookkeeper's monthly salary, a complete personnel file was not maintained to document the Bookkeeper's approved salary, and the Board did not establish compensation by ordinance.

In sworn testimony, a Board member indicated the Bookkeeper was to be paid "either \$1,400 a month or \$1,600 a month. I can't remember which one of those two figures it was." Another Board member indicated the Bookkeeper's compensation was "somewhere around \$1,700 a month or something like that." The Board President indicated he didn't know what amount she was supposed to be paid each month, but indicated it may have been about \$1,500 a month.

Also, bonus pay, as discussed above, represents additional compensation for services previously rendered and, as such, is in violation of Article III, Section 39, of the Missouri Constitution, and contrary to Attorney General's Opinion No. 72-1955 (June 14, 1955), which states, ". . . a government agency which derives its power and authority from the Constitution and laws of this state would be prohibited from granting extra compensation in the form of bonuses to public officers or servants after the service has been rendered."

### Repayment agreement

In sworn testimony, 2 Board members indicated overpayments to the Bookkeeper were previously identified, and the district entered into a written agreement with the Bookkeeper for repayment. Both of the Board members provided us a copy of the repayment agreement in response to subpoenas. This repayment agreement was not turned over to the City of Malden when the city was appointed receiver of the district.

As shown in Appendix G, the Bookkeeper signed the written agreement in April 2018, to repay the district \$27,892<sup>8</sup> for overpayments made to herself. The agreement provided for a monthly payment of at least \$1,200 to be paid

---

<sup>8</sup>We could not determine how the Board arrived at this amount, and former Board members could not explain how the amount was calculated. As a result, we did not use this amount to determine overpayments. The overpayment amounts in this report were calculated based on our analysis of applicable records.

Dunklin County Sewer District  
Management Advisory Report - State Auditor's Findings

to the district and a payment of \$13,492 in April 2019, if the balance had not been paid previously. The agreement was signed by all the Board members, including the Board President, and indicated the Board intended to turn over any unpaid amounts due for collection and/or prosecution.

A review of the district's and Bookkeeper's bank accounts show the Bookkeeper only paid \$5,200 of the \$27,892 amount due, leaving \$22,692 unpaid. The Board did not take any steps to collect the remaining balance due or refer the overpayments for collection or prosecution. We issued a subpoena to the Bookkeeper on August 22, 2022, requiring her to produce any documentation pertaining to payments made to the district regarding this agreement; however, she did not provide any documentation.

Amounts reported to  
accounting firm

The Bookkeeper did not report \$43,979 of the net payments made to herself to the accounting firm.<sup>9</sup> Amounts paid compared to reported amounts are shown in the following table.

Time Period	Net Amount Paid to Bookkeeper	Net Amount Reported to Accounting Firm	Difference in Net Amount Paid and Reported
2017	\$ 46,918	19,444	27,474
2018	28,850	15,703	13,147
2019	23,462	19,524	3,938
2020	23,488	19,524	3,964
January to March 2021	3,910	3,254	656
Less amount repaid	(5,200)	0	(5,200)
Total	\$ 121,428	77,449	43,979

Unsupported and  
questionable payments to  
Board President and  
Bookkeeper

Supporting documentation was not available for 28 checks, totaling \$4,154, issued to the Board President and 3 checks, totaling \$413, issued to the Bookkeeper (see Appendix I). The memo line of some of the checks indicated the purpose of these checks was cellular phone allowance, mileage reimbursement, and reimbursement for mowing and other expenses. Of the 28 checks issued to the Board President, 5, totaling \$780, were signed by the Board President.

Several of the checks issued to the Board President indicated they were for reimbursement of his personal cellular phone that he stated in sworn testimony was \$60 per month. However, 2 Board members indicated in sworn testimony, they did not remember approving a cellular phone allowance for the Board President, and the Board failed to maintain/retain any meeting

<sup>9</sup> We could not determine the gross amounts paid; therefore, we are reporting net amounts paid and reported. The Bookkeeper reported gross amounts to the accounting firm of \$21,600 in 2017, \$19,000 in 2018, \$24,000 in 2019 and 2020, and \$4,000 in 2021.

---

Dunklin County Sewer District  
Management Advisory Report - State Auditor's Findings

---

minutes indicating the Board approved cellular phone allowances. The Board President did not submit documentation of the cost of his personal cellular phone bill to support the allowance.

Some of the Bookkeeper's payroll checks included notations of mileage reimbursements in the memo line indicating the payroll also included mileage reimbursements.<sup>10</sup> These unsupported amounts are included in the overpayments total.

#### Sewer services not paid

The Board President and the Bookkeeper did not pay \$3,063 for sewer services during the 50-month period of January 2017 through February 2021. The Board President and the Bookkeeper only made 2 payments totaling \$127 for sewer services during this 50-month period. A \$64 check payment was deposited on May 10, 2017, and a \$63 check payment was deposited on March 27, 2018. We issued a subpoena to the Bookkeeper on August 22, 2022, to produce any documentation of sewer payments made to the district; however, she did not provide documentation. We calculated the unpaid services for the Board President and the Bookkeeper by taking their monthly sewer rate of \$63.80 (amount reported to the City of Malden in March 2021), multiplying it by 50 months, and then reducing the total by the \$127 they paid over that period. The monthly sewer rate did not change from January 2017 through February 2021.

#### Undeposited and estimated undeposited sewer security deposits

The Bookkeeper did not deposit \$900 and an estimated \$1,300 in sewer security deposits collected during the period January 2017 through February 2021, and the money is missing. For the periods in which complete sewer security deposit records were not available, we estimated the amount of undeposited sewer security deposits that are likely missing.

#### Undeposited sewer security deposits

The Bookkeeper did not deposit \$900 in sewer security deposits collected and recorded on deposit slips between January 2017 and October 2019 (see Appendix J).

The district collected a \$100 sewer security deposit from all new sewer customers. The Bookkeeper recorded 37 sewer security deposits (\$3,700) on bank deposit slips by utility customer name. We reviewed district deposit slips and the contents of the deposits and noted 28 of the 37 sewer security deposits received were paid by check (\$2,800) and were deposited. The remaining 9, totaling \$900, were not deposited, are missing, and were likely cash payments.

---

<sup>10</sup> The amounts of reimbursement or mileage included in the payroll checks are unknown, and as a result, any amounts included in the checks are shown as overpayments in Appendix H.

Dunklin County Sewer District  
Management Advisory Report - State Auditor's Findings

Estimated undeposited sewer  
security deposits

The Bookkeeper did not deposit an estimated \$1,300 in sewer security deposits during the 16 months from November 2019 to February 2021 (the time period in which sewer security deposit records were not available).

We conservatively estimated the security deposit amounts received and not deposited by comparing expected sewer security deposit collections to any amounts deposited during the 16 months without records. To determine expected collections, we reviewed district sewer security deposit receipt history. Based on the amount of sewer security deposits recorded (\$3,700) during the 34-month period when records were available, we conservatively estimated that approximately \$100 a month could have been collected in sewer security deposits during the period in which records were not available. Therefore, during the 16-month period from November 2019 to February 2021, an estimated \$1,600 could have been collected.

We also considered Dunklin County Water Supply District #1 security deposit collections during the 16-month period in question because customers opening water accounts would likely need to open sewer accounts. The number of new customers for the water district should approximate the number of new sewer district customers. The Dunklin County Water Supply District #1 provided a list of at least 56 new water customers located within the sewer district boundaries who paid a water deposit during this 16-month period. Based on this list, up to \$5,600 in total security deposits could have been collected during the 16-month period.

The Bookkeeper only deposited 3 sewer security deposits during the period without records (2 \$100 payments in May 2020 and a \$100 payment in February 2021). We used the most conservative estimation method and estimated \$1,300 (\$1,600 estimated collections less the \$300 deposited) to be undeposited and missing.

Estimated undeposited  
sewer receipts

The Bookkeeper may not have deposited an estimated \$96,796 of sewer receipts from January 2017 to February 2021. Sewer billings and receipts were not prepared/retained by the Bookkeeper for this 50-month time period.

We estimated monthly sewer receipts<sup>11</sup> based on the average sewer payment deposited per customer (\$65.65)<sup>12</sup> and 232 customers.<sup>13</sup> We compared this to

<sup>11</sup> Estimated monthly sewer receipts totaled \$15,231 (\$65.65 each month for 232 customers).

<sup>12</sup> We calculated the average sewer payment per customer of \$65.65, by dividing the total amount of payments deposited during the 33-month period of January 2017 to September 2019 (\$450,969.97) by the total number of payments deposited (6,869).

<sup>13</sup> The district reported 253 customers to the City of Malden in March 2021. To ensure our estimate was reasonable and to account for possible uncollected or uncollectable billings, we reduced the number of customers by the 21 customers who were in arrears for more than 5 months as of March 2021.

Dunklin County Sewer District  
Management Advisory Report - State Auditor's Findings

actual deposits and determined an estimated \$96,796 may be missing for the 50-month period as shown:

Time Period	(1) Estimated Sewer Receipts Collected	Less Sewer Receipts Deposited	Estimated Undeposited Sewer Receipts
2017	\$ 182,772	161,298	21,474
2018	182,772	170,457	12,315
2019	182,772	146,608	36,164
2020	182,772	156,957	25,815
January to February 2021	30,462	29,434	1,028
Total	\$ 761,550	664,754	96,796

(1) Estimated monthly sewer receipts collected (\$15,231) multiplied by the number of applicable months (12 or 2).

The estimated undeposited sewer receipts, which may have been cash receipts, represent approximately 13 percent of the amount of the total estimated sewer receipts collected. Our review of sewer receipts deposited during this 50-month period (January 2017 to February 2021) showed no cash was deposited in 2017, 2018, 2019, and the first 4 months of 2020, and only \$1,215 of cash was deposited from May 2020 to March 5, 2021, which was less than 1 percent of the money deposited during this time period.

Our review of sewer receipts collected by the City of Malden from July 2021 to June 2022 (after the City of Malden was appointed receiver) showed an average of \$18,608<sup>14</sup> in sewer receipts collected each month or \$223,296 annually (adjusted for a July 2021 rate change), with \$3,536 or 19 percent being cash. This indicates sewer receipts and cash collected were likely higher than what was deposited from January 2017 to February 2021. No rate changes occurred during this time period to explain the differences. In addition, in response to our inquiries, some sewer customers stated that cash payments were made for district sewer services, and City of Malden officials also indicated sewer customers had reported making cash payments to the district for sewer services.

#### Personal bank account

A review of the Bookkeeper's and the Board President's personal bank accounts noted cash deposits totaling \$29,146 from January 2017 to March 2021. Prior to our receipt of personal bank records, the Bookkeeper indicated in sworn testimony, "You may see some checks for me from if I had done something for somebody or something but it would be checks. I don't put cash

<sup>14</sup> Average monthly collections for the period of July 2021 to June 2022 were \$25,493. For comparison purposes, we reduced this amount by the rate increase that was effective in July 2021.

## Dunklin County Sewer District Management Advisory Report - State Auditor's Findings

in there." In addition, the Board President indicated in sworn testimony, prior to our receipt of personal bank records, that neither he nor his wife were paid in cash or made cash deposits, and they would only have made electronic or check deposits. The Board President and Bookkeeper were not questioned again after personal bank records were obtained.

Cash deposited into the Bookkeeper's and Board President's personal accounts were as follows:

Time Period	(1) Cash Deposited into Personal Bank Accounts
2017	\$ 7,104 (2)
2018	9,063 (2)
2019	4,569
2020	7,560
January 1 to March 5, 2021	850
Total	\$ 29,146

- (1) Includes all personal bank accounts with the Bookkeeper and/or the Board President's names listed on the account.
- (2) Amount was reduced for district checks issued to the Bookkeeper and subsequently cashed, which may have been deposited into personal bank accounts.

### Conclusion

The lack of segregation of duties and adequate controls, and the absence of proper oversight, as discussed in the remainder of this report, resulted in payroll overpayments, unsupported payments, sewer services not paid, and undeposited sewer security deposits and sewer receipts.

### Recommendation

The Malden City Council continue to work with law enforcement officials regarding criminal prosecution of missing and/or misappropriated money and non-payment of sewer services, and take the necessary actions to obtain restitution.

### Auditee's Response

*We will continue to work with law enforcement officials regarding criminal prosecution of missing and/or misappropriated money and non-payment of sewer services, and take the necessary actions to obtain restitution.*

## 2. Nepotism

The Board President hired and paid his wife to serve as the Bookkeeper from August 2008 to March 5, 2021. In addition, from March 2020 until March 2021, 14 checks,<sup>15</sup> totaling \$23,743, issued to the Bookkeeper were signed by the Board President. As noted in MAR finding number 1, timesheets or other

<sup>15</sup> These 14 checks include the 13 discussed in MAR finding number 1 as overpayments (see Appendix H) plus an additional questionable payment discussed in MAR finding number 1 (See Appendix I).

---

Dunklin County Sewer District  
Management Advisory Report - State Auditor's Findings

---

records of work performed and reimbursement claim forms and/or the related invoices were not prepared/retained to support these payments.

Article VII, Section 6, of the Missouri Constitution, provides that any public official who names or appoints to public office or employment any relative within the fourth degree shall forfeit his or her office. Discussions and decisions concerning situations in which potential nepotism exist should be completely documented so that the public has assurance that no district official has benefited improperly. In addition, Section 105.452.1(4), RSMo, mandates that no elected official of any political subdivision shall favorably act on any matter that is so specifically designed so as to provide a special monetary benefit to such official or his spouse. The Missouri Supreme Court has stated, "A public officer owes an undivided loyalty to the public whom he serves and he should not place himself in a position which will subject him to conflicting duties or expose him to the temptation of acting other than in the best interests of the public." *State ex rel. St. Louis County v. Kelly*, 377 S.W. 2nd 328, 332 (MO 1964) (quoting 43 Am. Jur., Public Officers, § 266, p. 81).

Personal interests in business matters of the sewer district created the appearance of and actual conflicts of interest. A Board member expressed concerns about possible nepotism in sworn testimony; however, the Board failed to take action to address or provide independent and supervisory reviews over transactions involving the Board President and his wife.

---

### 3. Financial Condition

The sewer district was in poor financial condition as its short-term liabilities significantly exceeded its available cash. The Board failed to monitor the district's cash balances and evaluate whether sewer rates were sufficient to meet district costs. As a result, the district was placed in receivership. The following table presents the short-term liabilities and cash balances of the district at December 31 of each year from 2017 to 2020:

Dunklin County Sewer District  
Management Advisory Report - State Auditor's Findings

	Year Ended December 31,			
	2017	2018	2019	2020
Short-Term Liabilities:				
Customer Deposits (1)	\$ 25,300	25,300	25,300	25,300
City of Malden (2)	32,710	69,894	108,924	142,921
USDA Bond Payments (3)	0	0	5,798	15,620
Debt Service Reserve (3)	61,530	62,622	63,714	64,806
Replacement and Extension (3)	38,220	44,100	49,980	55,860
Total Short Term Liabilities	\$ 157,760	201,916	253,716	304,507
Cash Balances	\$ 10,046	27,537	22,648	21,644

- (1) This amount is estimated based on the number of customers as of March 2021 and the required sewer deposit amount. The district reported 253 customers to the City of Malden in March 2021. No other documentation of the number of customers was maintained. The district collected \$100 for each sewer deposit (253\*\$100).
- (2) Amounts due for city-provided wastewater flow and treatment used to operate the sewer system.
- (3) See MAR finding number 6.5 for an explanation of these requirements.

In addition to the current liabilities noted above, as of July 2022, the district owed the Internal Revenue Service (IRS) at least \$10,000 in past due payroll taxes, interest, and penalties (see MAR finding number 5.1). As noted in the Background section, the district changed banks twice between January 1, 2017, and March 5, 2021, and a Board member indicated the district changed banks to avoid garnishments from the City of Malden.

As a result of not properly monitoring the district's finances, the Board was unaware of undeposited receipts, the overpayments discussed in MAR finding number 1, and whether sewer rates were sufficient to operate the district. Section 67.042, RSMo, provides that fees may be increased if supported by a statement of costs that shows the increase is necessary to cover costs of providing the service. Continued Board vacancies and the lack of independent leadership and accountability contributed to the Board's failure to properly monitor the district's financial condition.

## 4. Oversight, Annual Audits, and Bonding

At least 2 vacant Board positions were not filled for over 4 years, and the existing Board members did not establish adequate oversight over district operations. The Board also did not obtain annual audits as required by state law, and did not obtain bond coverage for district officials responsible for receipts and disbursements.

### 4.1 Oversight and segregation of duties

The Board did not establish adequate segregation of duties or independent supervisory reviews over the various financial accounting functions performed by the Board President and his wife, the Bookkeeper; and signed checks in advance. In addition, from at least 2017 through 2020, the 5-

---

## Dunklin County Sewer District Management Advisory Report - State Auditor's Findings

---

member Board had at least 2 vacant Board positions leaving the citizens of the district without adequate leadership, representation, and accountability. As a result, sewer district money was not handled and accounted for properly and discrepancies were not discovered in a timely manner.

Only 1 Board member's signature was required on district checks. From January 2017 to February 2020, 1 of the 2 Board members signed most of the checks; however, both Board members indicated in sworn testimony they signed blank checks in advance and signed other checks without reviewing the related invoices. In March 2020, a new bank account was opened, and the Board President signed 116 of the 119 checks, totaling \$130,924, issued from that date until February 16, 2021, including 19 checks issued to himself or his wife totaling \$24,523. There was no evidence these payments were reviewed by the other Board members prior to or after these payments were made.

Proper segregation of duties and/or timely supervisory or independent reviews would have helped ensure transactions were accounted for properly and assets were adequately safeguarded. Good management practices require extensive and detailed oversight by the Board. Signing blank checks in advance and requiring only 1 signature on checks were significant control weaknesses and allowed improper or unsupported disbursements to occur as noted in MAR finding number 1. Some Board members expressed concerns about the district practices in sworn testimony; however, they failed to take action to address the concerns or provide independent and supervisory reviews over transactions, including those involving the Board President and his wife.

### 4.2 Annual audits

The district did not obtain annual audits of its sewer system as required by state law and United States Department of Agriculture (USDA) bond agreements. District officials did not know when the last audit of district finances occurred.

Section 250.150, RSMo, requires the district to obtain annual audits of the sewer system, with the cost paid from revenues received from the system. The district was also required to obtain annual audits as a condition of USDA bonds. Board vacancies and the lack of independent leadership and accountability contributed to the Board's failure to obtain annual audits as required.

### 4.3 Bonding

The Board did not ensure all individuals with access to district money, including the Board President, a Board member, and the Bookkeeper were bonded. The only bonded official for the district was the Board Secretary/Treasurer. Had the district obtained bond coverage for all persons with access to money, some of the missing and/or misappropriated money and sewer services may have been covered and reimbursed by the bonding company. Continued Board vacancies and the lack of independent leadership

---

Dunklin County Sewer District  
Management Advisory Report - State Auditor's Findings

---

and accountability contributed to the Board's failure to properly bond all individuals with access to district money.

---

## 5. Payroll and Related Matters

Payroll controls and procedures were not adequate.

### 5.1 Payroll taxes

The Bookkeeper did not ensure payroll tax forms were filed and payroll taxes were remitted to the IRS timely, as required. As a result, the sewer district was assessed \$756 in penalties, \$287 in interest, and \$1,881 in additional taxes. Also, as of July 8, 2022, at least \$10,252 was still due to the IRS and significant interest and penalties were still accruing.

It is possible the IRS will assess additional penalties and interest related to other late filings and remittances. For example, the IRS transcripts for the first, second, and fourth quarters of 2019, indicated, "Requested data not found," and it is possible the district failed to file or remit payroll taxes for these periods. The Bookkeeper also failed to file a tax form for the third quarter of 2019 and only remitted \$1,864 of the \$2,734 in taxes due. Also as noted in MAR finding number 1, the Bookkeeper did not report all of the amounts she paid to herself to the accounting firm for inclusion on her W-2 form; therefore, additional taxes, interest, and penalties may be owed by the district on those payments.

The Internal Revenue Code requires employers to file a 941 form by the last day of the month following the end of the quarter, along with payment of Social Security and Medicare taxes withheld from employees and the employer's share, as well as federal income taxes withheld. The IRS requires employers to report all compensation on W-2 forms and withhold and remit income and payroll taxes. Controls and procedures to ensure taxes and forms are remitted and filed properly are necessary to prevent unnecessary penalties and interest.<sup>16</sup> Board vacancies and the lack of independent leadership and accountability contributed to the Board not ensuring the Bookkeeper filed the payroll returns, remitted payroll taxes timely to the IRS, and accurately reported her compensation.

### 5.2 Timesheets

The Bookkeeper did not prepare timesheets or other documentation of work performed to support payments made, which helped conceal the overpayments as noted in MAR finding number 1.

Without adequate timesheets or other documentation of work performed, the district could not ensure hours worked were accurate and properly documented. In addition, Fair Labor Standards Act (FLSA) regulation

---

<sup>16</sup> 26 CFR Section 31.6011(a)-1, 26 CFR Section 31.6071(a)-1, 26 CFR Section 31.6151-1(a).

## Dunklin County Sewer District Management Advisory Report - State Auditor's Findings

Section 29 CFR Section 516.2(a) requires employers to maintain accurate records of actual time worked by employees. Board vacancies and the lack of independent leadership and accountability contributed to the Board's failure to require sufficient documentation of the Bookkeeper's time worked.

### 5.3 Personnel policies and files

The district did not maintain personnel policies to address the compensation of its employees, hours of work, timesheets or other records of time worked, leave records, and how overtime/compensatory time was to be calculated. As noted in MAR finding number 1, the Bookkeeper reported her own salary changes to the accounting firm 3 times during the period January 2017 through December 2020; however, no Board meeting minutes or other documentation were maintained/retained to support the changes. In addition, district officials did not retain complete personnel files for the district's 3 employees to document employee hire and termination dates and authorized compensation.

Written personnel policies are necessary to ensure equitable treatment of employees and prevent misunderstandings. Personnel files should at a minimum, contain documentation of the Board's authorization for hiring the employee, the employee's authorized pay rate, and any subsequent changes in pay rate. Continued Board vacancies and the lack of independent leadership and accountability contributed to the Board's failure to establish personnel policies and maintain personnel files.

### 5.4 Pay advances

The Bookkeeper issued herself pay advances on numerous occasions between January 2017 and March 2021, in violation of the Missouri Constitution. The Bookkeeper was to be paid at the end of each month for the time worked that month. However, checks were often issued prior to the end of the month in which services were provided. For example, 1 check for \$1,955 written on May 10, 2018, indicated on the check memo line that it was for "Payroll May" and another check for \$1,955 written on July 15, 2018, indicated on the check memo line that it was for "July Payroll." Both checks were issued in advance of the Bookkeeper working her required hours. No other employees received advance payments.

Advance payments are loans of district funds. The district had no statutory authority to make loans and Article VI, Sections 23 and 25 of the Missouri Constitution, specifically prohibit counties, cities, or other political subdivisions of the state from granting public money or things of value to any corporation, association, or individual. Some of these advance payments are included as part of the misappropriations noted in MAR finding number 1. Continued Board vacancies and the lack of independent leadership and accountability allowed payroll advances to occur without detection.

Dunklin County Sewer District  
Management Advisory Report - State Auditor's Findings

---

## Recommendation

- 5.1 The Malden City Council ensure district payroll tax returns are filed and district payroll taxes are remitted to the IRS timely, and take immediate action to pay amounts due. In addition, the Bookkeeper's W-2 forms should be amended as appropriate.

## Auditee's Response

- 5.1 *We will use our best efforts to ensure district payroll tax returns are filed and district payroll taxes are remitted to the IRS timely, and take immediate action to pay amounts due. In addition, we will make our best effort to have the Bookkeeper's W-2 forms amended as appropriate.*

---

## 6. Accounting Controls and Procedures

Accounting controls and procedures were not adequate. During the period January 1, 2017, through December 31, 2020, sewer district deposits totaled approximately \$800,000 and disbursements totaled approximately \$857,000.

### 6.1 Receipting, recording, and depositing

The district's procedures for receipting, recording, and depositing money were poor. As a result, money was not properly receipted, recorded, and deposited.

- The Bookkeeper did not issue receipt slips for sewer payments received or maintain/retain a comprehensive record of customer sewer payments. As a result, neither the completeness nor the composition of sewer payments received could be compared to the composition of deposits.
- The Bookkeeper did not deposit sewer payments intact or timely. For example, a check dated March 22, 2020, was not deposited until April 28, 2020, while other checks dated around this date were deposited on March 23, March 31, or April 14, 2020. For the 48-month period from January 2017 through December 2020, deposits were only made once a month in 7 months, and were only made twice a month in an additional 18 months.

Failure to implement adequate receipting, recording, and depositing procedures increased the risk that loss, theft, or misuse of money received would occur and go undetected. Continued Board vacancies and the lack of independent leadership and accountability contributed to the Board's failure to ensure the Bookkeeper was keeping proper accounting records and depositing receipts intact and timely.

### 6.2 Bank reconciliations, checks, and accounting records

The Bookkeeper did not prepare bank reconciliations for any of the district's bank accounts, maintain a checkbook register or book balances, or always issue checks in numerical order.

Bank reconciliations performed by someone independent of the receipting and disbursing functions would have helped ensure receipts and

## Dunklin County Sewer District Management Advisory Report - State Auditor's Findings

disbursements were properly handled and recorded, and would have increased the likelihood errors were identified and corrected timely. Maintaining a checkbook register and book balance would have aided in preparing the monthly bank reconciliations and monitoring the bank balances. In addition, issuing checks in numerical sequence would have helped to properly account for all disbursements and reduce the risk of unauthorized transactions. Continued Board vacancies and the lack of independent leadership and accountability contributed to the Board not requiring the Bookkeeper to prepare bank reconciliations and a checkbook register or book balances, and issue checks in numerical order.

### 6.3 Board review and approval process

The Bookkeeper did not prepare a list of bills or monthly financial reports for Board review. During sworn testimony, 2 Board members indicated the Bookkeeper did not provide financial reports or bank statements for their review from 2018 to November 2020. In addition, as previously mentioned, these 2 Board members also indicated, in sworn testimony that they signed blank checks in advance and did not review related invoices when they signed checks.

The Board and the Bookkeeper also failed to monitor the sewer district's cash balances. As a result, the sewer district incurred \$1,664 in overdraft fees and \$35 in minimum balance fees between January 2017 and February 2021. Had the Board reviewed the bank statements, it could have identified and questioned the improper payments and the declining cash balances.

By approving all disbursements and reviewing supporting documentation, bank information, and canceled checks the Board could have helped safeguard against possible loss or misuse of funds and prevent bank account overdraft and minimum balance charges. Continued board vacancies and an overall lack of independent leadership and accountability contributed to the Board's failure to ensure necessary financial documentation was prepared and reviewed.

### 6.4 Sewer security deposits and transfers of restricted funds

The Bookkeeper did not maintain a listing of refundable customer security deposits to reconcile to balances held in the Deposit account. In addition, the Bookkeeper made 5 transfers between August 2017 and August 2019, totaling \$10,200, from the Deposit account to the district's General account. These transfers of restricted funds allowed some of the improper disbursements to continue to occur and not be detected.

The district collected \$100 security deposits from new sewer customers and deposited this money into the Deposit account. As noted in the Background section, the district provided a report to the city in March 2021 indicating the district had 253 customers. We estimated \$25,300 in total sewer security deposits should have been on hand (253 customers at \$100 each) in February 2021 in the Deposit account. However, as of February 8, 2021, the Deposit

## Dunklin County Sewer District Management Advisory Report - State Auditor's Findings

account only had a balance of \$3,313, resulting in an estimated shortage of \$21,987. From September 18, 2019, to February 8, 2021, there was no activity in this account and the balance remained \$3,313.

Refundable sewer security deposits are restricted funds held for customers. Periodic reconciliation of customer security deposit balances to district accounting records would have helped ensure adequate funds were available for refunds and would have allowed for prompt detection of discrepancies. In addition, adequate documentation of the purpose of transfers and Board approval of the transfers prior to their execution would have helped ensure district funding was used for the intended purpose. Continued Board vacancies and the lack of independent leadership and accountability contributed to the lack of appropriate documentation and reconciliation of customer security deposits, and allowed the deposit shortages and inappropriate transfers of restricted money to go undetected.

### 6.5 Bond requirements

The Bookkeeper and Board did not make required bond payments and did not fund bond accounts in accordance with bond agreements.

#### Bond payments

As of March 1, 2021, the district owed \$15,620 to the USDA for 3 bonds because the authorized electronic monthly bond payments, totaling \$26,620, from October 2019 and March, April, May, and June 2020, were returned for insufficient funds. The district subsequently made payments towards the balance due but did not repay the full amount.

#### Bond funding requirements

The district did not fund the debt service reserves (Bond account) in accordance with the bond agreements and the Bookkeeper failed to make regular monthly payments to the Replacement account as required. The Bookkeeper also improperly transferred \$52,910 of funds from the Bond account to the General account.

The 2001 Series A bond agreement indicated the district was required to fund a debt service reserve with \$343 monthly payments until it was fully funded at \$41,160. The 2001 Series B bond agreement indicated the district was required to fund a debt service reserve with \$147 in monthly payments until it was fully funded at \$17,640. Both reserves should have been fully funded by 2012. The 2015 bond agreement indicated the district was required to fund a debt service reserve with \$91 in monthly payments until it was fully funded at \$10,920 in 2025. During 2017, the Bookkeeper deposited \$2,028 to the Bond account for debt service reserves, but also improperly transferred \$50,450 to the General account instead of retaining that money in the account as required. The Bookkeeper improperly transferred an additional \$2,460 from the account in 2018.

Dunklin County Sewer District  
Management Advisory Report - State Auditor's Findings

The following table reflects the district's cash balances in the Bond account (debt service reserves) compared to the required debt service reserves for the 3 bonds as of December 31, 2016, 2017, 2018, 2019, and 2020:

	Year Ended December 31,				
	2016	2017	2018	2019	2020
Bond account balance	\$ 50,691	2,269	5,816	10,336	10,352
Required balance for debt service reserves	60,438	61,530	62,622	63,714	64,806

The Bookkeeper also failed to sufficiently fund the Replacement account for replacement and extension requirements. Both 2001 bond agreements required the district to fund a replacement and extension account (Replacement account) with the same monthly payments (\$343 and \$147) after the debt service reserve was fully funded.

The following table reflects the cash balances in the Replacement account as compared to the required replacement and extension amounts<sup>17</sup> at December 31, 2016, 2017, 2018, 2019, and 2020.

	Year Ended December 31,				
	2016	2017	2018	2019	2020
Replacement account balance	\$ 2,945	2,248	4,154	6,970	6,981
Required balance of replacement and extension	\$ 32,340	38,220	44,100	49,980	55,860

Conclusion

Failure to comply with bond agreements could have put the district's financing at risk. Continued Board vacancies and the lack of independent leadership and accountability within the district allowed the noncompliance with bond requirements to occur without detection.

6.6 Record retention

The Bookkeeper and Board President did not maintain/retain and turn over to the City of Malden meeting minutes, policies, manual receipt slips, financial reports, bank statements, and supporting documentation for disbursements. During recorded interviews, former Board members indicated that the Board did have meeting minutes and financial reports were presented to the Board during some meetings. However, district officials failed to turn these records over to the City of Malden or the SAO, and the records could not be located.

<sup>17</sup> Amounts are calculated as the amount required if the district had fully funded the reserve accounts by 2012, as required.

---

## Dunklin County Sewer District Management Advisory Report - State Auditor's Findings

---

Record retention is necessary to ensure the validity of transactions and provide an audit trail. Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. Record retention schedules can be found on the Secretary of State's website.<sup>18</sup> It is unclear why records were not retained; however, the lack of records may have helped conceal the missing money and misappropriations discussed in MAR finding number 1.

---

<sup>18</sup> Office of the Missouri Secretary of State Local Records Preservation Program, Missouri State Archives, *Missouri Local Government Records Management Guideline* <<https://www.sos.mo.gov/CMSImages/LocalRecords/MoLocGovRecMgmtGuides.pdf>>, accessed July 25, 2023.

---

# Dunklin County Sewer District

## Organization and Statistical Information

---

The Dunklin County Reorganized Sewer District No. 1 was a common sewer district organized and governed under Chapters 204 and 250, RSMo. The district was located in Malden, Missouri. The district was reorganized in 2012, and was later placed in receivership on March 5, 2021. The district served 253 customers in February 2021.

### Board of Trustees and Personnel

The 3 Board members in place as of January 1, 2017, acted as the policy and decision making body for the district's operations until November 2020, when 2 Board members resigned, leaving the Board President and his wife, the Bookkeeper, to operate the district until a receiver was appointed by the court. Board members receive no compensation. Members of the Board and key personnel from January 2017 to November 2020, were:

Korey Adams, President  
Darlene Schroepel, Board member  
Yevgeny Sokolov, Board member

Jennifer Adams, Bookkeeper

### Financial Activity

A summary of the district's financial activity obtained from bank statements for the years ended December 31, 2017, 2018, 2019, and 2020, follows.

## Dunklin County Sewer District Organization and Statistical Information

Dunklin County Sewer District  
Schedule of Receipts, Disbursements, and Changes in Cash  
January 1, 2017, to December 31, 2020

- (1) The district changed banks twice from January 1, 2017, through December 31, 2020, resulting in the usage of 4 different general accounts over that time period. The General Account shown includes activity from all 4 general accounts.
- (2) The district had a Bond account and a Bond Reserve account; however, the Bond Reserve account had no activity. Therefore, we combined the 2 accounts to reflect the total amount on hand for debt service reserves.

Jennifer Adams Repayment Agreement

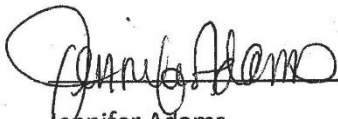

## PAYMENT AGREEMENT

I, Jennifer Adams, promise to pay to the order of Dunklin Country Sewer District #1 the amount of \$27,892.12 within one year from which this contract is signed and dated by both parties. These monies are due to Dunklin County Sewer District #1 for overpayment of services rendered.

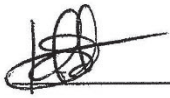

The agreement is to pay at least \$1,200.00 monthly with a balloon payment of \$13,492.12 if not paid within the 12 month period.

I understand that if payments are not made and note paid in full by the due date, said agreement will be turned over to an attorney for collection and or prosecution.

IN WITNESS WHEREOF, this Agreement has been executed and delivered by all parties involved.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Nodaway County, Missouri

The Office of the State Auditor contracted for an audit of Nodaway County's financial statements for the year ended December 31, 2022, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized, with the first letters of the first and last names being prominent.

**CERTIFIED PUBLIC ACCOUNTANTS**

### **INDEPENDENT AUDITOR'S REPORT**

To the County Commission and  
Officeholders of Nodaway County, Missouri

#### **Opinion**

We have audited the accompanying financial statements of Nodaway County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the year then ended, and the related notes to the financial statements.

#### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Nodaway County, Missouri, as of December 31, 2022, and their respective cash receipts and disbursements, and budgetary results for the year then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

#### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Nodaway County, Missouri, as of December 31, 2022, or the changes in financial position thereof for the year then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Nodaway County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by Nodaway County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri Law. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Nodaway County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Nodaway County, Missouri's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we also have issued our report dated August 22, 2023, on our consideration of Nodaway County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Nodaway County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

The accompanying Notes to the Financial Statements are an integral part of this statement.

NODAWAY COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nodaway County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are nine elected Constitutional Officers: Assessor, Circuit Clerk, Collector/Treasurer, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Recorder and Sheriff.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Nodaway County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

### C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

### D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. However, the County budgeted a negative ending fund balance for the Special Road and Bridge Fund and Northwest Child Advocacy Center Fund in 2022.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets.

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and tax bills are mailed to taxpayers in October and November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2022, for purposes of taxation were:

Real Estate	\$ 270,343,530
Personal Property	105,375,680
Railroad and Utilities	<u>42,189,562</u>
Total	<u>\$ 417,908,772</u>

For calendar year 2022, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

General Revenue	\$ 0.1600
Senate Bill 40 Board	0.0497
Senior Citizens	0.0497

The property taxes collected from the General Revenue levy are recorded in the Administrative Center Fund. Property tax receipts were recorded in the Special Road and Bridge Fund based on a percentage allocation of township tax collections of \$.0500 per \$100 of assessed valuation.

F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

## 2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2022, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 14,079,537	\$ 14,105,156	\$ 8,481,415
Investments - Governmental Funds	<u>269,622</u>	<u>269,622</u>	<u>269,622</u>
Total Governmental Funds	<u>\$ 14,349,159</u>	<u>\$ 14,374,778</u>	<u>\$ 8,751,037</u>
Cash and Cash Equivalents - Fiduciary Funds	\$ 23,838,291	\$ 16,683,869	\$ 15,632,916
Investments - Fiduciary Funds	<u>625,031</u>	<u>625,031</u>	<u>625,031</u>
Total Fiduciary Funds	<u>\$ 24,463,322</u>	<u>\$ 17,308,900</u>	<u>\$ 16,257,947</u>

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2022 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

## 3. COUNTY EMPLOYEES' RETIREMENT PLANS

### A. Missouri Local Government Employees Retirement System (LAGERS)

#### 1) Plan Description

Nodaway County participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, Section 70.600-70.755, RSMo. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401 (a) and is tax exempt.

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665,

Jefferson City, Missouri 65102 or by calling 1-800-447-4334, or by the following website, [www.molagers.org](http://www.molagers.org).

## 2) Pension Benefits

Benefits are available to all full-time employees working in a LAGERS covered department. Benefits vest when an employee earns five years (60 months) of service credit in the system. Normal retirement age is 60 (General) or 55 (Police), and early retirement is 55 (General) and 50 (Police). Benefits are paid out using a formula that is based on the employee's final average salary and amount of credited service time.

## 3) Funding Policy

Full-time employees of Nodaway County contribute 4% to the pension plan. The June 30th statutorily required contribution rates were 6.8% (General) and 8.9% (Police) of annual covered payroll for 2022. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute. For the year ended December 31, 2022, full time employees of the County contributed \$98,491 and the County contributed \$181,204 to LAGERS.

## B. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

### 1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

### 2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

### 3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, all participants hired on or after February 24, 2002 are required to contribute an additional 4% of their gross compensation to CERF, starting January 1, 2003. An active LAGERS participant who was employed with the County prior to February 24, 2002, is not required to make contributions. The County has elected not to make contributions on behalf of employees. During 2022, the County collected and remitted to CERF employee withholdings of \$94,458 for the year then ended.

### C. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$12,113 for the year ended December 31, 2022.

### D. Other Retirement Plan

Nodaway County has a voluntary 457(b) plan which is paid by a deduction from employee's salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the year ended December 31, 2022, were \$52,637.

## 4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

## 5. CLAIMS, COMMITMENT AND CONTINGENCIES

### A. Compensated Absences

The County provides full-time employees with up to 60 days of sick time, to accrue at one day per complete calendar month of employment. Upon termination, the employee will not be

compensated for any unused sick time. Vacation time is accrued for full-time regular employees after a six-month probationary period based on years of employment with the County. During the first two years, employees are eligible for two weeks of vacation per year (up to 80 hours), three weeks during years three through eight (up to 120 hours), four weeks during years nine through twelve (up to 160 hours), and five weeks from years thirteen and on (up to 200 hours). Vacation is accrued on a monthly basis and is awarded retroactively for the six-month probationary period for all employees lasting longer than six months. Upon termination, the employee is compensated for accrued vacation time at the employee's final rate of pay.

#### B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

### 6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections which are intended to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

### 7. LONG-TERM DEBT

The County entered into a loan with U.S. Bank dated June 1, 2008, for the construction of an administrative building. The remaining balance on the loan at December 31, 2022 was \$1,714,470. The loan has an interest rate of 4.85% and is due in monthly payments of \$29,652 until June 1, 2028. Future payments on the loan are as follows:

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 278,819	\$ 77,008	\$ 355,827
2024	292,646	63,181	355,827
2025	307,159	48,668	355,827
2026	322,392	33,435	355,827
2027	338,381	17,446	355,827
2028	175,073	2,481	177,554
Totals	<u>\$ 1,714,470</u>	<u>\$ 242,219</u>	<u>\$ 1,956,689</u>

The following schedule shows changes in long-term debt during the year ended December 31, 2022:

Description	Balance 12/31/2021	Additions	Payments	Balance 12/31/2022	Interest Paid
U.S. Bank Loan	\$ 1,980,115	\$ -	\$(265,645)	\$1,714,470	\$90,182

#### 8. OPERATING LEASES

At December 31, 2022, the County has five non-cancellable 60-month leases. The Circuit Clerk's office has a 60-month lease for a copier through August 2025 with a monthly payment of \$180, and a 60-month lease for a postage machine through February 2027 with a monthly payment of \$77. The Prosecuting Attorney's office has a 60-month lease for a copier through July 2026 with a monthly payment of \$196, and a 60-month lease for a postage machine through October 2023 with a monthly payment of \$58. The Collector/Treasurer's office has a 60-month lease for a postage machine through November 2026 with a monthly payment of \$66.

Fiscal Year Ending December 31,	Amount
2023	\$ 6,808
2024	6,228
2025	5,508
2026	3,019
2027	153

#### 9. RELATED PARTIES

The Northern District Commissioner receives rent payments from the County for use of a commercial building located at 305 North Market Street, Maryville, Missouri. The building is rented out to the Missouri State Public Defender's Office. Rent is paid by Andrew, Holt, Atchison, Gentry, Worth, and Nodaway County with the rent being proportionate to the size of the County. For 2022, Nodaway County paid rent in the amount of \$14,322.

## 10. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2022 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 22, 2023, the date the financial statements were available to be issued.

CERTIFIED PUBLIC ACCOUNTANTS

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the County Commission and  
Officeholders of Nodaway County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Nodaway County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the year then ended, and the related notes to the financial statements, which collectively comprise Nodaway County, Missouri's basic financial statements and have issued our report thereon dated August 22, 2023.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Nodaway County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Nodaway County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Nodaway County, Missouri's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Nodaway County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**CERTIFIED PUBLIC ACCOUNTANTS**

### **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the County Commission and  
Officeholders of Nodaway County, Missouri

#### **Report on Compliance for Each Major Federal Program**

##### ***Opinion on Each Major Federal Program***

We have audited Nodaway County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Nodaway County, Missouri's major federal programs for the year ended December 31, 2022. Nodaway County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Nodaway County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

##### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Nodaway County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Nodaway County, Missouri's compliance with the compliance requirements referred to above.

##### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Nodaway County, Missouri's federal programs.

## ***Auditor's Responsibilities for Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Nodaway County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Nodaway County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Nodaway County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Nodaway County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Nodaway County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant

deficiencies over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**NODAWAY COUNTY, MISSOURI**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**YEAR ENDED DECEMBER 31, 2022**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Nodaway County, Missouri for the year ended December 31, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance.

**NOTE C – SUBRECIPIENTS**

The County did not pass any federal awards through to subrecipients during the year ended December 31, 2022.

## McBRIDE, LOCK & ASSOCIATES, LLC

---

CERTIFIED PUBLIC ACCOUNTANTS

August 22, 2023

To the County Commission and Officeholders  
Nodaway County, Missouri

We have audited the accompanying financial statements of Nodaway County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the year then ended. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 5, 2023. Professional standards also require that we communicate to you the following information related to our audit.

### Significant Audit Matters

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Nodaway County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by Nodaway County, Missouri during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated August 22, 2023.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to Nodaway County, Missouri's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as Nodaway County, Missouri's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### Other Matters

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompanies the financial statements but is not Required Supplementary Information. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We

compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the County Commission and management of Nodaway County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

*(Original Signed by McBride, Lock & Associates, LLC)*

McBride, Lock & Associates, LLC

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Grundy County, Missouri

The Office of the State Auditor contracted for an audit of Grundy County's financial statements for the year ended December 31, 2022, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized, with the first name "S." and the last name "Fitzpatrick" written in a cursive script.

State Auditor

October 2023  
Report No. 2023-071

**Scott Fitzpatrick**  
Missouri State Auditor

## RECOMMENDATION SUMMARY

### Recommendations in the contracted audit of Grundy County

2022-001

The county implement internal controls to ensure that the Schedule of Expenditures of Federal Awards (SEFA) completely and accurately state the expenditures of federal awards of the county each year, such as performing a reconciliation between the SEFA and underlying accounting records. Federal reimbursement grants should be reported on the SEFA based on reimbursable expenditures made during the year.

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT**

To the County Commission and  
Officeholders of Grundy County, Missouri

#### **Opinion**

We have audited the accompanying financial statements of Grundy County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the year then ended, and the related notes to the financial statements.

#### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Grundy County, Missouri, as of December 31, 2022, and their respective cash receipts and disbursements, and budgetary results for the year then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

#### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Grundy County, Missouri, as of December 31, 2022, or the changes in financial position thereof for the year then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Grundy County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by Grundy County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri Law. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Grundy County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Grundy County, Missouri's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we also have issued our report dated August 9, 2023, on our consideration of Grundy County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Grundy County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

GRUNDY COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Grundy County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are eight elected Constitutional Officers: Assessor, Circuit Clerk/Recorder, Collector/Treasurer, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, and Sheriff.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Grundy County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

### C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

### D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. However, the County budgeted a negative ending fund balance for the General Revenue Fund.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the Special Road and Bridge and Senior Citizens Tax Board Funds.

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2022, for purposes of taxation were:

Real Estate	\$ 77,365,440
Personal Property	40,073,362
Railroad and Utilities	<u>29,067,864</u>
Total	<u>\$ 146,506,666</u>

For calendar year 2022, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

General Revenue	\$ 0.2080
Senate Bill 40 Board	0.1000
Senior Citizens Tax Board	0.0500

In addition to the levies above, the Special Road & Bridge Fund receives 5% of property tax amounts collected on behalf of township road districts within the county.

F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

The Deputy Salary, Recorder's Technology and Drug Court Federal funds had a deficit fund balance at the end of 2022. The negative cash balance represents implicit borrowing from other pooled funds.

## 2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2022, the County had the following cash and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Cash and Cash Equivalents - Governmental Funds	\$ 4,256,345	\$ 4,620,325	\$ 315,970
Investments	528,522	528,522	240,324
Total Governmental Funds	<u>\$ 4,784,867</u>	<u>\$ 5,148,847</u>	<u>\$ 556,294</u>
Cash and Cash Equivalents - Fiduciary Funds	\$ 9,581,578	\$ 5,928,800	\$ 483,576

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2022 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

## 3. COUNTY EMPLOYEES' RETIREMENT PLANS

### A. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

#### 1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

## 2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

## 3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a contribution of 6% of annual salary is required of employees hired after February 2002. During 2022, the County collected and remitted to CERF employee withholdings of \$91,322 for the year then ended.

## B. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$3,366 for the year ended December 31, 2022.

## C. Other Retirement Plan

Grundy County has a voluntary 457(b) plan which is paid by a deduction from employee's salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the year ended December 31, 2022 were \$44,046.

#### 4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

#### 5. CLAIMS, COMMITMENT AND CONTINGENCIES

##### A. Compensated Absences

The County provides full-time employees with four hours per calendar month worked of compensated personal leave, up to a maximum of 360 hours. Ambulance employees earn six hours per calendar month worked of personal leave. Full-time employees may receive compensation for 50% of accrued personal leave upon termination of employment. Vacation time is accrued for every full-time employee beginning with the second year of employment at a rate of one to four weeks per year based on length of employment. Any days not used by the end of the year will be lost. Hourly personnel working in the Grundy County Detention Center may carry over no more than 12 hours of vacation. Upon separation due to resignation, death, or termination, an employee may receive compensation for unused accrued vacation leave.

##### B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

#### 6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections which are intended to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri

counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

## 7. LONG-TERM DEBT

The County had the following long-term debt outstanding as of December 31, 2022:

- A. During 2006, Certificates of Participation (COPS) in the amount of \$4,995,000 were issued by First Bank of Missouri on behalf of the County for the construction of a new law enforcement facility. During 2016, the county refinanced the debt by paying off the Series 2006 COPS and issuing new COPS in the amount of \$3,465,000. Under the new COPS, the county makes semi-annual interest payments on June 1 and December 1 of each year, with annual principal payments on December 1. The interest rate varies between .8% and 2.7%. Future payments on the COPS are as follows.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 240,000	\$ 47,348	\$ 175,801
2024	245,000	42,908	176,408
2025	250,000	38,008	176,783
2026	255,000	32,758	176,795
2027	265,000	27,148	176,570
2028-2030	825,000	43,185	885,175
Totals	<u>\$ 2,080,000</u>	<u>\$ 231,355</u>	<u>\$ 1,767,531</u>

- B. In October 2018, the County entered into a \$200,430, five-year capital lease for a 2018 John Deere Excavator. The lease calls for annual payments of \$43,736 beginning in March 2019, with an interest rate of 3.8%. In December 2018, the County made a payment of \$50,000 toward the principal of the lease. Per the bank, this amount will be held towards the last payment and does not affect interest or the payment schedule. The schedule of remaining payments is listed below:

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ -	\$ 1,601	\$ 1,601
Totals	<u>\$ -</u>	<u>\$ 1,601</u>	<u>\$ 1,601</u>

- C. In April 2020, the County entered into a \$32,176, five-year capital lease for a recording system for the Sheriff's Department. The lease calls for annual payments of \$7,170 beginning in April 2020, with an interest rate of 3.72%. The schedule of remaining payments is listed below:

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 6,415	\$ 755	\$ 7,170
2024	6,782	388	7,170
Totals	<u>\$ 13,197</u>	<u>\$ 1,143</u>	<u>\$ 14,340</u>

- D. In June 2020, the County entered into a \$37,179, four-year capital lease for a Chevy Tahoe for the Sheriff's Department. The lease is scheduled to be paid in annual payments of \$10,031, which includes interest of 5.33%. The first payment was made in June 2020 and the final payment is scheduled to be made in June 2023. The schedule of remaining payments is listed below:

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 9,523	\$ 508	\$ 10,031
Totals	\$ 9,523	\$ 508	\$ 10,031

- E. In 2022, the County entered into a \$157,610, two-year capital lease for a 2022 John Deere Excavator. The lease calls for a payment of \$57,610 to be made in April 2023 and payments of \$54,226 in December 2023 and 2024, with an interest rate of 7.25%. In December 2022, the County made the first payment of \$57,610 toward the principal of the lease. The schedule of remaining payments is listed below:

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 49,440	\$ 4,786	\$ 54,226
2024	50,560	3,666	54,226
Totals	\$ 100,000	\$ 8,452	\$ 108,452

The following schedule shows changes in long-term debt during the year ended December 31, 2022:

Description	Balance 12/31/2021	Additions	Payments	Balance 12/31/2022	Interest Paid
Series 2016 COPS	\$ 2,320,000	\$ -	\$ (240,000)	\$2,080,000	\$ 51,428
2018 JD Excavator	32,729	-	(32,729)	-	3,144
Recording System	19,266	-	(6,069)	13,197	1,102
2020 Chevy Tahoe	18,564	-	(9,041)	9,523	990
2022 JD Excavator	-	157,610	(57,610)	100,000	-

## 8. OPERATING LEASES

At December 31, 2022, the County has one non-cancellable 60-month lease for copiers. The lease is through May 22, 2024 with a monthly payment of \$671.

Fiscal Year Ending December 31,	Amount
2023	8,052
2024	3,355

## 9. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2022 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 9, 2023, the date the financial statements were available to be issued.

### **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the County Commission and  
Officeholders of Grundy County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Grundy County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the year then ended, and the related notes to the financial statements, which collectively comprise Grundy County, Missouri's basic financial statements and have issued our report thereon dated August 9, 2023.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Grundy County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Grundy County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Grundy County, Missouri's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control described in the accompanying schedule of findings and questioned costs as item 2022-001 that we consider to be a significant deficiency.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Grundy County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Grundy County, Missouri's Response to Findings**

Grundy County, Missouri's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Grundy County, Missouri's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the County Commission and  
Officeholders of Grundy County, Missouri

#### **Report on Compliance for Each Major Federal Program**

##### ***Opinion on Each Major Federal Program***

We have audited Grundy County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Grundy County, Missouri's major federal programs for the year ended December 31, 2022. Grundy County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Grundy County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

##### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Grundy County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Grundy County, Missouri's compliance with the compliance requirements referred to above.

##### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Grundy County, Missouri's federal programs.

## ***Auditor's Responsibilities for Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Grundy County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Grundy County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Grundy County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Grundy County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Grundy County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify a certain deficiency in internal control over compliance that we consider to be a significant deficiency.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such

that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2022-001 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed. *Government Auditing Standards* requires the auditor to perform limited procedures on Grundy County, Missouri's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. Grundy County, Missouri's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**GRUNDY COUNTY, MISSOURI**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**YEAR ENDED DECEMBER 31, 2022**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Grundy County, Missouri for the year ended December 31, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance.

**NOTE C – SUBRECIPIENTS**

The County did not pass any federal awards through to subrecipients during the year ended December 31, 2022.

GRUNDY COUNTY, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEAR ENDED DECEMBER 31, 2022

**SECTION I – SUMMARY OF AUDITOR’S RESULTS**

**Financial Statements:**

Type of Auditor’s Report Issued: Unmodified

Internal Control Over Financial Reporting:

- Material weakness(es) identified?      Yes   X   No
- Significant deficiencies identified that are not considered to be material weaknesses?   X   Yes      None Reported
- Noncompliance material to financial statements noted?      Yes   X   No

**Federal Awards:**

Internal Control Over Major Programs:

- Material weakness(es) identified?      Yes   X   No
- Significant deficiencies identified that are not considered to be material weaknesses?   X   Yes      None Reported

Type of Auditor’s Report Issued on Compliance For Major Programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with Uniform Guidance section 200.516?   X   Yes      No

Identification of Major Programs:

<u>Assistance Listing Number(s)</u>	<u>Name of Federal Program or Cluster</u>
21.027	COVID-19 – Coronavirus State and Local Fiscal Recovery Funds

Dollar Threshold Used to Distinguish Between Type A and Type B Programs: \$750,000

Auditee Qualified as low-risk:      Yes   X   No

## **SECTION II – FINANCIAL STATEMENTS FINDINGS**

### **MATERIAL WEAKNESSES IN INTERNAL CONTROL**

None

### **SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

See finding 2022-001 below

### **ITEMS OF NONCOMPLIANCE**

None

## **SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

### **2022-001: Internal Control Over Schedule of Expenditures of Federal Awards**

Federal Grantor: U.S. Department of Agriculture, U.S. Department of Justice, U.S. Department of the Treasury and U.S. Department of Homeland Security

Pass-Through Grantor: Missouri Department of Public Safety

Federal Assistance Listing Number: 10.923, 16.738, 21.027 and 97.042

Program Title: Emergency Watershed Protection Program; Drug Court Discretionary Grant Program; COVID-19 Coronavirus State and Local Fiscal Recovery Funds; Emergency Management Performance grants

Pass-through Entity Identifying Number: NR216424XXXXC021, 2019-DC-BX-0036, EMK-2021-EP-00006-045, EMK-2022-EP-00004-042, EMK-2020-EP-00004-SL08

Award Year: 2022

Questioned Costs: None

Criteria: 2 CFR 200.510(b) requires auditees to prepare a schedule of expenditures of federal awards which must report total federal awards expended during the audit period. At a minimum, the schedule must include: expenditures by individual federal program, name of the pass-through entity and identifying number for awards not received directly from the federal government, and the total amount provided to subrecipients from each federal program. The County has not implemented proper internal controls to ensure the completeness and accuracy of the SEFA.

This finding was noted in the prior audit for the year ended December 31, 2021 as item 2021-001.

Condition: The schedules of expenditures of federal awards (SEFA) reported by the County in the 2022 annual budget documents contained errors in amounts of federal expenditures reported. Discrepancies in amounts reported on the 2022 SEFA and amount supported by underlying accounting

records are summarized as follows:

<u>Agency</u>	<u>ALN</u>	<u>Program</u>	<u>SEFA</u>	<u>Supported</u>	<u>Difference</u>
USDA	10.923	Emergency Watershed Protection Program	\$ -	\$ 442,426	\$ (442,426)
DOJ	16.738	Drug Court Discretionary Grant Program	118,714	122,782	(4,068)
Treasury	21.027	COVID-19 - Coronavirus State and	-	956,518	(956,518)
EAC	90.404	Local Fiscal Recovery Funds	14,395	-	(14,395)
		Election Security Grant			
DHS	97.042	Emergency Management	-	1,380	(1,380)
		Performance Grants			

Cause: The County Clerk did not prepare an accurate SEFA for the year ending December 31, 2022. This was caused by the reporting of the receipt of federal funds rather than the amount expended.

Effect: The SEFA presented for audit did not accurately reflect the County's actual expenditures of federal awards for the year ended December 31, 2022.

Recommendation: We recommend that the County implement internal controls to ensure that the SEFA completely and accurately states the expenditures of federal awards of the County each year, such as performing a reconciliation between the SEFA and underlying accounting records. Federal reimbursement grants should be reported on the SEFA based on reimbursable expenditures made during the year.

County's Response: The SEFA monies had been reported wrong in the past. With this being my first year as County Clerk and my first experience with the budget I also went by what was reported in the past. I am working toward correcting this mistake and tracking the money better so it can be reported correctly.

Auditor's Evaluation: The response is appropriate to correct the concern.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office shall notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 13 political subdivisions required to file a financial report by August 31, 2023, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in August 2023, after their filing deadline. The filing status for these 187 entities is presented in summary on page 3 and by individual entity in Appendixes B to D.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized with a large "S" and a cursive "Fitzpatrick".

Scott Fitzpatrick  
State Auditor

# Monthly Report on Political Subdivision Filings

## August 2023

### Executive Summary

---

#### **Executive Summary**

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. Rule 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.

This report includes the filing status for the 13 political subdivisions, other than cities, towns, and villages, with a fiscal year end of February 28, 2023. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 13 political subdivisions, 12 filed an annual financial report timely.

This report also includes the filing status for 187 political subdivisions, other than cities, towns, and villages, that filed their financial report in August 2023, after their filing deadline.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by August 31, 2023, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) shall notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO shall notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for the 4 cities and 4 villages is presented in summary on page 3 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in August 2023, after their filing deadline. The filing status for these 47 cities, 2 towns, and 9 villages is presented in summary on page 4 and by individual entity in Appendixes B to F.

Scott Fitzpatrick  
State Auditor

August 2023

## Executive Summary

---

### Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. Rule 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. Rule 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires the SAO to notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and a mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 4 cities and 4 villages with a fiscal year end of February 28, 2023, whose financial report was due by August 31, 2023. Of the 8 municipalities, 6 filed the financial report timely. Of the 3 municipalities required to file an addendum, all 3 filed timely. Of the 2 municipalities required to file a certification, both filed timely.

Monthly Report on Municipal Court and Revenue Filings  
August 2023  
Executive Summary

---

This report includes the filing status for 47 cities, 2 towns, and 9 villages that filed at least one of the items (financial report, addendum, or certification) in August 2023, after their filing deadline. Of these municipalities, 45 filed an annual financial report, 23 filed an addendum, and 9 filed a certification.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Stone County, Missouri

The Office of the State Auditor contracted for an audit of Stone County's financial statements for the year ended December 31, 2022, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by Stopp & VanHoy, CPAs and Business Advisors, is attached.

A handwritten signature in black ink that reads "S. Fitzpatrick".

Scott Fitzpatrick  
State Auditor

October 2023  
Report No. 2023-068

**Scott Fitzpatrick**  
Missouri State Auditor

## RECOMMENDATION SUMMARY

### Recommendations in the contracted audit of Stone County

2022-001

The county periodically review its actual expenditures as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes. Additionally, the county should closely monitor fund balances on an ongoing basis.

*Independent Auditor's Report*

To the County Commission and  
Officeholders of Stone County, Missouri

**Report on the Audit of the Financial Statements*****Opinions***

We have audited the accompanying financial statements of Stone County, Missouri, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise Stone County, Missouri's basic financial statements as listed in the table of contents.

*Unmodified Opinion on Regulatory Basis of Accounting*

In our opinion, the accompanying financial statements present fairly, in all material respects, the cash balances of each fund of Stone County, Missouri as of December 31, 2022, and their respective cash receipts and disbursements, and budgetary results for the year then ended in accordance with the basis of accounting practices prescribed or permitted by Missouri law as described in Note 1.

*Adverse Opinion on U.S. Generally Accepted Accounting Principles*

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of Stone County, Missouri as of December 31, 2022, or the changes in financial position and cash flows thereof for the year then ended.

***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stone County, Missouri and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

*Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles*

As described in Note 1 of the financial statements, the financial statements are prepared by Stone County, Missouri on the basis of accounting practices prescribed or permitted by Missouri law to demonstrate compliance with the State of Missouri's regulatory basis of accounting and budget laws, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting practices prescribed or permitted by Missouri law to demonstrate compliance with the State of Missouri's regulatory basis of accounting and budget laws. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stone County, Missouri's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stone County, Missouri's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stone County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

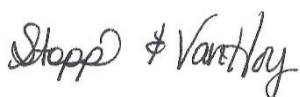

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Stone County, Missouri's basic financial statements. The Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 27, 2023 on our consideration of Stone County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Stone County, Missouri's internal control over financial reporting and compliance.

**The County of Stone  
Galena, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2022**

---

**Note 1 - Summary of Significant Accounting Policies**

Organized in 1851, the county of Stone was named after pioneer judge William Stone. It is a third-class county, and the county seat is Galena. Stone County's government is composed of a three-member county commission and the following separately elected Constitutional Officers: County Clerk, Collector, Treasurer, Circuit Clerk, Recorder of Deeds, Sheriff, Assessor, Coroner, Public Administrator and Prosecuting Attorney.

As discussed further in Note 1, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present financial accountability of Stone County, Missouri and the Stone County Senior Citizens Service Board.

Stone County's operations include tax assessments and collections, state/county courts, county recorder, public safety, transportation, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include only the primary government of Stone County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise Stone County's legal entity. The Stone County Senior Citizens Service Board is controlled by a separate board and is also included under the control of Stone County.

The financial statements do not include financial data for the County's legally separate component unit, which accounting principles generally accepted in the United States of America, as applicable to the regulatory basis of accounting, require to be reported with the financial data of the County. In accordance with accounting principles generally accepted in the United States of America, as applicable to the regulatory basis of accounting, the Stone County Senate Bill 40 Board has issued separate reporting entity financial statements. For information on this component unit, please contact the Senate Bill 40 Board at (417) 272-0444 or write to P.O. Box 2383, Branson West, MO 65737.

Certain elected County officials, such as the County Collector, Treasurer, and Sheriff, collect and hold monies in a trustee capacity as an agent of an individual, taxing units, or other governments. These assets, which are held by these officeholders for the sole benefit of external parties, are included in the Statement of Assets and Liabilities Arising from Cash Transactions - Custodial Funds - Regulatory Basis.

Basis of Presentation

The accompanying financial statements present the receipts, disbursements, and changes in cash of all funds of Stone County, Missouri, and the comparisons of such information with the corresponding budgeted information for all funds of the County. The funds presented are established under statutory or administrative authority, and their operations are under the control of the County Commission or an elected county official. The General Revenue Fund is the County's general operation fund, accounting for all financial resources except those required to be accounted for in another fund. The other funds presented account for financial resources whose use is restricted for specified purposes.

**The County of Stone  
Galena, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2022**

---

**Note 1 - Summary of Significant Accounting Policies (continued)**

Basis of Accounting

The financial statements were prepared using accounting practices prescribed or permitted by Missouri law, which differ from accounting principles generally accepted in the United States of America. The effects of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

As a result of the use of this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation, bonds, and obligations under capital leases), and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If Stone County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

Budget and Budgetary Accounting

In accordance with Chapter 50 RSMo, Stone County adopts a budget for each governmental fund.

On or before January 15th, each elected official and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.

The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.

A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.

Prior to February 1, the budget is legally enacted by a vote of the County Commission.

Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget financial statements.

Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.

Budgets are prepared and adopted on the cash basis of accounting.

**The County of Stone  
Galena, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2022**

---

**Note 1 - Summary of Significant Accounting Policies (continued)**

Budget and Budgetary Accounting (continued)

During the audit, it was noted that the County was not in compliance with Missouri budgetary state statute Chapter 50 RSMo.

The following funds had actual expenditures that exceeded the budget expenditures:

National Forest Fund  
Capital Improvement Fund  
Insurance Claims Proceeds Fund  
Abuse Victims Fund  
Inmate Security Fund  
Drug Abuse Resistance Education (D.A.R.E) Fund  
Reserve Fund  
Law Enforcement Civil Fees Fund  
Prosecuting Attorney Bad Check Fund

Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuation of the tangible taxable property, included within Stone County's boundaries for the calendar year for the purposes of County taxation, was as follows:

Real Estate	\$ 584,838,570
Personal Property	209,626,965
Railroad and Utilities	<u>7,656,268</u>
	<u><u>\$ 802,121,803</u></u>

The tax levy per \$100 assessed valuation of tangible taxable property for the calendar year, for the purpose of County taxation, was as follows:

General Revenue	\$ 0.0569
Senior Citizens Service Board	0.0482

The County also receives sales tax collected by the State and remitted based on the County's sales tax rate to the total sales tax collected in the County.

Galena, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2022**

---

**Note 1 - Summary of Significant Accounting Policies (continued)**

Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and cash equivalent and investment balances are presented in Note 2.

Interfund Transactions

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing.

Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

**Note 2 - Deposits and Investments**

Stone County maintains a cash and temporary investment pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. Each fund type's portion of this pool is displayed on the statement of receipts, disbursements, and changes in cash arising from cash transactions as "Cash and Equivalents." Cash held for others is displayed on the statement of assets and liabilities from cash transactions as "Cash and Equivalents."

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits.

The bank balances and carrying values of deposits and investments shown below are included in the financial statements at December 31, 2022, as follows:

	<u>Carrying Value</u>	<u>Bank Balances</u>
Deposits	\$ 49,139,877	\$ 41,464,473
Investments	50,000	50,094
Total Deposits and Investments as of December 31, 2022	<u>\$ 49,189,877</u>	<u>\$ 41,514,567</u>
 Total Cash and Equivalents - Governmental Funds	 \$ 16,427,385	
Total Cash and Equivalents - Custodial Funds	32,762,492	
	<u>\$ 49,189,877</u>	

**The County of Stone  
Galena, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2022**

---

**Note 2 - Deposits and Investments (continued)**

Custodial Credit Risk - Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. At December 31, 2022, 100% of Stone County's deposits and investments were covered by the Federal Deposit Insurance Company (FDIC) or were collateralized.

Custodial Credit Risk - Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party that sold the security to Stone County or its agent but not in the government's name. Stone County does not have a policy for custodial credit risk relating to investments.

All investments, evidenced by individual securities, are registered in the name of Stone County or of a type that are not exposed to custodial credit risk.

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Stone County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Investment Credit Risk

Concentration of investment credit risk is required to be disclosed by Stone County for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U.S. Government, investments in mutual funds, investments in external investment pools and investments in other pooled investments). Stone County has no policy in place to minimize the risk of loss resulting from over concentration of assets of a specific maturity, specific issuer or specific class of securities. 100% of investments were held as certificates of deposit at Table Rock Community Bank for the year ended December 31, 2022.

	<u>\$ 4,390,000</u>	<u>\$ 1,317,148</u>	<u>\$ 5,707,148</u>

Lease-Purchase Agreements

In October 2019, the County entered into a lease purchase agreement to finance the purchase of Sheriff's department radio equipment at a cost of \$470,854. The agreement requires one annual payment of \$84,301 and two subsequent annual payments of \$205,054, which includes interest payable at 2.98%.

In November 2019, the County entered into a lease purchase agreement to finance the purchase of a Caterpillar Motor Grader at a cost of \$135,000. The agreement requires eighty-four monthly payments of \$1,841, which includes interest payable at 3.94%.

In October 2020, the County entered into a lease purchase agreement to finance the purchase of two Sheriff's department patrol vehicles at a cost of \$69,108. The agreement requires six semi-annual payments of \$12,335, which includes interest payable at 3.99%.

In April 2021, the County entered into a lease purchase agreement to finance the purchase of three Sheriff's department patrol vehicles at a cost of \$105,622. The agreement requires three annual payments of \$38,054, which includes interest payable at 3.92%.

**Note 5 - County Employees' Retirement Fund (CERF)**

Plan Description

The County Employees' Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elected or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under RSMo. Sections 56.800 to 56.840, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under RSMo. Sections 57.949 to 57.997, and certain personnel not defined as an employee per RSMo. Section 50.1000(8). The Fund was created by an act of legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the fund and the investment of the fund are vested in a board of directors of eleven persons.

Benefits Provided

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, Missouri, 65101, by calling (573) 632-9203, or by visiting the CERF website at [www.mocerf.org](http://www.mocerf.org).

**The County of Stone  
Galena, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2022**

---

**Note 5 - County Employees' Retirement Fund (CERF) (continued)**

Contributions

Prior to January 1, 2003, participating county employees, except for those who participated in LAGERS, were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating county employees hired on or after February 25, 2002, are required to make contributions of 6%. If an employee leaves covered employment before attaining 8 years of creditable service, accumulated employee contributions are refunded to the employee. The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. Counties may elect to make all or a portion of the required 6% contribution on behalf of employees. The County collected and remitted CERF employee contributions of \$281,074 for the year ended December 31, 2022.

In addition to the above contributions required of employees, the following fees and penalties prescribed under Missouri law are required to be collected and remitted to CERF by counties covered by the plan:

- Late fees on filing of personal property tax declarations,
- Twenty dollars on each merchants and manufacturers license issued,
- Six dollars on each document recorded or filed with county recorders of deeds, with an additional one dollar on each document recorded,
- Three sevenths of the fee on delinquent property taxes, and
- Interest earned on investment of the above collections prior to remittance to CERF.

The County collected and remitted CERF fees and penalties of \$417,441 for the year ended December 31, 2022.

Further information related to required contributions, pension benefits, other plan terms, and investments and related return and financial information can be found in the notes to the financial statements of CERF's Annual Financial Report.

**Note 6 - Prosecuting Attorney Retirement Fund**

In accordance with state statute Section 56.807 RSMo, Stone County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys' and Circuit Attorneys' Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. Stone County has contributed \$11,628 for the year ended December 31, 2022.

**Note 7 - Other Retirement Plan**

Stone County has voluntary 457 and 401(a) plans administered by Empower Retirement (formerly Great-West Retirement Services) which are paid by a deduction from employees' salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the year ended December 31, 2022 for the 457 plan were \$186,403. Employee contributions collected and remitted by the County for the year ended December 31, 2022 for the 401(a) plan were \$38,460.

**Note 8 - Post-Employment Benefits**

Stone County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by Stone County.

**The County of Stone  
Galena, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2022**

---

**Note 9 - Claims, Commitments and Contingencies**

Litigation

The County is subject to various claims and legal proceedings covering a wide range of matters that arise in the ordinary course of its business activities. Management believes that any liability that may ultimately result from the resolution of these matters will not have a material adverse effect on the financial condition of the County.

Compensated Absences

The County provides employees with up to 200 hours (25 days) of paid vacation based upon the number of years of continuous service. Vacation days do not carry forward if they are unused. Upon termination, an employee is reimbursed for any unused vacation days. Employees accrue one sick day per month. The County allows employees to carry forward a maximum of 320 hours (40 days). Accumulated sick leave is not paid out upon termination of employment. These have not been subjected to auditing procedures.

Federal and State Assisted Programs

The County receives proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned. Such audits could result in refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

Other Commitments

Part of the County's taxing district contains a redevelopment area subject to a tax increment financing (TIF) plan where the County must remit certain economic activity taxes to a local business for the purpose of reimbursing certain costs of development. The County is committed to remitting these taxes through the year ended December 31, 2030; future amounts are based on overall taxes collected for the redeveloped area and cannot be estimated. Payments remitted for the year ended December 31, 2022 totaled \$137,599. Additionally, the County collected and remitted \$206,399 for the year ended December 31, 2022, on behalf of another agency included in the TIF plan.

**Note 10 - Risk Management**

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

**Note 11 - Economic Concentrations**

Approximately 29.91% of the County's sales tax revenues received was remitted by two taxpayers located in the County, for the year ended December 31, 2022. Any material reduction in sales tax could result in a significant impact to the County's operations.

**The County of Stone  
Galena, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2022**

---

**Note 12 - Subsequent Events**

The County has evaluated events subsequent to December 31, 2022 to assess the need for potential recognition or disclosure in the financial statements. Such events have been evaluated through June 27, 2023, the date the financial statements were available to be issued.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING and on  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING  
STANDARDS*

*Independent Auditor's Report*

To the County Commission and  
Officeholders of Stone County, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of Stone County, Missouri as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise Stone County, Missouri's basic financial statements, and have issued our report thereon dated June 27, 2023.

***Report on Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered Stone County, Missouri's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Stone County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Stone County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether Stone County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under

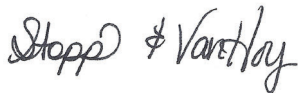

*Government Auditing Standards*, and which is described in the accompanying schedule of findings and questioned costs as item 2022-001.

### **Stone County, Missouri's Response to Findings**

Stone County, Missouri's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Stone County, Missouri's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink, appearing to read "Stopp & VanHoy". The signature is written in a cursive, flowing style.

Creve Coeur, Missouri  
June 27, 2023

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT  
ON INTERNAL CONTROL OVER COMPLIANCE  
IN ACCORDANCE WITH THE UNIFORM GUIDANCE

*Independent Auditor's Report*

To the County Commission and  
Officeholders of Stone County, Missouri

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Stone County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Stone County, Missouri's major federal programs for the year ended December 31, 2022. Stone County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Stone County, Missouri complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Stone County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Stone County, Missouri's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Stone County, Missouri's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Stone County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Stone County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Stone County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Stone County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Stone County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

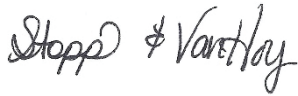

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant

deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

A handwritten signature in black ink, appearing to read "Stopp & VantHoy". The signature is written in a cursive, flowing style.

**The County of Stone  
Galena, Missouri  
Notes to Schedule of Expenditures of Federal Awards  
For the year ended December 31, 2022**

---

**Note 1 - Summary of Significant Accounting Policies**

Purpose of Schedule and Reporting Entity

The accompanying Schedule of Expenditures of Federal Awards has been prepared to comply with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). This Uniform Guidance requires a schedule that provides total federal awards expended for each federal program and the assistance listing number or other identifying number when the assistance listing number is not available.

This schedule includes all federal awards administered by Stone County, Missouri.

Basis of Presentation

The *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* includes these definitions, which govern the contents of the schedule:

*Federal financial assistance* means assistance that non-Federal entities receive or administer in the form of grants, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance, but does not include amounts received as reimbursement for services rendered to individuals.

*Federal award* means Federal financial assistance and Federal cost-reimbursement contracts that non-Federal entities receive directly from Federal awarding agencies or indirectly from pass-through entities. It does not include procurement contracts, under grants or contracts, used to buy goods or services from vendors.

Because the Schedule presents only a selected portion of the operations of Stone County, Missouri, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Stone County, Missouri.

Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

Federal expenditures are considered to have occurred when cash is disbursed for allowable expenditures.

Stone County, Missouri has not elected to use the 10% de minimis indirect cost rate.

**Note 2 - Donated Personal Protective Equipment**

Stone County received no donated personal protective equipment which had been purchased with federal funds. This footnote is unaudited.

**The County of Stone  
Galena, Missouri  
Schedule of Findings and Questioned Costs  
For the year ended December 31, 2022**

---

**Section 2 - Financial Statement Findings**

2022-001 **Criteria:** Missouri statutes requires Counties to prepare an annual budget as applicable to each fund. Expenditures are not to exceed the budget.

**Condition:** During our audit, it was noted that the County was not in compliance with Missouri budgetary state statute Chapter 50 RSMo.

The following funds had actual expenditures that exceeded the budget expenditures:

- National Forest Fund
- Capital Improvement Fund
- Insurance Claims Proceeds Fund
- Abuse Victims Fund
- Inmate Security Fund
- Drug Abuse Resistance Education (D.A.R.E) Fund
- Reserve Fund
- Law Enforcement Civil Fees Fund
- Prosecuting Attorney Bad Check Fund

**Cause:** Oversight

**Effect:** Due to exceeding budget in certain funds, the County is in violation of Missouri Revised Statutes.

**Recommendation:** We recommend that the County periodically review its actual expenditures as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes. Additionally, the County should closely monitor fund balances on an ongoing basis.

**Management's Response:** The County Clerk will perform a detailed review of budgetary statutes and actual expenditures in order to ensure budgetary compliance, and amendments to the budget will be prepared and approved by the County Commission, if necessary. The expected completion date is December 31, 2023. The phone number for the County Clerk is (417) 357-6127.

**Section 3 - Federal Award Findings**

None noted.

**The County of Stone  
Galena, Missouri  
Summary Schedule of Prior Year Findings and Questioned Costs  
For the year ended December 31, 2022**

---

In accordance with *Government Auditing Standards*, this section reports the auditor's follow-up on action taken by Stone County, Missouri, on the applicable findings in the prior audit report issued for the year ended December 31, 2021.

**Prior Year Financial Statement Findings**

2021-001 **Criteria:** Missouri statutes requires Counties to prepare an annual budget as applicable to each fund. Expenditures are not to exceed the budget.

**Condition:** During our audit, it was noted that the County was not in compliance with Missouri budgetary state statute Chapter 50 RSMo.

The following funds had actual expenditures that exceeded the budget expenditures:

- Flood Control Fund
- Law Enforcement Grant Fund
- Children's Trust Fund
- Abuse Victims Fund
- Sheriff Revolving Fund
- Law Enforcement Civil Fees Fund
- Collector's Tax Maintenance Fund
- Coronavirus Relief Fund

**Cause:** Oversight

**Effect:** Due to exceeding budget in certain funds, the County is in violation of Missouri Revised Statutes.

**Recommendation:** We recommend that the County periodically review its actual expenditures as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes. Additionally, the County should closely monitor fund balances on an ongoing basis.

**Management's Response:** The County Clerk will perform a detailed review of budgetary statutes and actual expenditures in order to ensure budgetary compliance, and amendments to the budget will be prepared and approved by the County Commission, if necessary. The expected completion date is December 31, 2022. The phone number for the County Clerk is (417) 357-6127.

**Status:** Management has not corrected this issue, therefore, this finding is repeated as 2022-001 in the current year.

**Prior Year Federal Award Findings and Questioned Costs**

None noted.

## Missouri State Auditor

### Ray County

Report No. 2023-067

October 2023

[auditor.mo.gov](https://auditor.mo.gov)

# CITIZENS SUMMARY

## Findings in the audit of the Ray County

Missing Money	From January 2018 through December 2020, Sheriff's office personnel receipted \$2,549 in conceal carry weapon permit and \$443 in sex offender registry fees that were not transmitted to the County Treasurer and are missing.
Sheriff's Controls and Procedures	Controls and procedures in the Sheriff's office needed significant improvement. Neither the prior nor the current Sheriff adequately segregated accounting duties or performed supervisory reviews of accounting and bank records. The procedures for receipting, recording, depositing and transmitting money were inadequate and, as a result, there is no assurance all money collected was properly receipted, recorded, and deposited or transmitted. The Sheriff's office did not prepare bank reconciliations or monthly lists of liabilities for the civil process, inmate, commissary, inmate security, and bond accounts. Additionally, Sheriff's office personnel did not ensure bills were paid timely and bank account balances were not properly monitored, and the office did not properly retain many financial records.
Inmate Account and Commissary Controls and Procedures	Controls over non-monetary adjustments posted to inmate accounts need improvement. During the year December 31, 2020, the Sheriff's office spent at least \$5,543 on unsupported and/or questionable purchases with commissary account funds. The office does not disburse commissary net proceeds to the county Inmate Prisoner Detainee Security Fund as required by state law. In addition, the Sheriff's office does not maintain records of commissary net proceeds, and does not have adequate procedures to ensure all inmate money is refunded upon release. The Sheriff's office does not charge sales taxes on commissary sales and remit them to the Department of Revenue.
Sunshine Law	The County Commission did not always ensure compliance with the Sunshine Law for closed meetings and notices and agendas.
Prosecuting Attorney's Controls and Procedures	The Prosecuting Attorney has not adequately segregated accounting duties or ensured documented supervisory reviews. Office procedures for receipting, recording, and depositing money need improvement. The Prosecuting Attorney's office did not timely disburse restitution payments to victims. Additionally, the office did not ensure bank reconciliations were accurately prepared for the restitution and bad check accounts, monthly lists of liabilities were not prepared to reconcile to the available cash balance, and procedures to routinely follow-up on outstanding checks have not been established.
Personnel Policies and Procedures	County officials do not always follow personnel policies. In addition, procedures to monitor compensatory time balances are not sufficient.
Electronic Communications Policy	The county has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.

Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.
---------------------	--

In the areas audited, the overall performance of this entity was **Poor**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

County Commission  
and  
Officeholders of Ray County

We have audited certain operations of Ray County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to:

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal control, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Ray County.

A handwritten signature in black ink, reading "S. Fitzpatrick". The signature is stylized, with a large "S" and a cursive "Fitzpatrick".

## Management Advisory Report

### State Auditor's Findings

---

#### **1. Missing Money**

From January 2018 through December 2020, Sheriff's office personnel receipted \$2,549 in conceal carry weapon (CCW) permit (see Appendix A) and \$443 in sex offender registry (SOR) fees (see Appendix B) that were not transmitted to the County Treasurer and are missing.

We identified discrepancies between recorded CCW and SOR fee receipts and amounts transmitted to the County Treasurer during initial test work. After identification of missing money for 2020, we applied limited procedures to 2018 and 2019 for the purpose of identifying and quantifying any additional missing money.

Prior to January 2021, a jailer and the Office Manager issued manual receipt slips for CCW, SOR, and miscellaneous fees received and placed the money in a locked drawer. The jailer and Office Manager recorded the receipts on a monthly receipt log and transmitted the money to the County Treasurer approximately once a month. They did not provide the County Treasurer with a record of each individual receipt included in the transmittal. The current Sheriff, Scott Childers, took office in January 2021, and more than half of his predecessor's employees resigned or were not retained, including the former employees primarily responsible for receipting, recording, and transmitting CCW and SOR fees in question during the period reviewed.

Because the missing receipts were recorded on the monthly receipt logs, we determined the money went missing between the time the money was removed from the locked drawer and recorded on the monthly receipt logs and the transmittal to the County Treasurer. Due to office turnover, we could not determine which employees had access to the money after it was removed from the locked drawer and recorded and when it was transmitted to the County Treasurer.

The lack of segregation of duties, inadequate controls, and the absence of oversight as discussed in MAR finding number 2, resulted in the missing receipts going undetected.

#### **Recommendation**

The Sheriff work with the County Commission and other law enforcement officials regarding the missing money and take the necessary actions to seek restitution for amounts missing.

#### **Auditee's Response**

*We contacted several local law enforcement agencies early in my administration regarding an investigation of the missing money; however, due to lack of information and missing records we were unable to get any assistance and complete the investigation. In addition, the former Sheriff's office employees were not bonded and as a result, we were unable to recover the missing money. We will work with the County Clerk's office to obtain a surety bond for all current employees that have access to bank accounts and money received.*

Ray County  
Management Advisory Report - State Auditor's Findings

## 2. Sheriff's Controls and Procedures

Controls and procedures in the Sheriff's office needed significant improvement.

The office processed receipts for civil process fees, CCW, SOR, and miscellaneous receipts totaling approximately \$40,000 during the year ended December 31, 2020. The receipts were either transmitted to the County Treasurer or deposited into Sheriff's office bank accounts (civil process fees are deposited into the civil process account). In addition, the office provides a commissary to inmates and maintains separate inmate, commissary, and bond bank accounts. The office opened a new inmate security bank account when it changed to a new commissary vendor and system in April 2021. Inmate, commissary, and bond deposits totaled approximately \$202,000 during the year ended December 31, 2020.

Prior to April 2021, inmate money was receipted and recorded to a computerized commissary system and deposited into the inmate and commissary bank accounts. In addition, prior to April 2021, bond money was receipted on manual receipt slips and deposited into the bond account.

The Sheriff's office implemented a new computerized commissary system in April 2021. The system allows inmate money to be deposited into 2 kiosks and applied to an inmate's commissary account. The Sheriff's office is also depositing bond money into the kiosks. The Jail Administrator retrieves the money from the kiosks and uses system reports to determine the amount of bond and inmate receipts to be deposited into the appropriate bank account.

### 2.1 Segregation of duties

Neither the prior nor the current Sheriff adequately segregated accounting duties or performed supervisory reviews of accounting and bank records.

- Under the prior Sheriff, both a jailer and the Office Manager were primarily responsible for receipting, recording, and transmitting money received for CCW permits, SOR, and miscellaneous receipts; preparing monthly receipt logs; depositing, disbursing, and reconciling bond money; and billing for prisoner board with no independent or supervisory review. Currently, these duties are all performed by the Office Manager.
- The Civil Process Clerk was primarily responsible for civil paper service transactions, including receipting, recording, and depositing money; and preparing disbursements and bank reconciliations.
- The Jail Administrator was primarily responsible for inmate and commissary money, including receipting, recording, depositing, and preparing disbursements and bank reconciliations. The Jail Administrator also handled the commissary inventory, including purchasing and stocking inventory items, distributing ordered items to inmates, and maintaining commissary records.

## Ray County Management Advisory Report - State Auditor's Findings

The Sheriff indicated he occasionally reviewed deposits, time cards, and checks written by the Office Manager; however, the Sheriff's reviews did not include a documented review of detailed time, receipt, and disbursement records. The Sheriff indicated there were insufficient staff at the beginning of his administration to segregate duties; however, the office has since hired additional staff and has now adequately segregated accounting duties.

Proper segregation of duties is necessary to ensure all transactions are accounted for properly and assets are adequately safeguarded. If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of accounting and bank records are essential to ensure bank records agree with accounting records and all receipts are accounted for properly.

### 2.2 Receipting, recording, depositing, and transmitting

Conceal carry weapon permits, sex offender registration fees, and miscellaneous receipts

The Sheriff's office procedures for receipting, recording, depositing and transmitting money were inadequate. As a result, there is no assurance all money collected was properly receipted, recorded, and deposited or transmitted.

We identified the following concerns with CCW permits, SOR fees, and miscellaneous receipts:

- Due to the turnover in the Sheriff's office, we could not determine if receipt slips were issued by former Sheriff's office personnel for miscellaneous receipts for the 3 years ended December 31, 2020. We did not locate any receipt slips for report copy, trailer inspection, and other miscellaneous receipts transmitted to the County Treasurer. In addition, we could not locate 6 CCW receipt slips totaling \$550 from receipt books used in May and October 2020, and in November 2019. Also, we could not locate 2 SOR receipt slips from a receipt book used in January 2018. No related receipts were recorded in the receipt logs and the amount received, if any, is unknown.
- Former Sheriff's office personnel did not always or accurately record the method of payment on receipt slips and the monthly receipt logs did not indicate the method of payment. As a result, the Sheriff's office could not reconcile the composition of receipts to the composition of transmittals.
- Former Sheriff's office personnel did not maintain accurate monthly receipt logs. We noted many of the logs did not have accurate totals. In addition, some logs did not include all receipt slips issued for the month, and 3 SOR receipts from January, April, and May 2018, were recorded on the logs at different amounts than what was recorded on the receipt slips.

---

Ray County  
Management Advisory Report - State Auditor's Findings

---

- Former Sheriff's office personnel did not transmit receipts to the County Treasurer timely. For example, February 2020 CCW and SOR receipts were not transmitted until March 31, 2020, and April 2020 CCW and SOR receipts were not transmitted until May 28, 2020.
- During our May 2021 cash counts of report copy and trailer inspection receipts, we noted Sheriff's office personnel had not issued receipt slips for all report copy receipts on hand. The Office Manager at the time of the cash count indicated receipt slips were only issued for cash received. In addition, 2 receipt slip books were used at the same time for both types of receipts. Some receipt slips were skipped and were not used. As a result, the Sheriff's office could not account for the numerical sequence of receipt slips to ensure that all receipts were recorded and transmitted properly.
- Also, during our May 2021 cash count we noted office personnel did not restrictively endorse checks upon receipt. Instead the County Treasurer endorsed the checks upon transmittal each month.

Inmate and bond receipts

We identified the following concerns with inmate and bond receipts:

- Former Sheriff's office personnel did not issue receipt slips for all bond money received during the year ended December 31, 2020. We noted \$2,784 more was deposited to the bond account than was receipted. In addition, former Sheriff's office personnel did not retain inmate receipt records for deposits totaling \$54,254 during the year ended December 31, 2020.
- Former Sheriff's office personnel mistakenly deposited inmate money totaling \$2,475 into the bond account on May 14, 2020.
- Former personnel made transfers totaling \$31,300 between the inmate and commissary accounts during the year ended December 31, 2020, and did not retain documentation to support the transfers.
- Sheriff's office personnel did not record inmate and bond money totaling \$43,494 in the commissary system that was deposited to the commissary and bond accounts from April 2021 to December 2021. As a result, inmate account balances are not accurate. In addition, the Sheriff's office did not obtain a report of receipts from the kiosk when removing money for deposit for 9 of 40 daily deposits reviewed between April 1, 2021, and December 31, 2021. The amount deposited on these 9 days totaled \$33,228. The Jail Administrator prepared the deposit slips for the 9 days to equal the amount removed, with no report of receipts to support the amount deposited.

## Ray County Management Advisory Report - State Auditor's Findings

- The Sheriff's office transferred money between its bank accounts without retaining any supporting documentation to explain the transfers. These transfers included: \$4,639 from the commissary account to the bond account in July and September 2021, \$3,100 from the inmate security account to the bond account in October and November 2021, and \$10,500 from the inmate security account to the commissary account in August, October, and November 2021.

### Conclusion

Failure to implement adequate receipting, recording, and depositing and transmitting procedures increases the risk that loss, theft, or misuse of money will go undetected and accounting records will contain errors. To reduce this risk, procedures should be established to ensure all money received is properly receipted, recorded, and deposited or transmitted. Inadequate receipting, recording, and depositing and transmitting procedures helped conceal the missing money noted in MAR finding number 1. The Sheriff could not explain why he, his former staff, or the prior Sheriff did not establish adequate receipting, recording, depositing and transmitting controls and procedures.

A similar condition was noted in our prior 3 audit reports.

### 2.3 Bank reconciliations and liabilities

The Sheriff's office did not prepare bank reconciliations or monthly lists of liabilities for the civil process, inmate, commissary, inmate security, and bond accounts. No bank reconciliations were performed for the civil process, inmate, and commissary bank accounts for at least the period of January 2020 through May 2021, and, as of September 2021, no bank reconciliations had been performed for the inmate security bank account. As of our review, the bond bank account had not been reconciled since March 2020. During audit fieldwork, Sheriff's office personnel could not prepare or provide bank reconciliations or lists of liabilities upon our request.

In addition, the Sheriff's office did not maintain a book balance for the civil process account and did not maintain accurate book balances for the inmate, commissary, inmate security, and bond bank accounts. We could not determine the reconciled account balances for the civil process, inmate, commissary, bond, and inmate security accounts as of May 31, 2021, as Sheriff's office personnel did not maintain adequate accounting records. For example, as of May 31, 2021, the bond account was overdrawn by \$970 while the check register had a recorded book balance of negative \$10,224.

The Sheriff could not explain why he and his former staff and the prior Sheriff did not perform monthly bank reconciliations, maintain a book balance for the civil process account, or maintain accurate book balances for the inmate and inmate security bank accounts.

## Ray County Management Advisory Report - State Auditor's Findings

Maintaining an accurate book balance and performing monthly bank reconciliations helps ensure receipts and disbursements have been properly handled and recorded, and increases the likelihood errors will be identified and corrected timely. Without regular identification and comparison of liabilities to the reconciled bank balance, there is less likelihood errors will be identified and the ability to both identify liabilities, refund money, when necessary, and resolve errors is diminished.

A similar condition was noted in our prior 3 audit reports.

### 2.4 Late fees, finance charges, and overdraft fees

Sheriff's office personnel did not ensure bills were paid timely and bank account balances were not properly monitored. During the year ended December 31, 2020, the Sheriff's office incurred late fees and finance charges totaling \$409 due to untimely credit card payments. In addition, the Sheriff's office incurred bank overdraft fees totaling \$140 in May 2021, when sufficient funds were not available in the bond account for 4 checks issued. The Sheriff could not explain why the prior Sheriff was not paying credit card bills timely or why he did not ensure funds were available for disbursements.

Controls and procedures to ensure timely payment of amounts owed and accurate bank account balances are necessary to prevent late fees, finance charges, and bank overdraft fees.

### 2.5 Record retention

The Sheriff's office did not properly retain many financial records. We noted the following:

- The Sheriff's office did not retain individual receipt slips, credit card statements, and supporting documentation for some credit card purchases. Upon our request, personnel requested the documents from the bank and vendors.
- The Sheriff's office did not retain most records from the prior commissary system including records of receipts, disbursements, and commissary inventory and sales records. When the commissary vendor and system changed in April 2021, the Sheriff's office no longer had access to this system. The Sheriff's office did not attempt to create copies of most records from the prior system before access was removed.
- The Sheriff's office did not retain all receipt slips for bonds received between January 1, 2021, and March 31, 2021, and did not retain the top copy of 4 voided SOR receipt slips received in 2018.
- Bank statements for some of the Sheriff's accounts were not retained for various months during the 3 years ended December 31, 2020.

## Ray County Management Advisory Report - State Auditor's Findings

Retention of records is necessary to ensure the validity of transactions and provide an audit trail. Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. Record retention schedules can be found on the Secretary of State's website.<sup>1</sup> The Sheriff could not explain why the prior Sheriff did not retain records as required by state law or why he or his former staff did not obtain copies of records from the prior commissary system.

## Recommendations

The Sheriff:

- 2.1 Segregate accounting duties to the extent possible and/or ensure independent or supervisory reviews of accounting and bank records are performed and documented.
- 2.2 Require receipt slips be issued for all money received with the method of payment indicated, the numerical sequence of receipt slips be accounted for, the composition of receipts be reconciled to the composition of amounts recorded and transmitted or deposited, and money received be transmitted or deposited timely and intact. In addition, reconcile inmate and bond money received through the kiosks to deposits and kiosk reports, and ensure receipt slips, and supporting documentation for transfers between accounts, are retained. Further, ensure checks are restrictively endorsed immediately upon receipt.
- 2.3 Prepare lists of liabilities, calculate book balances, and ensure adequate monthly bank reconciliations are prepared for all bank accounts. The Sheriff should reconcile the lists of liabilities to the available cash balances. Any differences between accounting records and reconciliations should be promptly investigated and resolved.
- 2.4 Implement procedures to ensure bills are paid timely and bank account balances are sufficient to avoid late fees, finance charges, and bank overdraft fees.
- 2.5 Retain all records in accordance with state law.

## Auditee's Response

- 2.1 *Beginning in the summer of 2021, we segregated duties to the extent possible, and I began reviewing all deposits and bank*

---

<sup>1</sup> Missouri Secretary of State Records Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, accessed May 24, 2023

Ray County  
Management Advisory Report - State Auditor's Findings

*reconciliations. In addition, I sign or give approval for all checks issued.*

- 2.2 *We started implementing the recommendations for receipting, recording, depositing, and transmitting in the summer of 2021. All of these recommendations have now been fully implemented.*
- 2.3 *We began performing monthly bank reconciliations and a monthly list of liabilities in the summer of 2021. In addition, accurate book balances are now maintained for all bank accounts and agree to the reconciled bank balances and liabilities each month.*
- 2.4 *My office turns over all invoices and receipts to the County Clerk's office upon receipt to ensure late fees and finance charges do not occur. In addition, we are now depositing receipts at least twice a week to ensure sufficient funds are available in the bank accounts to cover checks issued and prevent overdraft fees.*
- 2.5 *All records are now retained as required by state law.*

### **3. Inmate Account and Commissary Controls and Procedures**

The Sheriff's office handling of inmate accounts and commissary sales and proceeds needs improvement.

#### **3.1 Non-monetary adjustments**

Controls over non-monetary adjustments posted to inmate accounts need improvement. Non-monetary adjustments are transactions for which no money was received; however, changes to the inmate's account balances are necessary for credits given to inmates for working as a trustee in the jail, refunds, transfers of money between inmate accounts, and transfers from the prior commissary system.

Sheriff's office personnel improperly applied inmate account adjustments totaling \$4,026 by issuing cash receipt slips between April 1, 2021, and December 27, 2021, rather than recording the adjustments as non-monetary transactions, and there was no review or approval by an independent person of these transactions. As a result, the total amount receipted as cash appeared higher than the actual amount received and could not be reconciled to the cash deposited. This may have also caused inmates' account balances to be inaccurate. The Sheriff could not explain why his former staff were not properly recording inmate account adjustments and why a review and approval was not obtained.

---

Ray County  
Management Advisory Report - State Auditor's Findings

---

Review and approval of adjustments by an independent person is necessary to ensure adjustments are proper. Preparing and approving adjustment forms before they are made in the computer system, and ensuring posted adjustments are compared to the list of approved adjustments, would help ensure non-monetary adjustments are accurate, complete, and valid.

### 3.2 Unsupported and questionable purchases

The Sheriff's office spent at least \$5,543 on unsupported and/or questionable purchases with commissary account funds during the year ended December 31, 2020. Most of these purchases were made using a Walmart credit card and some were made by check. While some of these purchases may be appropriate, there was no documentation to support or explain the purpose of these purchases. In addition, the Sheriff's office did not retain receipts, invoices, and other supporting documentation for most purchases made from the commissary account. Disbursements from the commissary account totaled \$38,801 for the year ended December 31, 2020.

The Sheriff's office made the following questionable and/or unsupported purchases totaling at least \$4,449 with a Walmart credit card:

- The Sheriff's office purchased 15 televisions on November 5, 2020, for \$1,770. The current Sheriff found the televisions in the original boxes around the office and is currently using them as computer monitors.
- The Sheriff's office purchased 46 hams on December 17, 2019, for \$1,085.
- The Sheriff's office purchased other questionable items, totaling \$850, including scented oil air fresheners, soda, energy drinks, sport drinks, cigarettes, beer, a toy, personal grooming tools, barbeque seasoning rubs, and lotion, skin cleaners, and other beauty items that were not included on commissary inventory lists.
- The Sheriff's office purchased other unsupported items totaling at least \$744 including digital and game cameras, a vehicle global positioning system unit, a compact disc player, speakers, and multiple data storage drives.

In addition, Sheriff's office personnel purchased unsupported and questionable items by check including flower arrangements totaling \$443 and 30 hams for \$651 on December 15, 2020. Sheriff's office personnel made 4 purchases totaling \$1,103 by check for which no purchase receipt slips or other supporting documentation was retained and the check register did not include a description of these purchases. As a result, we could not determine what goods or services were purchased and whether these purchases were a prudent use of county resources.

## Ray County Management Advisory Report - State Auditor's Findings

The Sheriff's office could not explain why the prior Sheriff purchased these items or why invoices, purchase receipt slips, and other supporting documentation were not retained.

Public funds should be spent only on items necessary and beneficial to the county. Detailed supporting documentation would have improved the Sheriff office's ability to ensure purchases were reasonable. County residents have placed a fiduciary trust in their public officials to spend county money in a prudent and necessary manner.

### 3.3 Inmate Prisoner Detainee Security Fund

The Sheriff's office does not disburse commissary net proceeds to the county Inmate Prisoner Detainee Security Fund as required by state law. In addition, the Sheriff's office does not maintain records of commissary net proceeds. As a result, we could not determine the amount of undisbursed net proceeds. The Sheriff could not explain why he or his former staff and the prior Sheriff did not maintain records of commissary net proceeds or disburse commissary net proceeds.

Section 221.102, RSMo, requires each county jail to keep revenues from its commissary in a separate account and pay for goods and other expenses from that account, allows retention of a minimum amount of money in the account for cash flow purposes and current expenses, and requires deposit of the remaining funds (net proceeds) of the commissary account into the county Inmate Prisoner Detainee Security Fund held by the County Treasurer.

A similar condition was noted in our prior audit report.

### 3.4 Inmate refunds

The Sheriff's office does not have adequate procedures to ensure all inmate money is refunded upon release. As of July 2021, the Sheriff's office was holding approximately \$25,300 for 455 former inmates in the inmate account. The Sheriff could not explain why his former staff and the prior Sheriff did not refund inmate money when released.

Follow up on inactive accounts is necessary to ensure funds are appropriately disbursed to former inmates or as otherwise provided by state law. In addition, establishing procedures to refund all inmate money upon release will allow the Sheriff's office to more adequately safeguard any money being held and reduce the risk of loss, theft, or misuse of funds.

### 3.5 Sales tax

The Sheriff's office does not charge sales taxes on commissary sales of electronic cigarettes and certain hygiene products and remit them to the Department of Revenue (DOR). The Sheriff could not explain why he or his former staff and the prior Sheriff were not charging and collecting sales taxes on commissary sales.

## Ray County Management Advisory Report - State Auditor's Findings

Pursuant to 12 CSR 10-110.955(3)(B), sales by the state of Missouri and its political subdivisions are subject to tax. Section 144.080, RSMo, requires sales tax collections be remitted to the DOR on a monthly, quarterly, or annual basis, depending on the amounts collected. Therefore, the Sheriff's office should be charging and collecting sales tax and remitting it to the DOR.

### Recommendations

The Sheriff:

- 3.1 Ensure all adjustments made to inmates' accounts are properly recorded. In addition, ensure all adjustments made to the commissary system are properly approved and compared to actual changes posted to the commissary system, and documentation of all adjustments is retained.
- 3.2 Ensure adequate supporting documentation is maintained for all disbursements and all disbursements are necessary and prudent uses of public funds.
- 3.3 Ensure existing and future commissary net proceeds are disbursed timely to the County Treasurer for deposit in the Inmate Prisoner Detainee Security Fund.
- 3.4 Refund all inmate money upon release. In addition, attempt to resolve unclaimed balances of inactive inmate accounts. If the payee cannot be located, the amount should be disbursed in accordance with state law.
- 3.5 Contact the DOR for guidance on establishing procedures for charging and collecting sales tax on commissary sales, and ensure future sales tax collections are remitted to the DOR.

### Auditee's Response

- 3.1 *We implemented this recommendation in the spring of 2022. We worked with the commissary system vendor to learn the proper method of recording these transactions and to correct the book balance.*
- 3.2 *We agree with the finding. My administration has not made any unsupported, questionable, unreasonable, and unnecessary purchases, and I will continue to prohibit the purchase of these items. In addition, supporting documentation including receipts and invoices are kept for all disbursements.*
- 3.3 *In April 2021, with the implementation of the current commissary system, we began tracking all commissary proceeds and remitting all but \$5,000 of the proceeds to the County Treasurer on a monthly basis for deposit into the Inmate Prisoner Detainee Security Fund. A*

Ray County  
Management Advisory Report - State Auditor's Findings

*balance of \$5,000 is maintained for cash flow purposes and to cover any current expenses.*

- 3.4 *In April 2021, with the implementation of the current commissary system, we began issuing debit cards to former inmates upon release. As indicated in the finding, we have identified 455 former inmates with unclaimed balances totaling \$25,314. We will attempt to locate these inmates and refund the money. The remaining unidentified liabilities will be disbursed to the Missouri Unclaimed Property Division.*
- 3.5 *We agree with the finding and have recently made the decision to change commissary vendors. Beginning in October, all commissary items will be sold through our new vendor who will be responsible for charging, collection, and paying sales tax to the state.*

## 4. Sunshine Law

The County Commission did not always ensure compliance with the Sunshine Law for closed meetings and notices and agendas. In September 2021, the county and the Attorney General's office agreed to a consent judgment requiring training of county officials and other corrective measures in settlement of an April 2021 lawsuit over the county's handling of meetings, notices, and agendas during May 2020. We identified the following concerns for the meetings held between January 2020 and September 2021:

- The County Commission discussed and voted on some topics in closed meetings that were not allowable under the Section 610.021, RSMo. For example, in closed meetings the Commission discussed vehicle purchases and creating part-time positions. In addition, various personnel issues pertaining to specific employees were discussed in closed meetings that could possibly be appropriate for those meetings if the meetings were closed as provided by law, but the meeting minutes did not contain the specific section permitting closure. The County Clerk indicated the County Commission would often get off topic and discuss other items not approved during closed meetings.
- The County Clerk did not timely prepare official, signed meeting minutes for 15 of the 28 closed meetings held from January 1, 2020, through September 23, 2021. The County Clerk initially provided handwritten notes for these 15 closed meetings for our review. The County Clerk indicated she was unaware that closed meeting minutes needed to be prepared and approved.
- The County Commission did not include sufficient detail in meeting notices and agendas to advise the public of matters to be considered. Notices and agendas frequently did not include a statement that a closed meeting would be held and generally only included vague statements

## Ray County Management Advisory Report - State Auditor's Findings

such as new business and old business with no additional information on matters to be discussed or decisions to be made. The County Clerk indicated the County Commission would enter into closed meetings without timely amending the meeting notices and agendas. The current County Clerk does not know why the previous meeting notices and agendas did not include sufficient detail.

Missouri's Sunshine Law, Chapter 610, RSMo, provides for transparency and openness of government. Section 610.021, RSMo, lists the topics that may be discussed in closed meetings, and Section 610.022.3, RSMo, mandates that the discussion topics and actions in closed meetings be limited to only those specifically allowed by law as announced in the justification for closing the meeting. Section 610.020.7, RSMo, states minutes of open and closed meetings shall be taken and retained by the governmental body. Meeting minutes serve as an official record of county business conducted and county actions and decisions. In addition, Section 610.020.1, RSMo, requires public entities to give notice of the time, date, and place of each meeting, and its tentative agenda, to advise the public of matters to be considered.

### Recommendation

The County Commission ensure only topics allowed by state law are discussed in closed meetings and specific reasons for closing a meeting are documented on the agenda and open meeting minutes. In addition, ensure official, signed minutes are prepared for all closed meetings in a timely manner and proper notification and agendas for public meetings are given and sufficiently detailed.

### Auditee's Response

*Future closed sessions will have a specified agenda which will spell out exactly what will be discussed and nothing else will be discussed in the closed session. In addition, we will only discuss topics allowed by state law during closed session. The County Clerk will prepare minutes in a timely manner and have commissioners sign and approve them.*

## 5. Prosecuting Attorney's Controls and Procedures

Controls and procedures in the Prosecuting Attorney's office need improvement. The office collected \$35,341 in bad check and court-ordered restitution and fees for the year ended December 31, 2020.

### 5.1 Segregation of duties

The Prosecuting Attorney has not adequately segregated accounting duties or ensured documented supervisory reviews. The bad check clerk and the restitution clerk are each primarily responsible for receiving, recording, and depositing bad check and restitution receipts, respectively. No independent review of receipt and deposit records is performed for either employee to ensure all money collected was properly recorded and deposited timely. The Prosecuting Attorney indicated segregation of duties and independent

## Ray County Management Advisory Report - State Auditor's Findings

reviews were not possible due to frequent turnover in the office and the limited number of staff trained to perform these duties.

Proper segregation of duties is necessary to ensure transactions are accounted for properly and assets are adequately safeguarded. Internal controls would be improved by segregating the duties of receiving, recording, and depositing receipts. If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of detailed accounting and bank records are essential and should include comparing daily receipt activity to deposits.

### 5.2 Receipting, recording, and depositing

The Prosecuting Attorney's office procedures for receipting, recording, and depositing money need improvement.

- Office personnel did not always issue receipt slips or record restitution received in a timely manner. The office's procedure was for the restitution clerk to record restitution receipts in the physical case files and other office personnel to issue manual receipt slips when the restitution clerk was not working. However, we noted office personnel did not issue receipt slips for 26 of 43 receipts received between February 26, 2021, and March 19, 2021, while the restitution clerk was out. These receipts were later recorded in the physical case files by the restitution clerk.
- Office personnel did not always issue receipt slips immediately upon receipt for bad check money received. The office's procedure was for the bad check clerk to issue receipt slips from the case management system and other personnel to issue manual receipt slips when the bad check clerk was not working. However, we noted manual receipt slips were not issued for 13 of 20 bad check receipts received between February 26, 2021, and March 19, 2021, when the bad check clerk was out. These receipts were later receipted in the case management system.
- Office personnel did not issue bad check and restitution manual receipt slips in numerical sequence. As a result, the numerical sequence of receipt slips cannot be accounted for, the composition of receipts cannot be reconciled to the composition of deposits, and officials cannot determine if all receipts were deposited intact.
- Bad check and restitution money was not deposited timely. For example, restitution money, totaling \$8,789, received between February 26, 2021, and March 19, 2021, was not deposited until March 26, 2021.
- Checks and money orders were not restrictively endorsed immediately upon receipt. Office personnel applied the endorsement when preparing the deposit.

Ray County  
Management Advisory Report - State Auditor's Findings

The Prosecuting Attorney indicated proper receipting, recording, and depositing procedures were not maintained due to frequent turnover in the office and the limited number of staff trained to perform these duties.

Failure to implement adequate receipting, recording, and depositing procedures increases the risk that loss, theft, or misuse of money will go undetected and accounting records will contain errors.

A similar condition was noted in our prior audit report.

**5.3 Disbursement procedures** The Prosecuting Attorney's office did not timely disburse restitution payments to victims. For example, restitution receipts totaling \$7,100 between April 4, 2020, and July 27, 2020, were not disbursed to victims until August 13, 2020. The Prosecuting Attorney indicated proper disbursement procedures were not maintained due to frequent turnover in the office and the limited number of staff trained to perform these duties.

Timely disbursement of restitution payments is necessary to ensure victims are compensated, receipts are properly accounted for, and to reduce the risk of loss, theft, or misuse of funds.

A similar condition was noted in our prior audit report.

**5.4 Bank reconciliations, accounting records, liabilities, and outstanding checks** The Prosecuting Attorney's office procedures for reconciling bank accounts need improvement.

Restitution account

The Prosecuting Attorney did not ensure bank reconciliations were accurately prepared for the restitution account, a monthly list of liabilities was not prepared to reconcile to the available cash balance, and procedures to routinely follow-up on outstanding checks have not been established.

We reviewed the bank reconciliation performed for December 31, 2020, and identified several outstanding checks that were not listed as outstanding and several checks that had cleared the bank that were still listed as outstanding. As a result, the reconciled bank (cash) balance was understated by \$2,627 and should have been reported as \$24,768. The book balance was \$25,581, leaving a shortage of \$812 in the account. Because the bank reconciliation prepared did not agree to the book balance, and a list of liabilities was not maintained and reconciled to the available cash balance, office personnel did not identify the shortage.

In addition, the Prosecuting Attorney's office has not established procedures to routinely follow up on old outstanding checks. At December 31, 2020, 10

## Ray County Management Advisory Report - State Auditor's Findings

checks totaling \$5,154 had been outstanding for over a year, with the oldest check dating back to 2016.

### Bad check account

The Prosecuting Attorney did not ensure bank reconciliations are accurately prepared for the bad check account, maintain a book balance or check register, or prepare a monthly list of liabilities to reconcile to the available cash balance.

We reviewed the bank reconciliation performed for December 31, 2020, and identified 3 outstanding checks that were not listed as outstanding. As a result, the reconciled bank (cash) balance of \$3,357 was overstated by \$280. Further, no documentation was provided to identify what was included in the cash balance.

### Conclusion

The Prosecuting Attorney indicated proper bank reconciliation procedures were not maintained due to frequent turnover in the office and the limited number of staff trained to perform these duties. Maintaining a book balance and performing adequate monthly bank reconciliations helps ensure receipts and disbursements have been properly handled and recorded, and increases the likelihood errors will be identified and corrected timely. Without regular identification and comparison of liabilities to the reconciled cash balance, the ability to both identify liabilities and resolve errors is diminished. In addition, procedures to routinely follow up on outstanding checks are necessary to prevent the accumulation of money in the account and ensure it is appropriately disbursed to the payee or as otherwise provided by state law.

## Recommendations

The Prosecuting Attorney:

- 5.1 Segregate accounting duties or ensure independent or supervisory reviews of detailed accounting and bank records are performed.
- 5.2 Ensure receipt slips are issued for all money received, the numerical sequence of receipt slips is accounted for, the composition of receipts is reconciled to the composition of deposits, receipts are deposited timely and intact, and checks are restrictively endorsed upon receipt.
- 5.3 Disburse victim restitution timely.
- 5.4 Ensure adequate monthly bank reconciliations are prepared, maintain accurate book balances, and prepare monthly lists of liabilities and reconcile the lists to the available cash balances. Any differences between accounting records and reconciliations should be promptly investigated and resolved. In addition, establish procedures to routinely investigate outstanding checks. Old outstanding checks should be voided and reissued to payees that can be readily located. If payees cannot be located, the money should be disbursed in accordance with state law.

Ray County  
Management Advisory Report - State Auditor's Findings

## Auditee's Response

- 5.1 *Due to the small size of my office, I am unable to segregate duties. Starting immediately, I will review deposits, disbursements, and bank reconciliations each month and will document my review.*
- 5.2 *My current staff implemented these recommendations in July 2022.*
- 5.3 *My current staff implemented these recommendations in July 2022.*
- 5.4 *My current staff began performing bank reconciliations and has been working to identify and resolve liabilities and old outstanding checks since the fall of 2022. This fall we will disburse any remaining unclaimed and unidentified liabilities to the Missouri Unclaimed Property Division.*

## 6. Personnel Policies and Procedures

County officials do not always follow personnel policies. In addition, procedures to monitor compensatory time balances are not sufficient.

### Compensatory time

The County paid some Sheriff's office deputies overtime for hours worked in excess of 86 hours bi-weekly rather than awarding compensatory time as required by county policy. The Sheriff indicated overtime hours were paid rather than awarding compensatory time when a deputy was called in on his or her day off to handle an emergency or asked to work to cover another deputy's shift. In other instances, deputies earn compensatory time. The county's personnel policy states the county has exercised its option to use compensatory time in lieu of overtime pay. The Sheriff indicated he continued the prior Sheriff's procedures related to handling overtime pay and compensatory time.

Written personnel policies and strict compliance with those policies is necessary to ensure equitable treatment of employees, prevent misunderstandings, and ensure employees are properly compensated.

### Timesheets and compensatory time records

Road and Bridge department employees do not record compensatory time used and hours worked in excess of scheduled hours on timesheets. In addition, the County Clerk's office does not maintain centralized compensatory time records for Road and Bridge department and Sheriff's office employees. The Road and Bridge department and the Sheriff's office are the only county offices or departments allowing employees to earn overtime and compensatory time. The Road and Bridge foreman records compensatory time used and compensatory hours earned and taken in a hand-written ledger and provides the ledger to the County Clerk's office each month. The sergeants maintain compensatory time records for the Sheriff's office and the records are only provided to the County Clerk's office when compensatory time is earned. The current County Clerk could not explain why the Road and Bridge department employees did not record compensatory

## Ray County Management Advisory Report - State Auditor's Findings

time used and earned on timesheets or why the former County Clerk did not maintain centralized compensatory time records.

Without adequate time records and centralized compensatory time records, the County Commission cannot ensure hours worked and compensatory time earned and taken by employees are accurate. The County's personnel manual requires timesheets to include all hours worked during the pay period and Section 29 CFR 516.2(a) of the Fair Labor Standards Act requires employers to maintain accurate records of actual time worked by employees. In addition, centralized compensatory time records aid in ensuring equitable treatment of employees and in determining final compensation for employees leaving county employment.

A similar condition was noted in our prior three audit reports.

### Recommendation

The County Commission ensure compensatory time is awarded in lieu of overtime pay and employees record all hours worked on timesheets in compliance with personnel policies. In addition, ensure the County Clerk maintains centralized compensatory time records for all employees.

### Auditee's Response

*Sheriff's office deputies and jail personnel will receive compensatory time for hours worked in excess of 86 hours bi-weekly, up to a maximum accrual of 168 hours, after which overtime will be paid. Also, we will continue the practice of paying overtime when a deputy is called in on his or her day off to handle an emergency or is asked to work to cover another deputy's shift. The personnel policy was revised on August 29, 2023, to reflect these procedures. In addition, we will ensure all hours worked are recorded on timesheets as required in the personnel policy. Finally, the County Clerk will maintain centralized compensatory time records for all county employees.*

## 7. Electronic Communications Policy

The county has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of

---

Ray County  
Management Advisory Report - State Auditor's Findings

---

records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.<sup>2</sup>

Development of a written policy to address the use of electronic communications is necessary to ensure all documentation of official business of the county is retained as required by state law. The County Commission indicated it was unaware of the record retention requirements and the electronic communications guidelines.

## Recommendation

The County Commission work with other county officials to develop a written records management and retention policy to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division electronic communications guidelines.

## Auditee's Response

*We are working with a vendor to develop a records management and retention policy that will include electronic communications. We expect this to be completed by the end of 2023.*

---

# Ray County

## Organization and Statistical Information

---

Ray County is a county-organized, third-class county. The county seat is Richmond.

Ray County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 68 full-time employees and 20 part-time employees on December 31, 2020.

County operations also include a Planning and Zoning Board, Senior Citizens Services Board, Law Enforcement Restitution Fund Board, Library Board, Senate Bill 40 Board, and Enhanced Enterprise Board.

### Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2021	2020
Bob King, Presiding Commissioner	\$	33,351
Allen Dale, Associate Commissioner		27,390
Jerry Bishop, Associate Commissioner		31,302
Shirley O'Dell, Recorder of Deeds		46,350
Glenda Powell, County Clerk		46,350
Camille Johnston, Prosecuting Attorney		143,487
Garry Bush, Sheriff		51,500
Melissa Holloway, County Treasurer		46,350
Bartley Willim, County Coroner		16,481
Shannon Wollard, Public Administrator		46,350
Julie Chowning, County Collector (1), year ended February 28,	92,328	
Kent Wollard, County Assessor, year ended August 31,		46,350
Terry McCanless, County Surveyor (2)		

(1) Includes \$43,497 of commissions earned for collecting city property taxes.

(2) Not compensated by the county.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Howard County, Missouri

The Office of the State Auditor contracted for an audit of Howard County's financial statements for the 2 years ended December 31, 2022, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, is attached.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized with a large, flowing "S" and "F".

County Clerk – Shelly R. Howell  
Coroner – Trisha Clark  
Prosecuting Attorney – Deborah Riekhof  
Public Administrator – Lisa Asbury  
Sheriff – Jeff Oswald  
Treasurer – Susan Keyton

## **FINANCIAL SECTION**

## **McBRIDE, LOCK & ASSOCIATES, LLC**

---

**CERTIFIED PUBLIC ACCOUNTANTS**

### **INDEPENDENT AUDITOR'S REPORT**

To the County Commission and  
Officeholders of Howard County, Missouri

#### **Opinion**

We have audited the accompanying financial statements of Howard County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2021 and 2022, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

#### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Howard County, Missouri, as of December 31, 2021 and 2022, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

#### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Howard County, Missouri, as of December 31, 2021 and 2022, or the changes in financial position thereof for the years then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Howard County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by Howard County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri Law. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Howard County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we also have issued our report dated August 17, 2023, on our consideration of Howard County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Howard County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

The accompanying Notes to the Financial Statements are an integral part of this statement.

HOWARD COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Howard County, Missouri ("County") is governed by a three-member board of commissioners. In addition to the three board members, there are nine elected Constitutional Officers: Assessor, Circuit Clerk/Recorder, Collector, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Sheriff, and Treasurer.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County's operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Howard County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County's legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County's funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County's custodial funds.

### C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

### D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before the second Monday in January, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets.

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2022 and 2021, for purposes of taxation were:

	2022	2021
Real Estate	\$ 85,566,648	\$ 83,709,418
Personal Property	43,977,737	39,097,482
Railroad and Utilities	19,494,937	18,036,512
Total	<u>\$ 149,039,322</u>	<u>\$ 140,843,412</u>

For calendar years 2022 and 2021, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2022	2021
General Revenue	0.2828	0.2698
Road and Bridge	0.3083	0.3083
Sheltered Services Board	0.1000	0.1000

In addition to the tax levies noted above, the tax levies for various independent taxing districts are collected by the County Collector. The property tax collections resulting from these levies are disbursed by the County Collector to the appropriate taxing districts. These amounts collected but not yet disbursed are included in the custodial funds.

#### F. Cash Deposits and Cash Equivalents

Deposits and cash equivalents are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and cash equivalent balances are presented in Note 2.

## G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

## 2. CASH AND CASH EQUIVALENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Cash Equivalents" caption. Cash and cash equivalents includes deposits and short-term investments with maturities that are less than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2022, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	<u>\$ 6,891,846</u>	<u>\$ 7,140,593</u>	<u>\$ 662,044</u>
Cash and Cash Equivalents - Fiduciary Funds	<u>\$ 8,016,701</u>	<u>\$ 7,898,441</u>	<u>\$ 1,110,212</u>

At December 31, 2021, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	<u>\$ 5,161,526</u>	<u>\$ 5,282,956</u>	<u>\$ 628,326</u>
Cash and Cash Equivalents - Fiduciary Funds	<u>\$ 8,359,131</u>	<u>\$ 6,911,410</u>	<u>\$ 870,858</u>

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2022 and 2021 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

### 3. COUNTY EMPLOYEES' RETIREMENT PLANS

#### A. Missouri Local Government Employees Retirement System (LAGERS)

##### 1) Plan Description

Howard County participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, Section 70.600-70.755, RSMo. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401 (a) and is tax exempt.

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, Missouri 65102 or by calling 1-800-447-4334, or by the following website, [www.molagers.org](http://www.molagers.org).

##### 2) Pension Benefits

Benefits are available to all full-time employees working in a LAGERS covered department. Benefits vest when an employee earns five years (60 months) of service credit in the system. Normal retirement age is 60 (General) or 55 (Police), and early retirement is 55 (General) and 50 (Police). Benefits are paid out using a formula that is based on the employee's final average salary and amount of credited service time.

##### 3) Funding Policy

Full-time employees of Howard County do not contribute to the pension plan. The June 30<sup>th</sup> statutorily required contribution rates were 7.5% and 7.3% (General), and 5.0% and 4.0% (Police) of annual covered payroll for 2022 and 2021, respectively. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute. For the years ended December 31, 2022 and 2021, the County contributed \$97,588 and \$91,017 to LAGERS.

#### B. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

##### 1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires

the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

## 2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

## 3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, all participants hired on or after February 24, 2002 are required to contribute an additional 4% of their gross compensation to CERF, starting January 1, 2003. An active LAGERS participant who was employed with the County prior to February 24, 2002, is not required to make contributions. The County has elected to make contributions on behalf of employees. During 2022 and 2021, the County collected and remitted to CERF employee withholdings of \$52,039 and \$50,695, respectively, for the years then ended.

## C. Deferred 457 Pension Plan

Participation in the plan is voluntary for all full-time employees. Part-time employees are not eligible to participate in the plan. Plan participants can elect to contribute any whole percentage or dollar amount of their earnings to the plan. Fifty cents on the dollar is matched by CERF on the first 6% of an employee's contribution. The County does not contribute to the plan. Employee contributions collected and remitted by the County for the years ended December 31, 2022 and 2021 were \$19,066 and \$28,301, respectively.

#### D. Prosecuting Attorney Retirement Fund

In accordance with state statute Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$3,366 and \$3,366, respectively, for the years ended December 31, 2022 and 2021.

#### 4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

#### 5. CLAIMS, COMMITMENT AND CONTINGENCIES

##### A. Compensated Absences

Sick leave will be accrued at 1 day per pay period. Regular full-time employees who have completed their 6-month probation period are eligible to use sick leave. Sick leave may accumulate to an unlimited number of days. Upon termination, employees are not compensated for accrued sick time. Vacation time will be accrued at 1 day per pay period. Regular full-time employees who have completed their 6-month probation period are eligible to use vacation time. Vacation earned in one year must be used in the following year. Vacation accrual after 10 years of employment shall be calculated at 1.25 days per month and after 15 years of employment shall be calculated at 1.69 days per month. After 20 years of employment, vacation approval shall be calculated at 2 days per month. Upon termination, employees are compensated for unused vacation time.

##### B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

#### 6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. The County purchases commercial insurance to provide coverage for general liability, property damage, and workers' compensation. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance

coverage for Missouri counties. The Fund is self-insured up to \$500,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

## 7. LONG-TERM DEBT

The County had the following long-term debt outstanding as of December 31, 2022:

- A. In July 2022, the County entered into a \$608,260 promissory note agreement with Exchange Bank of Missouri to finance the purchase of three 2022 John Deere motor graders. The commercial loan has an interest rate of 4.25% with an annual payment of \$102,515 over a seven-year period.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 76,305	\$ 26,210	\$ 102,515
2024	79,530	22,985	102,515
2025	83,020	19,495	102,515
2026	86,597	15,918	102,515
2027	90,329	12,186	102,515
2028-2029	192,479	12,551	205,030
Totals	<u>\$ 608,260</u>	<u>\$ 109,345</u>	<u>\$ 717,605</u>

The following schedule shows changes in long-term debt during the year ended December 31, 2022:

Description	Balance 12/31/2021	Additions	Payments	Balance 12/31/2022	Interest Paid
2017 John Deere graders	\$ 71,624	\$ -	\$ (71,624)	\$ -	\$ 1,902
2022 John Deere graders	-	608,260	(31,000)	577,260	-

The following schedule shows changes in long-term debt during the year ended December 31, 2021:

Description	Balance 12/31/2020	Additions	Payments	Balance 12/31/2021	Interest Paid
Promissory note Sheriff's trucks	\$ 39,840	\$ -	\$ (39,840)	\$ -	\$ 1,953
2017 John Deere graders	140,790	-	(69,166)	71,624	4,359

## 8. OPERATING LEASES

At December 31, 2022, the County has a non-cancellable 63-month lease for a postage machine beginning in May 2022 through August 2027 with a monthly payment of \$159. Future minimum lease payments are as follows:

<u>Fiscal Year Ending December 31,</u>	<u>Amount</u>
2023	\$ 1,909
2024	1,909
2025	1,909
2026	1,909
2027	1,272

The Howard County Sheltered Services Board has a non-cancellable 24-month lease for a copier beginning in June 2022 with a monthly payment of \$131. Future minimum lease payments are as follows:

<u>Fiscal Year Ending December 31,</u>	<u>Amount</u>
2023	\$ 1,572
2024	786

Additionally, the Howard County Sheltered Services Board has a non-cancellable 38-month lease for a postage machine beginning in May 2021 with a quarterly payment of \$69. Future minimum lease payments are as follows:

<u>Fiscal Year Ending December 31,</u>	<u>Amount</u>
2023	\$ 276
2024	138

#### 9. CHANGE IN REPORTING ENTITY

The County has changed the definition of the reporting entity at January 1, 2021 to exclude the CERF Fund. The CERF Fund is a pass-through fund used to collect and remit retirement funds collected and therefore will be excluded in the County's financial statements and reported with Fiduciary funds. This change had the effect of decreasing the County's cash balances at January 1, 2021 by \$4,179.

#### 10. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2022 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 17, 2023, the date the financial statements were available to be issued.

### **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the County Commission and  
Officeholders of Howard County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Howard County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022 and 2021, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Howard County, Missouri's basic financial statements and have issued our report thereon dated August 17, 2023.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Howard County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Howard County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Howard County, Missouri's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Howard County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## McBRIDE, LOCK & ASSOCIATES, LLC

---

CERTIFIED PUBLIC ACCOUNTANTS

August 17, 2023

To the County Commission and Officeholders  
Howard County, Missouri

We have audited the accompanying financial statements of Howard County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2021 and 2022, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the year then ended. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 22, 2023. Professional standards also require that we communicate to you the following information related to our audit.

### Significant Audit Matters

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Howard County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year, except that the definition of the reporting entity was modified, as referenced in Note 9. We noted no transactions entered into by Howard County, Missouri during the years audited for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated August 17, 2023.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to Howard County, Missouri's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as Howard County, Missouri's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### Restriction on Use

This information is intended solely for the information and use of the County Commission and management of Howard County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

*(Original Signed by McBride, Lock & Associates, LLC)*

McBride, Lock & Associates, LLC

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Miller County, Missouri

The Office of the State Auditor contracted for an audit of Miller County's financial statements for the year ended December 31, 2021, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by CR Williams & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized with a large, flowing "S" and a cursive "Fitzpatrick".

Scott Fitzpatrick  
State Auditor

September 2023  
Report No. 2023-065

---

**Recommendations in the contracted audit of Miller County**

---

2021-01	The county strictly adheres to the internal budgetary control procedures and the statutory requirements established for the State of Missouri. It is also recommended that the budgetary system be regularly reviewed.
2021-02	The county implement proper investment management practices and ensure that it has proper investment management practices in place to prevent future issues with missing documentation. This may involve implementing better record-keeping procedures and training staff on proper investment management practices.
2021-03	The County Collector and County Commission ensure property tax system access is restricted to only allow officials and personnel to access functions necessary for their duties. In addition, we recommend the County Clerk and County Commission review additions and abatements entered into the property tax system by the County Collector.
2021-04	The County Treasurer and County Clerk work together to maintain positive fund balances within all governmental funds.

## INDEPENDENT AUDITOR'S REPORT

To the County Commission and Officeholders of  
Miller County, Missouri

### **Unmodified and Adverse Opinion**

We have audited the accompanying financial statements of Miller County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash and Cash Equivalents - All Governmental Funds – Regulatory Basis and the Statement of Assets and Liabilities Arising from Cash Transactions Agency Funds - Regulatory Basis as of December 31, 2021, and the related Statements of Receipts, Disbursements and Changes in Cash and Cash Equivalents – Budget and Actual-All Governmental Funds Regulatory Basis for the year then ended, and the related notes to the financial statements.

### **Unmodified Opinions on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the Statement of Receipts, Disbursements and Changes in Cash and Cash Equivalents - All Governmental Funds – Regulatory Basis and the Statement of Assets and Liabilities Arising from Cash Transactions Agency Funds - Regulatory Basis as of December 31, 2021, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual-All Governmental Funds Regulatory Basis for the year then ended, in accordance with the financial reporting provisions of Missouri Law described in Note 1.

### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Unmodified and Adverse Opinions section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2021 or changes in net position and cash flows thereof for the year then ended.

### **Basis for Unmodified and Adverse Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Miller County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## INDEPENDENT AUDITOR'S REPORT- (continued)

### **Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1 of the financial statements, the financial statements are prepared by the County on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Missouri Law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Miller County, Missouri's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

## INDEPENDENT AUDITOR'S REPORT- (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Miller County, Missouri's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Miller County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 31, 2023, on our consideration of Miller County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Miller County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Miller County, Missouri's internal control over financial reporting and compliance.

The County of Miller  
Notes to the Financial Statements  
For the year ended December 31, 2021

---

**Note 1 - Summary of Significant Accounting Policies**

The County of Miller, Missouri ("County"), which is governed by a three-member board of commissioners, was established in 1837 by an Act of the Missouri Territory. In addition to the three Commissioners, there are 11 elected constitutional officers: County Clerk, Collector of Revenue, Treasurer, Circuit Clerk, County Surveyor, Recorder of Deeds, Sheriff, Assessor, Public Administrator and Prosecuting Attorney.

As discussed further in Note 1, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present financial accountability of Miller County, Missouri and the Miller County Senior Citizens Service Board.

The County's operations include tax assessments and collections, state/county courts, county recorder, public safety, transportation, economic development, and social and recreation services.

The financial statements referred to above include only the primary government of Miller County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise Miller County's legal entity. The Miller County Senior Citizens Service Board is controlled by a separate board and is also included under the control of the County. The Miller County Senate Bill 40 Board is controlled by a separate board which has issued separately audited financial statements. For information, please contact the Miller County Senate Bill 40 Board by calling (573) 348-3751 (or write to 776 Hwy. D, Osage Beach, MO 65065).

Certain elected County officials, such as the County Treasurer, collect and hold monies in a trustee capacity as an agent of an individual, taxing units, or other government. These assets, which are held by this officeholder for the sole benefit of external parties are reported on the accompanying financial statements on the Statements of Assets and Liabilities Arising from Cash Transactions.

Basis of Presentation

---

The accompanying financial statements present the receipts, disbursements, and changes in cash of all funds of the County and the comparisons of such information with the corresponding budgeted information for all funds of the County. The funds presented are established under statutory or administrative authority, and their operations are under the control of the County Commission or an elected county official. The General Revenue Fund is the County's general operation fund, accounting for all financial resources except those required to be accounted for in

The County of Miller  
Notes to the Financial Statements  
For the year ended December 31, 2021

---

**Note 1 - Summary of Significant Accounting Policies (continued)**

Basis of Presentation (continued)

another fund. The other funds presented account for financial resources whose use is restricted for specified purposes.

Basis of Accounting

The financial statements were prepared using accounting practices prescribed or permitted by Missouri law, which differ from accounting principles generally accepted in the United States of America. The effects of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

As a result of the use of this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation, bonds and obligations under capital leases), and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

Budget and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50 RSMo, Miller County adopts a budget for each governmental fund.
2. On or before January 15th, each elected officer and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds.

The County of Miller  
Notes to the Financial Statements  
For the year ended December 31, 2021

---

**Note 1 - Summary of Significant Accounting Policies (continued)**

Budget and Budgetary Accounting (continued)

4. State law requires that, at the individual level, budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.
5. A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget financial statements. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year. Individual amendments were not material in relation to the original appropriations which were adopted.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets.

During our audit, it was noted that the County was not in compliance with Missouri budgetary state statute Chapter 50 RSMo. The following funds had actual expenditures that exceeded the budgeted expenditures in 2021: Special Road & Bridge Fund, Assessment Fund, Law Enforcement Training Fund, 911 Emergency Fund, Shelter-Victims of Domestic Violence Fund, Lake Ja-ha Sewer N.I.D. Fund, FEMA Disaster Relief Fund, COVID-19 Relief Fund, and Collectors Tax Maintenance Fund.

The following funds did not have a prepared budget for 2021: Miller County Payroll and Law Enforcement Sales Tax.

We noted the following funds had budgeted a deficit in 2021: 911 Emergency Fund, Miller County Employee Health Fund and Sheriff's Deputy Supplemental Salary Fund.

The County of Miller  
Notes to the Financial Statements  
For the year ended December 31, 2021

---

**Note 1 - Summary of Significant Accounting Policies (continued)**

Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuation of the tangible taxable property, included within Miller County's boundaries for the calendar year 2021 for the purposes of County taxation was as follows:

	<b>2021</b>
Real Estate	\$ 344,083,488
Personal Property	111,906,698
Railroad and Utilities	19,998,560
	<b><u>\$ 475,988,746</u></b>

The tax levy per \$100 assessed valuation of tangible taxable property for the calendar year 2021 for the purpose of County taxation, was as follows:

General Revenue	\$ 0.2586
Special Road and Bridge	0.2577
Miller County Developmental Disability Board	0.0828
Senior Citizen Service Board	0.0479

The County also receives sales tax collected by the State and remitted based on the County's sales tax rate to the total sales tax collected in the County.

Cash Deposits and Investments

Deposit and cash equivalents are stated at cost, which approximates the market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by

The County of Miller  
Notes to the Financial Statements  
For the year ended December 31, 2021

---

**Note 1 - Summary of Significant Accounting Policies (continued)**

authorized investments held in the County's name at third-party banking institutions. Details of these cash and cash equivalent and investment balances are presented in Note 2.

Interfund Transactions

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables, if applicable, are eliminated due to reporting the financial statements on the regulatory basis of accounting.

Legally required transfers are reported as “transfers in” by the recipient fund and as “transfers out” by the disbursing fund.

**Note 2 - Deposits and Investments**

The County maintains a cash and temporary investment pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments while deposit with maturities of 3 months and less are considered cash equivalents. The County held a certificate of deposit with maturities of 3 months and less at the end of the year. Each fund type's portion of this pool is displayed on the statement of receipts, disbursements, and changes in cash arising from cash transactions as "Cash and Equivalents".

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. The bank balances and carrying values of deposits and cash equivalents shown below are included in the financial statements at December 31, 2021, as follows:

Cash Deposits

	Carrying Values	Bank Balances
Governmental	\$ 8,832,019	\$ 8,884,952
Fiduciary	482,939	482,939
Total Cash Deposits as of December 31, 2021	\$ 9,314,958	\$ 9,367,891

Cash Equivalents

	Carrying Values	Bank Balances
Governmental	\$ 511,561	\$ 511,561
Total Cash Equivalents as of December 31, 2021	\$ 511,561	\$ 511,561
Total Cash and Equivalents	\$ 9,826,520	\$ 9,879,452

The County of Miller  
Notes to the Financial Statements  
For the year ended December 31, 2021

---

**Note 2 - Deposits and Investments-continued**

Custodial Credit Risk - Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. At December 31, 2021, 100% of the County's deposits and investments were covered by the Federal Deposit Insurance Corporation (FDIC) or were collateralized.

Custodial Credit Risk - Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party that sold the security to the County or its agent but not in the government's name. The County does not have a policy for custodial credit risk relating to investments.

All investments, evidenced by individual securities, are registered in the name of the County or of a type that are not exposed to custodial credit risk.

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Investment Credit Risk

Concentration of investment credit risk is required to be disclosed by the County for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U. S. Government, investments in mutual funds, investments in external investment pools and investments in other pooled investments). The County has no policy in place to minimize the risk of loss resulting from over concentration of assets of a specific maturity, specific issuer or specific class of securities. The County's deposits were not exposed to concentration of investment credit risk for the year ended December 31, 2021.

**Note 3 - Interfund Transfers**

Transfers are used to (1) move receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to disburse them, and (2) use unrestricted receipts in the General Revenue Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

The County of Miller  
Notes to the Financial Statements  
For the year ended December 31, 2021

---

**Note 3 - Interfund Transfers-continued**

Transfers between funds for the years ended December 31, 2021 are as follows:

TOTAL	2,100,635	2,100,635

**Note 4 - State of Missouri County Employees' Retirement Fund (CERF)**

Plan Description

The County Employees' Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elected or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo, and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of legislature and was effective August 28, 1994. The general administration and the responsibility for the proper operation of the fund and the investment of the fund are vested in a board of directors of eleven persons.

Benefits Provided

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death. Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the fund but will be paid his or her accumulated contributions.

**Note 4 - State of Missouri County Employees' Retirement Fund (CERF)-continued**

Benefits Provided- continued

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, Missouri, 65101, by calling (573) 632-9203, or by visiting the CERF website at [www.mocerf.org](http://www.mocerf.org).

Contributions

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to CERF. All participants hired on or after February 24, 2002 are required to contribute an additional 4% of their gross compensation to CERF starting January 1, 2003. An active LAGERS participant who was employed with the County prior to February 24, 2002, is not required to make contributions. During 2021, the County collected and remitted to CERF employee contributions of \$132,144.06.

**Note 5 - Local Government Employees Retirement System (LAGERS)**

Plan Description

The County participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple- employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, Sections 70.600-70.755, RSMo. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt.

The Missouri Local Government Employees Retirement System issues a publically available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, Missouri, 65102, by calling (800) 447-4334, or by visiting the LAGERS website at [www.molagers.org](http://www.molagers.org).

The County of Miller  
Notes to the Financial Statements  
For the year ended December 31, 2021

---

**Note 5 - Local Government Employees Retirement System (LAGERS)-continued**

Benefits Provided

Benefits are available to all full-time employees working in a LAGERS covered department. Benefits vest when an employee earns five years (60 months) of service credit in the system. Normal retirement age is 60 (General) or 55 (Police) and early retirement age is 55 (General) and 50 (Police). Benefits are paid out using a formula that is based on the employee's final average salary and the amount of credited service time.

Contributions

Full-time employees of the County contribute 4% to the pension plan.

The January 1st statutorily required employer contribution rates were 8.4% (General) and 3.5% (Police) of annual covered payroll for the year ended December 31, 2021. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute. For the year ended December 31, 2021, the County contributed \$257,700.50 to LAGERS.

**Note 6 - Prosecuting Attorney Retirement Fund**

In accordance with state statute Section 56.807 RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys' and Circuit Attorneys' Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County has contributed \$11,628 for the year ended December 31, 2021.

**Note 7 - Post-Employment Benefits**

Miller County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by Miller County.

**Note 8 - Long-Term Debt**

Capital Leases and Notes Payable

In 2015, the County entered into a lease purchase agreement to finance the purchase of a 2015 John Deere Grader at a cost of \$118,500. During 2021, this lease was paid off amounting to 39,644 which includes interest of 2.01%.

The County of Miller  
Notes to the Financial Statements  
For the year ended December 31, 2021

**Note 8 - Long-Term Debt-continued**

Capital Leases and Notes Payable-continued

In 2017, the County entered into a lease purchase agreement to finance the purchase of a 2017 John Deere Grader at a cost of \$234,020. The agreement requires a one-time payment of \$35,000 at signing and subsequent annual payments of \$43,828 ending in 2022, which includes interest of 2.45%. This lease was paid off in 2021 which totaled to \$86,979.16.

In 2018, the County entered into a lease purchase agreement to finance the purchase of a 2018 John Deere Grader at a cost of \$236,020. The agreement requires a one-time payment of \$25,000 at signing and subsequent annual payments of \$47,057 ending in 2023, which includes interest of 3.74%. This lease was paid off in 2021 which totaled to \$138,249.29.

In 2019, the County entered into a lease purchase agreement to finance the purchase of a 2019 John Deere Grader at a cost of \$200,000. The agreement requires subsequent annual payments of \$47,028 ending in 2024, which includes interest of 4.00%. This lease was paid off in 2021 which totaled to \$173,232.31.

On November 5, 2020, the County entered into a note payable to finance the purchase of two 2021 Mack Trucks at a cost of \$282,790. The agreement requires annual payments of \$36,051.10, and balloons of \$225,000, ending on November 5, 2022, which includes interest of 2.92%.

On December 1, 2020, the County entered into a note payable to finance the purchase of two 2021 Mack Trucks at a cost of \$281,790. The agreement requires annual payments of \$40,758.70, and balloons of \$214,000, ending on December 1, 2022, which includes interest of 2.92%.

	<b>Balance at 1/1/2021</b>	<b>Amount Repaid</b>	<b>Balance at 12/31/2021</b>	<b>Interest Paid During the Year</b>
2021 Mack Truck #1	\$ 141,395	\$ 16,294	\$ 125,101	\$ 1,732
2021 Mack Truck #2	141,395	16,294	125,101	1,732
2021 Mack Truck #3	140,895	19,154	121,741	1,225

<b>Totals</b>	<b>564,580</b>	<b>70,896</b>	<b>493,684</b>	<b>5,914</b>

As of December 31, 2021, future minimum payments due on notes payable are as follows:

<b>Year Ending December 31,</b>	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2022	\$ 493,684	\$ 15,306	\$ 508,990

The County of Miller  
Notes to the Financial Statements  
For the year ended December 31, 2021

**Note 8 - Long-Term Debt-continued**

Loans Payable

In 2021, the County entered into a loan agreement with Bank of St. Elizabeth to refinance the purchase of two 2021 John Deere Graders at a cost of \$273,000 each. The loan amount for the financing is \$476,110 with an interest rate of 2.25% which requires four regular payments of \$102,000 starting on September 1, 2022 and one irregular last payment estimated at \$101,197.43 ending on September 1, 2026.

As of December 31, 2021, future minimum payments due on the loan agreement are as follows:

<b>Year Ending December 31,</b>	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2022	\$ 91,288	\$ 10,712	\$ 102,000
2023	93,341	8,659	102,000
2024	95,442	6,558	102,000
2025	97,589	4,411	102,000
Thereafter	98,450	2,747	101,197
	<b><u>\$ 476,110</u></b>	<b><u>\$ 33,087</u></b>	<b><u>\$ 509,197</u></b>

Lease Certificates of Participation

Series 2015 Lease Certificates of Participation (C.O.P.) were issued on October 21, 2015 between the County and BOK Financial for \$3,710,000 for the Miller County Courthouse and Jail Project. Refunding Certificates of Participation (Series 2020) for the Miller County Courthouse and Jail Project were issued on November 1, 2010 between the County and BOK Financial for \$4,295,000. This provided the County with \$371,485.65 in total debt service savings over the life of Series 2015 C.O.P., which is through 2030. The present value of this projected savings is \$290,082.97.

The change in C.O.P.'s debt obligations for the years ended December 31, 2021 are as follows:

<b>Balance at 1/1/2021</b>	<b>Principal paid</b>	<b>Interest paid</b>	<b>Balance at 12/31/2021</b>
\$2,605,000.00	\$205,000.00	\$55,429.00	\$2,400,000.00

Interest expense for the years ended December 31, 2021 was \$83,035 and the County paid only \$55,429.

The County of Miller  
Notes to the Financial Statements  
For the year ended December 31, 2021

**Note 8 - Long-Term Debt-continued**

Lease Certificates of Participation-continued

As of December 31, 2021, future minimum payments due on the Lease Certificates of Participation are as follows:

<b>Year Ending December 31,</b>	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2022	\$ 270,000	\$ 77,043	\$ 347,043
2023	250,000	70,443	320,443
2024	255,000	63,193	318,193
2025	265,000	55,415	320,415
2026	265,000	47,068	312,068
Thereafter	1,095,000	97,094	1,192,094
	<b>\$ 2,400,000</b>	<b>\$ 410,256</b>	<b>\$ 2,810,256</b>

Lines of Credit

The County opened a line of credit from Citizen's Bank of Eldon in 2003. The total amount of credit issued to the County was \$350,000 with variable interest rates ranging from 2.58% to 4.25%. As of December 31, 2021 the line of credit was paid in full. The amount paid in 2021 amounted to \$49,467.37.

Neighborhood Improvement District Bonds

Series 2003 Neighborhood Improvement District Bonds were issued in October 2003, to fund the Lake Ja-Ha Subdivision Sewer project in the amount of \$51,500. The interest rate is 5.50% and the bonds mature in 2023.

The change in Neighborhood Improvement District Bonds debt obligations for the year ended December 31, 2021, is as follows:

	<b>Balance at 1/1/2021</b>	<b>Principal</b>	<b>Balance 12/31/2021</b>	<b>Interest Paid During the Year</b>
Series 2003	\$ 11,654	\$ 3,673	\$ 7,981	\$ 555.07
	<b>\$ 11,654</b>	<b>\$ 3,673</b>	<b>\$ 7,981</b>	<b>\$ 555.07</b>

---

**Note 8 - Long-Term Debt-continued**

Neighborhood Improvement District Bonds-continued

As of December 31, 2021, future minimum payments due on the Neighborhood Improvement District Bonds are as follows:

<b>Year Ending December 31,</b>	<b><u>Principal</u></b>	<b><u>Interest</u></b>	<b><u>Total</u></b>
2022	\$ 3,881	\$ 439	\$ 4,320
2023	4,100	226	4,326
	<u>\$ 7,981</u>	<u>\$ 665</u>	<u>\$ 8,646</u>

**Note 9 - Claims, Commitments and Contingencies**

Litigation

The County is subject to various claims and legal proceeding covering a wide range of matters that arise in the ordinary course of its business activities. Management believes that any liability that may ultimately result from the resolution of these matters will not have a material adverse effect on the financial condition of the County.

Compensated Absences

The County provides employees with annual leave. Each employee earns leave based upon his or her term of service with the County earning one day per month for the first ten years, 1.25 days per month for 10-15 years of service, 1.5 days per month for 15-20 years of service, 1.75 days per month for 20-25 years of service, and 2 days per month for over 25 years of service. Annual leave must be used in the year it is earned; however, 100 hours leave may be carried over from year to year for employees with 1-5 years of service, 180 hours for employees with 6-15 years of service, and 240 hours for employees with over 15 years of service. Any unused leave time in excess of these amounts will be forfeited at the end of the calendar year. Annual leave accrual shall commence with the employee's date of employment with Miller County.

In the event an employee becomes ill and requires the use of accrued vacation time along with sick leave, he or she may do so with the understanding that accrued vacation time cannot be used in excess of what is remaining and due given the employees' tenure and the aforementioned schedule. During a scheduled vacation, sick leave shall not be granted. As vacation is granted for a period of recreation, no employee shall be permitted to waive such leave for the purpose of receiving double pay. Upon termination of employment, any employee who has accumulated vacation time shall be paid for unused time at the final regular rate received by such employee. This terminates all prior service with the County. Sick time is not reimbursable upon termination of employment with the County.

The County of Miller  
Notes to the Financial Statements  
For the year ended December 31, 2021

---

**Note 9 - Claims, Commitments and Contingencies-continued**

Other Commitments

Part of the County's taxing district contains a redevelopment area subject to a TIF plan where the County must remit certain economic activity taxes to a local City for the purpose of reimbursing certain costs of development. The County is committed to remitting these taxes through the year ended December 31, 2023; future amounts are based on overall taxes collected for the development area and cannot be estimated. Payments remitted for the years ended December 31, 2021 totaled \$778,005.

Federal and State Assisted Programs

The County receives proceeds from several federal and state grants. Periodic audits of these grants are required, and certain costs may be questioned. Such audits could result in refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

**Note 10 - Risk Management**

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body created pursuant to state statute (Section 537.700 RSMo.). The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Injured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$500,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

The County of Miller  
Notes to the Financial Statements  
For the year ended December 31, 2021

---

**Note 11 - Subsequent Events**

The County has evaluated events subsequent to December 31, 2021 to assess the need for potential recognition or disclosure in the financial statements. Such events have been evaluated through May 31, 2023, the date the financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING  
STANDARDS*

To the County Commission and  
Officeholders of Miller County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Miller County, which comprise the Statement of Receipts, Disbursements and Changes in Cash and Cash Equivalents - All Governmental Funds – Regulatory Basis and the Statement of Assets and Liabilities Arising from Cash Transactions Agency Funds - Regulatory Basis as of December 31, 2021, and the related Statements of Receipts, Disbursements and Changes in Cash and Cash Equivalents – Budget and Actual-All Governmental Funds Regulatory Basis, and the related notes to the financial statements, which collectively comprise the County's basis financial statement, and have issued our report thereon dated May 31, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Miller County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Miller County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Miller County, Missouri's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and responses as items 2021-01 to 2021-04 that we consider to be significant deficiencies.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING  
STANDARDS* - continued

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Miller County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as item 2021-01.

**Miller County, Missouri's Response to Findings**

*Government Auditing Standards* require the auditor to perform limited procedures on Miller County, Missouri's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Miller County, Missouri's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE

To the County Commissioner  
Miller County, Missouri

**Report on Compliance for Each Major Federal Program*****Opinion on Each Major Federal Program***

We have audited Miller County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Miller County, Missouri's major federal programs for the year ended December 31, 2021, and 2020. Miller County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Miller County, Missouri complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2021, and 2020.

***Basis for Opinions***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in Auditor's Responsibilities for the Audit of the Compliance section of our report.

We are required to be independent of Miller County, Missouri, and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Miller County, Missouri's compliance with the compliance requirements referred to above.

1257 Hornsby \* St. Louis, Missouri 63147

TEL: (219) 944-1615 \* FAX: (866) 834-4294 \* [www.crwilliams.net](http://www.crwilliams.net)

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE-*continued*

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grants agreements applicable to Miller County, Missouri's federal programs.

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Miller County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Miller County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Miller County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Miller County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Miller County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

1257 Hornsby \* St. Louis, Missouri 63147

TEL: (219) 944-1615 \* FAX: (866) 834-4294 \* [www.crwilliams.net](http://www.crwilliams.net)

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE-*continued*

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The County of Miller  
Tuscumbia, Missouri  
Notes to Schedule of Expenditures of Federal Awards  
For the year ended December 31, 2021

**NOTE 1 – BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the County of Miller under programs of the federal government for the year ended December 31, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County of Miller, it is not intended to and does not present the financial position, changes in net assets, or cash flows, of the County of Miller.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the regulatory basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

**NOTE 3 – INDIRECT COST RATE**

The County has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**NOTE 4 – SUBRECIPIENTS**

During the year ended December 31, 2021 the County provided \$328,673 in federal awards to sub-recipients for the Schools, Cities and Fire Districts under Federal Assistance Listing Number 21.019.

**NOTE 5 – DONATED PERSONAL PROTECTIVE EQUIPMENT (PPE) (Unaudited)**

The County received donated face masks, hand sanitizer, protective gloves and disinfected wipes from the State of Missouri during 2021.

Tuscumbia, Missouri  
Schedule of Findings and Responses  
For the year ended December 31, 2021

## II. FINANCIAL STATEMENT FINDINGS

### Significant Deficiency and Noncompliance

#### 2021-01: Budgetary Policies Noncompliance

**Condition:** During our audit for December 2021, we noted the following budgetary noncompliance:

1. The County did not allocate a budget for the Miller County Payroll Fund and Law Enforcement Sales Tax Fund.
2. The County actual expenditures exceeded the budget for the following funds:
  - a. Special Road & Bridge Fund
  - b. Assessment Fund
  - c. Law Enforcement Training Fund
  - d. 911 Emergency Fund
  - e. Shelter-Victims of Domestic Violence Fund
  - f. Lake Ja-ha Sewer Neighborhood Improvement District Fund
  - g. FEMA Disaster Relief Fund
  - h. COVID-19 Relief Fund
  - i. Collectors Tax Maintenance Fund
3. We noted the following funds had budgeted a deficit in 2021: 911 Emergency Fund, Miller County Employee Health Fund and Sheriff's Deputy Supplemental Salary Fund.

**Criteria:**

1. In accordance with Section 50.540, RSMo, the County's policy is to adopt a budget for each governmental fund. Adoption of a formal budget is required by law.
2. Section 50.740, RSMo prohibits expenditures in excess of approved budget.
3. State law require that, at the individual level, budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received.

**Cause:** There is a significant deficiency in the budgetary system in the County. In addition, the County has poor budgetary control.

**Effect:** These conditions were a violation of the budgetary policies. These will lead to overspending of funds and misappropriation of assets.

**Recommendation:** We recommend that the County strictly adheres to the internal budgetary control procedures and the statutory requirements established for the State of Missouri. It is also recommended that the budgetary system be regularly reviewed.

The County of Miller  
Tuscumbia, Missouri  
Schedule of Findings and Responses  
For the year ended December 31, 2021

**2021-01: Budgetary Policies Noncompliance-continued**

**Management Response:**

1. Miller County Payroll Fund and the Law Enforcement Sales Tax Fund were not created until late 2021.
2. All funds that had disbursements that exceeded budgeted amounts occurred unforeseen expenditures in 2021.
3. 911 Emergency Fund had end of year payroll taxes after the last fund transfer that put them in the negative.

**Significant Deficiencies**

**2021-02: Unrecorded Certificate of Deposit Transactions**

**Condition:** We noted during our audit that the certificate of deposit redemption and reinvestment were not completely and timely recorded.

**Criteria:** Under Missouri law, Counties are required to provide supporting documents, such as certificates of deposit, for all outstanding balances of deposits. Failure to provide these documents may violate Missouri Revised Statutes Section 110.020, which requires that all county officers keep accurate records and accounts of all funds and securities received and disbursed on behalf of the county.

**Cause:** This condition was caused by a lack of internal control policy in place over investment transactions.

**Effect:** It is difficult to verify the accuracy of the county's financial records and ensure that funds are being properly managed and accounted for. Thus, it may lead to reporting inaccuracies in the financial statements and notes to the financial statements.

**Recommendation:** We recommend that the County implement proper investment management practices and ensure that it has proper investment management practices in place to prevent future issues with missing documentation. This may involve implementing better record-keeping procedures and training staff on proper investment management practices.

**Management Response:** The untimely recording of the certificate of deposit was due to the late notification of the receipt. One of the Certificate of Deposits from the bank didn't come with a receipt or slip, to notify the County in December and it was entered in January.

The County of Miller  
Tuscumbia, Missouri  
Schedule of Findings and Responses  
For the year ended December 31, 2021

**2021-03: Internal Controls over Property Tax System**

**Criteria:** Strong internal controls over property tax require the property tax system access be restricted to only allow officials and personnel to access functions necessary for their duties, and the County Clerk and County Commission review additions and abatements entered into the property tax system by the County Collector.

**Condition:** During our audit, we noted that the County Collector has full access to make changes to the property tax system. Also, the County Clerk and County Commission do not review additions and abatements entered into the property tax system by the County Collector.

**Cause:** The County Collector had full access to make changes to the property tax system, and the County Clerk and County Commission do not review additions and abatements entered into the property tax system by the County Collector.

**Effect:** Due to the County Collector's full access to make changes to the property tax system and without a regular review of tax additions and abatements, erroneous or fraudulent changes to the property tax system may occur and not be detected in a timely manner.

**Recommendation:** We recommend the County Collector and County Commission ensure property tax system access is restricted to only allow officials and personnel to access functions necessary for their duties. In addition, we recommend the County Clerk and County Commission review additions and abatements entered into the property tax system by the County Collector.

**Management's Response:** We continue to complete this procedure to ensure all changes are reviewed, balanced and acknowledged on a monthly basis. Effective June 1, 2023, the Collector's Office will have new collector software that will interact directly with the Assessor's software. The Assessor's office will make the changes or add new accounts and the Collector's office will receive updated information in the collector's software to prepare the statement. The Collector's office will not be making any changes to any tax accounts going forward. We will continue our procedure to balance the monthly reports and provide them to the County Clerk to provide to the County Commission

The County of Miller  
Tuscumbia, Missouri  
Schedule of Findings and Responses  
For the year ended December 31, 2021

**2021-04: Negative Fund Balances**

**Criteria:** Reconciliations must be performed to ensure proper cash handling and cash management of funds.

**Condition:** During our audit, we noted Sheriff's Deputy Supplemental Salary Fund and Jail Fund had negative fund balances.

**Cause:** Management is not monitoring cash balances to ensure positive fund balances for all funds.

**Effect:** Not monitoring accurate cash balances can create a negative balance, which could hinder the financial reporting process and cause funds not to be maintained properly.

**Recommendation:** We recommend the County Treasurer and County Clerk work together to maintain positive fund balances within all governmental funds.

**Management's Response:** The Sheriff's Deputy Supplemental Salary Fund revenues come from the State of Missouri for one hundred percent of its funding. The fund is always in the negative because the reimbursements are not received as needed. The 911 Emergency Fund and Jail Fund are both dependent on transfers from Capital Improvement. At the end of every year we continuously amend the budget for larger transfers to bring the funds out of the negative but fall short. We will transfer larger amounts in the future.

**III. FEDERAL AWARD FINDINGS AND QUESTIONED COST**

There were no federal awards findings as of December 31, 2021 and 2020.

The County of Miller  
Tuscumbia, Missouri  
Status of Prior Year Audit Findings  
For the year ended December 31, 2021

**2020-001: Annual Budget Findings**

**Criteria:** Missouri statutes require Counties to prepare an annual budget as applicable to each fund. Expenditures are not to exceed the budget and funds are not to be budgeted at a deficit. Additionally, expenditures are not to exceed available funds, resulting in a deficit fund balance available.

**Condition:** During the audit, it was noted the County was not in compliance with Missouri budgetary statute RSMo. Chapter 50. The following funds had actual expenditures which exceeded the budgeted expenditures in 2020: General Revenue, Special Road and Bridge, 911 Emergency, Election Services, Emergency Management, FEMA Disaster Money, Lake Ja-Ha Neighborhood Improvement District, Prosecuting Attorney's Training, Shelter for Victims of Domestic Violence, and TIF #2 Prewitt's Point. We also noted the following funds had expenditures that exceeded available funds, resulting in a deficit fund balance available for 2020: 911 Emergency, Emergency Management, and Jail.

**Cause:** Oversight.

**Effect:** The County is in violation of Missouri Revised Statutes due to exceeding budgets in certain funds, failing to prepare budgets in certain funds, budgeting certain funds with a deficit balance, and expending funds in excess of funds available in certain funds.

**Recommendation:** We recommend that the County adopt a budget for all funds and periodically review its actual expenditures. as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes.

**Management's Response:** The County Clerk will perform a detailed review of budgetary schedules and actual expenditures in order to ensure budgetary compliance, and amendments to the budget will be prepared and approved by the County Commission, if necessary. The expected completion date is December 31, 2021. The County Clerk's (Clinton Jenkins) office phone number is (573) 369-1910.

**Auditors' Evaluation:** Unresolved as of December 31, 2021, repeated on findings 2021-01

**2020-002: Internal Controls over Payroll Expense**

**Criteria:** Strong internal controls over payroll expense require that there be a formal process over the approval of payroll processing and disbursement of payroll expense. In addition, accurate payroll processing should include payroll processing after receiving signed time sheets or cards in a timely manner to process payroll.

**Condition:** During our audit, we noted payroll processing was being prepared prior to receiving properly signed time sheets or cards from all departments prior to the disbursement of cash related to payroll expense.

**Cause:** The County has not developed and implemented formal controls over payroll processing and disbursement of payroll expense.

The County of Miller  
Tuscumbia, Missouri  
Status of Prior Year Audit Findings  
For the year ended December 31, 2021

**Effect:** Without a formal approval process over payroll processing and disbursement of payroll expense, improper cash disbursements related to payroll could be processed and disbursed either due to error or fraud.

**Recommendation:** We recommend the County develop and adopt formal policies and procedures that require time sheets or cards be received in a timely manner prior to the processing and disbursement of cash related to payroll expense. These policies and procedures would include receiving time sheets or cards that are signed by the employee as well as being signed by the supervisor prior to the disbursement of payroll checks.

**Management's Response:** During the process of the audit, the County Clerk has worked to develop and implement a process to ensure payroll processing and disbursement of payroll checks only occurs after receiving properly and timely prepared and signed time sheets or cards. This process will include delaying payroll for one week in order to receive properly and timely prepared and signed time sheets or cards prior to processing payroll disbursements. The expected completion date is December 31, 2021. The County Clerk's (Clinton Jenkins) office phone number is (573) 369-1910.

**Auditors' Evaluation:** Resolved as of December 31, 2021.

### **2020-003: Annual Settlement Preparation by County Collector**

**Criteria:** Sections 139.160 and 139.190, RSMo, require County Collectors to file an annual settlement with the County Commission. This annual settlement accounts for all monies received from taxes and other sources. After approval, the annual settlement is required to be filed with the State Department of Revenue (DOR).

**Condition:** During our audit, we noted the County Collector has not prepared an annual settlement for the tax years ended February 29, 2016 through February 29, 2021.

**Cause:** The County Collector had not prepared annual settlements of property taxes for the years noted.

**Effect:** Due to County Collector not preparing these annual settlements, the County Clerk cannot ensure taxes charged and credited to the County Collector each year are accounted for properly, and the County Clerk and County Commission cannot verify the County Collector's accounts. Section 139.190 RSMo, requires the County Commission to carefully and fully examine the annual settlement of the County Collector and the County Clerk to certify the amounts to the State. These procedures are intended to establish checks and balances related to the collection of property taxes.

**Recommendation:** We recommend the County Collector prepare and file the outstanding annual settlements as required by State Law. In addition, if the County Collector needs assistance in the preparation of these outstanding annual settlements, the County Collector should hire outside accounting services.

The County of Miller  
Tuscumbia, Missouri  
Status of Prior Year Audit Findings  
For the year ended December 31, 2021

**Management's Response:** The County Collector will work to prepare the outstanding annual settlements. The expected completion date is December 31, 2021. The County Collector's office phone number is (573) 369-1925.

**Auditors' Evaluation:** Resolved as of December 31, 2021.

**2020-004: Bank Reconciliations Performed for All Bank Accounts**

**Criteria:** Bank reconciliations must be performed to ensure all transactions are being recorded and cash is being properly reported.

**Condition:** During our audit, we noted that there were no bank reconciliations being prepared for the Collector's Tax Maintenance Fund.

**Cause:** The County Collector had not prepared a bank reconciliation for the Collector's Tax Maintenance Fund.

**Effect:** Not preparing a bank reconciliation could lead to the improper reporting of revenue, expense, and cash balance of the fund.

**Recommendation:** We recommend the County Collector prepare the bank reconciliations for the audit period and start preparing a bank reconciliation for the Collector's Tax Maintenance Fund on a monthly and timely basis.

**Management's Response:** The County Collector will work to prepare the outstanding monthly bank reconciliations for the audit period and will start to prepare the bank reconciliation for the Collector's Tax Maintenance Fund on a monthly and timely basis. The expected completion date is December 31, 2021. The County Collector's office phone number is (573) 369-1925.

**Auditors' Evaluation:** Resolved as of December 31, 2021.

**2020-005: Internal Controls over Property Tax System**

**Criteria:** Strong internal controls over property tax require the property tax system access be restricted to only allow officials and personnel to access functions necessary for their duties, and the County Clerk and County Commission review additions and abatements entered into the property tax system by the County Collector.

**Condition:** During our audit, we noted that the County Collector has full access to make changes to the property tax system. Also, the County Clerk and County Commission do not review additions and abatements entered into the property tax system by the County Collector.

The County of Miller  
Tuscumbia, Missouri  
Status of Prior Year Audit Findings  
For the year ended December 31, 2021

**Cause:** The County Collector had full access to make changes to the property tax system, and the County Clerk and County Commission do not review additions and abatements entered into the property tax system by the County Collector.

**Effect:** Due to the County Collector's full access to make changes to the property tax system and without a regular review of tax additions and abatements, erroneous or fraudulent changes to the property tax system may occur and not be detected in a timely manner.

**Recommendation:** We recommend the County Collector and County Commission ensure property tax system access is restricted to only allow officials and personnel to access functions necessary for their duties. In addition, we recommend the County Clerk and County Commission review additions and abatements entered into the property tax system by the County Collector.

**Management's Response:** The County will develop and implement a process in writing to review additions and abatements entered into the property tax system by the County Collector. The expected completion date is December 31, 2021. The County Clerk's (Clinton Jenkins) office phone number is (573) 369-1910.

**Auditors' Evaluation:** Unresolved as of December 31, 2021, repeated finding as 2021-03.

**2020-006: Negative Fund Balances**

**Criteria:** Reconciliations must be performed to ensure proper cash handling and cash management of funds.

**Condition:** During our audit, we noted several funds that had negative fund balances.

**Cause:** Management is not monitoring cash balances to ensure the positive fund balances for all funds.

**Effect:** Not monitoring accurate cash balances can create a negative balance, which could hinder the financial reporting process and cause funds not to be maintained properly.

**Recommendation:** We recommend the County Treasurer and County Clerk work together to maintain positive fund balances within all governmental funds.

**Management's Response:** The Treasurer and County Clerk will work to maintain positive fund balances in the future by monitoring fund balances. The expected completion date is December 31, 2021. The County Clerk's (Clinton Jenkins) office phone number is (573) 369-1910. The County Treasurer's (Phil Lawson) office phone number is (573) 369-1920.

**Auditors' Evaluation:** Unresolved as of December 31, 2021, repeated finding as 2021-04.

The County of Miller  
Tuscumbia, Missouri  
Status of Prior Year Audit Findings  
For the year ended December 31, 2021

**2020-007: Federal Expenditures in SEFA Contained Errors**

Federal Grantor: All Programs  
Pass-Through Grantor: All Programs  
Federal CFDA Number: All Programs  
Program Title: All Programs

**Criteria:** Title 2 U.S. Code of Federal Regulations (CFR) Part 200 requires auditees to prepare an accurate Schedule of Expenditures of Federal Awards (SEFA) containing awards expended. CFDA title and number, award number, name of the Federal agency, and name of pass-through entity.

**Condition:** During our audit, we noted that the Schedule of Expenditures of Federal Awards (SEFA) contained errors.

**Cause:** Management did not follow reporting requirements related to the Schedule of Expenditures of Federal Awards.

**Effect:** Federal expenditures reported in the SEFA were incorrect.

**Recommendation:** We recommend management develop internal controls over reporting and consult with outside accountants, if possible, to ensure an accurate SEFA is prepared.

**Management's Response:** The County Clerk is working towards capturing all grant transactions in a manner sufficient to report the necessary information required on the SEFA by the next audit period. The expected completion date is December 31, 2021. The County Clerk's (Clinton Jenkins) office phone number is (573) 369- 1910.

**Auditors' Evaluation:** Resolved as of December 31, 2021.

May 31, 2023

To Whom It May Concern:

Below you will find the response to the Miller County Year Ending December 31, 2021 Schedule of Findings and Responses in reference to 2021-03: Internal Controls over Property Tax System.

This concern is the same as the Missouri State Audit dated August 2022. Our office prepared this response to that concern. We continue to complete this procedure to ensure all changes are reviewed, balanced and acknowledged on a monthly basis.

With no current approval process in effect between the Assessor, Clerk, Commission to Collector, to complete any Assessor changes before issuing them to the Collector's office, the Collector's office currently, on a monthly basis, obtains from the Assessor's Office a comprehensive Monthly Court Order (Add-On and Abatement) List Report. The Collector's Office prints Add-On and Abatement Reports to reconcile all Court Orders received by the Assessor's Office during the same time period. Then the Collector's office reconciles the Assessor's reports, court orders to that of Collector's reports. If there are any discrepancies, the Collector's Office notifies the Assessor's Office for corrections.

This reconciliation report is provided to the County Clerk, along with all supporting documentation. The County Clerk is to provide this information to the County Commission and the process will be acknowledged on the County Commission's agenda.

Effective June 1, 2023, the Collector's Office will have new collector software that will interact directly with the Assessor's software. The Assessor's office will make the changes or add new accounts and the Collector's office will receive updated information in the collector's software to prepare the statement. The Collector's office will not be making any changes to any tax accounts going forward. We will continue our procedure to balance the monthly reports and provide them to the County Clerk to provide to the County Commission.

Please contact me if you have any questions.

Sincerely,

*Jody Vance*

Miller County Collector

**CLINTON A. JENKINS, COUNTY CLERK**  
**MILLER COUNTY, MISSOURI**  
P.O. BOX 12 TUSCUMBIA MO 65082  
clinton.jenkins@millercountymo.org  
(573)369-1911

## **2021-01: Budgetary Policies Noncompliance-continued**

### **Management Response:**

1. Miller County Payroll Fund and the Law Enforcement Sales Tax Fund were not created until late 2021.
2. All funds that had disbursements that exceeded budgeted amounts occurred unforeseen expenditures in 2021.
3. 911 Emergency Fund had end of year payroll taxes after the last fund transfer that put them in the negative.

### **Significant Deficiencies**

#### **2021-02: Unrecorded Certificate of Deposit Transactions**

**Condition:** We noted during our audit that the certificate of deposit redemption and reinvestment were not completely and timely recorded.

**Criteria:** Under Missouri law, Counties are required to provide supporting documents, such as certificates of deposit, for all outstanding balances of deposits. Failure to provide these documents may violate Missouri Revised Statutes Section 110.020, which requires that all county officers keep accurate records and accounts of all funds and securities received and disbursed on behalf of the county.

**Cause:** This condition was caused by a lack of internal control policy in place over investment transactions.

**Effect:** It is difficult to verify the accuracy of the county's financial records and ensure that funds are being properly managed and accounted for. Thus, it may lead to reporting inaccuracies in the financial statements and notes to the financial statements.

**Recommendation:** We recommend that the County implement proper investment management practices and ensure that it has proper investment management practices in place to prevent future issues with missing documentation. This may involve implementing better record-keeping procedures and training staff on proper investment management practices.

**CLINTON A. JENKINS, COUNTY CLERK**  
**MILLER COUNTY, MISSOURI**  
P.O. BOX 12 TUSCUMBIA MO 65082  
clinton.jenkins@millercountymo.org  
(573)369-1911

**Management Response:** The untimely recording of the certificate of deposit was due to the late notification of the receipt. One of the Certificate of Deposits from the bank didn't come with a receipt or slip, to notify the County in December and it was entered in January.

**CLINTON A. JENKINS, COUNTY CLERK**  
**MILLER COUNTY, MISSOURI**  
P.O. BOX 12 TUSCUMBIA MO 65082  
clinton.jenkins@millercountymo.org

### **2021-03: Internal Controls over Property Tax System**

**Criteria:** Strong internal controls over property tax require the property tax system access be restricted to only allow officials and personnel to access functions necessary for their duties, and the County Clerk and County Commission review additions and abatements entered into the property tax system by the County Collector.

**Condition:** During our audit, we noted that the County Collector has full access to make changes to the property tax system. Also, the County Clerk and County Commission do not review additions and abatements entered into the property tax system by the County Collector.

**Cause:** The County Collector had full access to make changes to the property tax system, and the County Clerk and County Commission do not review additions and abatements entered into the property tax system by the County Collector.

**Effect:** Due to the County Collector's full access to make changes to the property tax system and without a regular review of tax additions and abatements, erroneous or fraudulent changes to the property tax system may occur and not be detected in a timely manner.

**Recommendation:** We recommend the County Collector and County Commission ensure property tax system access is restricted to only allow officials and personnel to access functions necessary for their duties. In addition, we recommend the County Clerk and County Commission review additions and abatements entered into the property tax system by the County Collector.

**Management's Response:** We continue to complete this procedure to ensure all changes are reviewed, balanced and acknowledged on a monthly basis. Effective June 1, 2023, the Collector's Office will have new collector software that will interact directly with the Assessor's software. The Assessor's office will make the changes or add new accounts and the Collector's office will receive updated information in the collector's software to prepare the statement. The Collector's office will not be making any changes to any tax accounts going forward. We will continue our procedure to balance the monthly reports and provide them to the County Clerk to provide to the County Commission

P.O. BOX 12 TUSCUMBIA MO 65082  
clinton.jenkins@millercountymo.org  
(573)369-1911

#### **2021-04: Negative Fund Balances**

**Criteria:** Reconciliations must be performed to ensure proper cash handling and cash management of funds.

**Condition:** During our audit, we noted Sheriff's Deputy Supplemental Salary Fund and Jail Fund had negative fund balances.

**Cause:** Management is not monitoring cash balances to ensure positive fund balances for all funds.

**Effect:** Not monitoring accurate cash balances can create a negative balance, which could hinder the financial reporting process and cause funds not to be maintained properly.

**Recommendation:** We recommend the County Treasurer and County Clerk work together to maintain positive fund balances within all governmental funds.

**Management's Response:** The Sheriff's Deputy Supplemental Salary Fund revenues come from the State of Missouri for one hundred percent of its funding. The fund is always in the negative because the reimbursements are not received as needed. The 911 Emergency Fund and Jail Fund are both dependent on transfers from Capital Improvement. At the end of every year we continuously amend the budget for larger transfers to bring the funds out of the negative but fall short. We will transfer larger amounts in the future.

### **III. FEDERAL AWARD FINDINGS AND QUESTIONED COST**

There were no federal awards findings as of December 31, 2021 and 2020

## **2020-001: Annual Budget Findings**

**Criteria:** Missouri statutes requires Counties to prepare an annual budget as applicable to each fund. Expenditures are not to exceed the budget and funds are not to be budgeted at a deficit. Additionally, expenditures are not to exceed available funds, resulting in a deficit fund balance available.

**Condition:** During the audit, it was noted the County was not in compliance with Missouri budgetary statute RSMo. Chapter 50. The following funds had actual expenditures which exceeded the budgeted expenditures in 2020: General Revenue, Special Road and Bridge, 911 Emergency, Election Services, Emergency Management, FEMA Disaster Money, Lake Ja-Ha Neighborhood Improvement District, Prosecuting Attorney's Training, Shelter for Victims of Domestic Violence, and TIF #2 Prewitt's Point. We also noted the following funds had expenditures that exceeded available funds, resulting in a deficit fund balance available for 2020: 911 Emergency, Emergency Management, and Jail.

**Cause:** Oversight.

**Effect:** The County is in violation of Missouri Revised Statutes due to exceeding budgets in certain funds, failing to prepare budgets in certain funds, budgeting certain funds with a deficit balance, and expending funds in excess of funds available in certain funds.

**Recommendation:** We recommend that the County adopt a budget for all funds and periodically review its actual expenditures. as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes.

**Management's Response:** The County Clerk will perform a detailed review of budgetary schedules and actual expenditures in order to ensure budgetary compliance, and amendments to the budget will be prepared and approved by the County Commission, if necessary. The expected completion date is December 31, 2021. The County Clerk's (Clinton Jenkins) office phone number is (573) 369-1910.

**Auditors' Evaluation:** Unresolved as of December 31, 2021, repeated on

## **2020-002: Internal Controls over Payroll Expense**

**Criteria:** Strong internal controls over payroll expense require that there be a formal process over the approval of payroll processing and disbursement of payroll expense. In addition, accurate payroll processing should include payroll processing after receiving signed time sheets or cards in a timely manner to process payroll.

**Condition:** During our audit, we noted payroll processing was being prepared prior to receiving properly signed time sheets or cards from all departments prior to the disbursement of cash related to payroll expense. Cause: The County has not developed and implemented formal controls over payroll processing and disbursement of payroll expense.

**Effect:** Without a formal approval process over payroll processing and disbursement of payroll expense, improper cash disbursements related to payroll could be processed and disbursed either due to error or fraud.

**Recommendation:** We recommend the County develop and adopt formal policies and procedures that require time sheets or cards be received in a timely manner prior to the processing and disbursement of cash related to payroll expense. These policies and procedures would include receiving time sheets or cards that are signed by the employee as well as being signed by the supervisor prior to the disbursement of payroll checks.

**Management's Response:** During the process of the audit, the County Clerk has worked to develop and implement a process to ensure payroll processing and disbursement of payroll checks only occurs after receiving properly and timely prepared and signed time sheets or cards. This process will include delaying payroll for one week in order to receive properly and timely prepared and signed time sheets or cards prior to processing payroll disbursements. The expected completion date is December 31, 2021. The County Clerk's (Clinton Jenkins) office phone number is (573) 369-1910.

### **2020-003: Annual Settlement Preparation by County Collector**

**Criteria:** Sections 139.160 and 139.190, RSMo, require County Collectors to file an annual settlement with the County Commission. This annual settlement accounts for all monies received from taxes and other sources. After approval, the annual settlement is required to be filed with the State Department of Revenue (DOR).

**Condition:** During our audit, we noted the County Collector has not prepared an annual settlement for the tax years ended February 29, 2016 through February 29, 2021.

**Cause:** The County Collector had not prepared annual settlements of property taxes for the years noted.

**Effect:** Due to County Collector not preparing these annual settlements, the County Clerk cannot ensure taxes charged and credited to the County Collector each year are accounted for properly, and the County Clerk and County Commission cannot verify the County Collector's accounts. Section 139.190 RSMo, requires the County Commission to carefully and fully examine the annual settlement of the County Collector and the County Clerk to certify the amounts to the State. These procedures are intended to establish checks and balances related to the collection of property taxes.

**Recommendation:** We recommend the County Collector prepare and file the outstanding annual settlements as required by State Law. In addition, if the County Collector needs assistance in the preparation of these outstanding annual settlements, the County Collector should hire outside accounting services.

**Management's Response:** The County Collector will work to prepare the outstanding annual settlements.

The expected completion date is December 31, 2021. The County Collector's office phone number is  
(573) 369-1925.

**Auditors' Evaluation:** Resolved as of December 31, 2021.

#### **2020-004: Bank Reconciliations Performed for All Bank Accounts**

**Criteria:** Bank reconciliations must be performed to ensure all transactions are being recorded and cash is being properly reported.

**Condition:** During our audit, we noted that there were no bank reconciliations being prepared for the Collector's Tax Maintenance Fund.

**Cause:** The County Collector had not prepared a bank reconciliation for the Collector's Tax Maintenance Fund.

**Effect:** Not preparing a bank reconciliation could lead to the improper reporting of revenue, expense, and cash balance of the fund.

**Recommendation:** We recommend the County Collector prepare the bank reconciliations for the audit period and start preparing a bank reconciliation for the Collector's Tax Maintenance Fund on a monthly and timely basis.

**Management's Response:** The County Collector will work to prepare the outstanding monthly bank reconciliations for the audit period and will start to prepare the bank reconciliation for the Collector's Tax Maintenance Fund on a monthly and timely basis. The expected completion date is December 31, 2021. The County Collector's office phone number is (573) 369-1925.

**Auditors' Evaluation:** Resolved as of December 31, 2021.

## **2020-005: Internal Controls over Property Tax System**

**Criteria:** Strong internal controls over property tax require the property tax system access be restricted to only allow officials and personnel to access functions necessary for their duties, and the County Clerk and County Commission review additions and abatements entered into the property tax system by the County Collector.

**Condition:** During our audit, we noted that the County Collector has full access to make changes to the property tax system. Also, the County Clerk and County Commission do not review additions and abatements entered into the property tax system by the County Collector.

**Cause:** The County Collector had full access to make changes to the property tax system, and the County Clerk and County Commission do not review additions and abatements entered into the property tax system by the County Collector.

**Effect:** Due to the County Collector's full access to make changes to the property tax system and without a regular review of tax additions and abatements, erroneous or fraudulent changes to the property tax system may occur and not be detected in a timely manner.

**Recommendation:** We recommend the County Collector and County Commission ensure property tax system access is restricted to only allow officials and personnel to access functions necessary for their duties. In addition, we recommend the County Clerk and County Commission review additions and abatements entered into the property tax system by the County Collector.

**Management's Response:** The County will develop and implement a process in writing to review additions and abatements entered into the property tax system by the County Collector. The expected completion date is December 31, 2021. The County Clerk's (Clinton Jenkins) office phone number is (573) 369-1910.

## **2020-006: Negative Fund Balances**

**Criteria:** Reconciliations must be performed to ensure proper cash handling and cash management of funds.

**Condition:** During our audit, we noted several funds that had negative fund balances.

**Cause:** Management is not monitoring cash balances to ensure the positive fund balances for all funds.

**Effect:** Not monitoring accurate cash balances can create a negative balance, which could hinder the financial reporting process and cause funds not to be maintained properly.

**Recommendation:** We recommend the County Treasurer and County Clerk work together to maintain positive fund balances within all governmental funds.

**Management's Response:** The Treasurer and County Clerk will work to maintain positive fund balances in the future by monitoring fund balances. The expected completion date is December 31, 2021. The County Clerk's (Clinton Jenkins) office phone number is (573) 369-1910. The County Treasurer's (Phil Lawson) office phone number is (573) 369-1920.

## **2020-007: Federal Expenditures in SEFA Contained Errors**

Federal Grantor: All Programs  
Pass-Through Grantor: All Programs  
Federal CFDA Number: All Programs  
Program Title: All Programs

**Criteria:** Title 2 U.S. Code of Federal Regulations (CFR) Part 200 requires auditees to prepare an accurate Schedule of Expenditures of Federal Awards (SEFA) containing awards expended. CFDA title and number, award number, name of the Federal agency, and name of pass-through entity.

**Condition:** During our audit, we noted that the Schedule of Expenditures of Federal Awards (SEFA) contained errors.

**Cause:** Management did not follow reporting requirements related to the Schedule of Expenditures of Federal Awards.

**Effect:** Federal expenditures reported in the SEFA were incorrect.

**Recommendation:** We recommend management develop internal controls over reporting and consult with outside accountants, if possible, to ensure an accurate SEFA is prepared.

**Management's Response:** The County Clerk is working towards capturing all grant transactions in a manner sufficient to report the necessary information required on the SEFA by the next audit period. The expected completion date is December 31, 2021. The County Clerk's (Clinton Jenkins) office phone number is (573) 369- 1910.

**Auditors' Evaluation:** Resolved as of December 31, 2021.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Douglas County, Missouri

The Office of the State Auditor contracted for an audit of Douglas County's financial statements for the year ended December 31, 2022, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, is attached.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized with a large "S" and a cursive "Fitzpatrick".

Scott Fitzpatrick  
State Auditor

September 2023  
Report No. 2023-064

**Scott Fitzpatrick**  
Missouri State Auditor

## RECOMMENDATION SUMMARY

### Recommendations in the contracted audit of Douglas County

#### Sheriff Stale Checks

The Sheriff resolve the stale dated checks, turn over any funds required to go to unclaimed property, and remove the items from the list of outstanding checks on the bank reconciliation.

### **INDEPENDENT AUDITOR'S REPORT**

To the County Commission and  
Officeholders of Douglas County, Missouri

#### **Opinion**

We have audited the accompanying financial statements of Douglas County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the year then ended, and the related notes to the financial statements.

#### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Douglas County, Missouri, as of December 31, 2022, and their respective cash receipts and disbursements, and budgetary results for the year then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

#### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Douglas County, Missouri, as of December 31, 2022, or the changes in financial position thereof for the year then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Douglas County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by Douglas County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri Law. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Douglas County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Douglas County, Missouri's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we also have issued our report dated August 7, 2023, on our consideration of Douglas County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Douglas County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

DOUGLAS COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Douglas County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are nine elected Constitutional Officers: Assessor, Circuit Clerk, Collector, County Clerk, Prosecuting Attorney, Public Administrator, Recorder, Sheriff and Treasurer.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Douglas County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk (other than the portion that is funded by the General Revenue Fund) and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

### C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

### D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets.

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property included within the County's boundaries for the calendar year 2022 for purposes of taxation were:

Real Estate	\$ 122,507,346
Personal Property	50,182,777
Railroad and Utilities	<u>1,957,632</u>
Total	<u>\$ 174,647,755</u>

For calendar year 2022, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

General Revenue	\$ 0.0950
Special Road & Bridge	0.2082
Senate Bill 40 Board	0.0795

F. Cash Deposits and Cash Equivalents

Deposits and cash equivalents are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and cash equivalent balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

## 2. CASH AND CASH EQUIVALENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Cash Equivalents" caption. Cash and cash equivalents include deposits and short-term investments with maturities that are less than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2022, the County had the following cash and cash equivalent balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 3,891,323	\$ 4,239,863	\$ 354,851
Cash and Cash Equivalents - Fiduciary Funds	\$ 4,168,834	\$ 3,392,527	\$ 481,663

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2022 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

## 3. COUNTY EMPLOYEES' RETIREMENT PLANS

### A. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

#### 1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

## 2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

## 3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a contribution of 6% of annual salary is required of employees hired after February 2002. During 2022, the County collected and remitted to CERF employee withholdings and fees collected of \$196,955 for the year then ended.

## B. Other Retirement Plan

Douglas County has a voluntary 457(b) plan which is paid by a deduction from employee's salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the year ended December 31, 2022 were \$43,804.

## C. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$10,659 for the year ended December 31, 2022.

## 4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

## 5. CLAIMS, COMMITMENT AND CONTINGENCIES

### A. Compensated Absences

The County provides employees with up to 120 hours (15 days) of paid vacation based upon the number of years of continuous service. Vacation days do not carry forward if they are unused. Upon termination, an employee is reimbursed for any unused vacation days. Employees accrue 4 hours of sick time per month. The County allows employees to carry forward a maximum of 240 hours (30 days). Accumulated sick leave is paid out at 50% upon termination of employment, with a minimum of 5 years of continuous employment.

### B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

## 6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

## 7. LONG-TERM DEBT

The County had the following long-term debt outstanding as of December 31, 2022:

- A. In October 2013, the County entered into a lease purchase agreement to finance the purchase of a 2014 John Deere motor grader at a net cost of \$173,890 after trade-in allowance. The agreement required five annual payments of \$16,900, which included interest at 3.30% until 2018, plus one additional payment of \$115,000 in 2018. The balance due of \$115,360 was refinanced in February 2019 for five years through December 2023, payable in five fixed annual payments of \$26,095 which includes interest payable at 4.25%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 24,855	\$ 1,240	\$ 26,095

- B. In June 2016, the County entered into a lease purchase agreement to finance the purchase of six patrol vehicles for the Sheriff's department at a cost of \$197,087. The agreement required annual payments of \$35,650, which includes interest payable at 2.39% until 2022. A final payment of \$35,137 was made on February 18, 2022, which included a \$10 UCC release fee.
- C. In February 2018, the County entered into a lease purchase agreement to finance the purchase of a 2017 John Deere motor grader at a net cost of \$163,067 after trade-in allowance. The agreement requires five annual payments of \$13,347, which includes interest at 3.75% until 2023, plus one additional payment of \$125,000 in 2023.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 132,890	\$ 5,457	\$ 138,347

- D. In February 2019, the County issued Certificates of Participation (COP's) in the amount of \$5,840,000 for the purpose of constructing and equipping a new sheriff's administration facility and 48-bed jail, and to pay the cost related to execution and delivery of the Series 2019 certificates. Funds from a dedicated sales tax are used to make principal and interest payments. The COP's reach maturity on December 1, 2045 with variable interest rates from 3.25% to 4.375%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 155,000	\$ 206,894	\$ 361,894
2024	160,000	202,244	362,244
2025	165,000	197,444	362,444
2026	165,000	192,494	357,494
2027	170,000	187,544	357,544
2028-2032	955,000	849,219	1,804,219
2033-2037	1,140,000	657,362	1,797,362
2038-2042	1,395,000	403,163	1,798,163
2043-2045	990,000	87,937	1,077,937
Total	<u>\$5,295,000</u>	<u>\$2,984,301</u>	<u>\$ 8,279,301</u>

- E. In April 2019, the County entered into a lease purchase agreement to finance the purchase of a 2018 John Deere motor grader at a cost of \$239,962. The agreement requires four annual payments of \$39,677, which includes interest payable at 2.40% until 2023, and a final payment of \$120,000 in 2024.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 33,252	\$ 6,425	\$ 39,677
2024	115,016	4,984	120,000
Total	<u>\$ 148,268</u>	<u>\$ 11,409</u>	<u>\$ 159,677</u>

- F. In August 2019, the County entered into a lease purchase agreement to finance the purchase of a 2014 Hitachi Excavator at a cost of \$48,020. The agreement requires four annual payments of \$13,562, which includes interest payable at 4.95% until 2023.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 12,909	\$ 653	\$ 13,562

- G. In June 2020, the County entered into a lease purchase agreement to finance the purchase of a used 2015 Caterpillar motor grader and a 2011 John Deere motor grader at a cost of \$210,820. The agreement requires an initial payment of \$29,100, and five additional annual payments of \$39,960, which includes interest payable at 3.20% until 2025.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 36,307	\$ 3,653	\$ 39,960
2024	37,486	2,474	39,960
2025	38,703	1,257	39,960
Total	<u>\$ 112,496</u>	<u>\$ 7,384</u>	<u>\$ 119,880</u>

- H. In July 2021, the County entered into a lease purchase agreement to finance the purchase of two Dodge Durangos at a cost of \$34,497. An initial payment of \$2,690 was paid in October 2021 which reduced the principal outstanding. The agreement required an initial payment of \$6,288 in 2022, four additional annual payments of \$6,288, which includes interest payable at 2.99% until 2026, and a final payment of \$3,641 in 2027.

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 5,485	\$ 803	\$ 6,288
2024	5,651	637	6,288

2026	5,999	289	6,288
2027	3,534	107	3,641
Total	<u>\$ 26,491</u>	<u>\$ 2,302</u>	<u>\$ 28,793</u>

The following schedule shows changes in long-term debt during the year ended December 31, 2022:

Description	Balance 12/31/2021	Additions	Payments	Balance 12/31/2022	Interest Paid
2014 John Deere Motor Grader	\$ 48,840	\$ -	\$ (23,985)	\$ 24,855	\$ 2,110
2016 Sheriff's Patrol Vehicles	34,594	-	(34,594)	-	533
2017 John Deere Motor Grader	140,863	-	(7,973)	132,890	5,374
Series 2019 COPS	5,445,000	-	(150,000)	5,295,000	211,394
2018 John Deere Motor Grader	180,138	-	(31,870)	148,268	7,807
2014 Hitachi Excavator	25,196	-	(12,287)	12,909	1,275
2015 & 2011 Motor Graders	147,661	-	(35,165)	112,496	4,795
2021 Dodge Durangos	31,807	-	(5,316)	26,491	972

## 8. OPERATING LEASES

In February 2021, the County entered into a lease agreement for a used 2021 Caterpillar Hydraulic Excavator. The agreement requires five annual payments of \$17,873 with an option to purchase the equipment for \$50,400 in 2027.

Fiscal Year Ending December 31,	Amount
2023	\$ 17,873
2024	17,873
2025	17,873
2026	17,873

## 9. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2022 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 7, 2023, the date the financial statements were available to be issued.

In March 2023, the County entered into a \$235,000 lease-purchase agreement for a 2023 Caterpillar Motor Grader. The lease will be repaid through 5 annual payments of \$42,133 and a final payment of \$87,760.

In April 2023, the County refinanced the 2017 and 2018 John Deere Motor Graders described in Note 7.C and 7.E above by entering into a new lease purchase agreement for \$283,413. The new lease calls for five annual payments of \$40,000 and a final balloon payment due on April 6, 2028.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS

To the County Commission and  
Officeholders of Douglas County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Douglas County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the year then ended, and the related notes to the financial statements, which collectively comprise Douglas County, Missouri's basic financial statements and have issued our report thereon dated August 7, 2023.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Douglas County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Douglas County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Douglas County, Missouri's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Douglas County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**CERTIFIED PUBLIC ACCOUNTANTS**

### **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the County Commission and  
Officeholders of Douglas County, Missouri

#### **Report on Compliance for Each Major Federal Program**

##### ***Opinion on Each Major Federal Program***

We have audited Douglas County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Douglas County, Missouri's major federal programs for the year ended December 31, 2022. Douglas County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Douglas County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

##### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Douglas County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Douglas County, Missouri's compliance with the compliance requirements referred to above.

##### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Douglas County, Missouri's federal programs.

## ***Auditor's Responsibilities for Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Douglas County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Douglas County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Douglas County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Douglas County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Douglas County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant

deficiencies over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**YEAR ENDED DECEMBER 31, 2022**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Douglas County, Missouri for the year ended December 31, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance.

CERTIFIED PUBLIC ACCOUNTANTS

August 7, 2023

To the County Commission and Officeholders  
Douglas County, Missouri

We have audited the accompanying financial statements of Douglas County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2022, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the year then ended. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 17, 2023. Professional standards also require that we communicate to you the following information related to our audit.

### Significant Audit Matters

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Douglas County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by Douglas County, Missouri during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated August 7, 2023.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to Douglas County, Missouri's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as Douglas County, Missouri's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the year ended December 31, 2022, we considered Douglas County, Missouri's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control. We issued our

report on our consideration of internal control over financial reporting dated August 7, 2023. However, during our audit we became aware of matters that are opportunities for strengthening internal controls.

### **Sheriff Stale Checks**

The bank reconciliation of the Sheriff's Civil account for December 31, 2022 included several stale dated checks as outstanding going back as far as 2012. There were 78 checks totaling \$1,906 listed as outstanding on the reconciliation that were written prior to the current audit period. State statutes require that unclaimed property should be done annually and any unclaimed amounts greater than 5 years (3 years for checks written to government entities) should be turned over to the state unclaimed property. We recommend that the Sheriff resolve the stale dated checks, turn over any funds required to go to unclaimed property, and remove the items from the list of outstanding checks on the bank reconciliation.

### **Other Matters**

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompanies the financial statements but is not Required Supplementary Information. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

### **Restriction on Use**

This information is intended solely for the information and use of the County Commission and management of Douglas County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

*(Original Signed By McBride, Lock & Associates, LLC)*

Report No. 2023-063

September 2023

[auditor.mo.gov](https://auditor.mo.gov)

**Scott Fitzpatrick**  
Missouri State Auditor

# CITIZENS SUMMARY

## Findings in the audit of the St. John's Church Road Transportation Development District

### Background

The St. John's Church Road Transportation Development District (TDD) was organized in April 2001 for the purpose of improving the roadways with construction of the extension of St. John's Church Road south of Lindbergh Avenue and additional construction of roadways surrounding Lindbergh Avenue, such as Elm Road and construction of an entrance to Interstate 55. The project was completed in 2003 and St. Louis County and the St. Louis County Department of Highways and Traffic subsequently accepted ownership of the project. Project costs for the St. John's Church Road TDD totaled \$8,178,850.

The project was funded by a voter-approved one-half percent sales tax on all taxable transactions within the boundaries of the district. Debt associated with the project was satisfied and the Board of Directors approved rescinding the sales tax in September 2022. From its inception in 2001 through 2022, the St. John's Church Road TDD received \$13,772,861 in sales tax revenues, and paid \$8,603,231 in debt service costs and \$4,930,479 in interest costs.

Based on the audit, the cash balance of the St. John's Church Road TDD as of December 31, 2022, was \$887,486. According to district legal counsel, as of December 31, 2022, the district owed \$2,612 in unpaid legal fees related to the dissolution of the district. After the district's final costs and professional fees are paid, the remaining balance will be distributed to St. Louis County in accordance with state law.

### Financial Status

The audit of the St. John's Church Road TDD indicates the financial condition of the district is such that it may be abolished.

Because of the nature of this audit, no rating is provided.

State Auditor's Report	2
------------------------	---

---

Management Advisory Report - State Auditor's Findings	Financial Status .....3
---	-------------------------

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Robert Everitt, Board Chair  
and  
Board of Directors  
St. John's Church Road Transportation Development District  
St. Louis County, Missouri

The State Auditor is required under Section 238.275, RSMo, to audit a transportation development district prior to the question of abolishment being submitted to a vote. On January 17, 2023, the Board of Directors of the St. John's Church Road Transportation Development District approved a resolution of its intent to dissolve the district and request an audit as required by statute. The State Auditor was subsequently notified of this resolution on January 18, 2023.

The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2022. The objectives of our audit were to evaluate the financial status of the district and determine whether it may be abolished pursuant to law.

Our methodology included reviewing financial records and other pertinent documents; and interviewing various personnel of the district, as well as certain external parties. We obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The audit determined the district's Board of Directors may proceed with abolishment of the district in accordance with Section 238.275, RSMo.

The accompanying Management Advisory Report presents our findings arising from our audit of the St. John's Church Road Transportation Development District.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is stylized, with the first letters of the first and last names being capitalized and prominent.

---

## Financial Status

Our audit of the St. John's Church Road Transportation Development District (TDD) indicates the financial condition of the district is such that it may be abolished.

The St. John's Church Road TDD is located in St. Louis County. The district was organized April 17, 2001, by petition of the property owner/developer within the proposed TDD. The district consisted of 2 property owners. The members of the Board of Directors and officers consist of 5 representatives of the property owner/developer. The district has a fiscal year end of December 31.

The St. John's Church Road TDD was formed for the purpose of improving the roadways with construction of the extension of St. John's Church Road south of Lindbergh Avenue and additional construction of roadways surrounding Lindbergh Avenue, such as Elm Road and construction of an entrance to Interstate 55. St. Louis County and the St. Louis County Department of Highways and Traffic are the public entities with jurisdiction over the local portion of the project and serve as the Local Transportation Authority. The project was completed in 2003, and St. Louis County and the St. Louis County Department of Highways and Traffic subsequently accepted ownership of the project. Project costs for the St. John's Church Road TDD totaled \$8,178,850.

In April 2001, the qualified voters of the district approved a 1/2-cent (0.5 percent) sales tax on all taxable transactions within the boundaries of the district. The Board of Directors subsequently passed a resolution formally establishing that sales tax rate to be effective May 2001.

In December 2002, the St. John's Church Road TDD Board entered into an agreement with UMB Bank to issue revenue notes up to \$12,000,000 to pay for project costs. The St. John's Church Road TDD satisfied this debt in June 2022.

The Board approved rescinding the sales tax and notifying the Department of Revenue to stop collecting the district's tax on September 20, 2022. The sales tax officially expired on October 31, 2022.

From the TDD's inception in 2001 through 2022, the St. John's Church Road TDD received \$13,772,861 in sales tax revenues, and paid \$8,603,231 in debt service costs and \$4,930,479 in interest costs. See the table below for district financial activity through the period ended December 31, 2021, and the year ended December 31, 2022.

In January 2023, the St. John's Church Road TDD Board formalized its intent to dissolve the district. The district subsequently advised the State Auditor's Office (SAO) of this resolution and requested the SAO proceed with all necessary actions as required pursuant to Section 238.275, RSMo. That statute requires the State Auditor to audit the district to determine its financial

## St. John's Church Road Transportation Development District Management Advisory Report - State Auditor's Findings

status, and determine whether it may be abolished pursuant to law. It also states the board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against it; if its liabilities exceed its assets; or while the district is insolvent, in receivership, or under the jurisdiction of a bankruptcy court.

The following table presents the financial activity and cash balances from 2001 through the year ended December 31, 2021, and the year ended December 31, 2022.

	Year Ended December 31, 2022	21 Years Ended December 31, 2021

ENDING CASH	\$ 887,486	333,587

Source: Compiled by the SAO using the district's bank statements and financial statements

Based on our audit, the cash balance of the St. John's Church Road TDD as of December 31, 2022, was \$887,486. According to district legal counsel, as of December 31, 2022, the district owed \$2,612 in unpaid legal fees related to the dissolution of the district. There are no pending, threatened, or unasserted claims or assessments against the district according to district legal counsel. District officials confirmed the district is not insolvent, in receivership, or under the jurisdiction of a bankruptcy court. Based on these representations, district assets are sufficient to pay any remaining costs and obligations. After the district's final costs and professional fees are paid, the remaining balance will be distributed to St. Louis County in accordance with Section 238.275.5(1), RSMo.

Based on our audit, the Board of Directors may proceed with the abolishment of the district in accordance with Section 238.275, RSMo.

# CITIZENS SUMMARY

## Conclusions in the review of Article X, Sections 16 through 24

### Background

On November 4, 1980, the voters of Missouri passed Constitutional Amendment No. 5, which added Article X, Sections 16 through 24 to the Constitution of Missouri. The amendment is commonly referred to as the Hancock Amendment.

Section 18(a-d) of the Hancock Amendment requires annual total state revenue limits. The amendment limits the amount of personal income that may be used to fund state government to no greater than the portion used to do so in 1981, except as authorized by a vote of the people. The amendment provides for taxpayer refunds of excess revenues.

A 1996 amendment added Section 18(e) to the Hancock Amendment, which imposes an additional revenue limit on tax and fee increases. Section 18(e) states the general assembly shall not increase taxes or fees in any fiscal year, without voter approval, that in total produce new annual revenues greater than \$50 million adjusted annually by the percentage change in the personal income of Missouri for the second previous year, or 1 percent of total state revenue for the second fiscal year prior to the general assembly's action, whichever is less.

### Fiscal Year 2022 Conclusions

For the year ended June 30, 2022, total state revenue was approximately \$3.7 billion under the refund threshold. As a result, no refund is due for the year ended June 30, 2022. This revenue limit has not been exceeded since the year ended June 30, 1999.

For the year ended June 30, 2022, the Office of Administration, Division of Budget and Planning determined based on fiscal notes prepared for each bill by the Committee on Legislative Research - Oversight Division, as a result of general assembly legislative actions, net taxes and fees could decrease by a total of \$44.7 million, which is under the tax and fee increase revenue limit of \$104.6 million. The projected net decrease does not include 4 bills for which the Section 18(e) fiscal impact could not be projected. Actual compliance with the Section 18(e) revenue limit can be determined after each tax and fee increase and decrease is fully effective. Since Section 18(e) was added to the Hancock Amendment in 1996, the 2016 legislative session was the only year the limit has been projected to be exceeded.

Because of the nature of this audit, no rating is provided.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
and  
Kenneth J. Zellers, Commissioner  
Office of Administration  
Jefferson City, Missouri

We have conducted a review of revenues of the state of Missouri for the year ended June 30, 2022, and the application to those revenues of Article X, Sections 16 through 24, Missouri Constitution, more commonly referred to as the Hancock Amendment (included as an Appendix). We previously reported on revenues of the state for the years ended June 30, 1982 through 2021. The amendment, which was adopted by the voters of Missouri on November 4, 1980, limits the growth of state revenues collected in any fiscal year. The objectives of this review were to:

1. Evaluate the formulas to calculate the state's revenue limits.
2. Determine the specific items included in total state revenue.
3. Verify the accuracy of the revenue limit computations and compare the limits to total state revenue and projected tax and fee increases from legislative actions.
4. Review the state's overall compliance with the provisions of the amendment.

Our review included only the application of the revenue limit to state revenues and, accordingly, did not include a review of the effects of the amendment on any local governmental unit.

Our methodology to accomplish these objectives included discussions with personnel of the Office of Administration, Division of Budget and Planning, inspecting relevant records and reports compiled by that office, and reviewing data and reports from the statewide accounting system.

The Executive Summary and the Background and Methodology present our comments and conclusions concerning the state's overall compliance with the provisions of Article X, Sections 16 through 24, Missouri Constitution.

A handwritten signature in black ink that reads "S. Fitzpatrick".

Scott Fitzpatrick  
State Auditor

# Review of Article X, Sections 16 Through 24, Constitution of Missouri

## Executive Summary

### Executive Summary

The amendment, commonly referred to as the Hancock Amendment, limits annual state revenues, and tax and fee increases, and requires refunds to taxpayers if revenue or tax increases exceed prescribed limits.

For the year ended June 30, 2022, no refunds are due to taxpayers. Total state revenue (TSR) was approximately \$3.7 billion under the refund threshold. In addition, the tax and fee increase limit for fiscal year 2022 was \$104.6 million, while net taxes and fees are projected to decrease by a total of \$44.7 million.

### Total State Revenue (TSR) Section 18(a-d)

Section 18(a-d) of the Hancock Amendment requires no greater portion of Missourians' personal income (MPI) be used in any future year to fund state government than was the case in fiscal year 1981, except as authorized by a vote of the people. The amendment provides for taxpayer refunds of excess revenues. Figure 1 depicts TSR for fiscal year 1981 to 2022, and the Hancock Amendment refund threshold from fiscal year 1982 to 2022.

Since TSR was below the refund threshold by approximately \$3.7 billion in fiscal year 2022, no refund is required. The TSR refund threshold limit has not been exceeded since fiscal year 1999. Over the last 5 years, the amount of TSR under the refund threshold has ranged from \$3.7 billion to \$6.3 billion.

## Review of Article X, Sections 16 through 24, Constitution of Missouri Executive Summary

---

### Tax and fee increases Section 18(e)

Section 18(e) of the Hancock Amendment states the general assembly shall not increase taxes or fees in any fiscal year, without voter approval, that in total produce new annual revenues greater than \$50 million adjusted annually by the percentage change in the personal income of Missouri for the second previous year, or 1 percent of TSR for the second fiscal year prior to the general assembly's action, whichever is less. For fiscal year 2022, this tax and fee increase limit was determined to be \$104.6 million.

For the year ended June 30, 2022, the Office of Administration, Division of Budget and Planning (OA-BP) determined based on fiscal notes prepared for each bill, net taxes and fees are projected to decrease by a total of \$44.7 million, which is under the tax and fee increase revenue limit of \$104.6 million. The projected net decrease does not include 4 bills for which the Section 18(e) fiscal impact could not be projected.

Actual compliance with the Section 18(e) revenue limit is determined by measuring the aggregate actual new annual revenues produced in the first fiscal year each tax and fee increase and decrease is fully effective. Since Section 18(e) was added to the Hancock Amendment in 1996, the 2016 legislative session was the only year the limit has been projected to be exceeded.

# Review of Article X, Sections 16 Through 24, Constitution of Missouri Background and Methodology

On November 4, 1980, the voters of Missouri passed Constitutional Amendment No. 5, which added Article X, Sections 16 through 24 to the Constitution of Missouri. The amendment is commonly referred to as the Hancock Amendment.

This review addresses the components of the amendment that relate to state revenues, primarily the requirements outlined in Section 18(a-d) which limit annual state revenues and Section 18(e) which limits tax and fee increases.

## Total State Revenue Section 18(a-d)

Section 18(a-d) of the Hancock Amendment requires annual total state revenue limits. The amendment limits the amount of personal income that may be used to fund state government to no greater than the portion used to do so in 1981, except as authorized by a vote of the people. The amendment provides for taxpayer refunds of excess revenues.

The Office of Administration, Division of Budget and Planning (OA-BP) calculates annual total state revenue (TSR), revenue limits, refund thresholds, and refund amounts.

## Calculation

The following table summarizes the calculated TSR, revenue limits, refund thresholds, and refund calculations for the 5 years ended June 30, 2022.

	Year Ended June 30,				
	2018	2019	2020	2021	2022
	(in millions)				
<b>TOTAL STATE REVENUE (TSR)</b>

Refund	\$ 0.00	0.00	0.00	0.00	0.00

## Review of Article X, Sections 16 Through 24, Constitution of Missouri Background and Methodology

The calculation shows for the year ended June 30, 2022, TSR was approximately \$3.7 billion under the refund threshold. As a result, no refund is due for the year ended June 30, 2022. This revenue limit has not been exceeded since the year ended June 30, 1999.

### Revenue limit formula

The OA-BP calculated the 1981 base year ratio of personal income to TSR as 5.6 percent, and uses this ratio to calculate the annual revenue limit.

Section 18(a) establishes the revenue limit formula as follows:

$$\begin{array}{lcl} \text{Revenue limit} & \text{Total state revenue (TSR)} & \text{The greater of MPI in the} \\ \text{for fiscal year} & \text{in FY 1981} & \text{calendar year (CY) prior} \\ \text{(FY) 20XX} = & \frac{\text{CY 1979 Missouri}}{\text{personal income (MPI)}} \times & \text{to the CY in which} \\ & & \text{appropriations are made} \\ & & \text{for FY 20XX or Average} \\ & & \text{MPI for 3 CYs preceding} \\ & & \text{FY 20XX.} \end{array}$$

The formula is composed of two principal parts. The first part of the formula, the base year ratio (BYR), is as follows:

$$\frac{\text{TSR in FY 1981}}{\text{CY 1979 MPI}}$$

The application of this ratio to the second part of the formula (future years' MPI) sets the revenue limit to ensure no greater portion of a future year's personal income will be used to fund state government than was the case at the time of passage of the amendment.

The MPI amounts used in the formula for the base year and subsequent years are reported by the U.S. Department of Commerce (DOC). The OA-BP uses the MPI first officially published by the DOC after the close of the calendar year to calculate the revenue limit for the applicable fiscal year. The OA-BP does not adjust the MPI used in the BYR or the second part of the formula for subsequent adjustments to the MPI by the DOC. Section 17(2) refers to ". . . total income . . . as defined and officially reported by" the DOC. Even though the amendment does not specifically refer to such adjustments, this wording suggests the revenue limit should be recalculated each time the MPI is adjusted by the DOC. For example, the BYR would be adjusted whenever the CY 1979 MPI is adjusted by the DOC. The use of the initial reporting of MPI provides at least two benefits. First, by having a consistent and unchanging BYR, the state can more easily plan and make appropriate adjustments to stay under the revenue limit. Second, if the initial MPI is subsequently adjusted, retroactive refunds are a possibility. That is, an adjustment to MPI for any prior year (including the base year) could reduce the revenue limit for a prior year below that year's TSR, providing a refund where one previously was not due. Therefore, we find this approach reasonable if it is followed consistently.

---

Review of Article X, Sections 16 Through 24,  
Constitution of Missouri  
Background and Methodology

---

The BYR was calculated by the OA-BP as follows (dollar amounts are in millions):

$$\frac{\$ 2,232.204096}{\$ 39,581.0} = .05639584891$$

In its calculations of the revenue limit, the OA-BP rounded the BYR to .056395. To determine the revenue limit for the fiscal year, this amount is multiplied by the MPI in the calendar year preceding the calendar year in which appropriations were made for the fiscal year or the average MPI for the 3 calendar years preceding the fiscal year. For the fiscal year 2022 revenue limit calculation, the OA-BP used the CY 2020 MPI which was greater than the average MPI for the preceding 3 calendar years.

#### Adjustments

Section 18(d) provides the revenue limit may be adjusted, "[i]f responsibility for funding a program or programs is transferred from one level of government to another, as a consequence of constitutional amendment, . . . provided that the total revenue authorized for collection by both state and local governments does not exceed that amount which would have been authorized without such a change."

The OA-BP has adjusted the revenue limit for the transfer of deputy circuit clerks from the county payroll to the state payroll under Section 483.245, RSMo, effective on July 1, 1981. In *Kelly v. Hanson*, 959 S.W.2d 107 (Mo. banc 1997), the Supreme Court of Missouri held that this adjustment to the revenue limit is appropriate.

#### Refund threshold

Section 18(b) allows the state to exceed the revenue limit by less than 1 percent before a refund is due. Therefore, to determine the point at which the refund provision takes effect (the refund threshold) the revenue limit is adjusted upward by 1 percent. However, should TSR exceed the refund threshold, all revenues in excess of the revenue limit are subject to refund.

#### TSR

An integral part in applying the provisions of the amendment to state revenues is to determine what constitutes TSR. The amendment does not specify the methodology to be used to determine TSR. Consequently, procedures to calculate TSR have been established and certain decisions as to items that would be either included or excluded have been made, except for items ruled on by the Attorney General or the Missouri courts.

TSR includes all revenues recorded in the Statewide Accounting System for Missouri (SAM II) and receipted by the state treasurer, which may only be withdrawn pursuant to an appropriation or which stand appropriated by the Constitution of Missouri. Various funds not in the state treasury are not included in TSR. These funds include university local funds; Department of

---

## Review of Article X, Sections 16 Through 24, Constitution of Missouri Background and Methodology

---

Revenue local sales and use tax fund collections; various funds held in trust for inmates, patients, etc.; and funds of various quasi-governmental agencies such as the Board of Public Buildings, the Housing Development Commission, the Higher Education Loan Authority, the Health and Educational Facilities Authority, and the state's retirement and other employee benefit plans. The Hancock Amendment states the composition of TSR is, "defined in the budget message of the governor for fiscal year 1980-81." The funds described above were not addressed in the governor's budget message for that year since the funds were not in the state treasury and not appropriated. Thus, it is reasonable to conclude these funds should not be included in TSR.

From the revenue amounts obtained from SAM II, 8 funds are entirely excluded and 26 types of revenues are excluded to arrive at TSR, as defined in Section 17(1). These excluded funds and revenue types, and other exclusions and limits considered to arrive at TSR are described at Appendix B. A detailed schedule of SAM II revenue, adjustments for excluded funds and revenue types and other exclusions and limits, and resulting TSR for the 5 years ended June 30, 2022, is shown at Appendix A.

---

## Tax and Fee Increases Section 18(e)

A 1996 amendment added Section 18(e) to the Hancock Amendment, which imposes an additional revenue limit on tax and fee increases.

Section 18(e) states the general assembly shall not increase taxes or fees in any fiscal year, without voter approval, that in total produce new annual revenues greater than \$50 million adjusted annually by the percentage change in the personal income of Missouri for the second previous year, or 1 percent of TSR for the second fiscal year prior to the general assembly's action, whichever is less. Sections 18(e) and 23 provide any taxpayer can bring suit in a court of law to enforce the provisions of the Hancock Amendment.

The OA-BP calculates the limits and monitors new legislation for tax and fee increases and decreases for each legislative session.

## Calculation

The following table summarizes the OA-BP's annual projected net increases/decreases from legislative actions based on fiscal notes prepared for each bill by the Committee on Legislative Research - Oversight Division, calculated revenue limits, and projected amounts over/under revenue limits for the 5 years ended June 30, 2022.

Review of Article X, Sections 16 Through 24,  
Constitution of Missouri  
Background and Methodology

		Year Ended June 30,				
		2018	2019	2020	2021	2022
<b>LEGISLATIVE ACTIONS*</b>

<b>DIFFERENCE</b>						
Over (under) limit	\$	N/A	N/A	N/A	Up to (87,274,036)	N/A

\* Legislative action amounts do not include bills for which Section 18(e) fiscal impact could not be projected.

N/A For fiscal years 2018, 2019, 2020, and 2022 the projections showed a net decrease in taxes and fees.

For the year ended June 30, 2022, the OA-BP determined based on fiscal notes prepared for each bill by the Oversight Division, as a result of general assembly legislative actions, net taxes and fees could decrease by a total of \$44.7 million, which is under the tax and fee increase revenue limit of \$104.6 million. As noted in the Legislative actions section, the projected net decrease does not include 4 bills for which the Section 18(e) fiscal impact could not be projected. As noted in the Compliance section, actual compliance can be determined after each bill is fully effective. The 2016 legislative session was the only year the limit has been projected to be exceeded.

## Revenue limit formula

Section 18(e) establishes the revenue limit as the lesser of (1) \$50 million adjusted annually by the percentage change in MPI for the second previous year, or (2) 1 percent of TSR for the second fiscal year prior to the legislative session.

For fiscal year 2022, the OA-BP calculated the MPI growth limit at \$147.9 million by multiplying the fiscal year 2021 MPI growth limit (\$139.4 million) by the percentage change in the MPI for fiscal year 2020 (6.11 percent). The OA-BP calculated the TSR limit at \$104.6 million by multiplying the fiscal year 2020 TSR (\$10.5 billion) by 1 percent. The revenue limit was established at the lessor of these amounts, or the TSR limit of \$104.6 million.

## Legislative actions

After each legislative session, OA-BP personnel prepare a spreadsheet to quantify the potential fiscal impact of tax and fee increases and decreases from legislation enacted during the session. In accordance with Section 18(e), the OA-BP includes each House Bill and Senate Bill truly agreed and finally passed during the session, except bills vetoed by the governor and not overridden by the general assembly, and the estimated fiscal impact amount.

---

Review of Article X, Sections 16 Through 24,  
Constitution of Missouri  
Background and Methodology

---

The OA-BP determines estimated Section 18(e) fiscal impact amounts by compiling information and amounts in fiscal notes for each bill. The fiscal notes are prepared by the Oversight Division with input from state agencies and local political subdivisions. In accordance with Section 18(e), the OA-BP compiles an amount for the first fiscal year the bill is fully effective. For most bills with Section 18(e) fiscal impact, the OA-BP determines an increase or decrease amount based on information in the fiscal note. For some bills, the fiscal note indicates the fiscal impact is "unknown." Accordingly, the OA-BP lists "unknown," rather than a dollar amount, in the legislative actions spreadsheet for these bills. OA-BP personnel indicated they did not attempt to develop a more precise estimate for this calculation because in some cases, it is not possible to quantify the potential impact of the legislation. The legislative actions spreadsheet contains a net total tax and fee increase/decrease for all bills combined. That information is compared to the calculated revenue limit to determine potential Section 18(e) compliance. The netting of the tax and fee increases and decreases is reasonable and in compliance with the amendment language.

The OA-BP legislative actions spreadsheet for the fiscal year 2022 legislative session included 39 bills, 19 of which the OA-BP determined had potential Section 18(e) fiscal impact. For 4 of these bills, the Section 18(e) fiscal impact could not be projected.

## Compliance

Section 18(e)(4) provides compliance with Section 18(e) shall be measured by calculating the aggregate actual new annual revenues produced in the first fiscal year each individual tax or fee change is fully effective. For the fiscal year 2022 legislative session, actual compliance can be measured after each 2022 legislative session bill is fully effective.

Section 18(e)(5) provides any taxpayer or statewide elected official may bring action under Section 23 of the Hancock Amendment to enforce compliance with the provisions of Section 18(e). For actions brought by any statewide elected official, the Missouri Supreme Court has original jurisdiction. In such enforcement actions, the court will invalidate the taxes and fees that should have received a public vote. The court will order remedies in the amount of excess revenues collected, such as refunds or reductions in future taxes and/or fees.

# Review of Article X, Sections 16 Through 24, Constitution of Missouri

## Appendix B - Total State Revenue Exclusions

---

### TSR Exclusions

Various revenue amounts are excluded from Statewide Accounting System for Missouri (SAM II) revenue amounts to arrive at Total State Revenue (TSR), as shown on Appendix A. These exclusions, which include certain funds, certain revenue types, and other exclusions and limits, are discussed below.

### Excluded Funds

From the revenue amounts obtained from SAM II, certain funds are entirely excluded to arrive at TSR, as defined in Article X, Section 17(1), Missouri Constitution, as follows:

#### (A) Lottery Funds

In November 1984, the voters approved Article III, Section 39(b), Missouri Constitution, which authorized the creation of the Missouri State Lottery. This provision states that revenues produced from the conduct of a state lottery shall not be a part of TSR. Since the voters approved the state lottery, all revenue and expenditure refunds related to the state lottery are excluded. Beginning in fiscal year 2017, lottery proceeds are deposited in the State Lottery Fund. In prior fiscal years, they were deposited in the Lottery Enterprise Fund.

#### (B) Alternative Care Trust Fund

The Alternative Care Trust Fund was established in 1989 under Section 210.560, RSMo. The Department of Social Services uses this fund to account for funds held in trust for the benefit of children who have been placed in the legal custody of the state. The Department of Corrections, Department of Mental Health, and the Missouri Veterans Commission hold funds in trust for inmates and patients. Funds held in trust are not state funds since the funds remain the property of the individual. Since the Alternative Care Trust Fund does not account for state funds, it is excluded.

#### (C) Student Loan Funds

Federal legislation passed in 1997 made changes in the accounting required for federal education loans. Starting in federal fiscal year 1998, the federal government considers all monies in these funds as property of the federal government or guaranty agency. As a result, the state excludes the two student loan funds held in trust.

#### (D) Pansy Johnson-Travis Memorial State Gardens Trust Fund

The state received an endowment in 1987 for the purpose of establishing a memorial state garden. The state is to invest the endowment for 100 years before using the funds to establish the memorial garden. Since the funds cannot be appropriated until 2087, the revenue is excluded from TSR.

#### (E) Division of Youth Services Child Benefits Fund

The Division of Youth Services (DYS) Child Benefits Fund was administratively created to account for payments from the Social Security Administration held in trust for the benefit of youth in the DHS custody. Funds held in trust are not deemed to be state funds, and are therefore excluded. This fund was added as an excluded fund in fiscal year 2016. In prior years, most of the fund revenues were excluded as federal funds.

- |                                    |   |
|------------------------------------|---|
| (F) Veterans' Health and Care Fund | In November 2018, the voters approved Article XIV, Section 1.4, Missouri Constitution, which authorized the creation of the Missouri Veterans' Health and Care Fund. The fund is used to account for various taxes and fees also authorized by that section for the regulation of medical marijuana licensing and distribution. Since voters directly approved these taxes and fees, the fund is excluded from TSR. |
|------------------------------------|---|

Excluded Revenues

From the revenue amounts obtained from SAM II, certain types of revenues are excluded to arrive at TSR, as defined in Article X, Section 17(1), Missouri Constitution, as follows:

- |   |   |
|---|---|
| (1) Federal Funds   | Article X, Section 17, Missouri Constitution, specifically excludes federal funds.  |
| (2) Proposition C Sales and Use Tax/Interest  | In November 1982, the voters approved Proposition C, which increased the state sales and use tax by 1 percent. Since Proposition C received direct voter approval as provided in Article X, Section 16, Missouri Constitution, the proceeds from the additional 1 percent sales and use tax, including any interest earned on the investment of such taxes, are excluded.                               |
| (3) Proposition A Gas Tax and License Fee Increases                                       | In April 1987, the voters approved Proposition A, which increased the motor fuel tax by 4 cents per gallon and increased the annual registration fee for certain motor vehicles, effective July 1, 1987. Since the increase in tax and fees received direct voter approval, these revenues are excluded. Also, see item (24).   |
| (4) Bond Sales  | Attorney General Opinion 22-1982 concluded that proceeds of the state's general obligation bonds were not to be included in TSR.  |
| (5) Refunds   | Refunds received due to the overpayment of obligations by the state, as identified by certain revenue source codes, are excluded. Refunds also include cost recoveries and prescription drug rebates received through the Medicaid and Children's Health Insurance programs.  |
| (6) Interagency Sales and Receipts  | Since interagency transactions do not generate additional revenue for the state as a whole, interagency sales and receipts, as identified by certain revenue source codes, are excluded.  |
| (7) Soil and Water Sales and Use Tax/Interest and<br>(8) Parks Sales and Use Tax/Interest | In August 1984, the voters approved a one-tenth of 1 percent sales tax for soil and water conservation and state parks. Article IV, Section 47(c), Missouri Constitution, states that the additional revenue provided by the tax shall not be part of TSR. Since the voters approved the sales tax, the sales tax and any interest earned on the investment of the balance in these funds are excluded. |
| (9) Redeposit of Investment Principal   | The redeposit of investment principal is excluded.  |

Review of Article X, Sections 16 Through 24,  
Constitution of Missouri  
Appendix B - Total State Revenue Exclusions

(10) Outlawed Checks	Outlawed checks (issued checks not cashed by the payee within the time allowed) are redeposited in the state treasury and are excluded.
(11) Redeposit of Loan Principal	Redeposits of loan principal are excluded.
(12) Bingo Tax	<p>The August 1992 amendment to Article III, Section 39(d), Missouri Constitution, related to gaming activities also applies to bingo games, in that all state revenues derived from the conduct of gaming activities shall be appropriated beginning July 1, 1993, solely for public education and shall not be included in TSR. Section 313.007, RSMo, requires the bingo tax to be deposited in the Bingo Proceeds for Education Fund. The bingo tax, certain fees, and the interest earned on the investment of the fund are excluded from TSR.</p>
(13) Riverboat Gambling and Other Gaming Proceeds	<p>In August 1992, voters approved an amendment to Article III, Section 39(d), Missouri Constitution, that requires all state gaming revenues be appropriated for public education and excludes these revenues from TSR.</p> <p>In 1993, the state enacted Senate Bills 10 and 11. This comprehensive gaming legislation established riverboat gaming in the state. The legislation repealed House Bill (HB) 149 related to riverboat gaming, which had been enacted by voters as Proposition A in November 1992.</p> <p>Under Senate Bills 10 and 11, the state imposed a 20 percent tax on adjusted gross receipts from gambling games. In November 2008, the voters approved increasing the tax to 21 percent. The state treats 90 percent of this revenue as state gaming revenues under Article III, Section 39(d), Missouri Constitution, and earmarks the revenues to the Gaming Proceeds for Education Fund. The remaining 10 percent of this revenue is allocated to the home dock city or county. Under Article III, Section 39(d), Missouri Constitution, the 90 percent portion of the adjusted gross receipts tax is exempted from TSR. The remaining 10 percent portion of the adjusted gross receipts tax is also excluded from TSR because these funds are distributed by the Department of Revenue without deposit in the state treasury and without appropriation.</p> <p>Under Senate Bills 10 and 11, the legislature also established a Gaming Commission Fund in the state treasury and authorized gaming commission license fees, penalties, administrative fees, reimbursements, and admission fees to be deposited in this fund and expended pursuant to state appropriation for various purposes.</p> <p>On November 24, 1998, the Missouri Court of Appeals, Western District, entered its final decision in <i>Kelly v. Hanson</i>, 984 S.W. 2d 540 (Mo. App. W.D. 1998). The Missouri Court of Appeals, Western District, held that revenue from the \$1 portion of the state-imposed \$2 admission fee payable to the state is excluded from TSR, while the revenue from the payments to the</p>

---

Review of Article X, Sections 16 Through 24,  
Constitution of Missouri  
Appendix B - Total State Revenue Exclusions

---

state to recoup public safety and regulatory enforcement costs is included in TSR. The remaining \$1 portion of the \$2 admission fee is also excluded from TSR because these funds are distributed by the Department of Revenue without deposit in the state treasury and without appropriation.

In 2016, the state enacted HB 1941 that requires licensed fantasy sports contest operators to pay an annual operation fee equal to 11.5 percent of the operator's net revenue from the previous calendar year. These revenues are deposited in the Gaming Proceeds for Education Fund. Section 313.822, RSMo, provides all monies deposited in the Gaming Proceeds for Education Fund are to be treated as proceeds of river boat gambling. Under Article III, Section 39(d), Missouri Constitution, these annual operation fees are excluded from TSR.

(14) Redeposit of State Funds

The redeposit of state funds for which a state expenditure was originally incurred, such as from closing a petty cash fund and returning the funds to the state treasury, is excluded.

(15) Loan Proceeds

The state periodically receives loans or advancements from the federal government, local governments, or private sources, to finance the acceleration of state projects. Since the loans must be repaid in the future, they are excluded.

(16) Conservation Sales and Use  
Tax/Interest

In *Conservation Federation of Missouri v. Richard Hanson*, 994 S.W. 2d 27 (Mo. Banc. 1999), the Supreme Court held that the revenue derived from the one-eighth of 1 percent conservation sales tax, and any interest earned on the investment of these funds, are excluded.

(17) State Employee Expense  
Reimbursement

The state receives reimbursement from private individuals, firms, partnerships, corporations, etc., for state employee expenses incurred in providing testimony in a court of law, for which the employee has already been reimbursed by a state expense account. These reimbursements are excluded.

(18) Recovery Costs

Monies received from others for costs incurred by the state or to be incurred by the state are excluded. Monies received from tobacco companies under the Tobacco Master Settlement Agreement are included in the recovery costs exclusion. See Tobacco Master Settlement Agreement Proceeds section. Also, see item (19).

(19) Cost Reimbursements

Monies received from other governments for reimbursements of costs incurred by the state are excluded.

Regarding items (18) and (19), the state has excluded from TSR receipts for cost reimbursements since fiscal year 1982 and receipts for recovery costs since fiscal year 1988. Although the constitution does not specifically

Review of Article X, Sections 16 Through 24,  
Constitution of Missouri  
Appendix B - Total State Revenue Exclusions

mention cost reimbursements and recovery costs and they have not been the subject of a court decision, we have agreed with such exclusions because from an accounting standpoint, they would not be considered revenue.

(20) Canceled Checks

Receipts derived from the redeposit of state checks that have been canceled are excluded.

(21) Local Match

Local governments provided funds to the state to use as a local match to qualify for federal or state funding. Since these funds are not state funds, they are excluded.

(22) Proceeds of Surplus Property  
Sales

The proceeds from some sales of surplus property are excluded. Although the constitution does not specifically mention proceeds of surplus property sales and they have not been the subject of a court decision, we have agreed with such exclusions because from an accounting standpoint, they would not be considered revenue.

(23) DHSS Program Rebates

The Department of Health and Senior Services (DHSS) receives rebates through various federal programs, including the Special Supplemental Nutrition Program for Women, Infants, and Children and the HIV Care Formula Grants. These rebates are related to purchases made with federal funds and are therefore excluded.

(24) Amendment 3 Revenue  
Derived From Highway  
Users

In November 2004, the voters approved an amendment to Article IV, Sections 29 and 30(a) through 30(c) and added Section 30(d), Missouri Constitution, effective July 1, 2005.

Section 30(a)(4) provides for the apportionment and distribution of net proceeds of motor fuel tax. This section further provides that, "The net proceeds of fuel taxes apportioned, distributed and deposited under this section to the state road fund, counties, cities, towns and villages shall not be included within the definition of 'total state revenues'. . . ."

Section 30(b) provides for the use and distribution of revenue derived from highway users as an incident to their use or right to use the highways of the state (including all state license fees and taxes on motor vehicles, trailers and motor vehicle fuels and excepting sales tax on motor vehicles and trailers which are not distributed to the state road fund). This section further provides that, "The moneys apportioned or distributed under this section to the state road fund, the state transportation fund, the state road bond fund, counties, cities, towns or villages shall not be included within the definition of 'total state revenues'. . . ."

As a result, motor vehicle sales tax and special fuel non-gas tax, and fees from motor vehicle licenses or permits, interstate transportation licenses or permits, driver's licenses or permits, overdimension/overweight permits, other

---

Review of Article X, Sections 16 Through 24,  
Constitution of Missouri  
Appendix B - Total State Revenue Exclusions

---

licenses and permits, and non-motor fuel decals credited to the State Road Fund, State Road Bond Fund, and/or State Transportation Fund are excluded from TSR.

The increase in interstate transportation license or permits for certain motor vehicles excluded under this section were previously excluded and, as a result, have no impact on TSR. (See item (3))

Sections 29, 30(c), and 30(d) have no Hancock implications.

(25) Interest - Federal

Interest assessed and received on advances made to the state by the federal government. Since the interest is due to the federal government, it is excluded from TSR.

(26) Suspense Holding

The collection of unidentified funds for both state and non-state entities. Since these monies have not been identified, they are excluded from TSR.

Other Exclusions and  
Limits

Other exclusions and limits have been considered to arrive at TSR, as follows:

Cash Management Improvement  
Act (CMIA)

The state has to enter into an agreement with the federal government that governs the timing of when the state can obtain federal grant monies. If the state holds federal funds longer than needed, the state has to reimburse the federal government for interest earnings. Since the interest was earned on federal funds and has to be returned to the federal government, it is excluded from TSR.

Agency Remitted Sales Tax

Some state agencies sell goods or services to the public and collect sales tax. To avoid counting the same receipts in TSR twice, the sales tax remitted by state agencies to the Department of Revenue is excluded from TSR.

Abandoned Funds Claim  
Payments

Under Section 447.543, RSMo, the state receives abandoned funds from various sources (banks, businesses, insurance companies, etc.). These funds are placed in the state Abandoned Fund Account. The rightful owner may receive these funds if properly claimed. The state includes the receipts in TSR. Starting in fiscal year 1998, the state excludes from TSR amounts paid to the rightful owner.

Circuit Courts Escrow and Debt  
Offset Escrow

Under Section 488.5028, RSMo, the Department of Revenue and State Lottery Commission make setoffs of income tax refunds and lottery prize payouts, respectively, for amounts owed to circuit courts. Similarly, under Section 143.784, RSMo, the Department of Revenue makes setoffs of income tax refunds for amounts due to state agencies. Amounts setoff under both provisions are placed in escrow accounts until any review hearings are held and the matter is resolved. As a result, this revenue is not included in TSR.

Review of Article X, Sections 16 Through 24,  
Constitution of Missouri  
Appendix B - Total State Revenue Exclusions

Expenditure Refunds

Under Article X, Section 17(1), Missouri Constitution, TSR shall exclude the amount of any credits based on actual tax liabilities. Refunds disbursed due to the excess collection by the state of liabilities owed the state, largely tax refunds, as identified by certain expenditure object codes are excluded. The method used to determine expenditure refunds is not specified in the amendment. Although the OA-BP initially used the appropriation basis to determine expenditures refunds, during fiscal year 1984, the OA-BP changed to the cash basis. In *Kelly v. Hanson*, 959 S.W.2d 107 (Mo. Banc 1997), the Supreme Court held that a cash basis of accounting should be used to determine compliance with the Hancock Amendment. A schedule of expenditure refunds is included at Appendix C.

Tobacco Master Settlement  
Agreement Proceeds

The OA-BP excluded \$139,365,296 received from tobacco companies during fiscal year 2022. The Master Settlement Agreement was entered into effective November 23, 1998, between the major cigarette manufacturers and the states' Attorneys General. Missouri received its first payments under the settlement agreement during fiscal year 2001 and future payments from tobacco companies extend in perpetuity. The payment received in 2001 included amounts under the settlement agreement for 1998, 2000, and 2001. The settlement agreement did not require a payment for 1999. Payments for fiscal years 2001 through 2022 were as follows:

Fiscal Year	Amount
2001	\$ 338,230,653
2002	172,679,543
2003	166,895,179
2004	142,829,966
2005	144,964,644
2006	133,078,222
2007	139,292,616
2008	153,277,453
2009	168,066,958
2010	140,318,927
2011	132,631,552
2012	135,246,224
2013	135,166,246
2014	66,085,418
2015	132,261,643
2016	123,645,603
2017	191,261,135
2018	138,311,530
2019	134,225,943
2020	129,544,993
2021	138,571,552
2022	139,365,296

---

Review of Article X, Sections 16 Through 24,  
Constitution of Missouri  
Appendix B - Total State Revenue Exclusions

---

The amounts received were coded in the state's accounting system to revenue source code 1806 - recovery costs, which is excluded from TSR. Recovery costs are defined under revenue source code 1806 as, "*all money recovered from others for costs incurred by the state or to be incurred by the state.*" The OA-BP has concluded these receipts should be excluded from TSR because the amounts represent a recovery of health care costs previously incurred or to be incurred by the state attributable to smoking.

Public information was not readily available to determine if the amounts recovered from the tobacco companies under the master settlement agreement were more or less than the health care costs incurred. For our fiscal year 2001 report, we reviewed three extensive research projects conducted by experts. We limited our analysis to Medicaid costs incurred in fiscal years 1998 through 2001. We did not consider Medicaid costs prior to fiscal year 1998. In addition, we did not consider other costs incurred by the state, such as employee health care costs attributable to smoking. These research projects showed that Medicaid costs attributable to smoking were higher than the amount the state received from the tobacco companies under the settlement agreement. As a result, in our 2001 report we concluded it was proper for the OA-BP to exclude the amounts received from the tobacco companies as a recovery cost.

A study, "Tobacco Damages to the State of Missouri" by Glenn W. Harrison, was commissioned by the Missouri Attorney General's Office for use in a lawsuit against tobacco companies filed May 12, 1997. This lawsuit was dropped because Missouri joined a consortium of states in December 1998, in the Master Settlement Agreement with the tobacco companies. As a result, the Harrison study was not fully completed. However, the draft report provided an estimate of Medicaid costs attributable to smoking for 1970 through 2007 and an estimate of state employee health care costs attributable to smoking for 1970 through 1997. This study estimates that state costs attributable to smoking were higher than the amount the state received. OA officials could not locate any current studies, but they believe continued exclusion is reasonable.

Federal Reimbursement  
Allowance and Nursing Facility  
Reimbursement Allowance

The majority of the Federal Reimbursement Allowance and the Nursing Facility Reimbursement Allowance tax imposed by the state to pay the state's share of the costs of the Medicaid program is collected by an offset against Medicaid claims, and is not directly deposited in the state treasury. As a result, this revenue is not included in TSR. This exclusion is pursuant to the Missouri Supreme Court's decision in *Kelly v. Hanson*, 984 S.W. 2d 540 (Mo. App. W.D. 1998). A small portion of the tax is not collected by an offset and is deposited in the state treasury and is, therefore, included in TSR.

# Review of Article X, Sections 16 Through 24, Constitution of Missouri

## Appendix D - Constitutional Language

---

### Article X, Sections 16 through 24, Constitution of Missouri (Adopted November 4, 1980, Amended April 2, 1996)

#### TAXATION

**Section 16. Taxes and state spending to be limited--state to support certain local activities--emergency spending and bond payments to be authorized.** Property taxes and other local taxes and state taxation and spending may not be increased above the limitations specified herein without direct voter approval as provided by this constitution. The state is prohibited from requiring any new or expanded activities by counties and other political subdivisions without full state financing, or from shifting the tax burden to counties and other political subdivisions. A provision for emergency conditions is established and the repayment of voter approved bonded indebtedness is guaranteed. Implementation of this section is specified in sections 17 through 24, inclusive of this article.

**Section 17. Definitions.** As used in sections 16 through 24 of Article X:

- (1) **"Total state revenues"** includes all general and special revenues, license and fees, excluding federal funds, as defined in the budget message of the governor for fiscal year 1980-1981. Total state revenues shall exclude the amount of any credits based on actual tax liabilities or the imputed tax components of rental payments, but shall include the amount of any credits not related to actual tax liabilities.
- (2) **"Personal income of Missouri"** is the total income received by persons in Missouri from all sources, as defined and officially reported by the United States Department of Commerce or its successor agency.
- (3) **"General price level"** means the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency.

**Section 18. Limitation on taxes which may be imposed by general assembly--exclusions--refund of excess revenue--adjustments authorized.**

- (a) There is hereby established a limit on the total amount of taxes which may be imposed by the general assembly in any fiscal year on the taxpayers of this state. Effective with fiscal year 1981-1982, and for each fiscal year thereafter, the general assembly shall not impose taxes of any kind which, together with all other revenues of the state, federal funds excluded, exceed the revenue limit established in this section. The revenue limit shall be calculated for each fiscal year and shall be equal to the product of the ratio of total state revenues in fiscal year 1980-1981 divided by the personal income of Missouri in calendar year 1979 multiplied by the personal income of Missouri in either the calendar year prior to the calendar year in which appropriations for the

---

Review of Article X, Sections 16 Through 24,  
Constitution of Missouri  
Appendix D

---

fiscal year for which the calculation is being made, or the average of personal income of Missouri in the previous three calendar years, whichever is greater.

(b) For any fiscal year in the event that total state revenues exceed the revenue limit established in this section by one percent or more, the excess revenues shall be refunded pro rata based on the liability reported on the Missouri state income tax (or its successor tax or taxes) annual returns filed following the close of such fiscal year. If the excess is less than one percent, this excess shall be transferred to the general revenue fund.

(c) The revenue limitation established in this section shall not apply to taxes imposed for the payment of principal and interest on bonds, approved by the voters and authorized under the provisions of this constitution.

(d) If responsibility for funding a program or programs is transferred from one level of government to another, as a consequence of constitutional amendment, the state revenue and spending limits may be adjusted to accommodate such change, provided that the total revenue authorized for collection by both state and local governments does not exceed that amount which would have been authorized without such change.

**(e). Voter approval required for taxes or fees, when, exceptions--definitions--compliance procedure, remedies.<sup>1</sup>**

1. In addition to the revenue limit imposed by section 18 of this article, the general assembly in any fiscal year shall not increase taxes or fees without voter approval that in total produce new annual revenues greater than either fifty million dollars adjusted annually by the percentage change in the personal income of Missouri for the second previous fiscal year, or one percent of total state revenues for the second fiscal year prior to the general assembly's action, whichever is less. In the event that an individual or series of tax or fee increases exceed the ceiling established in this subsection, the taxes or fees shall be submitted by the general assembly to a public vote starting with the largest increase in the given year, and including all increases in descending order, until the aggregate of the remaining increases and decreases is less than the ceiling provided in this subsection.

2. The term "new annual revenues" means the net increase in annual revenues produced by the total of all tax or fee increases enacted by the general assembly in a fiscal year, less applicable refunds and less all contemporaneously occurring tax or fee reductions in that same fiscal year, and shall not include interest earnings on the proceeds of the tax or fee increase. For purposes of this calculation, "enacted by the general assembly"

---

<sup>1</sup> The 1996 amendment added section 18(e).

---

Review of Article X, Sections 16 Through 24,  
Constitution of Missouri  
Appendix D

---

shall include any and all bills that are truly agreed to and finally passed within that fiscal year, except bills vetoed by the governor and not overridden by the general assembly. Each individual tax or fee increase shall be measured by the estimated new annual revenues collected during the first fiscal year that it is fully effective. The term "increase taxes or fees" means any law or laws passed by the general assembly after May 2, 1996, that increase the rate of an existing tax or fee, impose a new tax or fee, or broaden the scope of a tax or fee to include additional class of property, activity, or income, but shall not include the extension of an existing tax or fee which was set to expire.

3. In the event of an emergency, the general assembly may increase taxes, licenses or fees for one year beyond the limit in this subsection under the same procedure specified in section 19 of this article.

4. Compliance with the limit in this section shall be measured by calculating the aggregate actual new annual revenues produced in the first fiscal year that each individual tax or fee change is fully effective.

5. Any taxpayer or statewide elected official may bring an action under the provisions of section 23 of this article to enforce compliance with the provisions of this section. The Missouri supreme court shall have original jurisdiction to hear any challenge brought by any statewide elected official to enforce this section. In such enforcement actions, the court shall invalidate the taxes and fees which should have received a public vote as defined in subsection 1 of this section. The court shall order remedies of the amount of revenue collected in excess of the limit in this subsection as the court finds appropriate in order to allow such excess amounts to be refunded or to reduce taxes and/or fees in the future to offset the excess monies collected.

**Section 19. Limits may be exceeded, when, how.** The revenue limit of section 18 of this article may be exceeded only if all of the following conditions are met: (1) The governor requests the general assembly to declare an emergency; (2) the request is specific as to the nature of the emergency, the dollar amount of the emergency, and the method by which the emergency will be funded; and (3) the general assembly thereafter declares an emergency in accordance with the specifics of the governor's request by a majority vote for fiscal year 1981-1982, thereafter a two-thirds vote of the members elected to and serving in each house. The emergency must be declared in accordance with this section prior to incurring any of the expenses which constitute the emergency request. The revenue limit may be exceeded only during the fiscal year for which the emergency is declared. In no event shall any part of the amount representing a refund under section 18 of this article be the subject of an emergency request.

**Section 20. Limitation on state expenses.** No expenses of state government shall be incurred in any fiscal year which exceed the sum of the revenue limit

---

Review of Article X, Sections 16 Through 24,  
Constitution of Missouri  
Appendix D

---

established in sections 18 and 19 of this article plus federal funds and any surplus from a previous fiscal year.

**Section 21. State support to local governments not to be reduced, additional activities and services not to be imposed without full state funding.** The state is hereby prohibited from reducing the state financed proportion of the costs of any existing activity or service required of counties and other political subdivisions. A new activity or service or an increase in the level of any activity or service beyond that required by existing law shall not be required by the general assembly or any state agency of counties or other political subdivision, unless a state appropriation is made and disbursed to pay the county or other political subdivision for any increased costs.

**Section 22. Political subdivisions to receive voter approval for increases in taxes and fees--rollbacks may be required--limitation not applicable to taxes for bonds.**

(a) Counties and other political subdivisions are hereby prohibited from levying any tax, license or fees, not authorized by law, charter or self-enforcing provisions of the constitution when this section is adopted or from increasing the current levy of an existing tax, license or fees, above that current levy authorized by law or charter when this section is adopted without the approval of the required majority of the qualified voters of that county or other political subdivision voting thereon. If the definition of the base of an existing tax, license or fees, is broadened, the maximum authorized current levy of taxation on the new base in each county or other political subdivision shall be reduced to yield the same estimated gross revenue as on the prior base. If the assessed valuation of property as finally equalized, excluding the value of new construction and improvements, increases by a larger percentage than the increase in the general price level from the previous year, the maximum authorized current levy applied thereto in each county or other political subdivision shall be reduced to yield the same gross revenue from existing property, adjusted for changes in the general price level, as could have been collected at the existing authorized levy on the prior assessed value.

(b) The limitations of this section shall not apply to taxes imposed for the payment of principal and interest on bonds or other evidence of indebtedness or for the payment of assessments on contract obligations in anticipation of which bonds are issued which were authorized prior to the effective date of this section.

**Section 23. Taxpayers may bring actions for interpretations of limitations.** Notwithstanding other provisions of this constitution or other law, any taxpayer of the state, county or other political subdivision shall have standing to bring suit in a circuit court of proper venue and additionally, when the state is involved, in the Missouri supreme court, to enforce the provisions of sections 16 through 22, inclusive, of this article and, if the suit is sustained,

---

Review of Article X, Sections 16 Through 24,  
Constitution of Missouri  
Appendix D

---

shall receive from the applicable unit of government his costs, including reasonable attorneys' fees incurred in maintaining such suit.

**Section 24. Voter approval requirements not exclusive--self-enforceability.**

(a) The provisions for voter approval contained in sections 16 through 23, inclusive, of this article do not abrogate and are in addition to other provisions of the constitution requiring voter approval to incur bonded indebtedness and to authorize certain taxes.

(b) The provisions contained in sections 16 through 23, inclusive, of this article are self-enforcing; provided, however, that the general assembly may enact laws implementing such provisions which are not inconsistent with the purposes of said sections.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office shall notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 10 political subdivisions required to file a financial report by July 31, 2023, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in July 2023, after their filing deadline. The filing status for these 66 entities is presented in summary on page 3 and by individual entity in Appendixes B to D.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive, flowing style.

## July 2023

### Executive Summary

---

#### Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. Rule 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

This report includes the filing status for the 10 political subdivisions, other than cities, towns, and villages, with a fiscal year end of January 31, 2023. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 10 political subdivisions, 8 filed an annual financial report timely.

This report also includes the filing status for 66 political subdivisions, other than cities, towns, and villages, that filed their financial report in July 2023, after their filing deadline.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by July 31, 2023, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) shall notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO shall notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for the 1 city is presented in summary on page 4 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in July 2023, after their filing deadline. The filing status for these 29 cities and 3 villages is presented in summary on page 4 and by individual entity in Appendixes B to F.

Scott Fitzpatrick  
State Auditor

# Monthly Report on Municipal Court and Revenue Filings

July 2023

## Executive Summary

---

### Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. Rule 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. Rule 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and a mandatory ballot measure to dissolve the political subdivision.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

## Monthly Report on Municipal Court and Revenue Filings July 2023 Executive Summary

---

This report includes the filing status for the 1 city with a fiscal year end of January 31, 2023, whose financial report was due by July 31, 2023. The municipality filed the financial report timely. The municipality was not required to file an addendum or certification.

This report includes the filing status for 29 cities and 3 villages that filed at least one of the items (financial report, addendum, or certification) in July 2023, after their filing deadline. Of these municipalities, 20 filed an annual financial report, 17 filed an addendum, and 2 filed a certification.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
and  
Board of Directors of Fire Protection  
Districts in St. Louis County

Certain fire protection districts are required by Section 321.690, RSMo, to be audited and to submit their audit reports to the State Auditor's Office (SAO). To address our statutory responsibilities of Section 321.690.3, RSMo, and regulatory requirements of 15 CSR 40-4.010 to 15 CSR 40-4.020, we have reviewed the independent audit reports of the fire protection districts in St. Louis County for audit periods ending December 31, 2022, submitted as of August 31, 2023. The purpose of this review was to evaluate the districts' compliance with statutory audit requirements and SAO regulations included in the Code of State Regulations. Because our review is limited to statutory and regulatory compliance, we do not express an opinion or any other form of assurance on the audit reports.

There are 23 fire protection districts in St. Louis County. Each district has a fiscal year end of December 31. All of the districts, except for Kinloch, Northeast Ambulance, and Robertson, submitted audit reports for the year ended December 31, 2022. Section 321.690.2, RSMo, requires certain fire protection districts to have an audit performed biennially, and Section 321.690.3, RSMo, requires the districts to forward the audit report to our office within 6 months of fiscal year end. The Kinloch, Northeast Ambulance, and Robertson districts did not timely obtain the required independent audits for the year ended December 31, 2022. However, the Northeast Ambulance and Robertson districts have engaged independent auditors to perform an audit for that period and the Kinloch district confirmed an audit will be pursued once the audit for the year ended December 31, 2021, is completed. Upon completion of the audits, the districts are expected to submit the reports to the SAO.

As noted in our prior report, No. 2022-083, *St. Louis County Fire Protection Districts*, issued in September 2022, the districts of Kinloch and Northeast Ambulance did not timely obtain the required independent audits for the year ended December 31, 2021; these reports have still not been completed and submitted to the SAO. However, the districts have engaged independent auditors to perform an audit for that period. Upon completion of the audits, the districts are expected to submit the reports to the SAO.

The SAO posts the individual audit reports to the office's website. A searchable link is available at <https://auditor.mo.gov>. A table summarizing our review of the submitted audit reports follows.

District	Audit Report Period	Report Complied with Section 321.690.3, RSMo	Findings in Independent Audit Report
Affton	1 Year Ended 12/31/2022	Yes	No
Black Jack	1 Year Ended 12/31/2022	Yes	No
Community	1 Year Ended 12/31/2022	Yes	No

Metro North	1 Year Ended 12/31/2022	Yes	No
Metro West	1 Year Ended 12/31/2022	Yes	No
Mid-County	1 Year Ended 12/31/2022	Yes <sup>1</sup>	Yes
Monarch	1 Year Ended 12/31/2022	Yes	No
North County Fire & Rescue	1 Year Ended 12/31/2022	Yes	No
Northeast Ambulance <sup>2</sup>		No	Not Applicable
Pattonville	1 Year Ended 12/31/2022	Yes <sup>1</sup>	Yes
Robertson		No	Not Applicable
Spanish Lake	1 Year Ended 12/31/2022	Yes	No
Valley Park	1 Year Ended 12/31/2022	Yes	No
West County EMS	1 Year Ended 12/31/2022	Yes	No
West Overland EMS	1 Year Ended 12/31/2022	Yes	No

<sup>1</sup> The district filed the audit report after the statutory deadline of 6 months after the close of the fiscal year end.

<sup>2</sup> The district still has not obtained or submitted the required audit report for the year ended December 31, 2021, as indicated in our prior report, No. 2022-083, *St. Louis County Fire Protection Districts*, issued in September 2022.

Except for the districts of Kinloch, Northeast Ambulance, and Robertson failing to obtain and submit an audit report, we identified no other concerns from our review of the audit reports submitted by the St. Louis County fire protection districts.

Scott Fitzpatrick  
State Auditor

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
and  
Board of Directors of Fire Protection  
Districts in Greene County

Certain fire protection districts are required by Section 321.690, RSMo, to be audited and to submit their audit reports to the State Auditor's Office (SAO). To address our statutory responsibilities of Section 321.690.3, RSMo, and regulatory requirements of 15 CSR 40-4.010 to 15 CSR 40-4.020, we have reviewed the independent audit reports of the fire protection districts in Greene County for audit periods ending December 31, 2022, submitted as of August 31, 2023. The purpose of this review was to evaluate the districts' compliance with statutory audit requirements and SAO regulations included in the Code of State Regulations. Because our review is limited to statutory and regulatory compliance, we do not express an opinion or any other form of assurance on the audit reports.

There are 11 fire protection districts in Greene County. Each district has a fiscal year end of December 31. All of the districts except for Brookline submitted audit reports for the year or 2 years ended December 31, 2022, when required. Section 321.690.2, RSMo, requires certain fire protection districts to have an audit performed biennially, and Section 321.690.3, RSMo, requires the districts to forward the audit report to our office within 6 months of fiscal year end. Some of the districts were not required to submit a report in 2023, because they obtain biennial audits and the most recent audit report submitted was for the 2 years ended December 31, 2021. These districts are expected to submit a biennial audit report for the 2 years ended December 31, 2023. The Brookline district did not timely obtain the required independent audit for the 2 years ended December 31, 2022. However, the district has engaged independent auditors to perform an audit for that period. Upon completion of the audit, the district is expected to submit the report to the SAO.

As noted in our prior report, No. 2022-078, *Greene County Fire Protection Districts*, issued in September 2022, the district of Ash Grove did not timely obtain the required independent audit for the 2 years ended December 31, 2021. The SAO received the audit report on August 16, 2023, subsequent to that review.

The SAO posts the individual audit reports to the office's website. A searchable link is available at <https://auditor.mo.gov>. A table summarizing our review of the submitted audit reports follows.

District	Audit Report Period	Report Complied with Section 321.690.3, RSMo	Findings in Independent Audit Report
Ash Grove <sup>1</sup>	Not Applicable <sup>2</sup>		
Battlefield	1 Year Ended 12/31/22	Yes	No
Bois D'Arc	Not Applicable <sup>2</sup>		
Brookline		No	Not Applicable
Ebenezer	Not Applicable <sup>2</sup>		
Fair Grove	2 Years Ended 12/31/22	Yes	No
Logan-Rogersville	2 Years Ended 12/31/22	Yes	No
Strafford	2 Years Ended 12/31/22	Yes	No
Walnut Grove	1 Year Ended 12/31/22	Yes	Yes
West Republic	2 Years Ended 12/31/22	Yes	No
Willard	1 Year Ended 12/31/22	Yes	No

<sup>1</sup> Due to noncompliance in a previous period, the SAO reviewed the audit report for the 2 years ended December 31, 2021, submitted August 16, 2023. The audit report had audit findings and was in compliance with Section 321.690.3, RSMo, except for being filed after the statutory deadline.

<sup>2</sup> The fire protection district had an independent audit for the 2 years ended December 31, 2021. The district's next audit is expected to cover the 2 years ended December 31, 2023, and is required to be submitted to the SAO no later than June 30, 2024.

Except for the district of Brookline failing to obtain and submit an audit report, we identified no other concerns from our review of the audit reports submitted by the Greene County fire protection districts.

Scott Fitzpatrick  
State Auditor

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

Members of the Supreme Court of Missouri  
and  
Kathy S. Lloyd, State Courts Administrator  
Office of State Courts Administrator  
Jefferson City, Missouri

We completed audit work at the Office of State Courts Administrator (OSCA) as part of our annual statewide audit of the State of Missouri's financial statements for the fiscal year ended June 30, 2022. We issued audit reports (Report Nos. 2023-010 and 2023-022) of the state's Annual Comprehensive Financial Report, in March and May 2023.<sup>1</sup> The purpose of this letter is to summarize, and communicate to stakeholders, the audit work performed at the OSCA during the audit and the audit results.

### **Statewide Financial Statement Audit and Methodology**

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Annual Comprehensive Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$57 billion in total assets and \$34 billion in total expenses for fiscal year 2022. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of internal controls for each of those accounts. For fiscal year 2022, our financial statement audit included work at the OA and 14 other state agencies and offices. To avoid the appearance of a conflict of interest, the State Auditor recused himself from participation in the financial statement audit because he managed various cash and investment balances in his role as State Treasurer as of June 30, 2022. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff.

### **Financial Statement Audit Work at the OSCA**

For the OSCA, we audited \$128.9 million in revenue activity for the Basic Civil Legal Services Fund.

### **Audit Results and Findings at the OSCA**

Our responsibility for the statewide financial statement audit is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the OSCA.

---

<sup>1</sup> Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

We are required by the audit standards to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; and/or fraud. The reports issued reported no audit findings related to the audit procedures performed at the OSCA.

A handwritten signature in black ink that reads "Kim Spraggs". The signature is written in a cursive, flowing style.

Kim Spraggs, CPA, CGAP  
Director of Audits

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

Honorable John R. (Jay) Ashcroft, Secretary of State  
Jefferson City, Missouri

We completed audit work at the Office of Secretary of State (SOS) as part of our annual statewide audit of the State of Missouri's financial statements for the fiscal year ended June 30, 2022. We issued audit reports (Report Nos. 2023-010 and 2023-022) of the state's Annual Comprehensive Financial Report, in March and May 2023.<sup>1</sup> The purpose of this letter is to summarize, and communicate to stakeholders, the audit work performed at the SOS during the audit and the audit results.

### **Statewide Financial Statement Audit and Methodology**

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Annual Comprehensive Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$57 billion in total assets and \$34 billion in total expenses for fiscal year 2022. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of internal controls for each of those accounts. For fiscal year 2022, our financial statement audit included work at the OA and 14 other state agencies and offices. To avoid the appearance of a conflict of interest, the State Auditor recused himself from participation in the financial statement audit because he managed various cash and investment balances in his role as State Treasurer as of June 30, 2022. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff.

### **Financial Statement Audit Work at the SOS**

For the SOS, we audited an accounts receivable balance (and related deferred inflows of resources) of \$19.4 million for the State School Moneys Fund.

### **Audit Results and Findings at the SOS**

Our responsibility for the statewide financial statement audit is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the SOS.

We are required by the audit standards to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; and/or fraud.

---

<sup>1</sup> Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

We reported an audit finding related to the SOS's internal controls over financial reporting.

- Office of Secretary of State Financial Reporting Controls (Finding No. FS2022-006) - The SOS did not have adequate controls and procedures over financial reporting of accounts receivable. As a result, civil penalty accounts receivable data submitted to the OA for inclusion in the financial statements for the year ended June 30, 2022, was misstated. If the resulting misstatements had not been identified during the audit, Government Wide - Governmental Activities and Public Education Fund net accounts receivable and related liability balances would have been overstated by at least \$9.7 million in the financial statements.

The SOS disagreed with the audit finding. The audit finding and the SOS's response, including explanation and specific reasons for disagreement, are included in our Annual Comprehensive Financial Report - Report on Internal Control, Compliance, and Other Matters (Report No. 2023-022) and the SOS's Corrective Action Plan is included in the Single Audit Report (Report No. 2023-030).

A handwritten signature in dark ink, reading "Kim Spraggs". The signature is fluid and cursive, with the first name "Kim" and last name "Spraggs" clearly legible.

Kim Spraggs, CPA, CGAP  
Director of Audits

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

Honorable Vivek Malek, State Treasurer  
Jefferson City, Missouri

We completed audit work at the Office of State Treasurer (STO) as part of our annual statewide audit of the State of Missouri's financial statements for the fiscal year ended June 30, 2022. We issued audit reports (Report Nos. 2023-010 and 2023-022) of the state's Annual Comprehensive Financial Report, in March and May 2023.<sup>1</sup> The purpose of this letter is to summarize, and communicate to stakeholders, the audit work performed at the STO during the audit and the audit results.

### **Statewide Financial Statement Audit and Methodology**

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Annual Comprehensive Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$57 billion in total assets and \$34 billion in total expenses for fiscal year 2022. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of internal controls for each of those accounts. For fiscal year 2022, our financial statement audit included work at the OA and 14 other state agencies and offices. To avoid the appearance of a conflict of interest, the State Auditor recused himself from participation in the financial statement audit because he managed various cash and investment balances in his role as State Treasurer as of June 30, 2022. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff.

### **Financial Statement Audit Work at the STO**

For the STO, we audited more than \$12.4 billion in cash and investment balances in various funds. In addition, we audited \$115 million in revenue activity for the Abandoned Fund Account (Unclaimed Property) Fund.

### **Audit Results and Findings at the STO**

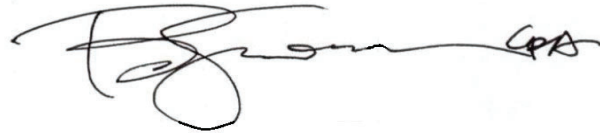

Our responsibility for the statewide financial statement audit is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the STO.

We are required by the audit standards to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or

grant agreements; and/or fraud. The reports issued reported no audit findings related to the audit procedures performed at the STO.

A handwritten signature in black ink, appearing to read "R. Showers CPA", with a stylized flourish at the end.

Robert E. Showers, CPA, CGAP  
Director of Audits

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
and  
Robert J. Knodell, Director  
Department of Social Services  
Jefferson City, Missouri

We completed audit work at the Department of Social Services (DSS) as part of our annual statewide audits of the State of Missouri's financial statements and federal awards for the fiscal year ended June 30, 2022. We issued audit reports (Report Nos. 2023-010 and 2023-022) of the state's Annual Comprehensive Financial Report, in March and May 2023; and issued the Single Audit Report (Report No. 2023-030), in July 2023.<sup>1</sup> The purpose of this letter is to summarize, and communicate to stakeholders, the audit work performed at the DSS during these audits and the audit results.

**Statewide Audits and Methodology**

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Annual Comprehensive Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$57 billion in total assets and \$34 billion in total expenses for fiscal year 2022. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of internal controls for each of those accounts. For fiscal year 2022, our financial statement audit included work at the OA and 14 other state agencies and offices. To avoid the appearance of a conflict of interest, the State Auditor recused himself from participation in the financial statement audit because he managed various cash and investment balances in his role as State Treasurer as of June 30, 2022. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff.

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Single Audit includes, among other things, expressing an opinion on whether the state complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal programs. The state's Schedule of Expenditures of Federal Awards (SEFA), which did not include federal

---

<sup>1</sup> Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

award expenditures of the public universities and other component units, reported the state expended \$18.4 billion in federal funds for 311 programs in fiscal year 2022. We performed risk assessments on each of the state's 40 Type A programs (programs with federal award expenditures more than \$30 million) and 26 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2022, our Single Audit included 19 major federal programs with expenditures totaling \$13.9 billion, administered by 7 state agencies.

### **Financial Statement Audit Work at the DSS**

For the DSS, we audited financial activities and balances totaling more than \$20.1 billion for the following significant accounts:

#### **General Revenue Fund:**

- \$2.1 billion in expenditure activity
- an accounts receivable balance (and related deferred inflows of resources) of \$4 million

#### **Pharmacy Rebates Fund:**

- an accounts receivable balance (and related deferred inflows of resources) of \$56 million

#### **Third Party Liability Collection Fund:**

- an accounts receivable balance (and related deferred inflows of resources) of \$3 million

#### **Federal Reimbursement Allowance Fund:**

- \$1.9 billion in revenue activity
- \$3 billion in expenditure activity

#### **Title XIX Federal and Other Fund:**

- \$4.9 billion in revenue activity
- \$4.9 billion in expenditure activity
- an accounts receivable balance (and related deferred inflows of resources) of \$142 million

#### **Federal Medical Assistance Percentage (FMAP) Enhancement Fund:**

- \$744 million in revenue activity

#### **Nursing Facility Federal Reimbursement Allowance Fund:**

- \$317 million in revenue activity
- \$310 million in expenditure activity

#### **Title XIX Adult Expansion Federal Fund:**

- \$408 million in expenditure activity

#### **Department of Social Services Federal and Other Fund:**

- \$668 million in revenue activity
- \$611 million in expenditure activity
- an accounts payable balance of \$23 million
- an accounts receivable balance of \$23 million

Department of Social Services Educational Improvement Fund:

- an accounts receivable balance (and related deferred inflows of resources) of \$3 million

In addition, we audited Medical Assistance Payments survey data totaling \$10.6 billion for various funds, and food stamps distributions of \$1.6 billion.

### **Single Audit Work at the DSS**

The DSS reported federal award expenditures totaling \$12.9 billion for fiscal year 2022. We audited, as major, 7 programs with expenditures totaling \$12.1 billion: the Pandemic Electronic Benefit Transfer (EBT) Food Benefits program, the Supplemental Nutrition Assistance Program (SNAP) Cluster, the Rehabilitation Services Vocational Rehabilitation Grants to States (VR) program,<sup>2</sup> the Community Services Block Grant program, the Social Services Block Grant (SSBG) program, the Children's Health Insurance Program (CHIP), and the Medicaid Cluster.<sup>3</sup>

### **Audit Results and Findings at the DSS**

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DSS. The Single Audit reported material noncompliance with direct and material compliance requirements for the CHIP and Medicaid Cluster, and no material noncompliance for the other major programs audited at the DSS.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000.

We reported 3 audit findings related to the DSS's internal controls over financial reporting.

- Department of Social Services Financial Reporting Controls - Medicaid Payments (Finding No. FS2022-002) - The DSS - MO HealthNet Division (MHD) did not have adequate controls and procedures over financial reporting of Medicaid payment data. As a result, Medicaid payment data submitted to the OA and used to estimate Medicaid accounts receivable and payable for inclusion in the financial statements for the year ended June 30, 2022, was misstated. If the misstatements had not been identified during the audit, Government Wide - Governmental Activities and General Fund accounts receivable would have been understated by approximately \$23 million and accounts payable would have been understated by approximately \$60 million in the financial statements.
- Department of Social Services Financial Reporting Controls - Medicaid Accounts Receivable (Finding No. FS2022-003) - The MHD did not have adequate controls and procedures over financial reporting of Medicaid drug rebate accounts receivable. As a result, data submitted to the OA for inclusion in the financial statements for the year ended June 30, 2022, was misstated. If the misstatement had not been identified during the audit, Government Wide - Governmental Activities and General Fund net accounts receivable and related liability balances would have been overstated by approximately \$30.6 million in the financial statements.

---

<sup>2</sup> The VR program is administered by both the DSS and the Department of Elementary and Secondary Education.

<sup>3</sup> The Medicaid Cluster includes the Medical Assistance Program (Medicaid), the State Medicaid Fraud Control Units program, and the State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare program.

- Department of Social Services Financial Reporting Controls - Accounts Payable (Finding No. FS2022-004) - The DSS - Division of Finance and Administrative Services (DFAS) did not have adequate controls and procedures over financial reporting of accounts payable. As a result, accounts payable data submitted to the OA for inclusion in the financial statements for the year ended June 30, 2022, was misstated. If the misstatement had not been identified during the audit, Government Wide - Governmental Activities and General Fund accounts payable would have been overstated by approximately \$5.9 million in the financial statements.

The audit findings and the DSS's responses are included in our Annual Comprehensive Financial Report - Report on Internal Control, Compliance, and Other Matters (Report No. 2023-022); and the DSS's Corrective Action Plans are included in the Single Audit Report (Report No. 2023-030).

We reported 6 audit findings related to the DSS's administration of federal awards.

- Medicaid National Correct Coding Initiative (Finding No. 2022-001) - As noted in our 2 previous audits, the MHD had not fully implemented the Medicaid National Correct Coding Initiative edits in the Medicaid Management Information System as required by 42 USC 1396b(r).
- Medicaid and CHIP MAGI-Based Participant Eligibility (Finding No. 2022-002) - As noted in our 3 previous audits, the DSS did not have sufficient controls to ensure compliance with the eligibility requirements of the Medicaid and the CHIP for certain participants whose eligibility is based on their Modified Adjusted Gross Income (MAGI). The DSS did not correct manual system overrides for some MAGI-based participants, preventing their cases from being closed when necessary.
- Medicaid and CHIP Eligibility Determination Timeliness (Finding No. 2022-003) - The DSS did not perform eligibility determinations within required timeframes for participants of the Medicaid and the CHIP. The DSS did not meet timeliness requirements for 40 of 115 new enrollment participants reviewed. The late determinations were made 2 to 144 days after the required 45 or 90-day requirement, and averaged 68 days late.
- Department of Social Services Cost Allocation (Finding No. 2022-004) - DFAS controls and procedures to allocate some administrative costs to federal programs were not sufficient to prevent and/or detect errors. For the year ended June 30, 2022, costs totaling approximately \$38.5 million were incorrectly allocated to 6 programs. As a result, approximately \$10.2 million (federal share) was allocated to state funding, that could have been allocated to federal funding for 4 programs.
- Pandemic Electronic Benefit Transfer (EBT) Food Benefits (Finding No. 2022-005) - DSS controls over the Pandemic EBT Food Benefits program were insufficient to prevent improper benefit issuances on behalf of school children. The audit sample of payments for 60 school children noted the DSS issued benefits on behalf of one ineligible child and made overpayments on behalf of another child.
- DSS FFATA Reporting (Finding No. 2022-006) - As similarly noted in our previous audit, the DFAS needed to strengthen internal controls related to Federal Funding Accountability and Transparency Act (FFATA) reporting. During state fiscal year 2022, the DFAS did not comply with FFATA reporting requirements for any of the subawards reviewed for the SSBG program.

The DSS partially agreed or disagreed with one or more of the audit findings. The audit findings and the DSS's responses and Corrective Action Plans, including explanation and specific reasons for disagreement, are included in the Single Audit Report (Report No. 2023-030).

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
and  
Wayne Wallingford, Director  
Department of Revenue  
Jefferson City, Missouri

We completed audit work at the Department of Revenue (DOR) as part of our annual statewide audit of the State of Missouri's financial statements for the fiscal year ended June 30, 2022. We issued audit reports (Report Nos. 2023-010 and 2023-022) of the state's Annual Comprehensive Financial Report, in March and May 2023.<sup>1</sup> The purpose of this letter is to summarize, and communicate to stakeholders, the audit work performed at the DOR during the audit and the audit results.

### Statewide Financial Statement Audit and Methodology

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Annual Comprehensive Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$57 billion in total assets and \$34 billion in total expenses for fiscal year 2022. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of internal controls for each of those accounts. For fiscal year 2022, our financial statement audit included work at the OA and 14 other state agencies and offices. To avoid the appearance of a conflict of interest, the State Auditor recused himself from participation in the financial statement audit because he managed various cash and investment balances in his role as State Treasurer as of June 30, 2022. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff.

### Financial Statement Audit Work at the DOR

For the DOR, we audited financial activities and balances totaling \$40 billion for the following significant accounts:

#### General Revenue Fund:

- \$14.1 billion in revenue activity
- \$1.4 billion in expenditure activity
- an accounts receivable balance (and related deferred inflows of resources) of \$4.6 billion
- an accounts payable balance of \$366 million

---

<sup>1</sup> Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

Motor Fuel Tax Fund:

- \$811 million in revenue activity
- \$205 million in expenditure activity

Gaming Proceeds for Education Fund:

- \$360 million in revenue activity

School District Trust Fund:

- \$1.1 billion in revenue activity
- an accounts receivable balance (and related deferred inflows of resources) of \$178 million

Conservation Commission Fund:

- \$148 million in revenue activity

Parks Sales Tax Fund:

- \$59 million in revenue activity

Soil and Water Sales Tax Fund:

- \$59 million in revenue activity

DOR Custodial Funds:

- asset balances of \$1.4 billion
- \$7.7 billion in revenue activity
- \$7.5 billion in expenditure activity

## **Audit Results and Findings at the DOR**

Our responsibility for the statewide financial statement audit is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DOR. We expressed qualified opinions on the governmental activities and the General Fund because we were not allowed access to tax returns and related source documents for income taxes at the DOR.

We are required by the audit standards to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; and/or fraud.

We reported an audit finding related to the DOR's internal controls over financial reporting.

- Department of Revenue Financial Reporting Controls (Finding No. FS2022-001) - The DOR did not have adequate controls and procedures over financial reporting of certain governmental and custodial fund financial activities. If not for calculation errors discovered by the audit, the Government Wide - Governmental Activities and General Fund net accounts receivable and related liability balances would have been overstated by approximately \$75 million in the financial statements for the year ended June 30, 2022. Auditors also found several other calculation errors that resulted in both the overstatement and understatement of various balances.

The audit finding and the DOR's response are included in our Annual Comprehensive Financial Report - Report on Internal Control, Compliance, and Other Matters (Report No. 2023-022) and the DOR's Corrective Action Plan is included in the Single Audit Report (Report No. 2023-030).

To avoid the appearance of a conflict of interest, the State Auditor recused himself from participation in the financial statement audit because he managed various cash and investment balances in his role as State Treasurer as of June 30, 2022. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff.

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2

---

<sup>1</sup> Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Single Audit includes, among other things, expressing an opinion on whether the state complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal programs. The state's Schedule of Expenditures of Federal Awards (SEFA), which did not include federal award expenditures of the public universities and other component units, reported the state expended \$18.4 billion in federal funds for 311 programs in fiscal year 2022. We performed risk assessments on each of the state's 40 Type A programs (programs with federal award expenditures more than \$30 million) and 26 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2022, our Single Audit included 19 major federal programs with expenditures totaling \$13.9 billion, administered by 7 state agencies.

### **Financial Statement Audit Work at the DPS-MVC**

For the DPS-MVC, we audited \$52 million in expenditure activity for the Missouri Veterans Homes Fund.

### **Single Audit Work at the DPS-MVC**

The DPS-MVC reported federal award expenditures totaling \$54.8 million for fiscal year 2022. We audited, as major, the Veterans State Nursing Home Care program with expenditures of \$51 million.

### **Audit Results and Findings at the DPS-MVC**

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DPS-MVC. The Single Audit reported no material noncompliance with direct and material compliance requirements for the major program audited at the DPS-MVC.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000. The reports issued reported no audit findings related to the audit procedures performed at the DPS-MVC.

award expenditures of the public universities and other component units, reported the state expended \$18.4 billion in federal funds for 311 programs in fiscal year 2022. We performed risk assessments on each of the state's 40 Type A programs (programs with federal award expenditures more than \$30 million) and 26 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2022, our Single Audit included 19 major federal programs with expenditures totaling \$13.9 billion, administered by 7 state agencies.

### **Financial Statement Audit Work at the DNR**

For the DNR, we audited \$114 million in revenue activity, \$53 million in expenditure activity, and a loans receivable balance of \$1.4 billion for the Water & Wastewater Loan Revolving Fund; \$67 million in revenue activity and \$66 million in expenditure activity for the Water & Wastewater Loan Fund; \$33 million in expenditure activity for the Parks Sales Tax Fund; \$48 million in expenditure activity for the Soil and Water Sales Tax Fund; and a capital assets balance of \$155 million for the State Parks Earnings Fund.

### **Single Audit Work at the DNR**

The DNR reported federal award expenditures totaling \$106 million for fiscal year 2022. No programs at the DNR were assessed as high risk; therefore, no programs were audited as major. We performed limited audit procedures related to risk assessments and the SEFA.

### **Audit Results and Findings at the DNR**

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DNR. The Single Audit reported no material issues related to the limited work performed at the DNR.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000.

We reported an audit finding related to the DNR's internal controls over financial reporting.

- Department of Natural Resources Financial Reporting Controls (Finding No. FS2022-005) - The DNR did not have adequate controls and procedures over financial reporting of loans receivable. As a result, the loans receivable balance submitted to the OA for inclusion in the financial statements for the year ended June 30, 2022, was misstated. If the misstatement had not been identified during the audit, the Government Wide - Governmental Activities and Conservation and Environmental Protection Fund loans receivable balance would have been overstated by approximately \$27.5 million in the financial statements.

The audit finding and the DNR's response are included in our Annual Comprehensive Financial Report - Report on Internal Control, Compliance, and Other Matters (Report No. 2023-022) and the DNR's Corrective Action Plan is included in the Single Audit Report (Report No. 2023-030).

For fiscal year 2022, our Single Audit included 19 major federal programs with expenditures totaling \$13.9 billion, administered by 7 state agencies.

### **Financial Statement Audit Work at the DMH**

For the DMH, we audited \$1.7 billion in revenue activity and \$1.4 billion in expenditure activity for the DMH - Federal Fund, and \$970 million in expenditure activity for the General Revenue Fund.

### **Single Audit Work at the DMH**

The DMH reported federal award expenditures totaling \$107.2 million for fiscal year 2022. We audited, as major, the Block Grants for Prevention and Treatment of Substance Abuse program with expenditures of \$38.1 million. We also performed audit procedures related to the DMH's cooperative agreements with the Department of Social Services (DSS) for the Medicaid Cluster, a major program at the DSS.

### **Audit Results and Findings at the DMH**

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DMH. The Single Audit reported no material noncompliance with direct and material compliance requirements for the major programs audited at the DMH.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000. <sup>1</sup> Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

award expenditures of the public universities and other component units, reported the state expended \$18.4 billion in federal funds for 311 programs in fiscal year 2022. We performed risk assessments on each of the state's 40 Type A programs (programs with federal award expenditures more than \$30 million) and 26 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2022, our Single Audit included 19 major federal programs with expenditures totaling \$13.9 billion, administered by 7 state agencies.

### **Financial Statement Audit Work at the DOLIR**

For the DOLIR, we audited \$431 million in revenue activity, \$256 million in expenditure activity, a cash balance of \$754 million, an accounts receivable balance of \$128 million, and an accounts payable balance of \$47 million for the Unemployment Compensation Fund. In addition, we audited \$69 million in expenditure activity and a long-term liabilities balance of \$2.3 billion for the Workers Compensation - Second Injury Fund.

### **Single Audit Work at the DOLIR**

The DOLIR reported federal award expenditures totaling \$326 million for fiscal year 2022. No programs at the DOLIR were assessed as high risk; therefore, no programs were audited as major. We performed limited audit procedures related to risk assessments and the SEFA.

### **Audit Results and Findings at the DOLIR**

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DOLIR. The Single Audit reported no material issues related to the limited work performed at the DOLIR.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000.

We reported an audit finding related to the DOLIR's internal controls over financial reporting.

- Department of Labor and Industrial Relations Financial Reporting Controls (Finding No. FS2022-007) - The DOLIR did not have adequate controls and procedures over financial reporting of Unemployment Compensation Fund financial activities. As a result, some balances submitted to the OA for inclusion in the financial statements for the year ended June 30, 2022, were misstated, including an overstatement of the net position balance by approximately \$8 million. In addition, the financial reports were not submitted timely to the OA.

The audit finding and the DOLIR's response are included in our Annual Comprehensive Financial Report - Report on Internal Control, Compliance, and Other Matters (Report No. 2023-022) and the DOLIR's Corrective Action Plan is included in the Single Audit Report (Report No. 2023-030).

We completed audit work at the Department of Higher Education and Workforce Development (DHEWD) as part of our annual statewide audits of the State of Missouri's financial statements and federal awards for the fiscal year ended June 30, 2022. We issued audit reports (Report Nos. 2023-010 and 2023-022) of the state's Annual Comprehensive Financial Report, in March and May 2023; and issued the Single Audit Report (Report No. 2023-030), in July 2023.<sup>1</sup> The purpose of this letter is to summarize, and communicate to stakeholders, the audit work performed at the DHEWD during these audits and the audit results.

**Statewide Audits and Methodology**

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Annual Comprehensive Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$57 billion in total assets and \$34 billion in total expenses for fiscal year 2022. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of internal controls for each of those accounts. For fiscal year 2022, our financial statement audit included work at the OA and 14 other state agencies and offices. To avoid the appearance of a conflict of interest, the State Auditor recused himself from participation in the financial statement audit because he managed various cash and investment balances in his role as State Treasurer as of June 30, 2022. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff.

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Single Audit includes, among other things, expressing an opinion on whether the state complied with federal statutes, regulations, and the terms

---

<sup>1</sup> Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

and conditions of federal awards that could have a direct and material effect on each of its major federal programs. The state's Schedule of Expenditures of Federal Awards (SEFA), which did not include federal award expenditures of the public universities and other component units, reported the state expended \$18.4 billion in federal funds for 311 programs in fiscal year 2022. We performed risk assessments on each of the state's 40 Type A programs (programs with federal award expenditures more than \$30 million) and 26 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2022, our Single Audit included 19 major federal programs with expenditures totaling \$13.9 billion, administered by 7 state agencies.

### **Financial Statement Audit Work at the DHEWD**

For the DHEWD, we audited \$849.8 million in expenditure activity for the General Revenue Fund.

### **Single Audit Work at the DHEWD**

The DHEWD reported federal award expenditures totaling \$101.5 million for fiscal year 2022. No programs at the DHEWD were assessed as high risk; therefore, no programs were audited as major. We performed limited audit procedures related to risk assessments and the SEFA.

### **Audit Results and Findings at the DHEWD**

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DHEWD. The Single Audit reported no material issues related to the limited work performed at the DHEWD.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000. The reports issued reported no audit findings related to the audit procedures performed at the DHEWD.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
and  
Paula F. Nickelson, Director  
Department of Health and Senior Services  
Jefferson City, Missouri

We completed audit work at the Department of Health and Senior Services (DHSS) as part of our annual statewide audits of the State of Missouri's financial statements and federal awards for the fiscal year ended June 30, 2022. We issued audit reports (Report Nos. 2023-010 and 2023-022) of the state's Annual Comprehensive Financial Report, in March and May 2023; and issued the Single Audit Report (Report No. 2023-030), in July 2023.<sup>1</sup> The purpose of this letter is to summarize, and communicate to stakeholders, the audit work performed at the DHSS during these audits and the audit results.

**Statewide Audits and Methodology**

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Annual Comprehensive Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$57 billion in total assets and \$34 billion in total expenses for fiscal year 2022. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of internal controls for each of those accounts. For fiscal year 2022, our financial statement audit included work at the OA and 14 other state agencies and offices. To avoid the appearance of a conflict of interest, the State Auditor recused himself from participation in the financial statement audit because he managed various cash and investment balances in his role as State Treasurer as of June 30, 2022. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff.

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). award expenditures of the public universities and other component units, reported the state expended \$18.4 billion in federal funds for 311 programs in fiscal year 2022. We performed risk assessments on each of the state's 40 Type A programs (programs with federal award expenditures more than \$30 million) and 26 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2022, our Single Audit included 19 major federal programs with expenditures totaling \$13.9 billion, administered by 7 state agencies.

### **Financial Statement Audit Work at the DHSS**

For the DHSS, we audited \$1 billion in revenue activity, \$984 million in expenditure activity, and an accounts payable balance of \$23 million for the DHSS - Federal and Other Funds Fund; and \$389 million in expenditure activity for the General Revenue Fund.

### **Single Audit Work at the DHSS**

The DHSS reported federal award expenditures totaling \$620 million for fiscal year 2022. We audited, as major, 4 programs with expenditures totaling \$297 million: the WIC Special Supplemental Nutrition Program for Women, Infants, and Children program; the Immunization Cooperative Agreements program; the Epidemiology and Laboratory Capacity for Infectious Diseases (ELC) program; and the HIV Care Formula Grants program. We also performed audit procedures related to the DHSS's cooperative agreements with the Department of Social Services (DSS) for the Medicaid Cluster, a major program at the DSS.

### **Audit Results and Findings at the DHSS**

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DHSS. The Single Audit reported no material noncompliance with direct and material compliance requirements for the major programs audited at the DHSS.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000.

We reported 2 audit findings related to the DHSS's administration of federal awards.

- Medicaid Facility Survey Timeliness (Finding No. 2022-007) - As similarly noted in our prior audit report, the Section for Long-Term Care Regulations did not perform facility survey procedures within timeframes required by the State Operations Manual.
- ELC Program Subrecipient Monitoring (Finding No. 2022-008) - As similarly noted in our prior audit report, the Division of Community and Public Health did not adequately monitor ELC program subrecipient contracts in accordance with the DHSS's monitoring plan.

The audit findings and the DHSS's responses and Corrective Action Plans are included in the Single Audit Report (Report No. 2023-030).

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
and  
State Board of Education  
and  
Dr. Margie Vandeven, Commissioner  
Department of Elementary and Secondary Education  
Jefferson City, Missouri

We completed audit work at the Department of Elementary and Secondary Education (DESE) as part of our annual statewide audits of the State of Missouri's financial statements and federal awards for the fiscal year ended June 30, 2022. We issued audit reports (Report Nos. 2023-010 and 2023-022) of the state's Annual Comprehensive Financial Report, in March and May 2023; and issued the Single Audit Report (Report No. 2023-030), in July 2023.<sup>1</sup> The purpose of this letter is to summarize, and communicate to stakeholders, the audit work performed at the DESE during these audits and the audit results.

### Statewide Audits and Methodology

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Annual Comprehensive Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$57 billion in total assets and \$34 billion in total expenses for fiscal year 2022. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of internal controls for each of those accounts. For fiscal year 2022, our financial statement audit included work at the OA and 14 other state agencies and offices. To avoid the appearance of a conflict of interest, the State Auditor recused himself from participation in the financial statement audit because he managed various cash and investment balances in his role as State Treasurer as of June 30, 2022. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff.

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Single Audit includes, among other things, expressing an opinion on whether the state complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal

programs. The state's Schedule of Expenditures of Federal Awards (SEFA), which did not include federal award expenditures of the public universities and other component units, reported the state expended \$18.4 billion in federal funds for 311 programs in fiscal year 2022. We performed risk assessments on each of the state's 40 Type A programs (programs with federal award expenditures more than \$30 million) and 26 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2022, our Single Audit included 19 major federal programs with expenditures totaling \$13.9 billion, administered by 7 state agencies.

### **Financial Statement Audit Work at the DESE**

For the DESE, we audited financial activities and balances totaling more than \$8.3 billion for the following significant accounts:

#### **General Revenue Fund:**

- \$2.6 billion in expenditure activity

#### **Department of Elementary and Secondary Education Fund:**

- \$1.1 billion in revenue activity
- \$1.1 billion in expenditure activity
- an accounts payable balance of \$113 million
- an accounts receivable balance of \$113 million

#### **Outstanding Schools Trust Fund:**

- \$837 million in expenditure activity

#### **Lottery Proceeds Fund:**

- \$180 million in expenditure activity

#### **Schools District Trust Fund:**

- \$1.1 billion in expenditure activity

#### **Classroom Trust Fund:**

- \$350 million in expenditure activity

#### **DESE Federal Emergency Relief Fund:**

- \$485 million in expenditure activity
- an accounts payable balance of \$46 million
- an accounts receivable balance of \$46 million

#### **DESE Federal Emergency Relief 2021 Fund:**

- an accounts payable balance of \$55 million
- an accounts receivable balance of \$55 million

### **Single Audit Work at the DESE**

The DESE reported federal award expenditures totaling \$2.2 billion for fiscal year 2022. We audited, as major, 3 programs with expenditures totaling \$932 million: the Rehabilitation Services Vocational

Rehabilitation Grants to States (VR)<sup>2</sup> program, the Social Security Disability Insurance program, and the Education Stabilization Fund (ESF) program.<sup>3</sup>

### **Audit Results and Findings at the DESE**

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DESE. The Single Audit reported no material noncompliance with direct and material compliance requirements for the major programs audited at the DESE.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000.

We reported an audit finding related to the DESE's administration of federal awards.

- DESE FFATA Reporting (Finding No. 2022-009) - The DESE needed to strengthen internal controls related to Federal Funding Accountability and Transparency Act (FFATA) reporting for the ESF. As similarly noted in the previous audit, during state fiscal year 2022, the DESE did not comply with FFATA reporting requirements for any of the subawards reviewed for the GEER Fund or the Emergency Assistance for Non-Public Schools program. In addition, the DESE had not made corrections and resubmitted state fiscal year 2021 FFATA reports for the GEER Fund grants, but was working with the federal government to address the technical issues within the federal reporting system preventing the correction and resubmission of the 2021 FFATA reports.

The audit finding and the DESE's response and Corrective Action Plan are included in the Single Audit Report (Report No. 2023-030).

Kim Spraggs, CPA, CGAP  
Director of Audits

September 2023  
Report No. 2023-046

---

<sup>2</sup> The VR program is administered by both the DESE and the Department of Social Services.

<sup>3</sup> One ESF program grant, the Governor's Emergency Education Relief (GEER) Fund, is administered by both the DESE and the Department of Higher Education and Workforce Development.

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
and  
Michelle Hataway, Acting Director  
Department of Economic Development  
Jefferson City, Missouri

We completed audit work at the Department of Economic Development (DED) as part of our annual statewide audit of the State of Missouri's federal awards for the fiscal year ended June 30, 2022. We issued the Single Audit Report (Report No. 2023-030), in July 2023.<sup>1</sup> The purpose of this letter is to summarize, and communicate to stakeholders, the audit work performed at the DED during the audit and the audit results.

### Statewide Single Audit and Methodology

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Single Audit includes, among other things, expressing an opinion on whether the state complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal programs. The state's Schedule of Expenditures of Federal Awards (SEFA), which did not include federal award expenditures of the public universities and other component units, reported the state expended \$18.4 billion in federal funds for 311 programs in fiscal year 2022. We performed risk assessments on each of the state's 40 Type A programs (programs with federal award expenditures more than \$30 million) and 26 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2022, our Single Audit included 19 major federal programs with expenditures totaling \$13.9 billion, administered by 7 state agencies.

### Single Audit Work at the DED

The DED reported federal award expenditures totaling \$441.8 million for fiscal year 2022. We audited, as major, 3 programs with expenditures totaling \$435.3 million: the Emergency Rental Assistance program, the Homeowner Assistance Fund program, and the Community Development Block Grant program.

---

<sup>1</sup> The Single Audit Report is available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

## **Audit Results and Findings at the DED**

Our responsibility for the statewide Single Audit is limited to the previously stated objectives. The Single Audit reported no material noncompliance with direct and material compliance requirements for the major programs audited at the DED.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of federal statutes, regulations, and terms and conditions of federal awards; and/or known or likely questioned costs greater than \$25,000. The report issued reported no audit findings related to the audit procedures performed at the DED.

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
and  
Kenneth J. Zellers, Commissioner  
Office of Administration  
Jefferson City, Missouri

We completed audit work at the Office of Administration (OA) as part of our annual statewide audits of the State of Missouri's financial statements and federal awards for the fiscal year ended June 30, 2022. We issued audit reports (Report Nos. 2023-010 and 2023-022) of the state's Annual Comprehensive Financial Report, in March and May 2023; and issued the Single Audit Report (Report No. 2023-030), in July 2023.<sup>1</sup> The purpose of this letter is to summarize, and communicate to stakeholders, the audit work performed at the OA during these audits and the audit results.

### Statewide Audits and Methodology

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Annual Comprehensive Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$57 billion in total assets and \$34 billion in total expenses for fiscal year 2022. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of internal controls for each of those accounts. For fiscal year 2022, our financial statement audit included work at the OA and 14 other state agencies and offices. To avoid the appearance of a conflict of interest, the State Auditor recused himself from participation in the financial statement audit because he managed various cash and investment balances in his role as State Treasurer as of June 30, 2022. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff.

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Single Audit includes, among other things, expressing an opinion on whether the state complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal programs. The state's Schedule of Expenditures of Federal Awards (SEFA), which did not include federal

---

<sup>1</sup> Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

award expenditures of the public universities and other component units, reported the state expended \$18.4 billion in federal funds for 311 programs in fiscal year 2022. We performed risk assessments on each of the state's 40 Type A programs (programs with federal award expenditures more than \$30 million) and 26 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2022, our Single Audit included 19 major federal programs with expenditures totaling \$13.9 billion, administered by 7 state agencies.

### **Financial Statement Audit Work at the OA**

We audited certain significant accounts specific to OA operations. For the OA, we audited expenditure activity totaling \$138 million, including \$58 million for the State Facility Maintenance and Operating Fund, and \$80 million for the Missouri Revolving Information Technology Trust Fund; and revenue activity totaling \$2.8 billion, including \$2.7 billion for the Coronavirus State Fiscal Recovery Fund and \$94 million for the Missouri Revolving Information Technology Trust Fund.

### **Single Audit Work at the OA**

The OA reported federal award expenditures totaling \$191 million for fiscal year 2022. We audited, as major, the Coronavirus State and Local Fiscal Recovery Funds program with expenditures of \$41 million.

### **Audit Results and Findings at the OA**

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the OA. The Single Audit reported no material noncompliance with direct and material compliance requirements for the major program audited at the OA.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000.

We reported 2 audit findings related to the OA's internal controls over financial reporting.

- Office of Administration Financial Reporting Controls - Fund Balance Classifications (Finding No. FS2022-008) - The OA - Division of Accounting (DOA) did not have adequate controls and procedures over classification of ending fund balances. If a fund balance classification error had not been corrected, the Government Wide - Governmental Activities and General Fund restricted fund balance would have been overstated, and the unassigned fund balance would have been understated, by approximately \$1.4 billion in the financial statements.
- Office of Administration SAM II Transaction Approvals (Finding No. FS2022-009) - As noted in our Statewide Accounting System Internal Controls audit, OA management had not fully corrected a weakness in the SAM II system security settings that allowed 2 users to create a transaction and then apply approval to the same transaction without review or additional approval from another party.

The OA partially agreed with one of the findings. The audit findings and the OA's responses, including explanation and specific reasons for disagreement, are included in our Annual Comprehensive Financial Report - Report on Internal Control, Compliance, and Other Matters (Report No. 2023-022) and the OA's Corrective Action Plans are included in the Single Audit Report (Report No. 2023-030).

### Missouri Vocational Enterprise Program

Report No. 2023-041

September 2023

[auditor.mo.gov](https://auditor.mo.gov)

# CITIZENS SUMMARY

## Findings in the audit of the Missouri Vocational Enterprise Program

Background	The Missouri Vocational Enterprise Program is established in Sections 217.550 through 217.595, RSMo. According to state law, the purposes of the program include (1) the "training and employment of offenders in such job skills and tasks that will afford them the most favorable opportunities practicable for gainful employment upon discharge" from the Department of Corrections (DOC), and (2) the production and provision of goods and services as practicable to state entities, state employees, political subdivisions, and not-for-profit agencies. In addition, state law includes a program goal that "all general population offenders shall learn a skill or service and are employed."
Inadequate Programmatic Oversight	The DOC does not perform adequate planning and oversight of the Missouri Vocational Enterprise Program to ensure the program is achieving its statutory purpose. The DOC Director has not filled key vacancies on the Advisory Board of Vocational Enterprises Program and Advisory Board meetings have not been held as required by state law, leaving the DOC with little guidance or input on the program. Further, DOC officials have not established performance measures to track the effectiveness of the program, or developed a strategic plan to guide operational and programmatic decision making.
Programmatic Decisions Have Not Been Consistent With the Program's Statutory Purpose	Programmatic decisions have not been consistent with the program's statutory purpose to train and employ offenders in favorable opportunities for gainful employment upon discharge from incarceration. Program facilities are concentrated in institutions with longer expected remaining sentence years, hiring practices favor long-term offenders, a significant portion of short-term offenders do not have access to the program, program facility relocation decisions were not consistent with the DOC's own criteria for making such decisions and were not documented, and a significant portion of offenders in the program are employed in a job skill forecasted to decline in the number of workers in the near future.
Improvements Needed in Cost Tracking and Product Pricing Processes	Current procedures to track manufacturing costs and allocate indirect expenses are not adequate and do not provide administrators adequate cost information regarding facility locations or allow for informed programmatic decisions. In addition, incomplete cost information has resulted in product pricing that does not ensure amounts charged for products adequately cover the costs for those products.

---

Financial Practices and  
Controls

Program officials have not performed periodic comparisons of program selling prices to current market prices, the program has accumulated significant levels of raw materials on hand, and sales forecasts have not been used to budget and plan program operations.

In the areas audited, the overall performance of this entity was Fair.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Anne L. Precy, Director, Department of Corrections  
and  
Steven Martin, Administrator, Missouri Vocational Enterprise Program  
Jefferson City, Missouri

We have audited certain aspects of the Missouri Vocational Enterprise Program (program) in fulfillment of our duties under Chapter 29, RSMo. Due to the importance of rehabilitating Missouri's incarcerated population for re-entry into society, this program is of significance to Missouri residents. The program was established under Sections 217.550 through 217.595, RSMo. It provides many state and local entities with goods and services produced and performed by the offenders employed by the program. The objectives of our audit were to:

1. Evaluate whether the program fulfills its statutory mandate.
2. Evaluate internal controls over significant management and financial functions of the program.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions related to the program.
4. Evaluate the program's financial condition.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

For the areas audited, we identified (1) deficiencies with the program fulfilling its statutory mandate, (2) deficiencies in internal controls, (3) the need for improvement in management practices and procedures, and (4) no concerns with the program's financial condition.

The accompanying Management Advisory Report presents our findings arising from our audit of the Missouri Vocational Enterprise Program.

A handwritten signature in black ink that reads "Scott Fitzpatrick".

# Missouri Vocational Enterprise Program

## Introduction

---

### Background

The Missouri Vocational Enterprise Program (program) is established in Sections 217.550 through 217.595, RSMo. According to state law, the purposes of the program include (1) the "training and employment of offenders in such job skills and tasks that will afford them the most favorable opportunities practicable for gainful employment upon discharge"<sup>1</sup> from the Department of Corrections (DOC), and (2) the production and provision of goods and services as practicable to state entities, state employees, political subdivisions, and not-for-profit agencies.<sup>2</sup> In addition, state law includes a program goal that "all general population offenders shall learn a skill or service and are employed."<sup>3</sup>

State law includes clear language regarding various aspects of program operations and planning. The DOC is responsible for operating the program and the DOC Director is responsible for general supervision over planning, establishment, and management of all vocational enterprise operations.<sup>4</sup> Additionally, the DOC Director decides at which correctional center each vocational enterprise shall be located.<sup>4</sup> The Division of Offender Rehabilitation Services (DORS) within the DOC oversees the program while the Missouri Vocational Enterprise (MVE) operates the program. DOC employees comprise the MVE civilian workforce.

State law establishes an Advisory Board of Vocational Enterprises Program (Advisory Board).<sup>5</sup> Statute requires the 10-member board to include 3 members representing manufacturing interests and 3 members representing organized labor. The DOC Director appoints the board members. The Advisory Board provides the DOC Director advice and counsel on planning for the program and makes recommendations concerning the services to be provided, the items to be manufactured, and the economy and efficiency of the manufacture of these items.<sup>6</sup>

The MVE employs offenders within the state prison system producing goods and performing services for state agencies, other not-for-profit entities, and current and retired state employees. Goods produced by the offenders include office furniture, clothing, license plates, and signs; while services include laundry and engraving.

According to the MVE website,<sup>7</sup>

## Missouri Vocational Enterprise Program Introduction

"the objective of the MVE is to develop personal responsibility in offenders through the development of diverse training programs. This enhances their employability and opportunity for success while incarcerated and upon release. MVE's most important goal is a successful offender that returns to society and is able to gain meaningful employment due to the training that was received while incarcerated."

Figure 1 lists each institution, the security level, the number of offenders housed in the institution, the number of MVE facilities located in the institution, and the number of offenders employed by the MVE facility(ies) as of June 30, 2021.

Figure 1: Listing of facilities with security level, offender population, number of MVE facilities, and the number of offenders employed in the MVE program(s).

## Missouri Vocational Enterprise Program Introduction

Figure 2: Map of facilities, offender population, and security level by institution

Source: Prepared by the SAO using information provided by the DOC.

## Missouri Vocational Enterprise Program Introduction

Revenues and expenditures from program operations are accounted for in the Working Capital Revolving Fund and state law requires all program earnings be retained in the fund.<sup>8</sup> The following table summarizes program financial information for the year ended June 30, 2021:

Figure 3: Summary program financial information, year ended June 30, 2021

Gross Revenues	\$ 20,414,252
Cost of Goods Sold	(11,499,299)
Operating Expenses	(12,322,080)
Loss on Operations	\$ (3,407,127)

Source: Prepared by the SAO using information provided by the DOC.

See Appendix B for additional summary financial information for the 5 years ended June 30, 2021.

## Scope and Methodology

The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2021.

To determine if the program is fulfilling its statutory mandate, we obtained an understanding of relevant legal provisions related to the program. We interviewed appropriate DOC officials to obtain an understanding of the planning and oversight performed by the DOC and of program operations as they relate to the program's purpose. Based on this understanding, we focused audit procedures and analyses on evaluating the remaining years of sentence of offenders in the program, the location of program facilities, the evaluation of jobs skills being trained, and job placement of enrolled offenders.

State statute includes specific language related to the program's purpose, including that the program shall provide diverse training and employment opportunities to offenders to allow for gainful employment upon discharge. As such, our methodology included procedures to evaluate the DOC's tracking of offender job placement, the remaining years of sentence for incarcerated offenders, the location of program facilities, and the job skills currently included in the program.

To evaluate how the remaining years of sentence of offenders is considered during strategic and operational decision making, we obtained a listing as of June 30, 2021, of each offender by institution with the anticipated release date and an indication if that offender was employed by the program. We incorporated the remaining years of sentence when evaluating the location of the facilities as of June 30, 2021, and when evaluating the relocation analysis performed by the DOC to support the institutions selected for 2 recent facility relocations. In addition, we incorporated the remaining years of sentence

<sup>8</sup> Section 217.595, RSMo.

---

## Missouri Vocational Enterprise Program Introduction

---

when evaluating operational decisions made by the MVE, including any preference given when hiring offenders based on the estimated remaining years of sentence.

To evaluate the location of program facilities, we interviewed appropriate DOC officials, and reviewed information provided by the DOC regarding the institutions that do and do not have a program facility, including each institution's security level and the number of and expected remaining years of sentences of the offenders. Additionally, we analyzed which offenders do and do not have program facilities in their institutions.

To evaluate how the DOC assesses potential job skills to include in the program, we interviewed appropriate DOC officials and reviewed statewide long-term industry projections produced by the Missouri Economic Research and Information Center (MERIC)<sup>9</sup> to determine if the demand for workers in the jobs and skills taught to the offenders is expected to increase or decrease between 2020 and 2030 in Missouri. This information was compared to the jobs and skills currently being trained in existing program facilities.

To evaluate job placement of enrolled offenders, we obtained an understanding of efforts made by the DOC to monitor the success of offenders in obtaining gainful employment, including attempts to employ offenders prior to release.

To evaluate and assess internal controls considered significant to the audit objectives, we interviewed key DOC and program personnel and reviewed policies and procedures to obtain an understanding of the practices of pricing the goods sold, allocating indirect costs, maintaining raw good inventory levels, forecasting sales, determining break even sales amounts, and accounting for variances between estimated and actual expenses and revenues.

To evaluate the economy and efficiency of certain management practices and procedures, we evaluated the DOC's procedures for recovering its costs in the product pricing and tested DOC's methodology to determine the viability of its calculations. We evaluated the overhead ratio needed for the program to break even, calculated by the DOC, and tested the methodology to determine the viability of the DOC's calculations. We evaluated the dollar amount of raw goods on hand by factory to determine if the on-hand amounts were excessive. We analyzed program procedures for forecasting sales, accounting for variances, determining the break-even point in sales, and allocating

---

<sup>9</sup> MERIC is the research division of the Missouri Department of Higher Education and Workforce Development and was formed in 2001. MERIC provides analyses of the state's economic trends, targeted industries, and labor markets to policymakers and the public. See website at <<https://meric.mo.gov>>, accessed December 27, 2022.

## Missouri Vocational Enterprise Program Introduction

---

indirect expenses for reasonableness. We also reviewed pricing for program products and attempted to compare the program's prices to market prices for comparable items.

To evaluate the program's financial condition, we reviewed balance sheets and income statements prepared by DOC officials for the 6 years ended June 30, 2022. We corroborated key financial amounts to reports prepared by other entities. Additionally, we analyzed the June 30, 2022, ending cash balance in terms of months of cash on hand to cover cost of goods sold, overhead expenses, and total expenses.

We performed sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire population from which the test items were selected.

---

# Missouri Vocational Enterprise Program

## Management Advisory Report

### State Auditor's Findings

---

#### **1. Inadequate Programmatic Oversight**

The Department of Corrections (DOC) does not perform adequate planning and oversight of the Missouri Vocational Enterprise Program (program) to ensure the program is achieving its statutory purpose. In addition, the Advisory Board of Vocational Enterprises Program is not functioning as intended by statute, leaving the DOC with little guidance or input on the program. Further, the DOC has not developed a strategic plan to guide operational and programmatic decision making, and has not established performance measures to determine the effectiveness of the program. As a result, the DOC cannot demonstrate that the program is achieving its statutory purpose. Rather, key decisions made by DOC personnel have been made without sufficient consideration of the program's purpose and without sufficient guidance from appropriate stakeholders as intended by statute.

##### **1.1 Ineffective Advisory Board**

The DOC Director has not filled key vacancies on the Advisory Board of Vocational Enterprises Program (Advisory Board) and the DOC Division of Offender Rehabilitation Services (DORS) has not held Advisory Board meetings as required by state law. As a result of the vacant positions and lack of required meetings, DOC officials are not receiving guidance from external employment industries when making key strategic decisions.

Required Advisory Board  
positions vacant

During the four years ending June 30, 2022, only 1 of the required 6 external industry positions on the Board was filled. A DOC official indicated it has been difficult finding individuals to fill the vacancies.

State law requires the DOC Director to appoint members to the Board.<sup>10</sup> State law further requires the Director of DORS (or a designee) to serve as the chairman of the Board, and requires the Board to consist of the MVE administrator, 3 external members representing organized labor, 3 external members representing manufacturing interests, 1 member with education and experience in criminology, and 1 member with education and experience in vocational rehabilitation.<sup>10</sup> During our audit period, only 1 of the 3 required labor positions have been filled, and none of the 3 required manufacturing positions were filled. These 6 external industry member positions are to help ensure the program's success in fulfilling its statutory purpose of increasing employment opportunities for offenders post-release.

Advisory Board not meeting  
as required by statute

The DORS Director, who serves as the chairman of the Board, has not ensured the Board meets as frequently as required by state law. While statutorily the Board is required to meet quarterly,<sup>11</sup> the Board only met a total of 4 times during the 4-year period of July 1, 2018, and June 30, 2022. No specific reasons were provided regarding why these meetings were not held.

---

<sup>10</sup> Section 217.555.1, RSMo.

<sup>11</sup> Section 217.555.2, RSMo.

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

### 1.2 Program performance not measured or reported

According to Section 217.555.3, RSMo, one of the statutory purposes of the Advisory Board is to provide the Director of the DOC "advice and counsel on proper planning" for the program. A fully functioning Advisory Board would provide input to inform program decisions and help ensure the program is meeting its statutory purpose and goal. The issues identified in Management Advisory Report (MAR) finding numbers 2 and 3 would benefit from the input of a fully functioning board.

DOC officials have not established performance measures to track the effectiveness of the program, and measures of program performance have not been reported to the legislature. While Department budget documents include certain data measures related to program satisfaction and activity measures, such as the number of program participants, these measures do not measure program performance. Establishing measures of performance helps provide evidence to stakeholders that the program is achieving its intended purpose and goal. Such performance measures can also be used to make informed decisions related to program operations. When asked, DOC officials could not indicate why effective performance measures have not been developed.

Establishing baseline performance measures is essential in guiding strategic programmatic decision making and evaluating the program's effectiveness. The National State Auditors Association (NSAA) guidance for audit organizations and government agencies states, "Performance measurement is a critical element of accountability for public resources," and further recommends considering the mission statement, goals, objectives, and the action plan when developing a performance measure process.<sup>12</sup> Additionally, the Government Finance Officers Association (GFOA) recommends, "all organizations identify, track, and communicate performance measures to monitor financial and budgetary status, service delivery, program outcomes, and community conditions."<sup>13</sup>

In the case of the MVE program, Section 217.560, RSMo, states the purpose of the program is to train and employ offenders in job skills that will "afford them the most favorable opportunities practicable for gainful employment upon discharge from the department." Therefore, establishing performance measures related to the number or percentage of program enrollees being gainfully employed after discharge, or a measure of the growth outlook of the skills being trained in the program, would provide the DOC with useful

---

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

---

### 1.3 Strategic planning process not utilized

information to determine if the program was meeting its statutory purpose. In addition, reporting key performance information to the Legislature would provide public transparency for the program, give the Legislature key performance information when making legislative decisions, and contribute towards the program fulfilling its statutory purpose.

DOC officials have not developed a strategic planning process to drive program decisions and to help monitor program effectiveness and efficiency. Strategic planning is a comprehensive and systematic management tool that involves identifying goals and risks, developing action plans to meet established goals, monitoring the progress of the action plans, and reassessing strategies to achieve program outcomes. Strategic planning can be a useful tool in guiding operational decision making and evaluating a program's effectiveness.

The GFOA recommends, "all government entities use some form of strategic planning to provide a long-term perspective for service delivery and budgeting."<sup>14</sup> Additionally, the GFOA recommends the strategic planning process include (1) identifying program goals, (2) developing strategies and actions to achieve those goals, (3) measureable objectives, and (4) performance measures to determine if objectives are being met.

DOC officials indicated strategic planning is performed at the department level, but is not specific to the MVE program. According to DOC officials there are data points that are tracked and updated monthly. However, as discussed in section 1.2, these data points track program activity and do not establish program goals or measure program performance.

Effective strategic planning would provide additional guidance to DOC officials when making key decisions. In addition, a strategic planning process would provide a baseline for comparison against future program results and would identify areas of success and opportunities for DOC officials for future decision making. MAR finding number 2 contains information related to program activities that a strategic planning process could track.

### Conclusion

The DOC could improve its management of the program with improved oversight of program operations. Ensuring all vacancies on the Vocational Enterprises Advisory Board are filled, and ensuring the Board meets as required by state statute would provide the program with additional governance and oversight. In addition, the development of performance measures and a strategic planning process would allow DOC management to provide the Board with information to make strategic decisions regarding

---

<sup>14</sup> Best Practices, Establishment of Strategic Plans, GFOA, 2005, <<https://www.gfoa.org/materials/establishment-of-strategic-plans>>, accessed on December 21, 2022.

---

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

---

program operations and help ensure the program is achieving its statutory purpose.

The remainder of this report contains additional findings and recommendations to improve the program. See MAR finding number 2 for concerns regarding the program fulfilling its statutory mandate, MAR finding number 3 for concerns regarding the economy and efficiency of management practices, and MAR finding number 4 for concerns regarding deficiencies in financial practices and internal controls over program operations.

### Recommendations

We recommend the DOC:

- 1.1 Ensure the advisory board vacancies are filled and meetings are held in accordance with state law.
- 1.2 Develop baseline performance measures to be used for future evaluation of program success. Work with DORS personnel as necessary to establish appropriate measures and evaluate future program performance. Consider using guidance provided by the GFOA when developing program performance measures.
- 1.3 Develop a strategic planning process for the program and ensure the plan incorporates appropriate performance measures and performance goals, is considered when making operational decisions, and is periodically reviewed and updated as necessary. Consider using guidance provided by the GFOA when developing the strategic planning process.

### Auditee Response

*The department's written response indicates it agrees with recommendation 1.1, disagrees with recommendation 1.2, and partially agrees with recommendation 1.3. The department's full response is included at Appendix A.*

### Auditor's Comment

The department's response to recommendations 1.2 and 1.3 states the department has performance measures included in budget documents. As explained in the finding, the performance measures in the budget documents do not include measures of performance or effectiveness of the program, but rather track program activity, such as the number of inmates in the program and program expenditures. In response to recommendation 1.3 the department states there is not a strategic plan related to the MVE, but there is a department-wide plan that is used to make operational/management decisions. However, this plan does not establish program goals or program performance measures specific to the MVE.

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

### **2. Programmatic Decisions Have Not Been Consistent With the Program's Statutory Purpose**

Programmatic decisions have not been consistent with the program's statutory purpose to train and employ offenders in favorable opportunities for gainful employment upon discharge from incarceration. Program facilities are concentrated in institutions with longer expected remaining sentence years, hiring practices favor long-term offenders, a significant portion of short-term offenders do not have access to the program, program facility relocation decisions were not consistent with the DOC's own criteria for making such decisions and were not documented, and a significant portion of offenders in the program are employed in a job skill forecasted to decline in the number of workers in the near future.

As of June 30, 2021, the MVE operated 22 facilities employing 892 offenders (3.9 percent of the DOC incarcerated population) in 12 institutions housing 23,065 offenders.

#### **2.1 Program facilities are concentrated in institutions with longer remaining sentences**

Program facilities are primarily located in institutions with longer remaining sentences and higher security levels, and a significant number of offenders do not have access to program job skills training, which does not align with the program's statutory purpose of providing offenders with opportunities for employment upon release. Section 217.560, RSMo, states the purpose of the program is to train and employ offenders in job skills that will "afford them the most favorable opportunities practicable for gainful employment upon discharge from the department." Additionally, the DOC recently relocated 2 facilities, and the locations selected by the DOC were not consistent with the criteria a DOC official stated was followed and the criteria established by state statute, and the DOC did not retain any of the relocation analysis documentation to support the decisions made.

Current locations have longer  
remaining sentences

The institutions selected by the DOC for program facilities significantly favor institutions with longer expected remaining sentence years. Figure 4 shows each institution's average offender expected remaining sentence years, sorted by expected remaining sentence years, grouped by if the institution has a program facility.

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

Figure 4: Average expected remaining sentence years by institution as of June 30, 2021

Source: Prepared by the SAO using offender expected release data provided by the DOC.

Based on Figure 4, the locations selected by the DOC for program facilities significantly favor institutions with longer expected remaining sentence years. Additionally, all 7 of the 7 institutions with an average remaining sentence years of 8 years or more years have at least 1 program facility. This includes 4 institutions with an average expected remaining sentence years of greater than 30 years. Of the 12 institutions with an average remaining sentence years of less than 5 years, only 5 have an MVE facility.

To better understand the expected remaining sentence years by institution, we classified the expected remaining sentence years into 3 categories: short-term, medium-term, and long-term. We defined short-term to be offenders expected to be released within the next 5 years, medium-term to be offenders expected to be released in more than 5 years and up to 10 years, and long-term to be offenders expected to be released in 10 years or more. Figure 5 shows the number of short-, medium-, and long-term offenders in institutions with and without a program facility as of June 30, 2021.

Figure 5: Offender expected remaining sentence years between institutions with and without a program facility

		Program Institutions	Non-Program Institutions	Program Institutions	Non-Program Institutions
Expected Remaining Sentence Years		Total <sup>1</sup>	Total <sup>2</sup>	Percentage <sup>3</sup>	Percentage <sup>4</sup>
Short	Up to 5 Years	9,865	5,825	63%	37%
Medium	Between 5 and 10 Years	2,115	325	87%	13%
Long	10 Years or more	4,810	125	97%	3%
Totals		16,790	6,275		

<sup>1</sup> Number of offenders expected to be released by term from institutions with a program facility.

<sup>2</sup> Number of offenders expected to be released by term from institutions without a program facility.

<sup>3</sup> Percentage of offenders expected to be released by term from institutions with a program facility.

<sup>4</sup> Percentage of offenders expected to be released by term from institutions without a program facility.

Source: Prepared by the SAO using offender expected release data provided by the DOC.

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

### Significant number of lower security offenders without program access

Based on Figure 5, the DOC has favored the institutions with longer expected remaining years of sentence, with 97 percent of the long-term offenders being located in an institution with a program facility, while only 63 percent of the short-term offenders are in an institution with a program facility.

Based on our analysis of facility locations, a significant number of offenders do not have access to program jobs and skills training. Specifically, the majority of the minimum security and diagnostic/treatment center institutions do not have a program facility. The DOC does not have an MVE facility in 3 of the 4 minimum security institutions (75 percent), or in 4 of the 5 diagnostic/treatment centers (80 percent). According to discussions with DOC officials, not all diagnostic or treatment centers would be good candidates for MVE facilities; however, some could, and currently do, house such facilities.

Figure 6 shows the number of offenders, by institutional security level, that do and do not have access to a program facility in the institution where they are incarcerated.

Figure 6: Offender access to program facility by institutional security level

Source: Prepared by the SAO using institution and offender data provided by the DOC.

Based on Figure 6, the majority of the offenders in the minimum security and the diagnostic/treatment center institutions do not have any access to the jobs and skills taught by the program. As a result, those individuals convicted of lesser infractions and subsequently jailed in a lower security prison had a significantly lower chance of participating in the program than those individuals convicted of more serious offenses.

The DOC has also concentrated numerous program facilities in a few institutions. For example, there are 14 program facilities located in 4 institutions, with 7 program facilities in the maximum security JCCC institution, while locating no program facilities in the minimum security ACC institution, which is less than a mile away from the JCCC institution.

---

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

---

### Conclusion

The DOC has placed program facilities in institutions with longer remaining sentences and higher security levels. This leaves a significant number of lower risk offenders, with less expected years remaining on their sentences, without access to program jobs and skills training. Focusing program locations in institutions with longer expected remaining sentence years does not align with the program's statutory purpose and goal because many of the offenders expected to be released in the short-term do not have access to the program. Performing a location analysis would allow DOC officials to assess whether current program locations align with the program's statutory purpose of providing offenders with opportunities for employment upon release.

Recent relocation decisions were not documented, were not approved by the Advisory Board, and were not consistent with statutory and DOC criteria

The DOC has relocated 2 program facilities within the past 5 years. While DOC officials stated an analysis was performed for each relocation, they could not provide documentation of either relocation analysis. Additionally, there is no evidence to support that either relocation was reviewed or approved by the Advisory Board. Further, the institution selected in both decisions was not supported by the methodology a DOC official stated was used for the analyses.

The first relocation occurred around July 2019 and involved relocating an office systems factory from the JCCC to the NECC institution. The second relocation occurred around June 2021 and involved relocating a clothing factory from the WERDCC to the MECC institution. DOC officials stated an analysis was performed for both relocations, and the methodology used in the analyses was consistent with statutory language<sup>15</sup> to include consideration of the population of the offenders in the institutions (larger population preferred), the physical distance of the institutions from the original institution (closer location preferred), and the security level of the institutions (lower security level preferred). For the purposes of our analysis we also included 2 additional criteria based on the program's purpose: the percentage of offenders expected to be released within the next 5 years (higher percentage preferred), and the average remaining expected sentence years for each institution (lower remaining years preferred).

Based on our analysis of both relocations, the locations selected by the DOC for the new program facilities had higher security levels, lower offender populations, and were further away from the current locations, all of which are inconsistent with the attributes DOC officials stated were favorable. In addition, the facilities selected had a smaller percentage of short-term sentences, and higher average expected sentence years remaining than other institutions available. Further, our analysis determined the institutions selected by the DOC ranked as the least suitable, or tied for the least suitable, for 7 out of 9 attributes tested for the two relocations. It is unclear how DOC

---

<sup>15</sup> Section 217.550.1, RSMo.

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

officials selected these two institutions using their described methodology. When asked, DOC officials could not elaborate why the institutions selected were not supported by their analyses, or why those analyses were not retained.

See Appendix C for additional details of our relocation analysis.

### Board's discussion of relocation lacked analysis and alternative locations

Based on the minutes from the September 7, 2018, Advisory Board meeting, the board member representing the MVE mentioned the planned relocation of the JCCC institution factory and indicated the MVE was considering the NECC institution. However, there is no mention of an analysis or any consideration of alternative locations in the minutes. The only board member representing external employment interests was absent from this meeting. In addition, the minutes did not indicate approval of this planned relocation, and did not mention the planned relocation of the WERDCC institution factory.

Section 217.560, RSMo, requires the program to be diversified both as to location and kind. In addition, Section 217.550.1, RSMo, provides criteria for program facility locations, including "offender custody levels, the number of offenders in each correctional center so the best service or distribution of labor may be secured, location and convenience of the correctional centers in relation to the other correctional centers to be supplied or served and the machinery presently contained in each correctional center." While Advisory Board approval is not required by statute, review by the board would provide the DOC with input from parties outside the agency and would provide transparency for such decisions.

## 2.2 Hiring practices favor long-term offenders

Program personnel have made hiring decisions that result in long-term offenders being over-represented in MVE facilities relative to the populations of the institutions in which they are housed. The favoring of long-term offenders has resulted in approximately 35 percent of offenders employed by the program having more than 10 expected remaining years on their sentences, including 24 percent of program offenders with over 20 expected remaining years left on their sentences. Employing a significant number of offenders with a high number of expected years remaining on their sentences results in fewer program openings available to offenders with shorter terms who will be entering the workforce in the near future. This practice does not align with Section 217.560, RSMo, which states the purpose of the program is to train and employ offenders in job skills that will "afford them the most favorable opportunities practicable for gainful employment upon discharge from the department."

Figure 9 shows the number and percentage of the total offenders employed by the program as of June 30, 2021, by expected remaining years of sentence. As of June 30, 2021, the program employed a total of 892 offenders in 22 program facilities.

# Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

Figure 9: Expected remaining years of sentence for offenders in the program

Category	Expected sentence years remaining	Count of offenders expected to be released	Percentage of offenders by expected sentence years
Short	1 year or less	201	22%
	1 year to 2 years	85	10%
	2 years to 5 years	149	17%
Medium	5 years to 10 years	139	16%
Long	10 years to 20 years	101	11%
	20 years to 30 years	33	4%
	30 years to 40 years	19	2%
	More than 40 years	165	18%
Totals		892	100%

Source: Prepared by the SAO using offender expected release data provided by the DOC.

Based on Figure 9, 318 offenders employed (36 percent) will not be released for at least another 10 years, including 165 offenders employed (18 percent) that are not expected to be released for another 40 years, while 435 offenders employed (49 percent) through the program are expected to be released within the next 5 years.

Long-term offenders are overrepresented in MVE enrollment relative to institution populations

An analysis of the offenders employed by the program determined the high number of long-term offenders in the program is not only due to the placement of program facilities in institutions with high populations of long-term offenders (see section 2.1). Rather, MVE hiring practices have resulted in the overrepresentation of long-term offenders in the institutions where MVE facilities are located. Conversely, short-term offenders in those institutions are underrepresented.

To evaluate the representation of MVE offenders in MVE institutions against the general populations of those institutions, we utilized the expected remaining sentence years by offender information provided by the DOC. For each institution, we determined the percentage of the institution's offender population expected to be released within the next 5 years (short term), the percentage expected to be released in more than 5 years up to 10 years (medium term), and the percentage expected to be released in more than 10 years (long term) to establish each institution's base percentage. We then determined the percentage of short-term offenders, medium-term offenders, and long-term offenders employed by the institution's MVE program facility or facilities. We then compared each institutions short-term, medium-term, and long-term base percentages to the short-term, medium-term, and long-term percentages for the offenders employed through the program, and determined the percentage difference between the program's percentages and the base percentages. The result of this evaluation is presented in Figure 10.

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

Offenders are considered overrepresented when the percentage of offenders employed by the program is greater than the percentage of similar offenders in the institution as a whole. An overrepresented percentage of 100 percent would represent an institution in which the number of offenders employed by an MVE facility are more than double the number of that type of offender in the general population of that particular institution. Offenders are considered underrepresented when the percentage of offenders employed by the program is less than the percentage of similar offenders in the institution as a whole. A percentage of negative 100 percent would indicate the MVE facility does not employ any of the population of that type of offender.

Figure 10: Percentage of program employment representation compared to offender general population.

Source: Prepared by the SAO using institution and offender expected release data provided by the DOC.

Based on Figure 10, the long term offenders are overrepresented in 9 of the 12 institutions with program facilities, and are significantly overrepresented (more than 50 percent) in 6 of the 12 institutions with program facilities. Short term offenders are not significantly overrepresented in any facility. Conversely, the short-term offenders are underrepresented in 9 of the 12 institutions (75 percent). The short term offender population is significantly underrepresented (more than negative 50 percent) in 5 of 12 institutions with program facilities. In 3 of those facilities (SECC, SCCC, and WMCC) the short-term offender population is 100 percent underrepresented, meaning short-term offenders are not used at all for program operations even though these 3 facilities employ a total of 134 offenders. Long-term offenders are

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

significantly underrepresented in 1 of the 12 facilities. This is a result of that facility employing 5 offenders out of the 673 offenders in the facility, and 94 percent of the 673 offenders are short-term offenders.

Majority of program facilities with no openings for offenders

According to DOC officials, 21 of the 22 program facilities (95 percent) were at full capacity, as of June 30, 2021, with the WERDCC clothing facility as the only program facility that was not fully staffed with offenders.

As a result, no positions were available for short-term offenders in the majority of program facilities, and fewer positions will become available in the near future due to the overrepresentation of long-term offenders in the program.

Program personnel indicated while they use the offender's remaining expected sentence years to exclude offenders for remaining sentences that are too short, they do not use the expected remaining years of sentence to exclude offenders for remaining sentences that are too long. Program personnel indicated it takes several months to learn new skills, so it is inefficient to hire offenders with shorter expected remaining years of sentence. Additionally, DOC officials and program personnel indicated offenders with longer remaining expected years of sentence are valuable to the program because there is less turnover with those offenders, and they can be available to train newly hired offenders.

Conclusion

Program personnel have favored long-term offenders with their hiring practices, reducing available positions for those offenders expected to be released in the near future. The majority of the program facilities are also at full-offender employment, further reducing the opportunities for short-term offenders to be employed with the program. Favoring long-term offenders is not consistent with the program's statutory purpose.

2.3 Analysis of industries and skills offered by the program is needed

DOC officials have not performed an analysis of industry demand projections to ensure the program aligns with the skills that are in demand by the private sector. As a result, our analysis of industry projections indicates the industries currently being trained in the program are projected to decline by an average of 12 percent over the next decade. An analysis of the skills being trained in the program is needed to ensure the effectiveness of the program in achieving its statutory purpose. As of June 30, 2021, the DOC operated 7 general industries<sup>16</sup> within the 12 institutions.

<sup>16</sup> These general industries are clothing, consumables, furniture, laundry, license and engraving, metal, and print.

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

Job skills taught are in industries expected to decline in demand

According to data from the Missouri Economic Research and Information Center (MERIC),<sup>17</sup> 64 percent of offenders hired by the program are being trained in industries projected to have declining demand, including 28 percent of enrollees being trained in apparel manufacturing, which is projected to employ 43 percent fewer individuals over the next decade (the fastest declining industry in terms of individuals employed, according to the MERIC projections). These projections forecast the expected increase or decrease in the number of individuals employed across 194 industries between 2020 and 2030.<sup>18</sup>

We performed an analysis to determine the projected growth or decline for each facility based on the corresponding MERIC data. We then performed a weighted-average calculation based on each facility's percentage of the total offender labor costs for the year ended June 30, 2021, to determine the overall projected growth or decline of the program. See Figure 11 for additional information. If operations remain unchanged, the number of jobs in fields in which offenders are currently training are expected to decrease by a weighted average of approximately 12 percent<sup>19</sup> over the next 10 years.

Section 217.560(1), RSMo, states the purpose of the program includes the training and employment of offenders in such job skills and tasks as will afford them the most favorable opportunities practicable for gainful employment upon discharge from the department. DOC officials indicated the current administration personnel are new to their roles with the program, and the industries selected for the program were chosen many years ago and no current industry analysis has been performed. In addition, industry input is a significant reason industry representatives are required by statute to be included on the Advisory Board. As discussed in MAR finding number 1.1, a functioning Advisory Board that includes all of the 6 required members representing external employment industries would provide DOC officials with additional industry employment perspectives.

<sup>17</sup> MERIC is the research division of the Missouri Department of Higher Education and Workforce Development and was formed in 2001. MERIC provides analyses of the state's economic trends, targeted industries, and labor markets to policymakers and the public.

<sup>18</sup> Projections can be found at <<https://meric.mo.gov/industry/long-term-projections>>, accessed on December 15, 2022.

<sup>19</sup> Average is weighted using the percentage of total offender labor costs for each industry.

Source: Prepared by the SAO using MERIC long-term industry projections and DOC-provided institutional financial and offender information.

## Conclusion

Taking steps to help ensure the jobs and skills for which offenders are receiving training are in demand by the private sector would contribute towards the program fulfilling its statutory purpose. In addition, monitoring the forecasted growth (or decline) in demand for employees in the related industries and job skills taught to offenders would provide additional guidance to DOC officials when selecting job skills for the program. To the extent possible, concentrating short term offenders in the industries with the most significant forecasted growth in demand offered by the program would better align with the program's statutory purpose.

## Overall Conclusion

DOC officials have focused program access and hiring decisions on long-term offenders and have taught skills in industries that are projected to employ fewer workers in the near future. These programmatic decisions have not been consistent with the program's statutory purpose to train and employ offenders

---

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

---

in favorable opportunities for gainful employment upon discharge from incarceration.

### Recommendations

We recommend the DOC:

- 2.1 Prepare an analysis to determine the preferred locations of program facilities and take steps to begin planning how those location goals can be accomplished. Ensure future analyses to determine the location of program facilities are documented and the methodology used includes the criteria outlined in state law, and obtain input from the Advisory Board prior to making final decisions.
- 2.2 Develop hiring practices that place an increased emphasis on employing offenders with fewer years remaining on their sentences.
- 2.3 Periodically review the job skills included in the program, and ensure they align with job market projections. In addition, ensure the Advisory Board is included in the decision making process as it relates to job skills being offered.

### Auditee Response

*The department's written response indicates it disagrees with these recommendations. The department's full response is included at Appendix A.*

### Auditor's Comment

The department's response to recommendation 2.1 and 2.2 does not refute any of the facts presented in the report. However, the department's response makes the argument that the program is in compliance with its statutory goal and purpose because 96 percent of all offenders are eventually released from custody, and therefore, the average years of remaining sentence of MVE enrollees should not be a significant consideration in the department's enrollment decision-making process. However, due to the low portion of offender population enrolled in the program, utilizing fewer long term offenders would help maximize the number of offenders receiving training, and be more consistent with the program's statutory purpose.

The department's response to recommendation 2.3 argues the soft skills learned through the MVE program are transferable to the job market generally. The report does not dispute this, but recommends the department ensure the hard skills being trained in the program align with job market projections.

### **3. Improvements Needed in Cost Tracking and Product Pricing Processes**

Current procedures to track manufacturing costs and allocate indirect expenses are not adequate and do not provide administrators adequate cost information regarding facility locations or allow for informed programmatic decisions. In addition, incomplete cost information has resulted in product pricing that does not ensure amounts charged for products adequately cover the costs for those products. MVE activities are self-sustaining and tracked in a proprietary fund<sup>20</sup> that is used for government activities that involve business-like interactions. As such, appropriate tracking of costs to ensure the revenue generated is sufficient to cover fund expenditures is necessary. Accurate cost information will also allow management to make informed decisions regarding the program.

The program's expenses can be categorized into two groups: direct and indirect. Direct expenses are the costs incurred for manufacturing the item for sale or performing the service. These expenses occur at all 22 program facilities and include costs such as offender labor, materials, and freight. Indirect expenses are the costs incurred to manage the program that are not directly involved in manufacturing a product or performing a service, and are incurred in the program's central offices and warehouses. Indirect expenses include costs such as administrative wages and salaries, benefits, and operating supplies.

The administration function of the program generates minimal revenue and relies on the profit centers to cover the indirect expenses. Based on DOC records, during the year ending June 30, 2021, the administrative function generated \$93,901 in revenue and spent \$4,623,876 on administrative expenses. These expenses represent indirect overhead costs.

#### **3.1 Indirect expenses not allocated to profit centers**

The DOC does not allocate program indirect overhead expenses to the profit centers, or subsequently to the individual program facilities. Historically, indirect overhead expenses have been approximately 21 percent of total expenses. As a result of not allocating these expenses, financial analyses regarding the economic viability of the profit centers and facilities are incomplete and do not accurately reflect program activity. Ultimately, not allocating all expenses to profit centers understates program costs at the profit center and facility level, and results in pricing and product decisions being made with incomplete information.

<sup>20</sup> Proprietary funds are used to account for business-like activities of the government, such as the MVE program, and are generally financed by self-generating revenues. The Working Capital Revolving Fund (WCRF) is the proprietary fund used to account for MVE program activities.

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

Indirect overhead  
expenditures are significant

We performed an allocation of the program's indirect overhead to the profit centers and then to the individual program facilities.<sup>21</sup> Performing this allocation allowed us to analyze the effects of DOC officials not allocating indirect overhead.

Indirect overhead expenses represent significant expenses for the profit centers. Based on DOC data, from 2017 to 2021, indirect overhead expenses averaged \$5.7 million annually and represented approximately 21 percent of total expenses.

See Appendix D for the amount of indirect overhead expenses and the percentage of indirect overhead to total expenses by profit center by year for the 5 years ending June 30, 2021.

DOC officials and program  
administrators not alerted to  
the losses

Since indirect overhead is not allocated, DOC officials only report the operating profit or loss for the profit centers and program facilities.<sup>22</sup> As a result, DOC officials and program personnel are unaware which activities are actually generating a profit or a loss. To determine a more accurate picture of the profit or loss of each profit center, we allocated indirect overhead costs to each profit center and then recalculated the profit or loss for each profit center.

As shown in Figure 12, allocating indirect expenses has a significant impact on the financial performance of the profit centers. For example, based on DOC records, the Print profit center reported an operating profit each year for fiscal years 2019, 2020, and 2021; however, after our allocation of indirect overhead costs, the Print profit center incurred a loss in fiscal years 2020 and 2021. DOC officials indicated they had not seen the true profit/loss calculated for any of the profit centers or the individual program facilities. As a result, program administrators have not had an accurate reflection of the financial performance of individual facilities or profit centers. When asked, DOC officials did not provide an explanation for why they have not historically allocated indirect costs for the program.

Allocating indirect overhead is a core cost accounting function, and is necessary to approximate full costs for the program to determine its break-even point in sales. GFOA guidance recommends "governments allocate their indirect costs," and also states, "certain important management objectives (measuring the cost of government services, establishing fees and charges,

<sup>21</sup> We used the number of offenders in each of the program facilities from DOC-provided annual reports for each fiscal year and used each facility's percentage of the total as the base to allocate indirect overhead.

<sup>22</sup> Operating profit is calculated by subtracting direct expenses from sales.

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

charging back the cost of internal services. . . ) can be served by allocating indirect costs."<sup>23</sup>

Allocating indirect overhead and determining a more accurate calculation of profit or loss by profit center and program facility would provide additional guidance to DOC officials when making programmatic financial and pricing decisions, and would help to ensure program revenue generated is sufficient to cover expenditures, as would be typical of a proprietary fund.

Figure 12: Production centers reported operating profit/(loss) vs. profit/(loss) after allocation of indirect overhead, 3 years ended June 30, 2021

Cost/Profit Centers	2021		2020		2019	
	Reported Profit/(Loss)	After Allocation Profit/(Loss)	Reported Profit/(Loss)	After Allocation Profit/(Loss)	Reported Profit/(Loss)	After Allocation Profit/(Loss)
Overhead Cost Centers	\$(4,234,309)	0	(7,078,611)	0	(6,197,283)	0
Consumables	772,924	526,931	917,666	601,647	901,362	597,431
Clothing	814,915	(271,165)	997,458	(1,064,700)	1,238,791	(325,563)
Furniture	(291,391)	(1,488,864)	557,427	(883,405)	1,274,929	112,837
Laundry	(913,078)	(1,757,807)	539,868	(1,447,302)	504,322	(1,542,746)
License & Engraving	1,042,530	531,981	3,845,325	3,213,287	4,552,945	4,070,230
Metal	(354,528)	(855,796)	(135,944)	(730,489)	20,587	(493,415)
Print	51,476	(92,407)	173,366	(30,172)	333,435	114,424
Tire Recycling <sup>1</sup>	(54,774)	0	N/A	N/A	N/A	N/A
Real Estate <sup>2</sup>	(240,892)	0	(157,689)	0	(95,892)	0
Totals	\$(3,407,127)	\$(3,407,127)	\$(341,134)	\$(341,134)	\$2,533,196	\$2,533,196

<sup>1</sup> According to a DOC official, the Tire Recycling Center is closed and not expected to generate additional revenue. Therefore, it should be treated as indirect and allocated to the Profit Centers.

<sup>2</sup> According to a DOC official, the Real Estate Center captures lease revenue and maintenance/custodial expenditures. Therefore, these costs should be treated as indirect costs and allocated to the Profit Centers.

Source: Prepared by the SAO using financial information provided by the DOC.

### 3.2 Cost information not fully integrated into pricing decisions

DOC officials have not developed procedures to include complete program costs into pricing and product decisions, including both direct and indirect overhead costs. DOC officials use an estimated target overhead ratio range of 20 to 40 percent when making program decisions related to pricing and profitability. This range, which includes both direct and indirect overhead costs, is utilized by DOC officials and program personnel to evaluate if a particular good or service can be profitable at an intended price. However, based on our analysis of program costs, this estimated target overhead ratio

<sup>23</sup> Best Practices, Indirect Cost Allocation, GFOA, 2014, <<https://www.gfoa.org/materials/indirect-cost-allocation>>, accessed on December 21, 2022.

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

range has been understated. As a result, program decisions related to pricing and production have resulted in program revenues being insufficient to cover program expenses, resulting in recurring program losses. The program has incurred a loss for the past 3 fiscal years (2020, 2021, and 2022). When asked, DOC officials could not provide any information about how this estimated overhead ratio range had been calculated.

Figure 13: Program losses by fiscal year

Fiscal Year	2022	2021	2020
Revenue	\$ 21,911,825	20,414,252	30,346,846
Cost of Goods Sold	(11,363,649)	(11,499,299)	(14,075,649)
Gross Profit Margin	10,548,176	8,914,953	16,271,197
Expenses	(11,922,380)	(12,322,080)	(16,612,334)
Profit / (Loss)	\$ (1,374,204)	(3,407,127)	(341,137)

Source: Prepared by the SAO using the program's Annual Reports for fiscal years 2020 through 2022, provided by the DOC.

### Overhead rate analysis

To analyze the sufficiency of the estimated overhead ratio range in use by the DOC, we performed an analysis at the program level to determine the overhead ratio needed to break even with the expenses incurred during fiscal year 2021 in Figure 14.

Based on Figure 14, as a whole, the program needed to average an overhead ratio of 52 percent in fiscal year 2021 to reach its break-even point. This overhead ratio exceeds the DOC estimated overhead ratio range of 20 to 40 percent.

Figure 14: Overhead ratio needed to break even at the program level, year ended June 30, 2021

Total Direct Costs <sup>1</sup>	\$ 11,499,299
Total Overhead Costs <sup>2</sup>	\$ 12,321,372
Sales Needed to Break Even <sup>3</sup>	\$ 23,820,671
Overhead Ratio Needed to Break Even <sup>4</sup>	52%

<sup>1</sup> Consists of costs of goods sold, offender labor costs, and adjustments.

<sup>2</sup> Consists of all remaining expenses besides total direct costs. These include civilian salaries, wages, and benefits; and operating supplies.

<sup>3</sup> Consists of direct costs and total overhead.

<sup>4</sup> Consists of total overhead costs divided by sales needed to break even.

Source: Prepared by the SAO using the Income Statement Variance Analysis for fiscal year 2021, provided by the DOC.

The various profit centers require different levels of overhead based on the inputs required to produce goods or services. To evaluate the overhead rate necessary for each profit center to break-even, we performed an analysis of revenues and costs for each of the 7 profit centers using data from fiscal years 2017 to 2021. The methodology used and the detailed analysis for the year

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

ending June 30, 2021, is in Appendix E. This analysis used the allocation of indirect overhead expenses discussed in section 3.1. The results of this analysis are shown in Figure 15.

Figure 15: Average overhead ratio needed to break even, by profit center and organization-wide, fiscal years 2017 through 2021

Source: Prepared by the SAO using the Annual Reports and Summarized Profit and Loss Reports from 2017 through 2021, provided by the DOC.

DOC-provided overhead rate is not economical for the majority of profit centers

As shown in Figure 15, the DOC target overhead rate range of 20 to 40 percent is not sufficient for 5 of the 7 profit centers (71 percent) for the 5-year period from July 1, 2016, through June 30, 2021.

We continued our analysis to determine the overhead rate needed to break even at the facility level for fiscal year 2021. The methodology used and the detailed analysis for the year ending June 30, 2021, is in Appendix F. Based on this analysis, 14 of the 22 program facilities (64 percent) required an overhead ratio greater than the DOC-provided ratio range to break even, while 8 of the 22 program facilities' overhead rates (36 percent) fell within the DOC provided range.

Revised pricing methodology continues to not cover all costs

The DOC revised the methodology used to estimate the costs of producing an item or service in April 2022. The revised methodology was intended to more accurately reflect the costs associated with producing items by using direct materials and labor as the basis for the calculation. The revised methodology also included a 20 percent general markup in an attempt to ensure prices would cover all costs. However, based on our analysis of the new methodology, these calculations continue to exclude some direct and indirect costs of production, and have resulted in revenues insufficient to cover all program costs. The revised pricing methodology was in place for the entirety of fiscal year 2022, and contributed to the \$1.4 million program loss for fiscal year 2022.

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

### Conclusion

Using an overhead rate that is less than what is needed to break even results in program personnel selling goods or performing services believing the costs are being recovered by the selling price, when in reality, the transaction results in a loss to the program. This contributed to profit center losses that could have been avoided (see section 3.1, Figure 12). Ensuring all program costs are considered during the product pricing process would help ensure the program is consistently profitable.

### Recommendations

We recommend the DOC:

- 3.1 Design an indirect overhead allocation method, allocate indirect costs, monitor the results, and make changes to the allocation methodology as necessary.
- 3.2 Ensure all program costs are considered when making product and service decisions and are integrated into the product pricing process.

### Auditee Response

*The department's written response indicates it agrees with these recommendations. The department's full response is included at Appendix A.*

## 4. Financial Practices and Controls

DOC officials need to improve financial practices and controls of program operations. Program officials have not performed periodic comparisons of program selling prices to current market prices, the program has accumulated significant levels of raw materials on hand, and sales forecasts have not been used to budget and plan program operations.

### 4.1 DOC does not perform regular market price comparisons

DOC officials have not established procedures to perform a periodic comparison of program selling prices to current market prices to ensure compliance with state law. Program personnel indicated the current practice is to perform a comparison to market price for products when the product is initially offered and on an as-needed basis, such as when a raw input cost significantly increases due to supply chain disruptions or when market prices change due to external factors. The market price is then documented on the specific item's pricing sheet. MVE program personnel do not document their process for determining the market price, and program policies and procedures do not require a periodic comparison to market price.

Due to the lack of established procedures regarding selling prices, DOC officials do not have assurance the prices charged by the program are comparable to current market prices. Further, Section 217.575(4), RSMo, states, "cost shall not be fixed at more than the market price for like goods and services." Therefore, charging a price above the market price does not comply with state law.

We reviewed pricing for a selection of program products and compared the products' prices to market prices for comparable items. Several products were priced above market prices, while other products were priced below market

---

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

---

prices. In addition, we were not able to obtain reasonable comparisons for all items selected for testing, and acknowledge that a comparable market item may not exist for all products manufactured by the MVE. Regular comparisons of active product prices would help provide assurance program prices are consistent with state law. Additionally, since state law<sup>24</sup> requires agencies to purchase goods and services from the MVE unless a waiver certificate is obtained, efforts to ensure prices are not above market and are in compliance with state law are necessary to ensure state funds are used appropriately.

When asked, DOC officials could not provide information as to why the retail price is not compared to the market price regularly, or why price comparisons are not documented.

### 4.2 Excessive raw materials on hand

DOC officials have not established procedures for monitoring levels of raw materials on hand and have not established benchmarks for the amount of raw materials necessary to be on hand for each type of industry. As a result, the DOC has accumulated significant quantities of raw materials on hand, and had more than 100 days' worth of raw materials on hand in the 20 of the 22 facilities (91 percent) as of June 30, 2021.

Program personnel primarily used prior year sales to determine the amount of raw materials to purchase, and did not always consider the amount of raw materials currently on hand. With gross revenues decreasing by approximately 30 percent in total from 2019 through 2021, the use of prior year's sales to guide raw material budgets has contributed to the excessive raw materials on hand. Figure 16 shows the days on hand of raw materials, by profit center, by year for fiscal year (FY) 2019 through 2021.

A DOC official indicated the current value of raw materials may include some obsolete raw materials that should be removed, though they could not provide an estimate of the amount of obsolete raw materials. Program personnel indicated procedures were changed during April 2022 to include a review of the current quantity of on-hand raw materials when deciding to purchase additional raw materials going forward.

Allocating program resources towards the accumulation of raw materials is not an efficient use of program resources. Establishing a benchmark for the appropriate amount of raw materials on hand, and ensuring raw materials are ordered when needed would allow the DOC to use program revenues more efficiently.

---

<sup>24</sup> Section 217.575.2, RSMo.

## Missouri Vocational Enterprise Program Management Advisory Report - State Auditor's Findings

Figure 16: Days on hand raw materials, by profit center, by year, fiscal years 2019, 2020, and 2021

Source: Prepared by the SAO using financial information provided by the DOC.

### 4.3 DOC does not forecast sales

DOC officials have not established a process to forecast program sales at the facility or profit center level. DOC officials have indicated they rely on the prior year's sales as their current year's sales forecast. As a result, DOC officials lack comprehensive financial information to make proactive program decisions. For example, sales forecasting would provide DOC officials with more financial information to estimate the proper overhead ratio (see MAR finding number 3.2) and would provide facility administrators with additional information when making raw materials purchasing decisions (see section 4.2).

The GFOA recommends "governments at all levels forecast major revenues." Additionally, the GFOA states, "The purpose of the financial forecast is to evaluate current and future fiscal conditions to guide policy and programmatic decisions."<sup>25</sup> Additionally, forecasting sales at the facility or profit center level is an integral part of determining the overhead ratio needed to break even and other ratios used in the pricing process.

DOC officials indicated while revenue forecasting at the program level is performed as part of the budget process, sales forecasting at the facility level has not been performed in the past, and the officials have not considered forecasting sales. Preparing such sales forecasts would provide the DOC and program officials with additional information with which to base

<sup>25</sup> Best Practices, Financial Forecasting in the Budget Preparation Process, GFOA, 2014, <<https://www.gfoa.org/materials/financial-forecasting-in-the-budget-preparation-process>>, accessed on December 21, 2022.

---

programmatic and pricing decisions. In addition, the monitoring of historical revenue trends would help provide a basis for any revenue forecasts.

## Recommendations

We recommend the DOC:

- 4.1 Establish procedures to periodically perform a documented comparison of the selling prices of the goods provided or services performed to the market prices to ensure MVE prices are not above market prices as required by state law. Regarding products for which a reasonable comparison cannot be obtained, the MVE should compare costs to produce those products with the costs of other products for which a comparison is available and apply a similar gross margin to the products for which no comparison is available.
- 4.2 Established procedures for monitoring levels of raw materials on hand, including establishing benchmarks for the amount of raw materials necessary. In addition, determine if obsolete raw materials exist and take the necessary steps to remove the obsolete raw materials from inventory.
- 4.3 Prepare a documented sales forecast. Use the sales forecast to better project expense ratios and for other capital and logistical considerations.

## Auditee Response

*The department's written response indicates it agrees with these recommendations. The department's full response is included at Appendix A.*

State of Missouri  
DEPARTMENT OF CORRECTIONS  
*"Improving Lives for Safer Communities"*

July 5, 2023

Honorable Scott Fitzpatrick  
Missouri State Auditor  
Jefferson City, Missouri

We have reviewed the findings from your office's audit of the Missouri Vocational Enterprise Program. Below you will find our responses to the audit findings.

**1.1 The Department of Corrections (Department) should ensure the advisory board vacancies are filled and meetings are held in accordance with state law.**

*Department's Response:* MODOC Response: Agree. The Department agrees with the recommendation.

**1.2 The Department should develop baseline performance measures to be used for future evaluation of program success. Work with DORS personnel as necessary to establish appropriate measures and evaluate future program performance. Consider using guidance provided by the GFOA when developing the program performance measures.**

*Department's Response:* Disagree. The Missouri Department of Corrections (MODOC) and Missouri Vocational Enterprises (MVE) have performance measures that are included in the annual budget book. These measures are available online and to the general public.

**1.3 The Department should develop a strategic planning process for the program and ensure the plan incorporates appropriate performance measures and performance goals, is considered when making operational decisions, and is periodically reviewed and updated as necessary. Consider using guidance provided by the GFOA when developing the strategic planning process.**

*Department's Response:* MODOC Response: Partially Agree. While the Missouri Vocational Enterprises (MVE) does not have a strategic plan specific to their operations, the Missouri Department of Corrections (MODOC) does have a strategic plan and utilizes that plan when making operational/management decisions. Additionally, MVE does have performance

## Appendix A

### Missouri Vocational Enterprise Program

measures that are included in the annual budget book. These measures are available online and to the general public.

- 2.1 The Department should prepare an analysis to determine the preferred locations of program facilities and take steps to begin planning how those location goals can be accomplished. Ensure future analyses to determine the location of program facilities are documented and the methodology used includes the criteria outlined in state law, and obtain input from the Advisory Board prior to making final decisions.**

*Department's Response:* Disagree. The department has and will continue to ensure that factory location determinations are made within the primary goals stated in Section 217.560 RSMo. Additionally, MODOC believes we are in compliance with statutory requirements to provide training and employment for offenders for gainful employment upon release. Ninety six percent of all offenders in MODOC custody are released back into the community. As such, it is imperative that all offenders are offered educational and employment opportunities, regardless of location or security level. In addition to MVE factories and the employment opportunities therein, offenders can also obtain various certifications and technical education that will facilitate employment. Additionally, a 12 year minimum sentence is all that is required to be housed in a maximum security facility. Some apprenticeships and certifications can take more than 3 years to complete. Ultimately, sentence length does not determine an offender's appropriateness to a specific employment opportunity unless they cannot be properly trained in the time that they have remaining on their sentence. These educational and employment opportunities vary from facility to facility. It should be noted that three of the facilities highlighted in the auditor's analysis are Reception and Diagnostic Centers (R&D) and are designed to receive offenders from the county jail to complete the intake process. Once complete, the offenders are ultimately reassigned to another facility for long term housing. These facilities would not be appropriate for MVE operations.

- 2.2 The Department should develop hiring practices that place an increased emphasis on employing offenders with fewer years remaining on their sentences.**

*Department's Response:* Disagree. Ninety six percent of all offenders in MODOC custody are released back into the community. As such, it is imperative that all offenders are offered educational and employment opportunities, regardless of location or security level. In addition to MVE factories and the employment opportunities therein, offenders can also obtain various certifications and technical education that will facilitate employment. Additionally, an 8 year minimum sentence is all that is required to be housed in a maximum security facility. Some apprenticeships and certifications can take more than 3 years to complete. Ultimately, sentence length does not determine an offender's appropriateness to a specific employment opportunity unless they cannot be properly trained in the time that they have remaining on their sentence. These educational and employment opportunities vary from facility to facility.

- 2.3 The Department should periodically review the job skills included in the program, and ensure they align with job market projections. In addition, ensure the Advisory Board is included in the decision making process as it relates to job skills being offered.**

Appendix A  
Missouri Vocational Enterprise Program  
Department of Corrections Responses to Audit Recommendations

*Department's Response:* Disagree. The Missouri Department of Corrections and MVE utilize Department of Labor apprenticeship programs and Bureau of Labor statistics to build programs for offenders. In addition to the hard skills being learned by offenders, offenders who obtain MVE employment are also learning an important set of soft skills. These soft skills are transferrable to any job in the community and increase an offender's likelihood of being successful in the work force. The ability to establish routines, arrive to work on time, give and receive feedback, work within teams, and growth of work ethic are fundamental employment skills that MVE provides to all offenders who work therein regardless of the occupation.

**3.1 The Department should design an indirect overhead allocation method, allocate indirect costs, monitor the results, and make changes to the allocation methodology as necessary.**

*Department's Response:* Agree. Currently, many MVE financial processes are completed manually, which carries numerous limitations. Several years ago, the Department and MVE identified the limitations of the manual processes and began the process of procuring a system that would have accomplished several recommendations contained in this audit. However, shortly thereafter, the State of Missouri began planning for a statewide ERP system, to include MVE and its operations. MVE has, since that time, awaited the arrival of the statewide ERP system, which is currently being developed. As such, the Department and MVE are currently in the process of working with the current vendor on the development and implementation of the new state-wide ERP system. It is believed and anticipated that this system, and the additional modules that will be included for MVE, will allow for increased automation and the successful implementation of this recommendation.

**3.2 The Department should ensure all program costs are considered when making product and service decisions and are integrated into the product pricing process.**

*Department's Response:* Agree. Currently, many MVE financial processes are completed manually, which carries numerous limitations. ### Missouri Vocational Enterprise Program

#### Facility Relocation Analysis Detail

We performed an analysis for each of the 2 most recent relocations of MVE facilities. This analysis is discussed in MAR finding number 2.1; however, additional details of our analysis are documented in this appendix.

To evaluate the relocations we used 3 statutory criteria:<sup>26</sup> (1) the security level of the institutions (lower security level preferred), (2) population of the offenders in the institutions (larger population preferred), and (3) the physical distance of the institutions from the original institution (closer location preferred). We also used 2 additional criteria based on the program's purpose: (1) the percentage of offenders expected to be released within the next 5 years (higher percentage preferred), and (2) the average remaining expected sentence years for each institution (lower remaining years preferred).

We selected all institutions within 100 miles of the original institution location to be included in the analysis. Using this geographic limitation, there were 6 alternative locations for Relocation A, and 3 alternative locations for Relocation B. The underlying data for the relocations are included in Figures C1 and C3. We then ranked the alternative institutions with the institution selected for each of the 5 criteria for both relocation decisions. The rankings are included in Figures C2 and C4.

Relocation A involved the moving of a facility from JCCC to NECC.

Figure C1: Relocation A - Institutions Available for Relocation within 100 Miles of JCCC

Institution	Security Level	Population	Distance from JCCC (miles)	% Short Term Sentence <sup>3</sup>	Average Years Remaining <sup>4</sup>
JCCC <sup>1</sup>	Maximum	1,836	0	28%	36
NECC <sup>2</sup>	Medium	1,378	103	70%	4
MCC	Medium	1,698	72	76%	4
TCC	Minimum	727	46	97%	1
ACC	Minimum	1,032	1	91%	2
BCC	Minimum	783	57	98%	1
FRDC	Diagnostic Center	1,391	34	94%	2
MECC	Diagnostic Center	1,063	91	85%	3

<sup>1</sup> JCCC was the original location of the MVE facility.

<sup>2</sup> The NECC was the institution chosen by the MVE for the MVE factory relocation.

<sup>3</sup> Within our analysis we categorized all sentences between 0 and 5 years as "Short Term Sentences."

<sup>4</sup> "Average Years Remaining" denotes the average expected years remaining of offender sentences by institution.

Source: Prepared by the SAO using institution and offender data provided by the DOC and geographic location provided by Google Maps.

<sup>26</sup> Section 217.550.1, RSMo.

## Appendix C

### Missouri Vocational Enterprise Program

### Facility Relocation Analysis Detail

Figure C2: Relocation A - Ranking of Categories for Each Applicable Institution<sup>1</sup>

Institution	Security Level <sup>3</sup>	Population <sup>4</sup>	Distance from JCCC (miles) <sup>5</sup>	% Short-term Sentence <sup>6</sup>	Average Years Remaining <sup>7</sup>
NECC <sup>2</sup>	6	3	7	7	6
MCC	6	1	5	6	6
TCC	1	7	3	2	1
ACC	1	5	1	4	3
BCC	1	6	4	1	1
FRDC	1	2	2	3	3
MECC	1	4	6	5	5

<sup>1</sup> The most suitable institution for each category is shaded green and the least suitable institution for each category is shaded orange.

<sup>2</sup> The NECC was the institution chosen by DOC officials for the facility relocation. The remaining institutions were the alternatives we considered in our analysis.

<sup>3</sup> When ranking the security level, we ranked minimum and diagnostic centers as more suitable because these locations are lower security institutions and are preferred due to the nature of the offenses committed by the offenders and the logistics of establishing and operating a facility.

<sup>4</sup> When ranking institution populations, we ranked higher populations as providing higher value to MVE activities due to a larger potential labor population.

<sup>5</sup> When ranking the institutions by distance from the original JCCC location, we ranked geographically closer institutions as more suitable due to less burdensome logistics.

<sup>6</sup> When ranking the percentage of short-term sentences, we ranked institutions with higher percentages of short-term sentences as more suitable due to the statutory purpose of the program to rehabilitate offenders prior to them returning to society.

<sup>7</sup> When ranking the average years remaining, we ranked institutions with lower average remaining sentences as more suitable due to the statutory purpose of the program to rehabilitate offenders prior to them returning to society.

Source: SAO analysis.

Based on the analysis in Figure C2, with NECC ranked last in 4 of the 5 categories, the decision to relocate this facility to NECC is not supported by the established criteria.

Following is the analysis of Relocation B, which involved moving a facility from WERDCC to MECC.

## Appendix C

### Missouri Vocational Enterprise Program

#### Facility Relocation Analysis Detail

Figure C3: Relocation B - Institutions Available for Relocation within 100 Miles of WERDCC

Institution	Security Level	Population	Distance from WERDCC (miles)	% Short Term Sentence <sup>3</sup>	Average Years Remaining <sup>4</sup>
WERDCC <sup>1</sup>	Diagnostic Center	673	0	94%	2
MECC <sup>2</sup>	Diagnostic Center	1,063	97	85%	3
FRDC	Diagnostic Center	1,391	54	94%	2
ACC	Minimum	1,032	85	91%	2
BCC	Minimum	783	89	98%	1

<sup>1</sup> WERDCC was the original location of the MVE facility.

<sup>2</sup> The MECC was the institution chosen by the MVE for the MVE factory relocation.

<sup>3</sup> Within our analysis we categorized all sentences between 0 and 5 years as "Short Term Sentences."

<sup>4</sup> "Average Years Remaining" denotes the average expected years remaining of offender sentences by institution.

Source: Prepared by the SAO using institution and offender data provided by the DOC and geographic location provided by Google Maps.

Figure C4: Relocation B - Ranking of Categories for Each Applicable Institution<sup>1</sup>

Institution	Security Level <sup>3</sup>	Population <sup>4</sup>	Distance from WERDCC (miles) <sup>5</sup>	% Short Term Sentence <sup>6</sup>	Average Years Remaining <sup>7</sup>
MECC <sup>2</sup>	N/A	2	4	4	4
FRDC	N/A	1	1	2	2
ACC	N/A	3	2	3	2
BCC	N/A	4	3	1	1

<sup>1</sup> The most suitable institution for each category is shaded green and the least suitable institution for each category is shaded orange.

<sup>2</sup> The MECC was the institution chosen by DOC officials for the facility relocation. The remaining institutions were the alternatives considered in our analysis.

<sup>3</sup> The security level of all Diagnostic Centers and Minimum security institutions was ranked equally due to no discernable value distinctions identified between the 2 lowest security levels. Therefore, we were unable to rank the institutions for this attribute.

<sup>4</sup> When ranking institution populations, we ranked higher populations as providing higher value to MVE activities due to a larger potential labor population.

<sup>5</sup> When ranking the institutions by distance from the original WERDCC location, we ranked geographically closer institutions as more suitable due to less burdensome logistics.

<sup>6</sup> When ranking the percentage of short-term sentences, we ranked institutions with higher percentages of short-term sentences as more suitable due to the statutory purpose of the program to rehabilitate offenders prior to them returning to society.

<sup>7</sup> When ranking the average years remaining, we ranked institutions with lower average remaining sentences as more suitable due to the statutory purpose of the program to rehabilitate offenders prior to them returning to society.

Source: SAO analysis.

Based on the analysis in Figure C4, with MECC ranked last in 3 of the 4 categories, the decision to relocate this facility to MECC is not supported by the established criteria.

## Appendix D

### Missouri Vocational Enterprise Program Schedule of Indirect Overhead by Profit Center 5 Years Ended June 30, 2021

Indirect Overhead as a Percentage of Total Expenses by Fiscal Year (FY)					
Profit Center	FY 2021	FY 2020	FY 2019	FY 2018	FY 2017
Profit Center - Consumables	7.39%	8.05%	7.67%	4.50%	8.60%
Profit Center - Clothing	21.67%	28.79%	28.17%	24.62%	24.86%

Totals	\$ 20,414,252	(10,481,959)	(1,017,341)	(11,499,300)	(12,238,499)	(4,530,017)	(12,238,497)	23,727,479	52%	(3,407,127)	(3,407,127)

(1) Gross Revenues and Direct Materials Costs were obtained from the program's Summarized Profit/Loss Statement for the year ending June 30, 2021, provided by DOC officials.

(2) Direct Labor Costs were obtained by allocating the total offender labor expense to the profit centers based on the number of offenders in the annual report for the year ending June 30, 2021, provided by DOC officials.

(3) Total Direct Costs is the sum of Direct Materials and Direct Labor.

(4) Direct Overhead Costs was obtained from the program's Summarized Profit/Loss Statement for the year ending June 30, 2021, provided by DOC officials, and was calculated by subtracting the offender labor costs from the direct expenses charged to each Profit/Cost Center.

(5) Indirect Overhead Allocation is the SAO calculated amount of the cost centers' Direct Overhead costs allocated to the specific profit center. The allocation was made based each profit center's proportion of the total number of offenders employed in the 7 profit centers, which was obtained from the Annual Report for the year ending June 30, 2021, provided by DOC officials.

(6) Total Overhead Costs is the sum of Direct Overhead Costs and Indirect Overhead Allocation, and only applies to the profit centers.

(7) Total Sales Needed to Break Even is the sum of the Total Direct Costs and Total Overhead Costs, shown as a positive number here, and only applies to the profit centers. This represents the level of sales needed for the profit center to break even based on the expenses incurred during the year ending June 30, 2021.

(8) Overhead Ratio is the Total Overhead Costs divided by Total Sales Needed to Break Even, shown as a positive number. This represents the average remaining margin needed after reducing direct costs from the sales price in order to break even.

(9) Profit/(Loss) is Gross Revenues minus Total Sales Needed to Break Even, and represents each Profit Center's profit or loss after indirect costs have been allocated.

(10) Reported Operating Profit was obtained from the Program Summarized Profit/Loss Statement for the year ending June 30, 2021, provided by DOC officials.

(11) According to a DOC official, the Tire Recycling Center is closed and not expected to generate additional revenue, and therefore, should be treated as indirect and allocated to the Profit Centers.

(12) According to a DOC official, the Real Estate Center captures lease revenue and maintenance/custodial expenditures, and therefore, should be treated as indirect and allocated to the Profit Centers.
